

JUDGE KETANJI BROWN JACKSON IS OUR CHAMPION

Survivors of sexual violence and assault deserve to have someone on the Supreme Court who will uphold justice, value transformation and restoration, and protect our rights. **Judge Ketanji Brown Jackson** is that person!

We **denounce** those who weaponize survivors' stories and trauma to score political points. Racism and sexism are two of the largest barriers to justice for survivors, and we condemn the racist and sexist attacks that Judge Jackson has had to endure.

We, the undersigned groups representing millions of survivors, advocates, and activists, know that Judge Jackson is a thoughtful jurist with a deep, nuanced understanding of the impact of laws on the rights of everyone.

Judge Jackson will ensure survivors' rights are protected.
