Jennifer	AE	Under no circumstances should Donald Trump be allowed a platform on facebook in order to spread his twisted and warped views of the world, to incite hatred, racism and misogyny. He us an evil and twisted individual. If you allow him to return you will be equally responsible for any insurrection that his evil rhetoric inspires
Dogan	AK	Hate speech has no place at social Media
Sushma Harimar	AK	Because of algorithms people who see extreme information I'd likely to see more of it, and more of it and more of it. While algorithms work in the buy-now culture, they can be deadly in the hate culture. Do we want to publicize and expand heating our neighbors?
Susan	AK	Trump does not deserve to be back on and will only incite much more violence!!!
Marc	AK	Trump has been nothing but a profoundly destructive force. His words MATTER, and have posed a grave threat to many lives as well as to the very fabric of our democracy. In no way should Facebook provide him with a platform for his seditious and potentially deadly rhetoric.
Joan	AK	He is a traitor and a danger to this country!!!!
John	AK	It's the unwarranted size of megaphones unearned wealth is able to borrow from unvalued and unmerited monopolizing media conglomerates (Sinclair & FOX, cable carriers Comcast, GCI - for me in Alaska) pushing a false reality on the uninformed! Only a funding freeze will stop these seditionists/insurrectionists from their terrorizing inanity!
Deirdre	AK	We don't want that liar and criminal Trump on fb to spout his lies.He's caused so much damage to the American people, to our nature and to women. Ban him forever!
Jordan	AK	We already got one violent insurrection thanks to Trump's rhetoric and misinformation. We can't afford another; permanently ban Donald Trump from Facebook.
Lynne	AL	Donald Trump told over 30,000 lies while he was president. His lies are destroying our democracy because people are believing them and acting on them in a violent manner toward others. If you want our U.S. democracy to continue, you will continue to ban Donald Trump from Facebook and other social media.
Sheila	AL	What makes you think the leopard has changed his spots??? And there's the Chinese proverb "If an man fool you once, shame on him. If a man fool you twice, shame on you!"
Bessie	AL	We will never unite if you allow Donald Trump to come back and spread lies. Enough is enough.
Sean	AL	NO, Trump is the Leader of a Domestic Terrorist group and Should NEVER be ALLOWED again on any Platform to Spread Hate FILLED LIES and UN TRUTHS.Along with others who refuse to live in REALITY.We all have the right to our Own Opinions but when they stop being just that and are weaponized or when proven "not true" and then Ignored or held to "reality" then some thing MUST BE done. And if that means kicking people off who believe that Violence and Hate are OK and should be encouraged is Not right and they must be held accountable for this behavior.
Cathy	AL	Criminals and traitors should not be allowed to incite more rebellion through falsehoods.
Peter	AL	Trump spews lies and hate on social media. He incites violence.
Don	AL	Donald Trump should be banned for life from all social media. He incited a rebellion against the U.S. government, among many horrible acts he has taken. He is dishonest, dishonorable, bullying, disloyal, ignorant, hateful, misogynistic, racist, narcissistic, and an all-round horrible human being. He should not be a part of American culture.
Jodi	AL	DO NOT let that lying, rascist, seditious, traitorous jerk back on! Facebook is responsible for so many egregious actions because of lack of any regulation of hateful, deceptive misinformation, and you are as comtemptible as he is. Don't make it worse by allowing Donald Trump another platform!
Marilyn	AL	Trump is dangerous. The fewer social media outlets he has access to the better off our country will be.
Mary	AL	†**** Is a narcissistic, malignant, devil. Why would you let him spout hate, bigotry, racism, and ask for money to continue to do so. Maybe we should ban Facebook?!

Peter	AL	Allowing Donald Trump to spread his crap on social media for the last 5 years has catapulted the United States into turmoil. Lies and baseless claims abound, and many fall prey to his stories. We need facts and good intentions to build respect for each other as well as the truth. It would be a true disservice to the United States, as well as humanity, to give voice to Trump's bile once again.
Lorna	AL	Former White House occupant Trump has a consistent history of spreading lies, attacking democratic institutions, and fomenting hatred and violence. Please ban him permanently.
Carol	AL	Enforce your policy. Permanently ban Former president Donald Trump from Facebook in every and all ways post. Do not enable more violence, anarchy, hate, and the possibility of a coup and the end of democracy in America.
Robert	AL	Do you want more lies that ask for violence? If not, never let Trump back on again.
Lee	AL	You should have kicked him off four years ago. Make the ban permanent!
Brenda	AL	Enforce and ban !
Barbara	AL	I call on the members of the Facebook Oversight Board to enforce their own policies and permanently ban Donald Trump from Facebook. Trump spent four-plus years spreading lies, chief among them being that the election was stolen from him. This, with absolutely not one shred of evidence. As you know, this lie ultimately inspired his gullible followers, who were more than eager to use violence to overturn the election for him. Facebook obviously played a major role as a platform for Trump's lies that led to an attack on our democracy. Do your part to deny Trump a platform for his fascist authoritarianism.
Kenneth	AL	Trump is a traitor to America. Traitor Trump incited riots and violence at the capital. Traitor Trump needs impeached and prosecuted for his many crimes against America. Traitor Trump belongs in jail. Traitor Trump does not need a bull horn on Facebook.
Mary Ann	AL	Trump should not be allowed back on fb EVER, because he'll always lie and spout untruths harmful to our country.
Gale	AL	Donald Trump is an ongoing danger to this country and our democracy. He planned and incited his followers to violence. He should not have a public forum.
Joe	AL	Trump is a clear and present danger to this country. Ge is a proved liar and believes insurrection is the proper response to defeat at the polls. As long as he has a platform he will continue to be a threat to our democratic process.
Robert	AL	Would you prefer Facebook to become known as a good place to spread lies?
Mary	Alberta	Trump is divisive, cruel, a liar, spreads disinformation and conspiracy theories...He leaves people feeling empty and violated. The past weeks without him on Facebook have been wonderful. Please keep him off
Diana	Alberta	Trump is a dangerous & vengeful man. He is a traitor & will use any platform to get is violent agenda a big audience.
Gretchen	AR	It would be unconscionable to allow Trump to have access to a social media platform to exploit to promote violence, hatred and sedition. If Trump's FB account is restored, I will immediately cancel mine.
Joy	AR	good morning,dear Facebook. IF you allow Trump back on Facebook (and I pray that you won't), it ought to be conditional, with the provision that he mayNOT REPEAT. demonstrably false allegations of voter fraud. Has there not been enough death and violence in the name of this insanity? Are you really willing to create more insanity to keep those profits rolling in? Stop. Think.Consider, please.
Chelsea	AR	He has repeatedly violated the rules. By letting him back on, it would tell other people that they can violate the rules.
Sue Ellen	AR	No more Trump on FB! This man is deceitful, disruptive and destructive to our government, our country and our way of life. Please, please do not ever let him back on your platforms.
Stella	AR	Facebook needs to step up and ban Donald Trump from Facebook for good. We have seen that he endlessly tries to put out misinformation and stir up hate, racism, and even insurrection. This toxicity cannot be allowed to spread. It crosses the line for free speech, and Facebook needs to accept the responsibility for shutting this down!

First name	State	Comment
Janet	AR	Do NOT let tRump back on FB to spread his lies! Enforce your own policies! He spreads lies and hatred, which is against those policies! He planned and incited domestic terrorists to storm the Capitol to KILL his own VP & other leaders of Congress.
Cynthia	AR	It is unethical to support distribution of clearly false information. As you would not accept posts from an advertiser selling, for instance, a tonic that "cures cancer and gives you superhuman strength". Knowing these claims to be false, and in fact potentially fatal to community members, you would not allow them to sell their product. And Donald Trump is marketing himself to the detriment and threat of violence of our country as we saw last month
Kirk	AR	PLease do not allow Trump back on FB.
Keith	AR	Trump is a stupid psychopath. He is unable to open his mouth (or write) without telling lies. For the sake of your clients and America, make his ban permanent (or until his mental health improves dramatically).
Ann	AR	He's mental and there are too many people who will follow him and do what he says. He is a liar and they believe him. Look what he caused to happen last month.
Rosemary	AR	We do not need him spreading lies.
Ed	AZ	To keep him from spewing his constant lies and misinformation.
Erika	AZ	Why should Trump get a special waiver from the FB policy? Since there is no answer, that means the removal policy must continue.
Bernard	AZ	NO! He is a menace. Does not believe in democracy. Using fb as a pklatform for his lies nearly destroyed the American way if life.
Robert	AZ	All platforms, regardless of political leanings, should bar SEDITIONISTS from access!
Stephan	AZ	Remove the Stain of Trump and the Evil GOP.
Mary	AZ	TRUMP IS A DANGER AND A THREAT TO THIS COUNTRY AND HIS LEADING OF THE JAN.6TH INSURRECTION CONFIRMS THIS. PLEASE, THAKE THE RIGHT, FAIR, JUST, HUMANE AND HEALTHY ACTION, Facebook sustain Trump's ban from the platform!
Peter	AZ	Ok it's simple and that Psychotic Narcissist who's actually a traitor to his country flagrantly broke the rules but he always does and he should be like Twitter did be banned for life!
Margaret	AZ	Be done with him for good! Let everyone heal
Jeremy	AZ	imprison treasonous trump TODAY!!!
Courtney	AZ	After Donald Trump's words - via social media - he should not be allowed to return to the platform. He, along with his followers, incited action on our democracy. We are still healing. If he is allowed to return, he will make things worse.
Renee	AZ	He is a danger to our democracy. Also, why have policies if you won't enforce them?
Michael	AZ	Donald Trump is a liar, he can't be trusted!
Susan	AZ	He should be forbidden to spread hatred and white supremacy and violence and lies. He has caused thousands of deaths and worked to destroy our government. Ban him forever.
Lorene	AZ	I rarely use Facebook anymore because of Donald Trump and the venomous lies he had been allow to spread. I've been waiting for your decision about allowing him to return. I must say sadly I will have to close my account if Donald Trump is allowed back on this platform for continuing his disinformation campaign.
Sherri	AZ	we are a democracy not a dictatorship he encites violence
Alice	AZ	Unfortunately, our former president seems to be deliberately divisive in his words, actions, and deeds. I do not believe he should be allowed to share them on Facebook.
James	AZ	He serves only to promote hate and divisivness
Ann	AZ	The level of damage that our previous president incited and his propensity for mistruths is disgusting. Please ban him and his far right insurrectionists from your platform.
Pat	AZ	Four years of repeated lies, conspiracies, and disinformation is a pretty good indication that this leopard will not change his spots. Don't give him credence by re-instating him on FB ... make a statement to the public that FB will not tolerate users who abuse FB policies. Ban Trump from FB permanently.

Jody	AZ	Our beloved America cannot survive any more comments from trump.
Lois	AZ	Please keep Donald Trump off of Facebook. Some might say he has a 1st amendment right to speak out, but you are not obligated to give him a platform, nor should he (or anyone else) be allowed to speak words that lead to violence.
Jerome	AZ	Donald Trump should not have access to any social media thus allowing him easy capability to spread his lies.
Judith	AZ	Donald Trump is seeking a platform to spread his lies. Please do not let him have access to your social network platform.
Rich	AZ	Trump's account must remain suspended removing his access to Facebook for spreading lies and inciting violence.
Colette	AZ	This man will continue to bully, belittle and ostracize anyone who may disagree with him. He should never again be given safe haven on social media to spread misinformation.
Roxann	AZ	What an insane world? Should a platform enforce its own policies? How can this be a serious question? Oops, forgot we are living in "bizarro" world, threatening the life of another person is legal (?), lies are truth, fact is fiction, conspiracy theories are reality, bad is good, corrupt is honest, et al. YES FACEBOOK HAS TO ENFORCE ITS OWN POLICIES REGARDLESS OF THEIR PERCEIVED LOSS OF DOLLARS.
Rob	AZ	It is unthinkable that Facebook would even consider allowing Donald Trump to ever post on your platform again. He has spread hateful and false rumors about the election results, his political rivals, people of color and women. This incited his followers to attempt an overthrow of our government by storming the Capitol building and threatening to murder our elected officials. If that isn't reason enough to ban Mr. Trump from Facebook for life, then the whole Facebook platform needs to be banned forever.
JOHN	AZ	NO MORE FAKE NEWS
Chere	AZ	You took him off once because of his lies, what makes you think he won't do the same again? He's already claiming he did nothing wrong with his speech that led to the attack on our Democracy. It's time people and social media stopped enabling Donald Trump.
Colleen	AZ	Don't give a platform to tyranny, please. Why is this a question?
Catherine	AZ	A few months ago, I was temporarily banned from Facebook. I did not violate Facebook rules in any way that I could determine. My account was reinstated after I appealed, but I still have no idea why my account was locked or if I was reinstated because of my appeal. It makes me extremely angry that I, an average person, can be banned for unknown reasons, but Donald Trump was allowed to repeatedly violate social media rules, spread lies, and incite a violent insurrection, with little to no consequence until it was too late. Trump should be banned from all social media permanently, as he will not stop his behavior evidenced by his lack of remorse and refusal to accept responsibility for what happened on 01/06/2021. Due to all of these factors, I have been using Facebook less, and am seriously considering whether I want to continue to use it at all.
Pam	AZ	I truly believe that allowing Donald Trump back on Facebook would be a grave mistake. He uses your platform to spread continuous lies, he disrespects others by calling names, he attracts white supremacy groups and promotes conspiracies causing great harm to our democracy. These past few weeks with him off social media platforms has been a breath of fresh air. Without his voice spewing hate and division, there has been a sense of calm across our country. Donald Trump thrives on chaos and causing others to hate. Our country is better off without his vitriol!
Harry	AZ	The reasons for keeping Trump off Facebook are too many to list, but how about the fact that he told over 30,000 lies (some of those lies were about Covid-19 which has now killed hundreds of thousands of people, he spreads hate, encourages violence, and, oh yeah, he tried to overthrow Democracy and the US Government and install himself as a dictator? Clearly this person should never again be allowed to post his filth on Facebook.
Brenda	AZ	trump lies and spreads conspiracy theories. He cares not a wit about our country or our democracy. He spreads division. trump only cares about trump. He is a disgrace!
Roland	AZ	Because he is insane.
Leilani	AZ	Donald Trump has demonstrated his only need for social media is to stir up false news and conspiracies! He has stated that if you say something a number of times people believe it even if it isn't true!

Elizabeth	AZ	His racist, misogynistic messages of hate and divisiveness violate your policies. Keep this treasonous being off your site.
Meagan	AZ	America is finally moving into a better place as Covid vaccines are being dispersed and proving that the vaccine can stop/prevent Covid deaths! Allowing trump back on Facebook would be a giant step in the wrong direction! Facebook, please take this one and only opportunity to support the progress America has made since trump has left the office. We refuse to return to that dark, deadly, and dangerous place!
Mikael	AZ	He constantly violates the Terms of Service.
Suzanne	AZ	Ban the f'n liar!!!!
David	AZ	False information on Facebook dropped dramatically after Trump was banned
Adam	AZ	No insurrectionists and inciters of violence should be allowed to post!
S	AZ	trump and his ilk will Never Change. And they will always find ways around the reasonable rules of civil discourse
Susan	AZ	It is highly unlikely that Donald Trump will stop lying, given the many tens of thousands of lies he spread while in office. He is dangerous.
Tamar	AZ	I think this is a very simple decision. When we look back to understand what was the key factor to the American demise, it will be how we fed people a diet of misinformation and lies and kept on doing it even though we knew that we were riling up those that are fueled by racist, anti Semitic, white supremacist ideology and they will see Facebook front and center as one of the key factors.
Estelle	AZ	Because his ability to communicate with a lot of people means many are receiving false information which is a potential danger to our country. It has been proven to be dangerous in the past.
Barbara	AZ	Facebook bears responsibility for the untenable damage trump has caused to our democracy. By allowing trump to spread his heinous lies and conspiracy theories, Facebook must be held liable for letting him whip up a mob of his racist, criminal conspirators. He CAUSED the insurrection. It would not have happened without trump's urging and his lies of election fraud. Allowing trump to once again have a forum for his hateful, anti-democratic lies, Facebook must own any violence that again results. Our democracy is already at a tipping point because of him....DO NOT MAKE IT WORSE.
Buffy	AZ	WE H AVE HAD ENOUGH OF TRUMP'S LIES AND MURDERS; KEEP HIM OFF FACEBOOK BEFORE HE KILLS ANYONE ELSE, PLEASE!!!!
Greta	AZ	Trump is nuts !!!
Robert	AZ	Trump will continue to encourage violence. He must not have a platform on Facebook.
Robert	AZ	Unacceptable! You KNOW who and what he is. Why would you allow/enable further criminality?!
Deborah	AZ	Just don't let him back on Facebook his behavior does not warrant it. He is what he is and will never change.
Angie	AZ	Trump is an evil pathological liar and has destroyed the United States. Why would you even consider giving him a voice? NO!
Margaret	AZ	People who lie, repeatedly, about important facts should not be allowed to spread those lies on your platform. Doing so enables conspiracy theories and does more harm than good to our democracy. Facts and Truth matter. Don't allow misinformation to have a voice. It is wrong to do so.
Concepcion	AZ	Why is this even a consideration? This man is mentally ill and has caused enormous harm.
Amy	AZ	Because YOU are a corporation and we should ALL be subject to the same rules. If I were spreading hate, instigating violence and using YOUR vehicle as Trump is YOU would ban me as well. I am SICK of this and I have been limiting my FB interactions since WAY before you actually banned Trump. It's awful that you allowed him to do what he did as long as you did. SHAME ON YOU FACEBOOK!!!!

Brandee	AZ	Facebook it is your responsibility to keep tRump off of facebook forever. Along with any hatred or lies or Qanon or white supremacists off. We need it all gone forever. Only the truth must prevail for the sake of our Country and our Democracy. Thank you
T	AZ	Trump goes against Facebook's guidelines and TOS plus he enables violence.
Ronald	AZ	I demand Facebook enforces its own policies and ban Trump from the site for good!
Mary Helen	AZ	Because his lies have caused much disinformation to be spread and believed by his followers, whom he enticed to overthrow our government. They did so because he encouraged them to, and because they actually believed trump had been cheated out of office. He was able to communicate with them through his twitter account. He must never be allowed to spread his vicious lies for the good of our country.
Cynthia	AZ	Free speech is important, but not free spreading of lies and false reality. Trump spreads fear and evokes false narratives to further his own ends. It is important not to allow sedition to become a common and accepted form of supposedly free speech.
Ron	AZ	Because it would be the right thing to do? What's the point of having policies, if you're not going to enforce them.
Teddy	AZ	I got a 30 day ban for using a common phrase for low class white people (for the record, I'm white). Someone who incites violent insurrectionists to attack the Capitol and threaten the lives of every member of Congress needs to be banned permanently.
Peggie	AZ	Donald Trump was given special status as the president and as such has the responsibility to lead in a positive way without lies and innuendos. If he cannot lead in that way, he should not have a public space to direct people in unlawful actions.
Mike	AZ	YES
d'Anne	AZ	djt doesn't know what truth is; he ALWAYS lies. He is too dangerous to the US and all non ultra rich citizens. He belongs in jail, or a padded cell!!!!!!!!!!!!!!!!!!!!
Luis	AZ	He is an enemy of democracy and does not deserve a forum after betraying the presidency and the american people.
Laura	AZ	No more hate, lies, and disgusting name calling!! Keep him off Facebook. He has no manners or decency!
Patricia	AZ	Please. Don't. It would have a negative impact on your site. He's a criminal. He's a traitor. He doesn't deserve to communicate on FB.
Pete	AZ	Big disaster if you put him back
David	AZ	never again, he uses his voice to do harm to this country he lost his right when he spurred people on to commit treason and sedition. Freedom of speech is a right that tRump has abused.
Patricia	AZ	If you choose to allow Trump back on Facebook and he should again incite treason, you will be complicit and we will hold you responsible as well! That means I will expect you to be charged as an accomplice!
Connie P.	AZ	Trump should be allowed to have a Facebook account - EVER AGAIN!!! His lies are dangerous to our democracy.
Barbara	AZ	Fours years of lies and misinformation is enough.
Jessie	AZ	because he's not a thoughtful person and we don't need to hear his comments unless they are helpful and positive
Janice	AZ	Donald Trump is a KNOWN provocateur and CONSUMMATE pathological liar. He is nothing but trouble. What in the world does it take to understand he should not have access to an account. He is dangerous at best.
Saraly	AZ	Don't give the piece of nothing any space. Let him drift off into oblivion in Jail.
Carol	AZ	Facebook should not allow Donald Trump back on their site. He is a criminal (maybe not yet convicted but he is) and he is a detriment to our government and our society. If he can't be put away, he should not have a platform to continue to disrupt our government, the officials of it and spread falsehoods that harm our democracy. Only you - Facebook - can protect us from that happening by keep Trump off FB, I implore you to take a stand for decency, our country and our democracy.
Joane	AZ	Do not let an entity that foments violence and untruths on your site!!

Laurie	AZ	Trump HAS NOT CHANGED. He will continue to rally his followers to commit violence. Do not provide a platform for him and then claim "We had no idea this might happen." You do know.
Danny	AZ	Donald Trump is a wannabe autocrat who will do and say anything for power. He already proved this fact on January 6. I ask that Facebook enforces it's own policies and keeps Trump off its platform. Facebook has already done enough to foment right-wing extremism and violence, and if they really are committed to changing how they do things, keeping Trump off their platform is a good place to start.
Brian	AZ	For years Donald Trump has used social media to degrade, bully, harass and threaten people. His constant stream of disinformation directly lead to a violent insurrection. He has never shown even a modicum of remorse for any of these statements or actions. He will never learn and will never change. He must be banned for life.
Patty	AZ	trump is dangerous and fans the flames of bigotry and false information, including the lie that the election was stolen from him. Keep him off Facebook and Twitter forever. Our country will be much better for it.
Robin	AZ	He's a bigot

Robin	AZ	He's a bigot who keeps trying to inties people to a civil war.
Ann-Louise	AZ	tRump has repeatedly shown FB that he cannot be trusted to tell the truth. He has incited his followers to riot and commit sedition. You MUST say, "Enough is enough!" Anna	AZ	He is guilty of starting a violent insurrection and still thinks he is President.
Kathy	AZ	All persons promoting racism conspiracies and continue to support lies. Needs off of Facebook. Or any social media.

Rozella	AZ	The madness of the last few months is or make that years is directly related to the vile nature of Donald J Trump and his enablers using social media for ill gains and spreading "alternate facts " lies and conspiracy theories. There is no possible good reason for allowing him back on the Facebook platform or any other outlet to continue to sow seeds of hate.

Anthony	British Columbia	Facebook should permanently ban Trump for one simple reason: He's an instigator of white nationalists. If he is given a voice online again, he will only use it to stoke fear and spread disinformation.
John	British Columbia	Donald Trump has been using any platform he can access to spread lies and disinformation consistently on mass media presentations. There is no evidence nor reliable witnesses that can guarantee his attitude and conduct will change, especially in his advanced age. Facebook needs to be consistent with its own policies and ban Trump permanently.
David	British Columbia	The US cannot afford more discord brought on by an ignorant and self-absorbed psychopath. Keep Trump away from all mass media venues.
G.	Brussels Region	Why on god's little earth would they not do so! That's what policies are for!!!
David	Brussels Region	Because he has shown himself to be a man incapable of disciplining himself. He needs to be disciplined by those with the courage, conscience and will to do it.
Karen	CA	Trump should be banned for life
SHARON	CA	Don't facilitate hate
Carlos Gogo	CA	He should be arrested for treason and high crimes
Josh	CA	Facebook has a business and ethical obligation to prevent the spread of lies and falsehoods. For years, Facebook gave a platform to Trump to deceive and mislead tens of millions of Americans, and we saw the deadly results during the Insurrection. With Trump no longer president - and his dangerous role in inciting the insurrection - he should be PERMANENTLY banned from Facebook.
Diana	CA	Trump is an ongoing danger to our people, our country and our constitution. He should not have this platform.
Scott	CA	Facebook needs to show it's fair, enforcing it's rule the same way on all it's users. A Trump exception sends the message that some civilians are above the rules.

Marita	CA	Because allowing him back into Facebook sends a message of approval for his behavior.
Hazel	CA	Do not empower this violent, hateful person. He has not followed community guidelines and should not be given a platform to spread misinformation and division.
Mary	CA	Trump's lies are damaging to our democracy; please ban him permanently from Facebook to avoid further damages.
Mark	CA	Trump has proven time and again that he cannot be trusted to tell the truth. His lies feed radicalization and should be permanently banned from Facebook.
Aurora	CA	HE WANTS TO BE KING, DOES EVERYTHING FOR HIMSELF. NEVER TELLS THE TRUTH.
Nancy	CA	He has proven that he will lie and spread all kinds of misinformation, to the terrible damage of our democracy.
Aida	CA	Shut The Trump-Cancer Up!
Karen	CA	No one who has encouraged people to commit insurrection deserves a space on Facebook.
Evelyn	CA	He is a detriment to society with his false lies. Putting him back on Facebook will only incite more violence. Everyone knows we don't want that.
Anita	CA	Trump spreads lies, and racist rhetoric that is against Facebook's rules. Keep him off!
Betty	CA	Stop the lies and conspiracy theories. Protect our democracy!
Richard	CA	Trump is a danger to American democracy. He has caused COVID to be substantially worse in the death of over 475,000 Americans and we're still counting. He's a serial rapist.
Ellen	CA	Please permanently ban Donald trump from Facebook. He only spreads lies and dangerous disinformation which further divides our country unnecessarily. Free speech is great but inciting violence via social media is grounds for a permanent ban.
Connie	CA	He has incited insurrection and a coup against the government he swore an oath to on the day he took office. He is fueling hatred, racism and sexism in this country and should not be allowed on facebook, if he is, then you do indeed support this type of horrible thing
Suzanne	CA	Trump was the leader of the one and only time in history that the US Capitol was breached by Americans. He should never be given a voice again. He should be in jail!!

First name	State	Comment
Philip	CA	Stop Trump from spreading lies and promoting violence,
P	CA	He spreads lies and hate!
Robert	CA	Donald Trump uses alarmist and inflammatory rhetoric to incite violence and encourage hatred, bigotry, elitism, protectionism, sexism and xenophobia. There is a distinction between free speech and hate speech and Trump has violated that distinction in so many ways. He cannot be allowed to continue his assault on America and his detractors. Allowing him to have a voice would only perpetuate discourse and violence. We do not need a repeat of what happened on January 6th.
Querido	CA	Donald Trump has proved himself over and over to be an inciter and promoter of insurrection and, in plain language, an enemy of democracy and an enemy of our country. He lies to provoke, and he whips up fear and violence in his own self-interest to the huge detriment of our country. Giving him a platform is a deeply undemocratic act.
Carla	CA	Because he is an inflammatory liar
Chris	CA	There needs to be consistent enforcement of policies and accountability for violating them. Keep the loser off your platform so he can't continue to lie with impunity.
duncan	CA	He lies a lot and instigates sedition.
Richard	CA	Trump is a treasonous fascist owned by Putin...that seems like enough reasons to ban him for life.
Herring	CA	If you believe in democracy, then you will not let someone on your platform who spreads lies to undermine our democracy
Denise	CA	Please don't let him back on facebook. There are too many people already on your site that follow him and spout his rhetoric and will embolden them even more. Please no
Charles	CA	Mainly because he's the AntiChrist!
Dennis	CA	Trump hasn't posted a true statement on Facebook in the last four years. What makes you think he's going to change?
Brent	CA	If you allow hate and misinformation on your platform, that tells me that approve this type of behavior...
Ron	CA	TRUMP IS A WARPED DISTORTION OF HUMANITY. DON'T GIVE HIM A VOICE.
Gregory	CA	Enough negative damage to our diverse culture and international relationships
Hannah	CA	A person that dangerous with his addiction to spreading untruths should not be given a microphone.
Wendy	CA	Freedom of speech doesn't mean uplifting the voices of hatred, intolerance and outright lies that undermine our democracy. Stand on the side of justice in our history by permanently banning Trump from Facebook. The world is watching.
Barbara	CA	You already said it. Enforce your own policies. Ban Donald Trump!
Timothy	CA	Because he'll use his membership as a bully pulpit to raise the ire's of his violent followers.
Jan	CA	It is past time that Facebook support civility and non-violence in public conversation. The former President continue to put forth intentional lies and stirs hate and violence.
Dorothy	CA	Do not give him a platform to express his views that have caused such damage to our democracy.
Elaine	CA	He is an authoritarian fascist wannabe
Kare	CA	He's a liar and a criminal!!
Geness	CA	He is unstable and is an unsafe influence to have on our world. Do to the swift thinking of one Capitol police officer, we narrowly avoided having Congress persons kidnapped or murdered in an insurrection which is at the hands of trump. We do not need him! Facebook needs to be prioritizing global safety. It would be shameful to give Trump another bully pulpit. Step up, Facebook, and for the love of goodness, please do the righty thing!!!
Suzanne	CA	If Hitler were alive today, would you let him on Facebook? Enough said.
Dee	CA	Because banning the likes of Donald Trump would send a message to his sort that White supremacy and racism won't be tolerated and allowed to spread on Facebook.
Joyce	CA	Yes

Steve	CA	Keep liddle Donnie Trump off FaceBook. I will delete my account if you let him back on. Not a threat but a promise
Jill	CA	We don't need more lies, untruths, twisted thinking or violence and anger from anyone. Certainly and particularly not EX-President Trump the great self server.
JL	CA	Facebook did too little, too late and five people are dead and over 140 law enforcement officers injured--and may even be complicit in the criminal offenses against the people who showed up like he posted and requested in his rallies. Facebook should actually be looking at why they failed to act much sooner and what more they can do to not encourage illegal and violent behavior by leaving posts up even when reviewed expected to result in such outcomes by any rational person. Silence is complicit, failure to act is complicit in all such crimes. Instead of permitting Trump on its site, it should be admitting its failures and finding ways to change the algorithms that promoted violence to not do so and ensuring it stops such insurrectionist content in the future immediately instead of inviting it to continue and harm this country and all her people.
Cynthia	CA	He incites violence and spreads misinformation.
Virginia	CA	Don't be hypocritical, like the Republicans! Back & Forth! Either you ban Trump or you don't! Due to your indecision, I am making the decision to boycott Facebook! If ALL facebook sscribers do the same maybe Trump will lose AGAIN!
J	CA	He will continue to stir up his most violent followers. Four years of his tweets confirm that stirring up the emotions of already emotional radicals are his tool to keep power
Scarlet	CA	Donald Trump has proven that he's a social menace, determined to maintain the national spotlight at whatever cost to the country.
Katherine	CA	Ban trump and his hate speech forever.
Judy	CA	1) Trump is a pathological liar. 2) His goal is to cause chaos, division and insurrection.
Bret	CA	Trump is a white supremacist, misogynistic fascist and brings out the worst in his followers.
Irene	CA	No social media platform should promote lies and violence.
Jimmie	CA	Social media should remain a way for people to connect in positive ways, not a political platform to spread nastiness and hate through racial , gender and ethnic discrimination
Daniel	CA	Traitors like Trump and his minions must not be allowed to spew hate speech and/or incite insurrection via social media EVER AGAIN!
NANCI	CA	This would be a terrible mistake. The man is incorrigible. He will spread other lies and hate.
judit	CA	hate and disinformation is ruining our democracy and must be stopped. This starts with keeping Trump and his lies off of Facebook.
Annie	CA	Gee I can think of so Many Reasons, Because He's- Racist, Homophobic, Mean to People & probably Animals, Misogynistic, Pro White Supremacy, A Grifter, A Criminal.... He Needs To Be Taken OFF FaceBook. If not FaceBook is Promoting his Beliefs! AnnY
Deanna	CA	This man is an abomination. He has no redeeming qualities. He lies, he cheats, he foments irrational attacks and theories. Please don't let him have an influence on people on Facebook.
Terry	CA	Don't let Trump rouse his army of those that want to run with power their way. Don't allow any contact thru Facebook. Thank you.
Justin	CA	This commits violence that they also should ban him on social media permanetly
Brooke	CA	Enforce your own policies or become more liable. People will #boycott buying ads on Facebook.
Constance	CA	For 4 years, Trump has spread misinformation, outright lies, spewed divisive rhetoric, inciting people to anger and violence. FaceBook should have a zero tolerance. Please keep Trump permanently banned. He is a malignant narcissist and he won't stop with the lies and inciting his followers.
Jon	CA	Everything Donald Trump says emboldens white supremacists and borders on hate speech. As Twitter decided, he does not deserve a public forum.

Judy	CA	Why would you let a lying, hate spewing white nationalist use your platform to spread his hate?
Gregg	CA	Lies are what has brought our country to the divide we are at. Trump lies constantly. It is Facebook's responsibility to keep the lies from being spread.
Karen	CA	A democracy needs a factually informed electorate, not one subject to lies and conspiracy theories. Legal freedom of speech in this country has always had boundaries. If Trump is allowed back on Facebook, you will will be every bit as culpable for the decline of U.S. democracy as were Nazi propagandists for the rise of fascism in Germany.
Laverne	CA	He's a threat to our democracy spewing hate, racism and other derogatory statements. He promoted white supremacy through violence
Karen	CA	Facebook needs to mature and take full responsibility for all of the conspiracy theories and Trump cult. FB gave them the platform to spread lies, rumors and fictitious information. Deactivated my FB acct. years ago, this is why.
Sue	CA	Please keep Donald Trump off Facebook! His lies are destructive and deadly!
Elliot	CA	One man, a whole lot of hate, not a hard choice to make
Fritz	CA	If you think trump is going to change, you've got another think coming. Adam Sheff told you that a year ago & look what happened @the capital.
Gracie	CA	He's a danger to our country.
Joanne	CA	Trump's rhetoric caused the terrifying and deadly insurrection. He hasn't changed. Why give him a platform to cause more hatred and more damage? He needs to be suspended forever.
John	CA	Don't let back on. He's a lying all the time.
Betty	CA	Trump is a conspiracy spreader. Please don't allow him to spread this stuff on Facebook. Stand up for our country! Be like Twitter and ban him permanently. DO THE RIGHT THING.
Nikki	CA	Unchecked lies, fear and hate that incite violence and insurrection have no place on social media. The ban must be permanent to ensure everyone's safety. There are too many brainwashed morons out there who still believe his lies.
Rachel	CA	After former President Trump was kicked off Twitter and Facebook, there was a measurable decrease in discussion of the election being stolen. We know that fact-checking (even genuinely vigilant fact-checking, of a sort that Facebook has not historically encouraged) is no match for a lie repeated ad infinitum. On the other hand, the past few weeks have shown us that deplatforming is an effective response to people who are encouraging and organizing anti-democratic violence, because it dramatically decreases the number of casual observers available to be incited.
B.	CA	Trump, when given access to Facebook, remains a clear and present danger to our democratic republic by promoting lies and conspiracy theories, and fomenting violence.
Mandy	CA	Save America and ban Donald Trump from Facebook for good. We don't need to hear his lies anymore.
Rondi	CA	No hate speech/platform for this perpetrator! Support our Democracy!
Denise	CA	trump has spread vicious lies, insulted and belittled people, encouraged violence, espoused racism and misogyny, and more. Facebook has blocked little old ladies and activists just for having an opinion! Don't let than orange piece of garbage back on. Have some dignity and some sense of justice and social responsibility.
Yves	CA	He's an incurable toxic liar.
Lacey	CA	It can inspire violence.
Jose	CA	Donald Trump should be banned permanently from Facebook because he claims that he won the 2020 presidential election when in reality he lost and he refused to concede his election loss.
Stinstrom	CA	Trump is a dangerous detrement to our beloved American democracy.
Shelley	CA	He's a corrupt lying conspiracy theorist, against The Constitution, hates immigrants & people of color. He has damaged our nation so horrible & he will continue to spread his corruption on FB

Nancy	CA	Either Facebook should not ban or censor anyone, or ban dangerous ideas promoted by dangerous people. I don't use social media - I see it as an electronic STD. But I'm smart enough to read all sides of an issue and make my own decisions. For example, anyone that even QUESTIONS the mainstream narrative on Covid, is labeled a crazy conspiracy theorist or anti-vaxxer, and either those voices are either shut down or censored. Why not let us decide what we subscribe to and not let an elitist millennial (essentially a baby in life experience) dictate it to us.
Caryn	CA	Facebook needs to enforce its own policies around disinformation.
Mike	CA	Trump started a seditious, armed insurrection against the United States of America that killed 6 Americans and injured 140 police officers. One of the officers lost three fingers and another may lose an eye. Trump did this USING YOUR PLATFORM!!!
Susan	CA	Donald Trump is a dangerous criminal who has badly misused Facebook many times. He must be permanently banned. Arguments that actions like this unfairly silence him are absurd. The news media repeats every word he says.
Anthony	CA	To continue to allow Donald Trump to use any social media platforms crates room for continued division already present in our country. Please decide using your heart and not to satisfy any group. Let's promote Peace.
Bruce	CA	Trump is an ongoing threat to our nation and democratic norms. He is not going to change.
Patrice	CA	Hate speech serves no one and endangers all. Misinformation, deliberate and grounded in specious and hateful argument, is dangerous to the body politic and the community at large. Donald Trump has shown himself time and again to rely on hate speech, malicious and specious argument to foment dangerous actions among his more gullible - and less-gullible but willing - followers. Mad dogs should be muzzled for the good of the Whole. Permanently ban Donald Trump from Facebook and all its affiliates. Thank you.
Beth	CA	Donald Trump does not have a moral compass and has shown himself incapable of following basic norms of civility and humanity. Social media should not endorse his dangerous unhinged behavior by giving him a worldwide platform.
Jairo	CA	Facebook has a responsibility to NOT grant a platform to LIARS!
Omar	CA	Unfortunately your platform (FB) has already been used to give him a huge amount of influence and coupled with his lies and malice, it has created a situation where he has become extremely dangerous. Actions have consequences and I hope you understand and see that he needs to be held accountable for the damage he has done through your platform.
Fred	CA	While it would normally be appropriate for members to be reinstated after correcting the problems that caused their suspensions, Donald Trump is not capable of correction. He is an admitted pathological liar, and will impulsively continue to spread fantasies that harm the country by undermining public faith in our elections and government. Please keep him away from his Facebook megaphone.
Neal	CA	Keep the person who caused the insurrection off of any social media platforms.
William	CA	NO WAY!
Dale	CA	Don't give Trump a platform to incite his domestic terrorists.
Twyla	CA	He spreads hatred!
Janis	CA	Trump has shown just how much trouble he can cause through Facebook. He should be permanently banned. Thank you.
Terry	CA	So we have NO MORE violence by tRump & won't play by the rules, ever. NO!!

He's a poor loser and he gets the Q-platoon all riled up and ready to shoot somebody, or stage a coup or hang all Democrats. Stick to your original decision! You may weep over the loss of Trump traffic, but consider blocking him as your patriotic duty for crissake!
Susan	CA	Donald Trump is a dangerous criminal who should not be given any public platform to incite more riots.
Maria	CA	He is a dangerous, amoral voice. In elementary school we learned that the right to Free Speech ends when you yell "fire" in a crowded theatre. His unconscionable acts are too heinous to allow. Imagine if we could have applied the same limits to Hitler. How many lives could have been saved? We are at that moment in history right now!
Anna	CA	Trump is a dangerous seditionist. He is dangerous to a functioning democracy and he constantly spreads hate and lies.
Nicole	CA	Not only should he not be allowed on Facebook. But, we should focus our attention on how we can hold him accountable for ALL his evils! Lock him up! He and all his enablers including his children should be going or in prison. Let's hold them accountable. How about that!
Kathy	CA	Please do not let Trump back on Facebook to spread his lies and hate!!You are partially to blame for Jan 6! History will judge Facebook too! You need to be regulated!
Michael	CA	trump incites violence with his thoughtless words. Ban him from facebook and the rest of humanity.

James	CA	Reinstating Trump's ability to post untruths and reach out to the White Racists groups will be a travesty. Facebook you've done enough damage to democracy already!
Isabelle	CA	He incites violence, hatred and racism.
Garth	CA	Trump openly calls the election fraud and encourages violence against his victors. He has not changed and will continue to encourage the overthrow of the government. Do not let him have a platform.
Heather	CA	THE MAN IS MENTALLY UNSTABLE, RACIST, BULLY, IGNORANT ETC., ETC. AND GREEDY, HE'S A DANGER TO OUR COUNTRY AND THE WORLD!!
Randy	CA	Trump encouraged an insurrection. Trump has committed treason. Isn't that enough?
Chuck	CA	Someone who has espoused violence, mysogeny, racism, etc, has violated policy. Trump went further and promoted insurrection and treason. Trump went so far that he is in a category by himself and should be permanently banned
Marc	CA	Thank you for following your own rules and regulations. Please keep doing this but not allowing Donald Trump to have access to Facebook anymore.
Sharon	CA	Facebook has been allowing divisive hate to diminish our communities and society for long enough—they MUST take actions to reduce the amplification of such dangers—including de-platforming those who incite violence (such as Trump and his followers encouraging violence)—and stop taking ads for unverifiable dangerous groups or causes AND foreign interference.
Victoria	CA	Donald Trump is known to spread inflammatory lies. He is a dangerous element in todays political climate, who encouraged the insurrection at the Capitol. It would be irresponsible to unleash this unhinged man on the public again. Please stick by your ban. Nothing has changed, he is still spreading lies and inspiring violence.
Louis	CA	Mr. Donald J. Trump is not to be trusted.
David	CA	Because providing any political figure, current or former, a platform to foment delusional conspiracies, perpetuate lies and incite or lead others to violence should not be the allowed. Reserve the right to refuse service to anyone

Carol	CA	Please ban Trump permanently from Facebook. His misuse (understatement) is dangerous to our democracy. As history demonstrates, his social media use is only self-serving and inflammatory. To allow him to use your platform condones that behavior and makes you complicit in any violence that follows.
Barbara	CA	Donald Trump's time as president mirrored Hitler's rise to power in too many frightening ways. He is a demagogue, hate-filled and his time in office is like pre-fascist time, according to historians who study this. Everything he said up to insurrection at Capitol was dangerous propaganda, so how is it ethically and morally possible you'd consider allowing him back on FB? Shame on you! Barbara Feuer
Linda	CA	Trump promotes violence, supports white supremacy (since he had no trouble hiring them to work on his staff and supported their actions) and was found to be the number one source of misinformation about COVID-19 by multiple studies. Moreover, he instigated an insurrection that attempted to overthrow the government. He is a risk to public safety and well-being. Any account who simply repeated what he says word-for-word would be banned within a day. There is no reason that he should be exempt from community standards.
Cynthia	CA	Simply removing Trump from the platform isn't going to fix the systemic racism and sexism built into your very algorithms unless you enforce your own policies around disinformation which is an important step on the path to re-imagining social media platforms that allow people to connect with each other free from the threat of misogynistic and white supremacist hate and violence. You, Facebook, need to enforce your own policies and permanently ban Donald Trump from the platform.

Joanne	CA	Keep Hate Speech and Conspiracy theories off of Facebook. Trump spreads conspiracy and hate speech. Remove Trump permanently
Lawrence	CA	Please keep Donald Trump off of the Facebook platforms permanently. He is an evil racist that incites violence and riots! Never again.
Caye	CA	He is dishonest and only thinks of himself. Worse president ever - 450K deaths due to his inaction.
Diane	CA	Donald Trump caused a riot in Washington due to his delusions of grandeur and lack of any sense of morality. He will do and say anything in order to bolster his ego, no matter whom he hurts or betrays. The man is a danger to society and the Country.
E	CA	He can not be allowed back on. He is capable of whipping up terrorism and now that he has taken so much\$ from his dupes he will do more damage. We have to punish him in many ways and he will still get others to post for him.
Aixa	CA	Facebook needs to be more responsible especially w an w a divisive ex-President that has spread over 30,000 lies. Lied about Covid-19 turning regressing knowledge that damaged health of citizens & increased deaths. No I don't want to hear from him ever!
Fulvio	CA	Facebook is a private company and I am sure it has TERMS that violate exactly what Trump expresses so yes, keep him out forever
Nora	CA	Donald Trump is a traitor to the United States who has continuously fomented violence against the rule of law and continues to push the false narrative that he won the 2020 election. His words resulted in the Capitol riot on January 6, 2021. He will continue to foment violence if he is permitted to return to Facebook. He has been given far too much leeway already to spread his subversive lies to vulnerable people. He must be permanently banned from Facebook and any other platform that allows him to continue to foment violence.

Daniela	CA	Let's make it clear: if I or any other "non-celebrity" incited mobs to violence you would certainly ban us for life. Rules should be the same for all!
Donna	CA	As a psychotherapist with families, I learned that some children are incapable of limiting their own behavior. Those children require us to set boundaries for them. Such is the case with Donald Trump. He needs Facebook to draw his boundaries and say "No."
Gerianne	CA	The Donald" had already done more than enough irreparable damage to our country. He abused his position to mock our democracy. That warrants a permanent ban.
Amber	CA	Donald Trump has proven he is dangerous and uses social media to promote his dangerous agenda. Please keep him off. He does nothing but damage our country.
Cathy	CA	He is dangerous.
Noreen	CA	You just said it: ENFORCE ITS OWN POLICIES!!!! Letting him back onto Facebook negatively affects EVERY OTHER USER of the site. The fact that you removed him in the first place was the common-sense, strong, principled action. Why back down on it? You know he doesn't care what you think. You know he doesn't care about your audience. Why not stick to your decision and thus send a message of strength to the rest of the world? You are showing strength to the rest of the world by preventing him from spewing harmful, untrue, self-absorbed messages JUST BECAUSE HE CAN. You wouldn't let a three-year-old vent as he does on the internet JUST BECAUSE HE CAN AND FOR NO OTHER REASON. Why allow him to sully your product and continue filling the air with selfish, harmful, negative, untrue garbage by allowing him go back to sending out self-indulgent, harmful, untrue info, just in order to remain in the public eye. WHY? WHY? WHY? Why not instead send a message of strength to all your other users by publicly indicating that he crossed a line and therefore HE HIMSELF forfeited the right to communicate on your site. It's your property, for heaven's sake, and he has no right to display his faults and failings on a site that you own. PLEASE do not allow him to sully your site -- you have total control of it, and if you do not exercise that control for the good of all the rest of us, why do you exist? Please HOLD YOUR GROUND ON YOUR DECISION.
Elise	CA	Stop giving his lies a platform. Stop spreading hate!!
Gary	CA	Now that Trump is a private citizen he should be subject to the same screening criteria as any other citizen and should therefore be permanently banned from Facebook.
Kiara	CA	Just for starters: Almost half a million souls now lost to Covid-19. Trumpster-Dumpster: "I wanted to always play it down. I still like playing it down, because I don't want to create a panic."
Joanna	CA	We must stop Trump with his viscious lies
Susan	CA	Donald Trump is a pathological liar, chronic peddler of disinformation, source of sedition conspiracy against the United States government, white supremacist, misogynist, and more that is despicable, and must be banned from Facebook forever.
Carol	CA	Prevent the spread of lies and misinformation propaganda that fuels extremism by Trump
Gail	CA	Donald Trump has proved to be a dangerous fascist. Please do not permit him to use Facebook as a platform for spreading hate and inciting violence. Ban him permanently, or I will quit using FB and urge everyone I know to do the same.
James	CA	Because it would be smart!
Millicent	CA	Either Donald Trump is a pathological liar or he isn't. Either he has violated social media rules and regulations or he hasn't. Those of us who have been following the mainstream news have seen and heard the 45th president speak lies consistently for the past six or more years. There is no evidence his behavior will change.
Mark	CA	His lies incite violence and aren't covered by the 1st Amendment.
Richard	CA	30,000+ Lies as US President was not enough to show his total irresponsibility? Please do your part to help stop the madness.

Jaime	CA	See diagnostic listing: Antisocial Personality Disorder if you have questions.
karen	CA	Now that he's not in office, he will be even more untethered to the truth, decency or non-violence. Yet he would still have a huge megaphone and get more people killed, including his "fans" similar to 1/6.

Janice	CA	We do NOT want a repeat of 2020 with all the disinformation, lies and hatred. Trump must not be given access to Facebook again...just as he has been banned from Twitter.
Dan	CA	Freedom of speech does not extend to proven practitioners of treason, participants in foreign disinformation campaigns, and the negligent homicide (at best) of more American citizens than all of World War II.
Jim	CA	He will only continue to spread lies. He will never serve anyone but himself. Wait till he gets his TV show about people not working for him thinking they are working for him. He can go to the alternative sites where he will be admired. Do not waste time trying to screen his posts.
Melissa	CA	To save our fragile democracy
J.	CA	Mr Trump has already assembled a mob to attack the Congress in session, and could do the same again. Please don't give him that opportunity.
Marian	CA	I would like to return to Facebook as a user (have been abstaining since last year), but that will only happen if there is robust enforcement of policies against lies, misinformation/manipulation, and hate speech.
Jill	CA	Stop yourselves from enabling this man. He's disgraced our democracy. You've contributed to that and should do what you can to rectify the situation.
Michele	CA	Simply that, it would mean that Facebook stood by its own policy! Just because Trump is "famous" doesn't mean he should be exempt from the same policies average Facebook users are bound by.
J	CA	He is a liar, a criminal, and a racist who is undermining the fabric of our culture and our country. Don't give him a platform to manipulate people.
Howard	CA	His postings are often false and often dangerous, both to the Constitution and to the individuals and groups he targets.
Conrad	CA	Not only should facebook silence purveyors of hate and "disinformation" (lies) it should also allow users to mute/shun advertisers who they have no interest in hearing/seeing on their news feeds.
Josh	CA	We don't need political violence to have any public platform. What kind of company promotes this?
Rhona	CA	His toxic rhetoric is a global threat to peace and common decency. I for one would be willing to give up my free speech in order that hate speech is denied!
Lisa	CA	Trump needs to be blocked from Facebook. He does nothing but incite anger in citizens and tells lies. We do not need this chaos in this country and at this time.
A.L.	CA	Trump has proven how destructive he can be. What is the point to having rules if they can be so easily ignored?
Kathleen	CA	He has brought us to the brink of catastrophe. His constant lies have destroyed our faith in our democratic form of government. He needs to be censured for the rest of his life.
Santone	CA	It is too dangerous to you let him back on! many of his followers are bent on mischief and violence, And keeping him off Facebook will "lower the temperature" of emotions across the country except all for his most rabid followers who will follow him to other platforms. he has clearly shown that his behavior will not change despite repeated warnings; he has abused his user privileges before, and he will absolutely do it again!
Alexis	CA	His white supremacy, incitement, lies, conspiracy theories, and general hatefulness have no place in responsible social media. Ban Trump forever from your platform!
Mitchell	CA	Trump is institutionally racist.
Barbara	CA	Allowing Trump to spread lies, discourse and dangerous untruth would be giving him free license to insight violence again. Your company can do better.
Jesse	CA	Do we need more evidence that he will use this platform to spread his message of hatred and divisiveness? The first amendment doesn't guarantee this as a right! Facebook must act as a socially responsible organization and prevent this from happening again

Abra	CA	You are a private company and as such are free to police "no shoes, no shirt, no service" policies. Trump regularly threatens people with violence or retweets threats of violence, which can turn into very real violence. Your job is not to be the actual police and catch people, but please show some decency towards Donald Trump's many victims, past and future. These people suffer real harm when people respond IRL to his tweets. Please don't let this happen anymore.
Natalie	CA	Facebook should be held financially and legally liable for ignoring its own policies regarding misleading content, as well as hate/bullying speech in order to allow a sociopath to foment an insurrection that will lead to countless deaths and injuries all so that your Board and Trump can rake in profits. You should be ashamed of your moralless selves.
Tom	CA	Yes, A lifetime ban because he continues to lie and incite his base. He's not going to change his behavior. He's done enough damage.
Angela	CA	Trump spreads lies and enforces dangerous conspiracy theories that lead thousands of people to storm the capitol building. Resulting in sveral injured officers and 5 deaths. He needs to be silenced.
Lily	CA	Because lies should not be a part of our socially accepted discourse.
Thomas	CA	Trump is a traitor.
Carol	CA	The mana is a liar. He is dangerous. He doesn't know what is truth and what is not.
Naida	CA	Any other person in the same situation would be permanently banned. Trump has no regrets and just wants his platform back to tell lies and incite trouble. He can cite his first amendment rights but that right does not guarantee the right to incite violence and government upheaval. The country needs to heal and all he does is pick at the wounds.
Edwin	CA	Simply removing Trump from the platform isn't going to fix the systemic racism and sexism built into the very algorithms of Facebook, but demanding that Facebook enforce its own policies around disinformation is an important step on the path to re-imagining social media platforms that allow people to connect with each other free from the threat of misogynistic and white supremacist hate and violence.
Toshio	CA	Have you not seen, heard, witnessed any hate towards Jewish, blacks, brown, yellow & muslims? How hard up can you be mon?!
Jared	CA	Got the good of the country make the ban permanent
Diane	CA	We don't need any more lies from Trump.
Peggy	CA	Donald Trump is a dangerous fascist who will continue his spread of sagacious lies about a stolen election. Giving him this platform will be will ramp up misinformation in a way that is harmful to our democracy.
Don	CA	Won't get fooled again, will we?
Kirsten	CA	FB should permanently ban Donald Trump because of his repeated use of lies and misleading information to subvert the rule of law in the United States of America.
C	CA	No to the hate-filled lies Donald Trump spreads every time his mouth opens or his fingers touch a keyboard. There is enough proof in the fact that from Trump's removal from social media, disinformation about the election plummeted 73%. We need truth to create unity, not more Trump. Place a permanent ban on him now!
Jean	CA	prevent more corruption
Ashley	CA	xxxxx
Christopher	CA	President Trump will continue to spread lies and misinformation, creating dangerous situations for those he deems his enemies as well as for the country.
Laura	CA	Because Trump incited an insurrection against the Capitol.
Maureen	CA	You have a responsibility to disallow speech that is insurrectionist or violent, please continue to keep Trump off FaceBook!
Rolf	CA	Trump lies virtually anytime he speaks or tweets and his comments are always divisive and too often also incendiary. We know he won't change even after having been impeached twice. We will regret if Trump is again allowed to use Facebook or Twitter.
Ava	CA	This destructive Toxic ex dictator want to be is an inciter who constantly lies and is unfortunately believed which created violence and death. Keep him off Facebook
Kerry	CA	He is a danger to democracy with his lies and inciting violence. The disinformation is tearing this country apart.

Bryn	CA	You can make up for the fact that you didn't prevent him from inciting violent rioters by removing him from Facebook back in 2017 as he began to whip them up into the frenzy they became.
Lisa	CA	Because Trump will continue to spread lies, nothing has changed.
Jess	CA	Facebook has an ethical responsibility to uphold its own policies on hate speech and a moral responsibility to all its users to do everything in its power to stop misinformation and lies that have real world consequences. Donald Trump should not be allowed back on Facebook.
Michele	CA	Because he incites violence. He lies. He is a disgusting human being and nobody with any sense wants to hear what he has to say. He has caused nothing but chaos by his comments.
Alena	CA	Trump is a want to be dictator. He will continue to preach his lies and ignorant people will listen. If you want this country to move forward, keep him off of Facebook. If not, what happens will be on you
John	CA	Facebook has been focused on numbers and earnings instead of combating the extremist views of Trump and his followers, resulting in these dangerous incidents of violence and civil unrest. Ban Trump and anyone that voices these extremist views.
T	CA	Hate speech should not be able to be spread far and wide. Your parameters will constantly abused. You permitted this saying, he was President. He no longer is President. Please don't continue to allow his hate speech to be spread.
Gregory	CA	Donald Trump poses an existential threat to democracy. He's abused multiple social media platforms to spread toxic lies, disinformation and divide the people. His incendiary rhetoric incited a fascist coup in Washington DC and other state capitols. He must be permanently banned from Facebook. Watch out for his family members and Giuliani and others spreading dangerous hate speech and lies, too.
Barbara	CA	His promises are consistently broken; he cannot be trusted to use Facebook without endangering democracy.
Bill	CA	This irresponsible character has no place on a public platform such as Facebook. I urge you to do what's right for the greater good and permanently ban Donald Trump.
Helen	CA	Trump needs to be off Facebook (and other social media) permanently due to his unhinged behavior that puts our democracy seriously in danger.
Brady	CA	The pathological lies that foment rebellion, which are told by Donald Trump, have no business being circulated on Facebook, as you have already acknowledged. He has not changed his tune, nor apologized for his actions, so you should practice no deviation from your policy of denying access.
Yvonne	CA	I agree that Facebook is a platform and therefore should allow the free exchange of ideas and communication. It is not Facebook's responsibility to decide what's true, ethical, etc. Facebook should only focus on banning that which is most egregious like abuse, child pornography and the like. I affirm my belief that Donald Trump is egregious enough to be included in that which Facebook monitors and bans. He not only has no concern for what his words provoke, but at this point he has shown that he intentionally causes abuses, violence and crimes. I plead with Facebook not to give him a platform for these things.
April	CA	Heinous acts perpetuating violence should not be considered free speech and it is the moral and ethical responsibility of agencies, venues and social media to stop such acts. Trump is a criminal, narcissistic sociopath and a traitor of democracy. He must be stopped.
Ken	CA	The violence he encourages and the people who listen and respond to him don't deserve a platform that spreads falsehoods and promote violent actions.
James	CA	His continued lies will create further unrest.
Kim	CA	Please be RESPONSIBLE and have Trump permanently removed from the Facebook platform. He is incapable of being an adult and has proven it time and time again. His lies have been dangerous for our country. Do the right thing.
Erica	CA	Civil discourse has improved dramatically without him. If he could control himself that would allow for him to return, but we know he can't. For the sanity of the nation, don't let him back on.
Georgia	CA	Trump is an insane person who, unfortunately, has much influence over too many people.
Frank	CA	Ban Trump!

Victoria	CA	Trump has shown himself to be a supporter of terrorism. This should disqualify him from having a forum.
Jennifer	CA	We all have a responsibility to stop disinformation!
Kathy	CA	He breeds hate and lies. That will never change.
Ron	CA	Facebook or any other social media websites should not partake in any fashion with hate organizations or individuals hate language or lies that can endanger or bring harm or death to others. Allowing such is participation in kind. Facebook must ask themselves what is the moral, responsible thing to do here.
Judith	CA	Please don't contribute to spreading more lies, hate, and conspiracies or encouraging violence.
Wallace	CA	In the wake of the white supremacist insurrection in Washington, D.C, on January 6, we saw a sea change in how social media platforms were dealing with people spreading lies about the election, Donald Trump being chief among them. After years of organizing by civil rights groups, who were warning about just such a real-world attack, social media platforms finally took action
Stephanie	CA	All Trump ever had to say was "Good game," when Biden won. He, and all other weak and delusional Republicans who do the same are the absolute CAUSE of the threat to our democracy. HE LOST, which has been confirmed and reaffirmed by recounts and countless court battles. HE LOST.
Kathy	CA	He instigated and/or was an accomplice through his posts, to murder at the Capitol!
Margaret	CA	Donald Trump has lied and been indecent on Facebook. Please deny him further use of the platform.
Mary	CA	I do not think Facebook should amplify the voice of anybody who has advocated overthrowing the government and who incites violence toward others. Further I think Facebook needs to tag blatant political lies such as our last election was rigged, stolen. Lies on social media are 7 times more likely to be clicked on than the truth. Your algorithm is promoting and spreading conspiracy theories and is thus a significant source of incitement to treason and violence.

Dorothy	CA	People who spread conspiracies that threaten lives and democracy should be permanently banned from Facebook and related social media
Judith	CA	Trump incites violence, spews false information and bullies his adversaries. Spare us the drama--keep him banned.

Lydia	CA	Please keep your ban of trump off FB. He is dangerous bec of gross misinformation and support of dangerous terrorist extremist groups.
J Y	CA	For Facebook to rescind its ban on Trump and allow him back on the platform would send him the message that he can now continue his behavior without repercussions. Which he will no doubt do. I hope Facebook will not allow itself to be used for such nefarious behavior. It would be hard to trust Facebook again.
Martha	CA	Mr. Trump spews disgusting, racist rhetoric, and should be banned permanently from FaceBook!
C	CA	Does the insurrection of the Capitol ring any bells?
Steven	CA	He lies and incites violence. Why give him a platform?
Joy	CA	trump has proven he is a menace and his posts are a danger to our democracy.
Sherman	CA	Lies, vilification, and demagoguery are no more part of free speech than yelling fire in a crowded theater.
Beverly	CA	You must not allow Donald Trump a platform to spread lies and continue to incite violence. You can see how disinformation has fallen since he's been removed. Don't contribute to the problem. Try to be the solution.
Rena	CA	He promotes disinformation, lies, and promotes violence and racism.
Gregory	CA	Trump incited an insurrection and should be permanently banned from spread his big lie propaganda.

Jeannette	CA	amen
Deborah	CA	He only spreads lies, disunity and hate. Our country is better off not hearing from him. DO NOT LET HIM BACK ON
Sylvia	CA	As a psychologist, I am bound by the Tarasoff ruling. If I believe a patient has directly, or indirectly targeted an identifiable victim, I must notify the victim(s) and law enforcement. Shouldn't a private company, like Facebook, have a zero tolerance policy for threats or glorification of violence against specified targets? There is no 1st amendment right to incite violence. The former President repeatedly identified specific victims for violence. If I am required to break strict confidentiality laws, why should Facebook be free of the responsibility to prevent violence?
Adrienne	CA	We are done with all his negativity and divisiveness so he should be banned from social media. We'd had enough of him. Thank you.
Ben	CA	Because it's the right thing to do!
Leah	CA	Trump uses social media to lie and manipulate. False advertising is illegal and so should lying on a public forum. Stop allowing lies! Make a distinction between fact and opinion. Stop fueling his free media circus!
Gerard	CA	Facebook has been rolling towards being a bully pit, false information, lies, stocking, sexual harassment & a common place for insurrection. And those that use your platform for these purposes don't deserve access.
Susan	CA	Donald Trump must be banned permanently for Facebook, having incited an insurrection, spreading lies and inciting violence. I thought that the ban was indeed permanent but if it's still in question, please do the right thing: enforce your own policies and stand firm in banning Donald Trump permanently, as he has been on Twitter.
Anita	CA	Trump spouts racist rhetoric which is banned from Facebook, and is against its rules!
Margo	CA	Donald Trump is a threat to democracy and civil society and should be permanently banned from Facebook. As we saw with the January 6 insurrection, his hateful and fabricated words present a clear and present danger - 5 people died as a result of his words at the pre-insurrection rally, and all of the hateful lies he put forward on social media before the rally. He has proven that he cannot be trusted to use social media safely. Facebook should enforce its own policies and permanently ban Trump from its platform.
Kevin	CA	Your platform spreads hate and lies. It is a threat to democracy, basic decency and civil society. tRump is the worst offender and the main cause of all of those threats to this country. Other than social media.
Cameron	CA	We don't need Facebook to endorse right wing fascism, hate speech, white supremacy, domestic terrorism, unsubstantiated conspiracy theories, lies and dis-information in the name of protecting 1st amendment free speech. Facebook should be held criminally liable if it allows Donald Trump back onto its social media platform after what happened at the Capitol on January 6th.

J.C.	CA	<p>We bear the responsibility in being an intelligent race of securing and maintaining a safe environment and society for all. Our very nation was founded in great part on freedom from religious persecution, the provision of a safe circumstance for its population to worship safely. Our history is one of leading the world in providing safety and security for our own masses as well as sectors of other societies facing danger through simply living their lives as the hearts direct.</p> <p>This responsibility falls not only on the shoulders of our government, but also on our industries, social groups, and individuals. We are a nation whose strength is derived from our unity, a unity seldom defined with more moral and ethical integrity than in providing a safe society for our population to prosper and thrive.</p> <p>Donald Trump's crusade to incite violence, hate, and division within our nation has a place in our society. It serves as a reminder we must remain vigilant as individuals, corporations, segments of society, and a nation against that which would threaten and erode the safety and security of our population. It serves as an opportunity for our society to support and defend what defines us as an admirable world power, to strike down efforts to dismantle the safe and promising climate created by leaders in our past, and to add another page to our history of providing a haven for the downtrodden and persecuted of the world.</p> <p>Neither Facebook nor any individual on the street travels this path alone. Responsibility as well as success or failure is shared.</p> <p>The moral and ethical responsibility to take the steps within our power to secure a safe and productive environment for all belongs to Facebook ever bit as much as every individual and government office. Please respond to that responsibility in a manner which advances our nation rather than further damages it.</p>

Sacha	CA	Ban Donald Trump for life from Facebook. We don't need continuous false narratives, lies, and disinformation to spur on more rascism and domestic terrorism. He wants to rule by The mob. Don't allow him to embolden or entertain his followers any further. The more insignificant he becomes a smaller threat to society. We must uphold the belief in science - a facts must be promoted. Stop allowing him or other conspiracy theorist pass on disinformation to manipulate the uneducated, ignorant, small-minded, angry, entitled men and women from destroying American democracy.
V	CA	Dear Facebook, You have written policies regarding the spreading of lies. To not enforce these policies sends a clear message that spreading lies is allowable. It's quite simple. It is like a teacher not enforcing consequences for breaking a rule in a classroom. It sends a message that breaking rules is allowed, and also that the rules are meaningless. Facebook: Have a backbone, stand on the right side of history, and permanently ban Donald Trump. We already know his behavior will never change. He's had enough opportunities. Enough is enough. Use a moral compass. Ban him permanently.

joan	CA	<p>Many people don't learn critical thinking skills, or are not interested in taking the necessary time to critically consider/ think through the statements that have been posted as "facts." Because many people rely on Facebook as a one of/ or as THE primary source of the news they are being informed by, it is a necessary requirement that what is posted on FB has been rigorously fact checked.</p> <p>For many years, D. Trump has posted inflammatory UN TRUTHS, that, in some cases, threatened the safety of the Obama family, ramped up the racist bigotry directed at Barack Obama and his family. Facebook must practice responsible social stewardship of business practices that reaches SO many, and has led to the FALSE "education" of so many people. Please do not allow/ offer the FB forum to D. Trump, as his dangerous, inflammatory rhetoric has been the direct cause of so many people storming the Capital, and causing Congress members to hide for hours, in REAL fear of not surviving/ living through the physical attacks on, then INSIDE the Capital. Beyond the damages of that day, Jan. 6, D. Trump has written thousands of LIES, that have been a part of sickening our social civic culture. Please enforce your own policies and permanently BAN D. Trump. thank you.</p>

He incited the Jan 6 riots and never apologized. Still has not recognized Joe Biden's becoming president. This is very dangerous.</p> <p>YOu don't have to give equal time to a wanna be dictator.</p>
Lawrence	CA	He is a racist and he committed treason
Cornelia	CA	The worst president ever should not have a platform for hate and disruption. Thank you.
Marlene	CA	Facebook needs to keep enforcing its own policies and permanently ban Donald Trump. The other option of letting him back on could be catastrophic for this country!!! It is extremely important that Facebook sticks to its original policy and does not back down!!!!
Pamela	CA	<p>When in the world will you figure out just how toxic trump's rhetoric is? Are you BLIND? Are you waiting until democracy here is completely dead and gone, replaced by this rabid insanity where it is OK for a member of Congress to approve of assassinating their political enemies? They call that fascism. Or third world dictatorships! What part of the implications of a fascist United States do you idiots NOT understand? I am fed up with Facebook once and for all. Even cute photos of my adorable grandchildren are no longer enough to tempt me to use Facebook again. Do I still have a page? - yup, because ending my "membership" on Facebook and attempting to "delete" that page presence is pointless as you will keep it up whether I like it or not. SHAME on you for not only doing that, but for considering letting Trump back on. You will prove just how irrelevant Facebook is to those of us out here in the real world who are utterly disgusted by your ignorant capitulation playing into trump's hands, but also for what will ultimately prove this country's downfall into a fascist state. Never would have dreamed in my lifetime that one revolting power-mad wanna be dictator would be so willingly allowed to be the Trojan horse enemy from within that was knowingly unleashed onto the American public AGAIN by good old zero-integrity Facebook. Letting corrupt trump back onto your platform tells us ALL: Facebook IS COMPLICIT IN THE DEATH OF DEMOCRACY and imminent slide into fascism. Someday Facebook will be claiming total innocence as only being "the driver of the getaway car in a robbery 'turned murder' gone bad. We didn't murder anyone: we just waited in the car!" When THAT day comes, the rest of us out here in the real world will be cheering on the demise of Facebook - do NOT let treasonous trump back on your platform ... EVER!</p>

Richard	CA	Donald Trump is a threat to democracy. Hw should not be given a platform to spew his hateful rhetoric.

Tim	CA	Keep impotus and images of impotus off Facebook forever!!
Kelly	CA	Dear Facebook Oversight Board, Please permanently ban Trump from Facebook. Giving hate speech, untruths, and calls for anarchy a voice (a very large voice) on your platform is not free speech-- it's a dissolution of our values. As a teacher, I work hard to make sure that my classroom is supportive of many viewpoints-- but hate speech is not tolerated. Shouldn't we have the same rules of civility for people with power as we ask of our young people? The consequences of not banning his inflammatory rhetoric will have much deeper consequences and will be far more damaging than any potential (temporary) dip in profits your company may experience. As the world watches (and history will remember), please be a strong role model for our democracy and ban his account. Thank you for your consideration.
Kari	CA	Past actions and words have been lies and destructive. He has used hate speech that has led to hate crimes. He has lost the privilege of social media. He can not be allowed back.

Armando	CA	Traitor trump and his cronies are unamerican, unethical, liars, unscrupulous low-lives that do not deserve to post anything on social media. Please do not allow Traitor trump and his cronies a platform for hate, misinformation, etc. Thank you.
Janet	CA	Isn't 4 years of Trump's lies with their disastrous effects enough? The current and recent past dysfunction in the USA is a direct result of Facebook (among other platforms) allowing Trump to spread his BS which has negatively impacted hundreds of people's lives if not thousands or more. In addition, your failure to screen and censor propaganda from groups that obtained access to individual Facebook accounts illegally, contributed hugely to Trump's winning the presidency. And also contributed to the continuing dysfunction of our democratic republic. It's way past time for Facebook to grow up, to act responsibly instead of allowing the viral-like spread of false information; to become a responsible corporate citizen of the 21st century.
Hanie	CA	There are already many comparisons between Trump and Hitler, In the future, does Facebook want to go down in history as aiding Hitler in his attempt to seize power?

Sandheep	CA	Do we even have to explain why someone who has incited an insurrection against our government should not be granted the means to further antagonize the democratic process?
Anne	CA	You can't let this lying threat to democracy back on your platform. You've already wrecked the country. Have a spine!
Diane	CA	This is to ask you in the most urgent way possible to keep Trump permanently off Facebook. What he has been posting, his lies, his delusions, his destructiveness has gone way beyond mere misinformation. He incited a bloody, deadly riot to take down the Congress, assassinate the Speaker of the House, hang the Vice President ---- I mean, what more do you need????
Ellen	CA	No one should ever hear from him again since he is a danger to the world. Send him to Guantanamo since he approves of the place, and deny him Habeas Corpus in keeping with his own values.

Edward	CA	Do not let ANYONE on your service who continually advocates violence against the media and the elected government. Donald J Trump is such a person.
Ballinger	CA	You have done enough harm by letting this treasonous, insurrection-inciting liar remain on your platform as long as you did. Now you should enforce your own rules and keep him off lest the harm becomes irreparable. Trump, a narcissistic sociopath (and perhaps a psychopath) has amply shown that he will remain a clear and present danger to this country, indeed, to the world, for as long as he lives. At long last, Facebook needs to do the right thing.
Tim	CA	We've had enough of his lies and misinformation. He and his followers should not be allowed to resume doing so anymore on your platform. It is dangerous and reckless as we've seen with some people losing their lives.
Holly	CA	Donald Trump is a scourge on our nation. He must not be given a bully-pulpit to spread his hatred.
Gary L.	CA	Please stop the lies and hate speech and keep Donald Trump banned from Facebook permanently. You've already let him do so much damage. Step up and do the right thing!!
Jo	CA	You know that trump spews lies and hatred constantly, leading to an attempted coup on the US of A on Jan 6!! His next step is to whip his misled, brainwashed followers into a civil war, causing them to begin the killing of elected officials and American citizens en masse!! Enforce your own policies and permanently ban trump from facebook! You are already partially responsible for the coup attempt taking the lives of 6 people and if you let him back on, you'll also be responsible for the murders of countless more Americans! Ban Trump!!!!
Dean	CA	Trump has caused enough trouble to America and our democracy. He should not be given a platform (Facebook) that will enable him to spread more hate and lies.
ELAINE	CA	The far right has expanded into domestic terrorism and Donald Trump's media platform spewing lies has led to the unsafest conditions in this country. He must be silenced! His followers must be watched and prevented from another Jan. 6!! Facebook has been a major part of the Problem and can stop it - so do the right thing STOP TRUMP FOREVER!
Michael	CA	All evidence points toward Donald Trump using Facebook as a platform to spread lies and misinformation to create major civil unrest for his own personal benefit. Facebook regularly enforces bans on users with far less power than Trump. We've repeatedly seen the real life consequences of Trump's abuse of social media. If Facebook is at all serious about the policies it professes to uphold, it must hold Trump accountable. Make Trump's ban permanent.
Cori	CA	TRUMP IS THE MOST DANGEROUS, UNLAWFUL, TREASONOUS AND SEDITIOUS PRESIDENT THE USA HAS EVER SEEN. HIS POISONOUS INFLUENCE ON THE US POPULATION MUST BE STOPPED! HE IS AN IMMENSE DANGER TO DEMOCRACY.
Marybeth	CA	Trump's lies have had a devastating effect on this country. Lying and inciting violence is not a right. Keep Trump off facebook forever.
Mary	CA	Trump is a despicable criminal who has invited hatred and violence. He has no business being anywhere he ca
Christine	CA	Do not let Donald J Trump back onto Facebook. He just resorts to lies and distortions that he thinks his minions want to hear. He attacks people unmercifully that he doesn't agree with Of course his beliefs can change in 15 minutes to a half hour
Christine	CA	Social media platforms must stop allowing misinformation and hatred to be spread throughout our society. This is not a free speech matter as Facebook is a private entity. We must be able to return to a CIVIC discourse. For the sake of allowing our country to heal, do not allow Trump access to Facebook!
Douglas	CA	The country should not be subjected to this dangerous man's nonsense.
Susan	CA	Don't allow Trump access to FB to disseminate lies, bully and incite violence. Follow your in place policies. Keep FB as a social platform not a platform of hate and bullying.

Terri	CA	<p>Donald Trump has told more than 30,000 lies to the American people. With these lies he has promoted racism, encouraging violence and pitting the people against each other. The lie that he won the election causing an attempted overthrow of the government by people that believed his lie.</p> <p>You want to give this man a platform to further lie and promote violence. How many more people have to die due to his lies?</p> <p>Mass shootings of Mexicans at a Walmart in El Paso, numerous synagogues and black churches attacked and endless death threats all due to his racist dog whistles and lies. This is the person you want to allow back onto Facebook disregarding your own rules? Shame on you for even considering it</p> <p>Donald Trump needs to be permanently banned from Facebook.</p>
Jen	CA	<p>FB is now the face of fascism, Naziism, and white power. Allowing DT back on will only incite these racist. Homophobic, and misogynistic Trump supporters. Knock out fascism for once and for all.</p>
James	CA	<p>Inciting sedition is more than enough reason to permanently ban the former president from Facebook. Anything less is hypocrisy.</p>
Ann	CA	<p>Why in the world would Facebook want to give Trump access to it again. Come on, you know he is nothing but a liar!</p>
Diane	CA	<p>Facebook has been a great disappointment as it focuses more on corporate expansion than using it's clout to support users and protect them. I no longer use FB and do not recommend it to others. Such a disappointment. It is no longer a gift to the world. Shame on you Mr. Zuckererg!</p>
Wendy	CA	<p>Donald Trump is a known liar and who provokes violence. He needs to be kept off all major social media platforms.</p>
Barbara	CA	<p>He is dangerous and a threat to our democracy. He is guilty of treason, in my opinion. He needs to be de-platformed.</p>
Ana	CA	<p>Trump is a danger to our society and democracy with the spread of lies, hatred and racism. Be an agent of good; do not contribute to the enormous amount of misinformation that is spread on the internet. Trump is a powerful man which a cult-like grip on many American's minds and his hatred affect many everyday Americans. You might not feel it, but we see it every day in the streets of our communities.</p>
James	CA	<p>The former Liar and Chief is a danger to democracy and the advancement of us all enjoying a more perfect union. He is an existential threat to a free and fair press, the rule of law, human rights, and our entire existence as a republic. He must be banned from spreading anymore hate, division, lies that have already resulted in death.</p>
Kathy	CA	<p>He has shone himself to be a Maniacal Fascist Facebook knows this.</p>
Lou	CA	<p>Yes!</p>
Marilyn	CA	<p>Do not let Trump keep spreading misinformation which is exactly what he will do if let back on Facebook. Be proactive not reactive when he tries to do it again which he will he cannot help himself it is a sickness!!</p>
Christine	CA	<p>We need to draw the line! Insurrection and inciting violence is NOT free speech!</p>
Sara	CA	<p>Letting him back on Facebook means you would be aiding an abetting a criminal -- known criminal even if not yet convicted. It would be equivalent to reckless endangerment on your part. Endangering individuals (notice the dead policeman in the Rotunda) and the democracy.</p> <p>PLEASE keep this menace off your platform for good. FOR GOOD. THANK you for your serious consideration and a courageous decision.</p>
Deborah	CA	<p>Do not give trump a forum to spew his hate and sedition lies and views. He wants to overthrow OUR government. Traitors should not have a venue to spread their hate and lies!!!!!!!!!!!!!!</p>
Dan	CA	<p>He will only do it all again if allowed a platform to promote himself. Learn the lessons of 100 years ago.</p>
Alysa	CA	<p>We've got no time for hate. This man has been all about division and exploitation. To be relevant, Facebook needs to be a "Safe" place for people to come together. Otherwise, "Bye".</p>

Michele	CA	Ban trump from Facebook. Stop enabling the insurrection.
Michael	CA	Because he cares only for himself and his ego, he will say anything about anybody or any issue without regard to the truth or the consequences of his words.
Kristina	CA	OH, HELL NO! Hasn't he caused enough damage already????? The vast majority of people do NOT want him to have a platform for his lies and general insanity. WHAT IS WRONG WITH YOU TO EVEN ENTERTAIN THIS IDEA????!!!
Miriam	CA	Trump always spreads lies and recently has also incited violence. This is not acceptable behavior for anyone, and especially not for a widely known public figure. Access to facebook must remain off limits.
Mary	CA	We know we can't trust this man, his word or his philosophies. We can't trust his supporters. Remove his access forever - You have shared enough of his lies and false beliefs.
Bonnie	CA	You absolutely must stop promoting Fascism and terrorism on your platform!
J Hays	CA	Donald Trump was given a free pass for four years of hate speech on the grounds he was a world leader. He needs to pay back those 4 years. Now, is not the time to examine his suspension. Keep the suspension for the rest of the year at least.
Jennifer	CA	Trump is a domestic terrorist and evil. It would be like allowing Adolph Hitler to have a platform to spread his lies and incite violence.
Victoria	CA	Spreading misinformation and inciting violence is dangerous and should not be rewarded with mercy. Nor should Facebook profit off it.
Christopher	CA	please do not let trump back on facebook, he uses it to incite violence.
Rita	CA	Ban Trump permanently.
Bill	CA	Trump has repeatedly violated Facebook's own rules, despite multiple warnings.He has demonstrated that he is incapable of changing this behavior. A permanent ban is the only real option.
Mary	CA	Trump is abusive. He is making us sick. He is dangerous. He promotes violence. He lies. He cheats. He exploits. He betrays. He is a colossal bully. He will never change. Ban him forever.
Rashida	CA	Stop being a platform to spread lies.

Arthur	CA	To SAVE OUR DEMOCRACY, all sources and means of communication bearing on our government and citizenry should be SWORN TO TRUTH AND FACTS! Any politician, party, movement, proposals, etc., MUST BE BASED ON HONESTY AND FACTUAL TRUTH. Mr. Trump has REPEATEDLY (AD NAUSEUM) DEVOTED HIMSELF TO LIES, RUMOR, INNUENDO, HARRASSMENT, NAME CALLING, AND LIBELOUS CLAIMS. HE LIVES IN AN ALTERNATE REALITY OF HIS HATEFILLED OPINIONS. HE MUST BE PERMANENTLY REMOVED FROM ALL SOCIAL NETWORK PLATFORMS!!! HE IS UNREPENTANT!!
Frances	CA	Trump very nearly destroyed Constitutional values in the US; many Republicans - completely owned by the Criminal Oligarchy, who have no national loyalty - still support his crimes against the American People. Do not be an accssory to these crims.
Kathleen	CA	Trump has violated every one of the norms and laws that govern responsible behavior. He should NOT be allowed to participate in Facebook or any other social platforms. Your continuance to support these people led to my removal from Facebook etc.
Bradley	CA	He is a danger to the American way of life, I suppose it won't bother Facebook, you'll roll over for any dictator if you're getting paid.
Mary	CA	Trump is the chief liar and full of disinformation and it is long past due social media totally ban all of them after the insurrection!!!
Carol	CA	He has had plenty of warnings and ignored them all--as he is more than likely to do again.
Kyra	CA	Ted Cruz fist pumping insurrectionists... Trump telling them to "stand by" months before. This whole thing was orchestra via social media. Consequences are the only way he will STOP contributing to violence. STOP contributing to UNDERMINING democracy. Ban Trump for FaceBook FOREVER, NOW.
Diane	CA	Trump encourage, fomented acts of Treason against the Government of the US that he headed. He should never again be allowed on Facebook he should be in jail.
Stephanie	CA	Trump has damaged our country enough. He is guilty of sedition. Please don't give him a platform to continue spewing his ugly lies.
Mary	CA	zuckerberg are you still a trumpite??
Maggie	CA	He is a clear and present danger to our democracy. He will not change.
Jozefina	CA	Trump shouldn't be allowed to Be on Facebook because he will just spread more chaos and the country needs to continue on the path to a better stability , improved
Susan	CA	Giving a platform to a dangerous, lying, seditious criminal who has incited murder, is outrageous and irresponsible. I would ask everyone I know to stop using facebook.
Ken	CA	FB itself is a large part of the problem. Take responsibility. No more Trump lies and fanning of insurrection !!!
Carol Anne	CA	Words shape thought. Thought shapes action. Action may cause harm if it based on lies and deceit. Facebook needs to be a force for good, not evil. Years ago, in the 1970's, my church, All Saints Pasadena, went through the liturgy word-by-word substituting gender neutral words for the masculine God. It strongly supported the thoughts of all of the congregation, yet didn't dilute the message.
Lynnholland	CA	Agitators, traitors, Russian tools have no rights to a free pulpit like Facebook, now or ever.
Marilyn	CA	Donald Trump is not a friend of our Democracy. He is guilty of hate speech, in my opinion. It is hard to reconcile the right to free speech with prohibiting anyone from participating in a platform like Facebook. Yet, spewing hate speech, lies and encouraging insurrections are seditious acts. If Facebook doesn't want to control this speech, does that mean we need to further legislate what can be said on the internet and then force Facebook and other platforms to comply? It is a sticky issue. But it should be clear that DT is nothing but trouble for the U.S. He is deliberately bringing out the worst in us in order to get that swell of elation that comes from always being in the public's eye!
Sharon	CA	His extremely dangerous influence leads to catastrophic consequences!
Terry	CA	Our democracy isn't for this embarrassment to destroy!
Carol	CA	Continuing to let Trump spread lies and hate will only add fuel to our unstable situation in this country. He needs to be permanently banned from Facebook.
Marguerite	CA	He will not change. He will continue to violate your policies and normal behavioral standards, while attempting to dominate the Republican party with lies and disinformation. He does not need or deserve that megaphone. Keep him OFF the platform.

John	CA	Because he is a menace to democratic ideals and the republic and will do anything in his power to turn us into a 3rd world banana republic.
Maureen	CA	Please ban Donald Trump for his lies, divisiveness, and encouragement of white supremacy. He is destroying our country and harming people's trust in our democratic system.
krisen	CA	Irresponsible speech and lies are disturbing and someone who consistently posts such lies should not be allowed on Facebook. There is a difference between limiting free speech and knowingly posting lies when the lies are inflammatory and can harm people. Facebook should not provide a platform for people who consistently post inflammatory lies.
Tobey	CA	He spreads lies and is a danger to democracy. He has fomented violence and does not deserve a platform.
Liana	CA	Hate speech, lying, inciting people to storm the capitol and stop the certification of election results is reprehensible. Permanently ban Trump!
victoria	CA	He regularly promotes lies, dangerous conspiracy theories, and violence against people who don't support him. Helping foment a coup against the USA is treasonous and seditious. You need to send a message that this type of behavior will not be tolerated.
James	CA	Because the man has incited violence in the past and you can be certain if you give him a platform he'll do it again, because he's a bigot, because he's a liar and if FaceBook had any scruples at all it would permanently ban him from their platform.
Becky	CA	Trump is a danger to our country. He is the cult leader of all the hateful white supremacy groups.
MaryEllen	CA	Donald Trump is a danger to our democracy and society. He is a sick egomaniac who contributes nothing of value to our country's discourse and is concerned only with himself. He has shown he will not change his ways and thus should be permanently banned from all social media platforms. Hateful and divisive messages do not forward the important work our country needs to do towards climate action, inequality, infrastructure, racial issues etc. Please keep him off social media and ease the anxiety our country has been in for almost 5 years due to him bullying and spreading hatred!
Tracy	CA	Donald Trump is a fear & hate monger who is dividing our country. I cant continue to participate in a FB community that permits & encourages this behavior by providing a platform for it to germinate.
Andrew	CA	The world is better off not hearing from Donald Trump. Don't give him a platform.
Shauna	CA	By banning Donald Trump from public postings, Facebook removed a source of dangerous anti-government lies and seditious propaganda from the internet. If Facebook returns to enabling those lies and propaganda, anarchists and Lost Causers will again be emboldened by the idea that the 2020 election was "stolen." Please do not be the feeder of that poison to millions of gullible Americans who have lost faith in the democratic process. We need a time of sanity -- including sane speech on the internet, not insane talk of an unconstitutional takeover coming from the former president to his worshippers. We need cogent, centrist voices to be represented in their actual proportions, not shouting, heavily armed "Boogaloo" fantasizers revving each other up for battle. Please understand that Facebook must have a conscience and take its part of the responsibility we all bear in recovering from the past four years. Facebook must contribute its part to restoring sanity and ensuring democracy, not by enabling the most dangerous speech, but by judiciously limiting posts to what will not threaten our communities and our country.
Don	CA	Because he is a force for unconstitutional and violent insurrection against the constitution of the United States of America.
Karel	CA	Keep continual liars off Facebook. Trump has done too much harm. Use a little common sense.

Bruce	CA	If anyone meets the criteria for being banned from using Facebook it is surely Donald Trump. His actions and words show he can not be trusted to abide by the policies against disinformation and hate speech.
Mark	CA	3 strikes your out! Donald has had 100's of chances. He's racist. Keep him off!
Craig	CA	Trump's criminal lies resulted in violent attacks on our democracy. Facebook should not monetise and perpetuate his demagogic hate.
Timothy	CA	D Trump is a scourge to our democracy. He's a gang leader who has never picked up--or read--a history book and is basically uneducated in politics and the workings of government. He deserves no mouthpiece such as facebook. Thank you
Carmel	CA	Spreading hate and inciting violence in the form of the Capitol riot, in which five people died, is reason enough to ban Trump from Facebook for life.
Bonnie	CA	Trump should never be allowed a public forum again. He is a serious threat to our democracy and to the lives of Americans as we saw on Jan 6th. Never again!
Carol	CA	Because he has shown us who he is and he has abused us long enough with his horrible actions,
Faramarz	CA	Trump is the biggest individual threat, only second to Putin and Kim Jun Un, to the American Democracy and peace; and social media happens to be his #1 tool.!
Laura	CA	Don't let Impeached trump back on Facebook. We know he will not change his behaviors of lying because he hasn't over the past 5 years. He lied over 20 times a day when he was in office. We know he doubles down when caught. His lies hurt our country. His lies kill people, as in the immigrant border deaths, COVID pandemic, and the Insurrection. He is a murderer.
Michael	CA	There is nothing Positive about D.J. Trump - his ideas, his threats , his words, or his lies. If F.B. "reinstates" D.J. Trump - it will be for pure greed and their own form of Insurrection. AND - I'll be the first one "Out The Door"....
Maria	CA	I respectfully request that you permanently ban Donald Trump from your platform in light of how dangerous his influence has been proven to be since January 6th, 2021 relative to protecting our democracy from threats of insurgence. He has sustained a "Big Lie" that threatens our elections and he has used Facebook to proliferate the misinformation and insight his followers to violence. He most certainly will continue to use the platform if allowed and his agenda is not to be tolerated.
Mary	CA	Show some integrity and keep this inciter of violence and untruth off of your platform. He has literally cost us lives, as well as hearts.
Karla	CA	Trump is a dangerous liar!
Sarah	CA	As Facebook is such a popular platform it is Facebook's responsibility to make sure lies do not continue to rampantly spread on their platform. As we have seen recently with the capitol riots if lies are allowed to continue to spread on big social media platforms violence will also spread with it. It is also important to note that Donald Trump was the main inciter of this violence and he needs to continue to be held accountable for his horrible actions. Keep Trump permanently banned from Facebook because we should not have to see a repeat of the capitol riots.
Edward	CA	Banning Donald Trump would show that Facebook isn't just a bunch of entitled money grubbing unpatriotic assholes.
Jamie	CA	I am so incredibly sick of watching this company absolve itself of all responsibility for adequately maintaining their platform. Uphold your own terms of service and keep those who continuous violate them off your site.
Robert	CA	Donald Trump shouldn't be allowed back on Facebook because of the lies and deceit he spreads through it. Things have been much calmer without him, and I think that should be a good indicator that we don't need him, or people like him, on the platform. Thank you.
Janet	CA	Please consider banishing him permanently. The damage he has done to this country is unbelievable because he used social media to spread his lies to white supremacists and conspiracy minded people. Free speech is one thing, but it does not make sense to give such a horror a platform that injures people.
Steven	CA	Please enforce your own policies and DO NOT ALLOW Donald Trump back on Facebook to continue spreading lies and hate! Facebook must stop supporting white supremacy and destroying democracy here and around the world. Permanently ban Donald Trump now!

Tauny	CA	Donald Trump has told numerous lies and incited violence on Facebook and should be permanently banned.

Joy	CA	Permanently ban Donald TRump, or he will be right back on, inciting his backers to more violence.
Linda	CA	Trump needs to be permanently off Facebook for inciting violence and encouraging hate.
Sheldon	CA	Donald Trump has shown himself to be an anti - Democratic wanna-be dictator and therefore deserves no add space on Facebook.
Sean	CA	Facebook already waited far too long to suspend accounts involved in misinformation campaigns -- Trump's account should remain suspended along with similar sources of misinformation.
Charlie	CA	Keep Trump and other seditious, criminals banned from Face Book !
M.	CA	This man tried to overthrow our DEMOCRACY because he lost an election. After YEARS of creating & spreading racist, hate-filled lies and fueling a movement of violent followers willing to hurt, injure, destroy & KILL in his name and at his neck & call CANNOT have access to a public media platform to continue his career of ever-increasing damage to others. Ban him FOR LIFE for OUR SAFETY.

Gemma	CA	DT will resume his attempt to overthrow democracy if he is given a public platform again. His rabid, white supremacist base are willing to follow him on this path towards a fascist dictatorship. Just Say NO to nazis.
Emilio	CA	Facebook has proven to be one of the most divisive places on earth. It has facilitated attempted genocide of the Rohingya population, the conspiracy du jour (take your pick), and fomented rebellion here in the US. Bringing the world together indeed. You have a chance to keep someone who has uttered too many lies to number (somewhere beyond 30,000 during his presidency), not to mention viciousness and hate. I mean, what does this guy have to do to stay kicked off Facebook, shoot Zuckerberg? As it has often been said, evil can exist (and I don't mean that in a religious sense) only when the rest of us look the other way, or something like that. See protest sign in photo above.
Deborah	CA	He is rude and abusive with out having facts checked that he even understands what he is saying !

Claire	CA	Facebook should not be a platform for the spread of lies, fear and hate directed at specific groups of people and our government. We've already seen the danger and damage this kind of propaganda can result in with the organizing and incitement of an attempted overthrowing of our election and the violent attempt to overthrow our government. The leader and figurehead for this movement should not be given access to Facebook to continue spreading lies and hatred. After the deadly attack on our Capitol, Facebook will be held accountable for any future violent actions taken as a result of further lies and hatred spread as a result of Trump's use of the Facebook platform. We have a right to free speech as long as we are not using it for the violent overthrow of the government or to incite violence against people or property. This man has already incited all of the above and has lost his right to access social media. He's welcome to write letters and emails but social media should be off limits given how dangerous he and his followers are.
Judith	CA	Trump incites followers to do illegal activities.
Glen	CA	Enforce your own policies....bam Trump
Elizabeth	CA	Trump should NOT be allowed to once again spread his lies on Facebook. He is a great danger to our democracy.
Joan	CA	He is a hate monger who spreads lies. The first amendment does not apply to people who yell fire in a crowded theater. We have seen that he enjoys inciting his fans to imminent lawless actions. These activities are not covered by the first amendment. How many more people need to die because you refuse to enforce your own policies? He is free to publish op eds, stand in public sidewalks, and hold rallies to spew his violent speech. He's not entitled to have paid audiences on private property.
Sandra	CA	Facebook should have cut trump off years ago, to do it after he incited a riot is just way too late. If you let trump back on facebook, then you can be blamed for the next insurrection, cause there will be no stopping him and his thugs or those who support him that are still serving in congress. Freedom of speech does NOT mean you are free to stir up mobs , you are free to hurt people who don't worship like you, aren't the right color or speak the right language. So unless you plan on being on becoming his personal mouthpiece, you better keep him off of your site. I always thought trump was a hitler wannabe, give him back his audience and let him be just that.
Sally	CA	Dobald Trump cannot be trusted--he proved that over the past 4 years, and even now does not believe he has to obey our Constitution. He is likely to try to foment another coup with himself as Dictator (a la Putin). Please do not give him a public forum to do so!
Milo	CA	You censor any legitimate criticism of apartheid Israel's breaking of international law, yet you are ok with enabling the world's most dangerous liar? Sandberg and Zuck will be remembered (if remembered at all) for being America's biggest hypocrites. I'm so glad that I don't use Facebook.
Harold	CA	D. Trump lies when it would be easier to tell the truth. We cannot afford, as a nation, to have his misinformation go out on Facebook or any other site.

PERMANENTLY BAN TRUMP FROM FACEBOOK -- and all other social media.</p>
Julie	CA	Donald Trump uses social platforms to spread lies, cause riots and slander people. He should never be allowed to get on any social platform again. We don't want any repeats of the capital riot where innocent people were killed/injured. Their families lost a precious loved one. He should be held accountable for his part in the riot. He encouraged them to take the capital.
Robert	CA	Such a dangerously dishonest man should not have a voice unchecked.
Linda	CA	Trump will just use it to divide the country more than it already is. He is a dangerous man who should not be allowed to spread his lies.
John	CA	Hate speech has no place in the broader dialog, and forums such as yours should also be repositories of verifiable TRUTH, and not platforms for lies and distortions. Please ensure that noted serial liars such as former president trump have no place in your stream. Thank You.

He wanted people to die. He shouldn't be allowed to get on social media to spread more lies and dangerous propoganda. Just say no!
Kristen	CA	It is part of your responsibility to judiciously govern your own site and not allow purposeful misinformation to be spread without regulation. This is true for anyone, especially those with the power to persuade and malign others on a large scale. Donald Trump has proven that he is an egregious peddler of misinformation, and as such, must not be given a public platform to continue doing so. By allowing his lies to be spread unabated on your site, you are complicit in his unethical and destructive dealings.

Deb	CA	Trump is a traitor, seditonist and insurrectionist. He should be in jail. If you allow trump back on you will be complicit.
Mary	CA	Donald Trump cannot tell the truth. He should not be allowed back on Facebook. He has lied his way through his life. (See Mary Trump's book.) For example, in the 1970s in NYC, he lied about racial discrimination in housing in his real estate offerings; in the mid-2000's he lied about Obama's birth citizenship; in this past decade he lied about Hillary Clinton and in this past year about having won an election he clearly lost. This country does not need to see more of his lies--ever.
Craig	CA	Stop spreading Trump's hate and lies; if his Facebook privileges had been suspended when he first began spreading his Big Lie of election theft, the assault on the Capitol wouldn't have happened. private citizen now.
Marilyn	CA	Trump is an idiot, a liar, a cheater, a womanizer and just HORRIBLE
David	CA	Donald Trump used the Facebook platform to spread disinformation about the U.S. election and incite violence in violation of Facebook's terms of use. Facebook should apply its user and moderation policies to protect against these abuses. Despite loud complaints from Trump and his allies, Facebook has a much larger problem with disinformation and fomenting violence than it does with censorship.

Nancy	CA	Donald Trump's Facebook account should be suspended for the rest of his life. He tells lies with every post. This is not only unethical but disgraceful. Thank you.
Steve	CA	We need to determine the degree to which Democracy is to be defended against autocracy. Perhaps there is only one member of this society who had every intention of using his position as duly elected official to then attempt to destroy the very process that got him elected, exactly what autocrats have done throughout history, and exactly what Putin and Lukashenko did. Trump is unique in this way and presents a clear and present danger to the future of democracy.
Sofija	CA	Trump's lies have already led to violence and the traumatizing of hundreds of workers, staffers and representatives alike because of the insurrection on capitol hill on Jan 6. Trump uses social media platforms to radicalize its users, including Facebook. He tells lies about election tampering, tells his followers their democracy is at stake and the election is being stolen from them. These people are being manipulated by Trump in an effort to maintain power. You absolutely cannot give voice to that. Giving a platform for these lies will only create more victims - victims of violence, victims of manipulation, and victims of greed for power.
Disa	CA	He incited people with lies and rhetoric that is not beneficial for our country
Stephanie	CA	What will you -- and our world -- gain by letting Trump back on Facebook? It has been SO peaceful without him! Stick to your own policies and maintain your integrity.
Bonnie	CA	The lies he spreads are harmful to American society. The temperature has cooled since he eas ban Don't allow him back.
Barbara	CA	We must stop lies and gaslighting to our citizens. This man has no boundaries and will just take up where he left off with "The Big Lie" and continue to spread disinformation.
Michael	CA	Facebook you have a moral duty to act to keep Trump from using your platform. By continuing to ban Trump you can help protect our society from this no good, malignant, and evil person.
Debbie	CA	Please permanently ban Trump from Facebook as he is still trying to raise opposition to the 2020 presidential outcome and will no doubt continue to incite insurrection by white supremacists and other hate groups.
Thalia	CA	Ask yourselves if you want to give a free public platform to a fascist, reckless, deranged person who has demonstrated no responsibility for his words or actions. He is destroying our democracy. Don't give him the means to continue spreading lies. Please.
A	CA	Trump is toxic for the well being of all Americans and our democracy. He doesn't offer us free speech instead he spreads manipulative, dangerous lies.
Lee	CA	If you allow tRUMP back on to Facebook, what you are telling all of your followers is you agree/w tRUMP and the garbage he spews out which puts you at the same level as him.
Robert	CA	Facebook is quickly becoming a community pariah because of the Trumplings and MAGATS. My Wife used it extensively for keeping up with friends and general interests. But now it has become a cesspool of hatred, bigotry and white power platforms. If you allow the dear leader back on you will lose what is left of intelligent, articulate empathetic users and will be left with the Q goofs and squirrels.
Darrylin	CA	To let Donald Trump back on Facebook with his lies and insighting riots using your site would be a travesty. Is this how your App Mr Zukerberg should be used???
D	CA	No more hate and lies from trump. Divisive, fascist, racist, misogynistic - we don't want it!

J.	CA	In the past Four Years, Trump has used the Valuable Social Media for lies, hatred, attempt Civil War in America, create International divisiveness and his Universal Financial Greed. For complete Devilish Functions!
Margaret	CA	FaceBook must take a stronger stand against calumny, such as the lies told by Donald Trump. What Trump has claimed on social media is equivalent to "yelling, "Fire " in a crowded theater. " GaceBook has grown too large, too influential worldwide to claim they cannot censor some speech. Integrity is needed to help society, the world grow with honesty.
Deborah	CA	Donald Trump abused his right to use this platform. He can't be trusted to not abuse it again. To not lie and foment violence again. PLEASE keep him away from the public he will only victimize.
Judy	CA	It's too dangerous!!
Melani	CA	To act as a good corporate citizen, with robust policies that are enforced consistently. To support human safety by denying those engaged in the active promotion of lies, misinformation, and calls for violence access to the platform.
Cynthia	CA	Absolutely NO!!!!!!!
Karole	CA	Trump doesn't know the truth from a rotten egg. He will do nothing but lie and spread mor sedition on Facebook. He lies about what he planned on January 6 by inciting the rioters in Washington, D.C. He is still doing it. This person has no moral center and permitting him on Facebook condones his behavior.
Urmila	CA	Donald Trump is a menace to the body politic and his cult-like following only exacerbates the problem. He is a narcissistic megalomaniac who only cares about himself and does not care about what or who destroys if an action benefits him. For the sake of our country please keep him off Facebook.

		<p>Though, I'm not fully aware of all the details of Facebook's disinformation/misinformation/false information, hate-, and/or violence-promotion policies, I have witnessed that Mr. Trump appears incapable of discerning truth from personal desires, which must be based in his belief in some personal fantasies of power, which, though relatively short-lived, were fostered by his election to the office US president. Unfortunately, his ongoing popular image of being a wealthy playboy and TV showman, who inherited access to the manipulation of his family's "wealth/power," combined with his use of racism, "un-politically correct" slang, show of disrespect for authority and law, general common-folk speech style, and his more recent choice of political party affiliation, led to a strange platform from which to run for office of president (2016). Through this platform he gained a resonance and appeal with many people who generally vote for their party candidate "no matter what," as well as enhancing his strong appeal to edgy, fear-based people who value racism, punishment, ownership and use of weaponry, intimidation over others, and who share some of Trump's conspiracy inspired, 'intuition'-based, 'alternate views' of life and reality. All this combined with Trump's habitual style of disrespect, authoritarianism, avoidance of responsibility, disregard for rules, obsession for getting his way and "getting away with things"/corruption, and the spewing of falsehoods that serve his whims have made him a true danger to democracy and public safety/health/life.</p> <p>Trump (and a few of his angry followers and promoters of misinformation who remain in office within our government) probably still has too much negative power over the sharp edge of his party's base. Trump and his followers still resonate with the power of emotion-triggering falsehoods, and personal vengeance, which can, and has, led to hateful violence and highlighted racism. The very angry Trump followers appear to be convinced, similar to Trump himself, that they deserve the power to bully and hurt others in order to get what they want...regardless of the laws or constitutional guidelines followed by the majority of US residents.</p> <p>Trump appears to have been taught and memorized how to breed misinformation, personal business irresponsibility, denial of failure, and corruption. Therefore, he has also naturally spread this into his stint as an elected government official and, is clearly capable of, consistently lying, distracting, and promoting/inciting violence to get people to do what he wants for his own personal gain/fame/sense of power. He wasn't actually ever qualified or fit to lead a country (or possibly even any of his own family businesses).</p> <p>Trump is clearly not emotionally fit, or capable of being personally responsible for his actions. He, and/or any of his blatant misinformation followers, must not be allowed to incite more violence and insurrection via social media platforms. Trump's threatening behavior, falsehoods, and damaging actions and rhetoric must be held in check by others, since he appears obsessed with his fantasies of ultimate power and cannot control himself.</p> <p>National/global platforms for spreading misinformation in attempts to gain increased personal/business or political power must no longer be allowed. Therefore, Trump—and all others who would spread hate and purposely, or mistakenly, spread misinformation on national/global media platforms in order to incite others to violence—must no longer be allowed to use these platforms. Trump has repeatedly shown that he is not capable of following your policies with regard to hateful misinformation and thereby inciting others to act in violence against our government and the US public.</p> <p>Please for the sake of peace, public safety, humanity, and our current, collective national/global struggles, do not reinstate Trump's account, or any of his business/political fundraising accounts. Do not allow anyone to spread ongoing, readily fact-checked disinformation, or encourage/condone hatred and violence against others, no matter how much monetary or political power they have, and no matter who they are. Thank you.</p>

John	CA	Citizen Trump should follow the same rules as the rest of us plebeians. When he was president, Facebook had a meager excuse to allow his endless stream of lies. He lost. The presidency and your meager excuse.
M.	CA	No valid, reason in the world exists, to enable misogyny, hatred, and racism. That is all Donald Trump, narcissist, racist and all around disgusting individual that he is, has to offer. Ana	CA	Because he is awful!
Linda	CA	After 4 years of ever increasing Trump lies, racist, & incendiary statements via once-respected social media, it would be very unwise of the Facebook Oversight Board to allow Donald J. Trump back on Facebook. Facebook and other social media companies have lost the respect of many of their members having allowed that to happen. And by allowing Trump to begin again could cause the loss of many Facebook members. Not a good decision.

Kathleen	CA	He will continue to spread lies and hate if he has access to Facebook again. He's already done enough harm!
S	CA	Providing a forum for hate speech has real life consequences. Attacks on people of color, Muslims and Jews has increased as a direct result of Mr. Trump's hate speech, not to mention the deadly violence perpetrated on our Capitol on January 6, 2021. It is not okay to yell fire in a crowded theater - Facebook should never been a platform for hate speech.

Deborah Spangle	CA	Donald Trump has abused the privilege of his Facebook account over and over again-- anyone else would have been cancelled long ago!!
Ana	CA	1. why have policies if u dont enforce them, 2. trump cant help but lie and spread conspiracy theories and incite others against our government and democracy and toward violence. he is doing it now in his impeachment process. 3. you cant simply let him spew his venom and only act after the violence is committed as u have done repeatedly before. u must prevent future violence and incitation now. you know he cant help himself and will continue to undermine our government. be brave. put country over money and your personal interest. dont kid us. u arent about helping us communicate and free speech. u r a business interested in making money out of the information u get from your subscribers. if u dont voluntarily ban him, i will have no choice but to tireless work to endure laws are enacted to force u. i will work to get people to stop using ur product. i will work hard for everyone to know your complicity in the next insurrection which is bound to happen if u give trump a platform. be brave. u should be better than this. i still believe u have morals. remember them and act now. permanently ban trump from your platform. enforce your own policies. thank you, ana inguanzo, 90292

		Since Trump's removal from social media sites, disinformation about the election plummeted 73%. But now, the Facebook oversight board is taking up a review of the suspension, which may lead to Trump being allowed back on the platform to spread more lies, in clear violation of Facebook's own policies.
Dalia	CA	I demand Facebook take action against disinformation--can you take a moment today to share a comment with the Facebook oversight board demanding Facebook sustain Trump's ban from the platform.
Annie	CA	He's unethical and tells lies.
Musia	CA	DUH. Ban the Tangerine Turd forever
Susan	CA	Donald Trump's tweets are dangerous and untrue.
Andrew	CA	Trump had been given a pass for far too long. You would not accept this level of blatant misinformation, stoking of tensions, and calls to incite violence from anyone else. Also, Trump has shown he is incapable of changing. He is only looking for people to excuse his behavior. Noo more double standards, enforce your policies and keep Trump off Facebook.
Joe	CA	And you think trump won't spread lies and incite more violence on your site. If you believe otherwise you are the fool in the proverbial fool's folly.
Anthony	CA	Permanently remove all RACISTS from Facebook which includes the former 45th president. If Facebook can't maintain its own policies EVERYONE should BOYCOTT this RACIST platform WORLDWIDE!!!
Eric	CA	Trump is not the type who should be using Facebook.
Rohana	CA	Trump has publicly told over 33,000 lies in the last four years. Do not enable the big lie of a stolen election,that fueled the insurrection. Keep him of Facebook permanently
Dana	CA	We need to get back to the truth and stop his hate trajectory. The attack on the capital would never have happened, and his presence on facebook and other social media platforms threatens our safety and security!!!
Sheila	CA	donald trump is a hateful, rabble rousing man who lies every time he opens his mouth and incited an insurrection and invasion in the Capitol. He is violent and dangerous and does not deserve any platform whatsoever. He is also deranged.
Susanna	CA	If Hitler was spewing Hate and sedition, and boldface lies, and locking up innocent citizens in camps, would it be OK to let him do this on FB? Trump is NO different and Trump is just as mentally ill as Hitler was. These are dangerous people who are dictators, who do not care if their actions undermine the very safety of the free world. Do not allow any platform for lies to be spread in our Democracy by evil people. FB has a responsibility to create boundaries and policies that protect vulnerable users from "leaders" whose goal is to contaminate & brainwash all those who are young, uneducated and unstable, as well as unable to make distinctions about the difference between truth and invented lies meant to undermine good governance as well as vulnerable families struggling to understand the issues in order to cast their ballots in a free and fair election. Our citizenry has been, and is being poisoned by a maniac who only cares about his own power. FB must join the the huge effort to save our Democracy NOW.
Maren	CA	Stop spreading fascism.
Michael	CA	Trump has nothing but lies and deceit spewing from his mouth, Ban him forever!
Teresa	CA	Because Trump and other extremists will use Facebook to continue to spread lies and hate, which lead directly behind violence against individuals and our democracy.
Suzanne	CA	Mr. Trump may no longer be president of the united states but he still poses a clear and present danger.
Kathy	CA	Former President Trump is a dangerous influence on the country. He lacks respect for other people, for the law and for the democratic basis of our government. He is a racist and misogynist and spreads his influence to people who follow him, sowing disunity and promoting violence all the while taking no responsibility for his actions. Facebook is one of the main ways he spreads his influence. He has not changed away from his fundamental nature during his 4 years in office, and there is no reason to believe he will change in the future. Why allow him to spread his lies and dissension ever again? We have seen where it will lead. Please continue the ban on his use of Facebook.
Calvin	CA	Because he does nothing but lie and insite vilonce

Amory	CA	Facebook stop letting Donald Trump and White Supremacists spread hate and encourage violence on your platform. It is time you stand for Truth instead of profit!
Erin	CA	Because he is a dangerous LIAR who incited his supporters to overturn the results of an election he did not like. Actions should have consequences.
Dianne	CA	The only reason things are calming down is because we don't have that man tweeting and posting lies and fomenting insurrection. He must be kept off social media.
Roshan	CA	Trump should not be trusted with a public platform for his lies and sedition. Keep him off Facebook!
sharon	CA	Facebook should enforce your own policies and permanently ban Donald Trump. Since Trump's removal from social media sites, disinformation about the election plummeted 73%. Additionally, we cannot have violent white supremacist rhetoric spewing out on Facebook!

Judy	CA	Trump must be banned from spreading propaganda , hatred, and racism
Velma	CA	You should ban anyone that spreads lies and that means even Trump
Mha	CA	Mr. Trump's constant and willful lies have severely inflamed and distorted reality in the minds of millions of vulnerable people and caused terrible damage to our democracy and even death to many. You must enforce your policies and permanently ban him from your platform.
Robert	CA	He does not deserve a platform for his treasonous words. Shouting "Fire" in a crowded room where is no fire is a crime; and that's what he did with his maundering about election fraud. Ban him; even Voltaire and Jefferson who were famous for defending the right of everyone to speak would be appalled at what this man has done.
Sandy	CA	He abused his position as President to instigate violence and commit treason against his country. His actions are no different from Adolf Hitler, who did the same instigations to turn Germany into a murderous, genocidal country.
Edward	CA	Fact based communications should not be squelched. But Troup is not factual
jeffrey	CA	to prevent this pathological liar from spreading his lies
Ron	CA	He has divided the country through lies, threats, and misdirected anger. If we think destroying our country is a fine thing to do then let him spew his hate. But you tech giants, who have helped ruin this country may not be able to make you money if we don't have a working country.
Deborah	CA	He starts problems. He caused people to die.
Charles	CA	Mr. Trump is a dictator in waiting. He has the skills to manipulate people in to thinking he is going to perform near miracles for them if they elect him to office. He also has the skill to manipulate people in to doing acts of sedition, terrorism, and insurrection. He must be kept silent!

Molly	CA	I urge the Facebook oversight board to permanently ban Donald Trump from Facebook and its associated apps as per Facebook's own policies as he threatens the world
Gladys	CA	It has been more than 4 years of listening to and dreading the next chaos that TRump will bring up and "share" on social media. It has been a wonderful month of peace and quiet since he left social media! Please DON'T let him come back.

Marvis	CA	Donald Trump helped to ensure an armed attempt to seize the US Capital Building, and excited Democrat's in order to overturn an election he lost. He is not the type of person Facebook or any other Social Media Business should be supporting, while I believe in Freedom Of Speech, there is also the requirement that said person takes the responsibility for the actions that happen because of that speech, here Trump want it both ways.
Madeline	CA	HELL Yes Facebook should enforce it's own & ban trump for life for telling continuous lies, upholding white supremacy, promoting racism & starting the January 6th attempted coup. Facebook have restricted my account for far less so they need to grow a pair & ban the racist greedy corrupt big lying crybaby trump.
Pamela	CA	Absolutely not. He's a danger to all of us and there's only one reason he uses social media: to push his dangerous agenda. DO NOT LEGITIMIZE THIS MONSTER ENEMY OF DEMOCRACY.
Carol	CA	Every word Trump says is a lie and self-serving. He is a despicable, lying person!,
Ted	CA	Trump is a cult leader whose members will do anything he says. And Trump is a lying con man who is responsible for tens of thousands of Covid deaths, and a revolt against the US.
Stephen	CA	It's ethical. Do it !!!!
Larry	CA	Spreading hate and disinformation willfully should not be allowed
Ginger	CA	He is too dangerous and he continually lies and spreads false information. Facebook should have banned him years ago!
James	CA	Donald Trump adds nothing constructive to the political discourse and serves only to sow chaos and undermine the credibility of government. His presence is not only bad for society, but the resulting instability and rancor will ultimately be bad for Facebook as well. That misinformation has decreased by 73% since his deplatforming should be all anyone needs to know in regards to this decision.
Edward	CA	Yes. Keep him out. He ONLY lies and spreads ill will.
Patti	CA	He is a danger
Simone	CA	Since Donald Trump began running for office, he has told daily lies, manipulated others, controlled the Republican party and caused anti-Democratic behavior by them as a result. He frequently broke his oath of office. He became mega-wealthy through his illegal use of The Old Post Office -- his agreement with them was that he would not operate the facility and hold a seat of office. So he not only kept it but he also held government meetings there, forcing visitors to stay there to attend meetings. It is still a Trump Hotel. Typical of Trump - for him, it's all about power and money. The most horrific thing he did, though, was cause a mob to storm Congress while in session, inviting the mob to destroy offices. So many police officers were injured -- I seem to recall it was greater than 140. Such an outrage. And I don't know how he did it, but he has Senators and Congress people believing that President Biden somehow stole the election! I believe he stole the election he won by having the Russians diddle with the voting machines. What a creep that man is! He should not be allowed to hold any government offices again. He's too destructive.
William	CA	You must ask yourself "Will any good come out of letting Trump back on Facebook?" I think you know the answer.
CYNTHIA	CA	Stop grubbing for money to the detriment of our democracy. Keep the delusional liar off your platform.
Marion	CA	Trump spreads lies and incites violence. He is dangerous. He abuses the right to free speech.
Hanson	CA	In or out of office, this person is dangerous because of those who follow him blindly. Do not be another way for him to reach them.
Audrey	CA	We cannot have the leader of insurrectionist on this platform.
Lynn	CA	For over four years, Donald Trump spread lies about virtually every topic. His threat to our electoral process is inexcusable and dangerous as illustrated by the violence he incited, he himself personally incited, at the capital. He was allowed the platform of social media for far too long and I do applaud Facebook's decision to suspend his account, however the suspension should and must be permanent. The nation is in a difficult position and needs to move forward without his lies and interference. I respectfully ask Facebook to maintain the suspension of Donald Trump's Facebook account.

Carol	CA	This is a case of weighing two competing factors, the need for free speech vs. the need to follow policy which incites insurrection and/ or violence. Please consider carefully the welfare of the nation. You helped create and stimulate incendiary rhetoric. You are now responsible for the consequences.
Jennifer Tomkins	CA	To Whom it May Concern, A decent, fair, sustainable, people-centered economy and polity are incompatible with unfettered greed the sacrifices all principles on the altar of profit. To allow, as FB is currently doing, toxic untruths to be spread on its platforms is simply indefensible and leads to the notion that capitalism and democracy are incompatible. I don't believe that has to be so but it is so where people and whole societies are put at risk in the name of making money. Hate speech has no place on the Internet and it is up to the companies who dominate this ecosystem to put an end to the toxic thought-environment they have allowed to develop.

Charles	CA	Donald Trump has proven himself not only hateful but dangerous. Now that he is no longer president, there is absolutely zero justification for someone promoting hate and violence, with concrete effects, to have a place on your company's platform.

Michael	CA	We need to adhere to the truth and Not allow Hate monger's to sow hate and discontent

The x President isn't a nice man or an honorable one. He was voted out of office due to this fact. I'm 70 years of age and this was the first time in my life I felt that our Nation had started to crumble. United we can stand but his hatred was and is a threat to it's standing. Free speech is a standard and shouldn't be taken away from anyone, Unless the free speech yells fire in a crowded theater just to see what happens. His continued lies and hate shouldn't be tolerated or give a venue. So I'm asking that he doesn't get back on FB for the good of this Nation. Thank You for listening Adella Albiani

Rita	CA	Facebook Oversight Board, Your decision to suspend Trump's account and so many others that used your platform to spread lies and incite violence was a great decsion. Please stand by your decision and do not change it. It would great to see you expand your ban to all the anti-vaccine groups and individuals on your platform that are hurting the US and world efforts to stop the COVID 19 pandemic. Chantal	CA	Donald Trump us a threat to American democracy. He used his power and influence as president and used social-media platforms, including Facebook, to repeatedly spread lies and incite his extremist supporters to take action based on lies. And then when the insurrection at the Capitol occurred, he used social media to praise his followers and called them "Patriots" when they were traitors who took treasonous actions to attempt to stop democracy from taking place. Donald Trump still after he is no longer president continues to spread lies. He may not have started Q Anon, but he has made comments supporting their beliefs in conspiracy theories and his ties to them. We need to ensure that Donald Trump can no longer use social media to influence his supporters because we have been shown how easily our country can be destroyed from the inside. Our country needs to heal and unify, and Donald Trump only seeks to further divide us. Our country needs to unify because there are other external threats to this nation, and we need to be unified to have a chance at being able to withstand those threats. That is why I believe Donald Trump should be permanently banned from Facebook.
Patricia	CA	Trump's opinions are toxic and encourage violence. Keep him off your platform.
Jill	CA	.
Eva	CA	It is not a question of enforcing its own policies..This has to do with understanding what we have been dealing with...As many are afraid to say this, we are confronting Mental Illness with many people today. What makes all of this intolerable is the fact that these people are Religious Zeolots...Fundamental Christians that believe Trump was sent by Jesus. Such people are dangerous in the world..there is a history of it. We need to talk more about this very sick element in our society!

Joyce	CA	His rhetoric is incendiary and reckless. He aims to incite people to do things for his benefit alone.
Du	CA	If Facebook allows Trump to use it as a medium to incite violence, then Facebook should be held liable for the damages resulting from said violence.
Janet	CA	Haven't you done enough damage? Please DO NOT ALLOW TRUMP ON FACEBOOK EVER AGAIN! Have some class!
Emma	CA	Trump has sowed too much chaos and violence through social media to be trusted with using it. As any parent of a teenager would say-- social media is a privilege, not a right. Donald Trump has no right to social media, and doesn't deserve it as a privilege
Ragna	CA	Donald Trump is a menace and a danger. Don't let him back on Facebook to keep spreading lies and dangerous right wing propaganda. Make the ban permanent.
Reevyn	CA	You did the right thing for once. Now stick with it and keep his propaganda and dangerous rhetoric off the internet.
Anne	CA	He will just go right back to his pattern of inciting violence with lies - make sure he never can again!
Sally	CA	Trump has proven over and over to be bent on disseminating dangerous lies that incite violence, hate and the destruction of democratic principles. He is as dangerous as Hitler was and should not be provided with a podium to put lives and democracy in grave danger.
Barbara	CA	Please BAN Donald Trump PERMANENTLY. His remarks are dangerous, divisive & as we've seen, lead to VIOLENCE and DEATH! Almost everything he says is a LIE & radicalizes his followers who BELIEVE the lies. He must NOT be allowed to continue spreading his dangerous lies & hatred.
Lu	CA	FB said he was permanently banned. Look up definition of "permanent ".
Pat	CA	Our country is finally settling down. Hate isn't as rampant and stupidity no longer rules. If Trump is reinstated on FB I will have to leave. My nervous system can't handle another round of outrageous and dangerous statements from a mentally ill man and I don't want to get caught up in hate and lies ever again. There is no reason to give this man back his venting powers. The world deserves better.
David	CA	Because he is a habitual liar

Ryan	CA	Trump has violated norms and the Facebook terms of service over and over and over again. There is no acceptable option to allow Trump back on your platform.
Frank	CO	Keep insurrectionists off facebook
Audrey	CO	Please keep trump off Facebook. We need to stop spreading delusion and lies and craziness . We need to stop giving anyone a platform to start violence and hate attacks .
Dale	CO	It is in the best interests of the country to not provide a forum for this sedicious person. I will join in a boycott of Facebook if this occurs.
Willard	CO	We cannot allow Trump back on to spew his lies and hateful rhetoric.
Elvi	CO	I'm getting off Facebook and Twitter if they let Donald Trump back on!!!
Mary	CO	ALL he does (former President Donald J. Trump) is spread lies and light gas fires under people on these social apps. Let him start his own social app if he wants, but I NOT approve of letting him back on any of these platforms already in existence due to his sickening tried and true actions, over and over again. Had he been banned years ago, maybe he would have done his job as President of the United States instead of tweeting and FBing all the time. This is LONG overdue. Thank you for doing the right thing to permanently ban Donald Trump for the future and good of our country.
Herb and Cheryl	CO	Donnie and his ilk are guilty of treason, sedition and insurrection
Rachel	CO	It is estimated that Trump has told 30,000+ lies since campaigning for president. His recent lies sparked a violent insurrection in which people were KILLED. He is not going to change. As a former president, he has a bully pulpit; he must not be allowed to continue his destructive (to America) lies on a public forum!
Peter	CO	For communication to be effective socially it has to be based in reality, otherwise it is not social but instead story telling in an alternate universe. An effective leader cannot be fully effective socially unless their communication encompasses transparency, consistency, responsibility, vision, decency, honor, and compassion. Any communication environment that has become disordered with elements that lack reality must be appropriately regulated to avoid exploitation of its members.671 Media companies that rely on business models that use algorithms that simply amplify messaging to feed their members ever narrower versions of whatever ideology or thought that appeals to them, need to be both legally regulated and algorithmic monitored. Governments overseeing such media companies need task forces with experts including sociologists, psychologists, cyber-technologists, marketing design experts, and legal scholars to create suggestions for optimal media fixes to be undertaken by congressional legislatures. Such fixes must permit freedom of expression without allowing exploitation of evolutionarily weaknesses of the human brain especially in areas that concern tribalism and addiction. Such task forces also need to be grounded in social science by continued funding of research. Such research must define the effects of online behavioral manipulation and modification. Leaders and their governments who use media and online information to intentionally modify their citizenry will eventually be doomed by inadvertent and unrecognized effects on that citizenry.
Ron	CO	This brain-challenged person has done so much damage, at least partially through Facebook, he should NOT be granted reinstatement.
Jill	CO	We don't need someone on this platform inciting violence. It doesn't matter if it's a former president or not. We need to be better than that.
Catherine	CO	Donald Trump still has not acknowledged that he lost the election. Until he publicly accepts this truth, there is no place for him in public forums.
Georgia	CO	I think Trump should be permanently banned from Facebook in order to stop his ability to communicate lies and undermine the integrity of our nation. Thank you.
Carolyn	CO	Hate speech should not be allowed on FB by anyone. Trump will continue to spread his lie that the elections were rigged which undermines our democracy. He should stay banned from FB. He only spreads division.
Nancy	CO	Donald Trump and his ilk spread false conspiracy theories, lies and hate which all incite violence and embolden racist White Supremacists to commit horrible acts. The insurrection which caused deaths at the Capitol on January 6th was just one example - one which gained the most coverage because of its sheer size and horror. But don't be fooled into thinking that was the only act of violence is words have provoked. Facebook needs to be a steward of its site - and allowing disinformation to be spread is shirking that responsibility.
Allan	CO	No more Trump on Facebook: not now, not ever.

First name	State	Comment
Constance	CO	Donald Trump is a font of poison, powerfully affecting the health of our body politic.
James	CO	Trump's words and actions led to the attempted insurrection. He has made it clear that he will continue to seize power by any means. You should not give him a platform for that.
Michael	CO	We don't need a defeatist or an unamerican person who just "terrorized" our country and democracy for his own filthy, selfish, cheatin, greedy, self! I hope facebook can recognize that and ban him for life and his family! We don't need any of these turncoats!
Claudia	CO	Trump has repeatedly violated Facebook's rules and there is no reason to believe that he will now obey the rules. His spreading of lies has caused much harm. Facebook needs to step up and be a responsible corporate citizen.
Connie	CO	He is a liar.
Paulette	CO	Please permanently ban Donald Trump from Facebook. He is toxic and creates violence and hatred.
Evelyn	CO	Please stop allowing the former President to spread hate and lies.
Gabrielle	CO	Trump has consistently spread dangerous lies, misinformation, and hate. He has damaged response to the pandemic and encouraged violence. It would be the height of irresponsibility for Facebook to once again give him a platform.
Moshe	CO	ban incitement and lies of Trump
Dana	CO	This man should never be afforded a public platform again! He is a traitor to our democracy and all it stands for. He deserves to spend the rest of his evil days in prison!!
Robert	CO	He is bad for business, your business!
Michelle	CO	The amount of disinformation that has been eliminated since Trump was removed from social media platforms is staggering. He is a perpetual liar who has no business spreading his toxic lies to gullible people. Please do not allow his toxicity to return to our lives. Our democracy literally depends on it.
Joyce	CO	Please, please, please continue to suspend Trump's account. His lies encourage domestic terrorism, violence, & white supremacy.
Jerry	CO	Former Pretendent Trump is divorced from the truth. All he is using Facebook and other social media is to further his next campaign for the next Presidential election and to further his super propaganda biggest lie to claim he won in a landslide and the election was stolen from him, and there will be many, many more complete and outright lies. Do not let this teller of falsehoods back on Facebook.
Sabrina	CO	Someone with power should not be given a platform to spread lies, misinformation and cause a ugly divide in our country!!
Jay	CO	Donald Trump uses social media to spread lies and to promote violence. He should not be allowed on Facebook.
G.	CO	His constant lies and calls for insurrection are a danger to all Americans.
Kayann	CO	Ex-president Trump is a danger to our democracy. He fuels conspiracy theories that incite violence and he uses FB to motivate people in cultish behavior. He should certainly not be allowed back on FB if FB values the continuation of our democratic system. Banning hate speech and violence is consistent with our Constitution. Please keep dangerous people like Trump off your platform.
Michelle	CO	Free speech does not allow incitement of violence or insurrection.
Debbie	CO	While I believe in free speech, I do not think hateful, racist comments meant to inflame the masses are helpful. He needs to go away and never come back.
Andrea	CO	Donald Trump lies constantly and has created a huge unrest movement in our country that continues to fester, all based on lies. He should not have a platform to create unrest and violence
Carrol	CO	Donald Trump is a lying, criminal who's sole intent is to con the American people into following his lies and funding his ongoing corruption.
Suzanne	CO	Trump has done nothing but spread hate, lies, and violence. This has nothing to do with free speech and everything to do with treason and sedition. He should be banned permanently from ALL social media including Facebook, Twitter, and the Far Right sites.
Debra	CO	Facebook must ban Donald Trump forever. He spread lies over and over again and incited a riot attempting to overthrow our valid election and ruin our democracy. Do not let him on again! Ever!

First name	State	Comment
Lisa	CO	Facebook please enforce your own polices and keep Donald Trump off your platform for good.
Deborah	CO	NO! He has proven that he will use all social media to foster his corrupt and violent goals. Ban him for life!
Margret	CO	Facebook for far too long enabled Trump and his far-right allies to mislead, lie, and incite violence and hatred towards American Democracy. He has violated your policies, over and over, again, yet you keep giving him "chances." Facebook elites know that you have contributed to friction and factions that are wrecking havoc on our society and you, too, are not above the law. Allowing inaccurate and just plain false information about things like masks, covid, and the vitriol of Donald Trump have kept our economy in blight and lessened our status in the world as a country. We know you love money, but it's not worth letting him have an account. Please have some integrity.
Sheila	CO	Why would an influential cultural icon not go into battle to preserve TRUTH?? Facts are facts and falsehood is both a distraction and an encumbrance to our freedom. Without a megaphone, Mr Trump's lies, racism, hatred and false narratives will lose their potency which in turn will help to bolster the primacy of truth.
Leroy	CO	Leopards DO NOT change their spots.
Mary Ann	CO	FB needs to apply rules across the board to all members and step up its fact checking ability. Any member - individual, corporate, group- posting comments that are false, violent, threatening should lose access. FB review needs to include non-FB staff from the legal sector. Religious posts should be only personal testimony, not proselytizing or judgmental. Political posts should only opinion based
Rachael	CO	Yes, The US Constitution affords US citizens the freedom to say what they want, however those same citizens are not free from the consequences of their actions. Inciting violence, spreading lies that lead to violence against others, and instigating violent and hateful actions by others are all ban-able actions, according to Facebook's own terms of service. As former President Trump HAS perpetrated said actions, time and time again, he should be permanently banned from Facebook, and all of its subsidiaries and entities.
Jaye	CO	The continual lies and urging of violence that are continually pouring from the mouth of Donald Trump should not be allowed on Facebook or anywhere else that he could try to encourage others to do illegal things such as he did when he spoke in public on January 6 and instructed his followers to storm the capitol. He as well as many others are responsible for the deaths that arose because of that violence. How can you support someone like this? If you allow him back on Facebook you become just as guilty as he is!
Kathleen	CO	ANYONE who uses social media to encourage riots and violence needs to be banned. Trumps actions are treasonous.
Richard	CO	He's already done an incredible amount of damage to our country by his outrageous racist and extremely negative and disrespectful comments towards women and his attempt to have an fascist insurrection against our country, our Constitution, and our lawful government which resulted in at least 5 deaths. This can NOT be tolerated!
Sam	CO	Tump incited seditious insurrection and promoted lies that are an attack on our Republic and will continue to do if he is allowed to.
Teresa	CO	Trump does not change or learn from his mistakes. He has made our country more violent and we almost lost our democracy because of him. His weapon of choice is social media. Please make his ban permanent. He is a dangerous man.
Kate	CO	Come on Facebook- if you can ban ordinary users from your platform, you CAN and should ban Donald Trump for life! He incited an insurrection and endangered our democracy.
Christopher	CO	It's time for you to enforce your own policies. Keep trump off social media. If I ever led an insurrection, I'm sure you would have zero quandary of banning me for life. It time to ban people who were responsible for creating and insurrection against our own country.
Steve	CO	Is Facebook a platform for hate? the spreading of lies, conspiracies, and half-truths? for inciting violence and spreading mistrust? For the sake of our nation's well-being, the survival of our democracy and simple, common decency, set a high standard Facebook and keep it! Trump should have no place on Facebook! We cannot allow him or anyone else continue such deceitful, hateful and destructive practices on social media!

Adele	CO	PERMANENTLY BAN DONALD TRUMP FROM FACEBOOK! The man is NOT to be trusted and will use YOUR platform to incite more violence - WHY CAN YOU NOT SEE THE TRUTH OF THIS?! TAKE SOME RESPONSIBILITY FOR YOUR TOOL. DO NOT GIVE TRUMP A WAY TO REACH THOSE WHO WOULD DENY THE DEMOCRATIC PROCESS!
Cara	CO	He has done nothing but spread lies that have Don incalculable damage and led to loss of human life. He should be permanently banned!
Redlion	CO	Policies are only effective if they are consistently applied in a non-biased manner. Donald Trump has demonstrated disregard for following your policies multiple times. Thus the only solution is to ban him for life.
Eva	CO	He is a domestic terrorist and dangerous!
Fernie	CO	Keep Trump off Facebook!!!
Carl	CO	Trump not only fomented sedition on Facebook but consistently lied about everything through out his presidency.
Charles	CO	I think it is an extremely bad idea to allow our former president, Donald Trunk to have his Facebook account reinstated. If I was spew the same divisive comments that divides the country like his comments, I would be permanently suspended from my Facebook account. Please enforce your policies and continue to ban Mr. Trump from Facebook.
Sam	CO	you cant give a platform to a known liar
Vincent	CO	This man deserves to never have a voice on any social network! He has proven how dangerous he can be. If January 6th wasn't enough to get him banned for life, what is?
Don	CO	trump needs to be banned from everything!
Liana	CO	Please don't let Trump be on social Media's and spread his lies!! We need truth and peace in this Land not hate and lies!
Janice	CO	It is time for the country to punish those deserving punishment and then start healing. 45 must never be heard from again. He is dangerous and so are those who consider him gospel. Teach him a lesson, keep him from stirring up more terrorism.
COLIN	CO	He Willingly, Knowingly and Obviously tried to overtake our Democracy! And will again.
dan	CO	trump and any groups, people subversive to democracy, reality need to be banned till they accept reality. they also must also be ethical, moral, legal.
Deborah	CO	Please do not allow hate, lies, and incitement to violence on Facebook. It is an anathema to the values we hold dear as a democracy. Do not give voice to autocratic fascism.
Amy	CO	It is extremely unfortunate that our nation has suffered at the hands of a now gone, irresponsible and destructive legislator. We must put him out of the picture to rebuild our nation with the help of this new technology or more people will be hurt.
Kayla	CO	Trump has incited and initiated violence throughout our country through the use of Facebook platforms. You cannot continue to be complicit in harm.
Barbara	CO	Why would you allow a man who deliberately incited violent and riotous behavior, a platform to spread his malicious agenda? All people need to feel safe. The constitution does not allow for endangering the lives of people to be subservient to the right of free speech.
Maryanne	CO	Noooooo!!! He's a sick person who dies not need his psycho opinions spread world wide !!! Please !!
Robert	CO	please continue to ban Prez David Duke from Facebook!
Kirk	CO	People who insight violence and spout outright lies that attach our Democracy need to be brand from Facebook and other social media for life unless the recant their past transgressions!!!!
Martin	CO	Great harm has been done all across our nation by the former president's Facebook activity, in particular the vast spreading of lies and disinformation that people latch onto and amplify and spur into misanthropic, anti-government and often violent actions. It IS possible to lessen and mitigate the growing Trump-provoked divide and domestic violence in America by continuing the man's silence on Facebook.
Mar	CO	Keep d trump off Facebook for ever!!!!!!\$\$\$\$
Lori	CO	This man is spreading hate, calling for violence and trying to overthrow democracy. He should absolutely not be given a platform to do so!

I will leave Facebook and urge everyone I know to leave unless you stand up to his bullying, his lying, and his egging on of white supremacists. Grow a spine and keep him off. Or we're all leaving instead.
Kay	CO	Trump is a hate monger he cares about no one except himself. He has done nothing but spread lies his whole life. Don't give him a platform!!!!
Tom	CO	Donald Trump has proved time and again to be a serial and pathological liar. Allowing him to use Facebook to spread disinformation will damage our republic and put all citizens in danger.
Mary	CO	The only words that EVER come out of Trump's mouth are always LIES.
Tonya	CO	Trumpet is a danger to our democracy. Outright and purposeful manipulation of truth that puts others in harm's way is unacceptable!
Anthony	CO	How can you even consider letting that lying, racist trump back on your platform? He has violated every rule you already have in place concerning lying, together with promoting racism, insurrection and treason. If you do this, you will choose the side of this traitor over the United States and our laws. You won't be missed.
Carole	CO	His lies damage our country and our people. He is a menace to society
Elizabeth	CO	Obvious lies have no place on social media.
Donna	CO	Do the world - - & especially the United States - - and leave DJT off Facebook. He only wants to incite trouble & riots, not fix anything, e.g., he had a chance with the pandemic but chose not to do anything for months... and how many people are dead now???
Jody	CO	Trump should not have access to initiate domestic terrorism ever again.
Laurie	CO	Trump's inciteful rhetoric will always be dangerous. Ban him forever for the good and safety of our country!
Lori	CO	Do not give Trump a platform to foment hate and insurrection.
Doug & Mary	CO	Anything and everything DJT posted was either lying about his own supposed achievements or attacking anyone who wasn't supportive 100% of the time. It's such a relief to not have to see his face, listen to his voice, or read his ill-informed words.
Susan	CO	His ex-wife's attorney related the story that Donald Trump studied Hitler's speeches, that he had a copy he read every night before bed. Back then, we thought it was gossip. Now we can see that, yes, this man wants to use his voice to bend others to an evil cause. If you really run a social network, then ban him and all hate speech permanently from Facebook. He is truly anti-social.
Lori	CO	Until Trump stops shouting "Fire" in a crowded theater, he cannot be allowed to spread his lies, slanders, and disinformation.
Philip	CO	If you allow Donald Trump back on Facebook he will use it to continue spreading lies, inciting violence, and undermining democracy. Enforce your own policies and ban him permanently.

Ron	CO	He is disastrous for the U.S.
Lynn	CO	Do not let him back on! He incited a riot where people were killed, among all the many other horrible things he's said for 4 years!
Regina	CO	Trumps lies are racist and are scary for myself and this country. There is no place that inciting violence should be permitted.
Leslie	CO	The general public is not above the law or the rules of Facebook and we get banned from Facebook ALL THE TIME over far smaller offenses than what Donald Trump has put out into the world. Facebook needs to enforce its community standards and show that now one is above the law and/or very simple Facebook rules.
Patsy	CO	He only knows how to lie !
Paul	CO	Modern technology has made communication and dissemination of information much easier than it was a generation ago, and with it, the opportunity to disseminate false information. It would be an overwhelming task to try to identify and block all false information, but when a high profile person such as one occupying the most powerful office in the world posts verbal garbage that has been proven false, it needs to be stopped.

And when someone in his position spreads lies, incites violence, and fosters hatred, it must be dealt with accordingly.
JOHN	CO	He's delusional! You block me for 3 days because of my less than offensive speech. You are going to let a DELUSIONAL FANATIC on your platform!

Andi	CO	Please permanently ban trump.
Deborah	CO	Watch the fascistic propoganda video Trump showed at his rally on January 6, 2021 to rile up his racist base with lies and fear-mongering. He should NEVER be allowed a platform to incite violence against government officials or anyone ever again! People died then and others took their own lives as a direct result of his actions that day, and his failure to make an effort to quell the riotous crowd in a timely manner!
Nancy	CO	He spreads messages of hate and disinformation that is tearing this country apart. He tried to cause our democracy to collapse. He needs to be banned FOREVER!

Deone	CO	Adhere to your policy. 45 is a monster for our Republic. Any sane person knows his untethered access to Facebook or any other internet platform is promoting the destruction of our Democracy. I think you made enough money off of lies, conspiracy theories and intentional misinformation campaigns . Take the moral ethical position by keeping him off your platform. If you care about the country you made your fortunes in ...care for it, don't destroy it.

John	CO	Trumps voice is still too powerful to be allowed to speak unless and until he acknowledges his own lies and lack of any real knowledge, (of anything other than theft).
Samuel C.	CO	He cannot tell the truth! Over 30 K documented lies. Enough is enough!
Charles	CO	Mr. Trump has been an unparalleled firebrand and inciter of violence. We need stability in this country ... if we're going to have a country, and if you're going to have a space where you can operate a multi-billion-dollar business. If our government is taken down, consider how much else goes down with it. Thank you.
Margaret	CO	Donald Trump spent months, if not years, using Facebook and other Social Media outlets to insight hatred, He spread lies and racist comments and is responsible for bringing dangerous militants together to dismantle our democracy. Please don't contribute to spreading his dangerous rhetoric and ban him from Facebook indefinitely.

Alan	CO	He's a LYING PIECE OF GARBAGE
Ann	CO	Mr. Trump has quite a large following of people that are filled with hate. He also has a large following of people with a variety of guns that may be quick to act without thinking. After what happened at the US Congreve, I feel that for him to be able to contact them easily, is a very poor idea. Please do not allow Mr. Trump to have his voice heard on Twitter or Facebook. THANK YOU.
Jessica	CO	Trump has proven that he cannot be trusted to tell the truth. However, he still has serious influence with the a conservative base. The last thing we need while our country tries to heal is Trump telling more lies to incite hate and sow discord online, picking and choosing who his followers believe or disbelieve. Please make Trump's ban permanent, for the safety of our nation and democracy.
Debra	CO	This man has caused more harm and division by spreading his lies than any other president in history. He doesn't deserve to be heard any longer. Stick by your decision.
Joy	CO	D Trump lies and others believe those lies. He is a danger to the world, He should never again have a bully pulpit to spout lies and hate.
Julie	CO	Sedition & insurrection
Michael	CO	Facebook suspended Trump's account, removing his access to a platform for spreading lies and inciting violence. Since Trump's removal from social media sites, disinformation about the election plummeted 73%.
Anne	CO	Donald Trump incited an insurrection in our nation's Capitol. After years of allowing his hate filled rhetoric on Facebook, Facebook is responsible for not fact checking the lies and distortions of truth and allowing this hatred to fester. People are not allowed to falsely shout out "Fire" in a theater or stadium. Quit allowing Trump to spew falsehoods which incite violence. Enforce your own rules and permanently ban Donald Trump from Facebook.
Susan	CO	The spread of hate-speech and false information is a major part of what is going wrong with our country. Stopping a prominent source is only a first step, but it is a step. The on-line social platforms are where that first step must happen.
Sharon	CO	Trump is a hater, he does not need to be on Facebook.

Elizabeth	CT	Spreading lies and inciting violence is what is dividing our country!!! Keep the idiot off Facebook!
Linda	CT	You were right to suspend his account. He blatantly and repeatedly violated your policies by spreading dangerous disinformation. He has not changed. Don't reinstate his account!
Anthony	CT	His prior use has consisted of virtually nothing other than abuses of the platform for spreading "toxic" claims, falsehoods and provocations to any willing to listen. It's obvious in this case that nothing but the same kinds of abuses would ensue in any future communications.
Colleen	CT	Because he NEVER tells the truth, spreads vicious lies that incite violence & is a threat to our country!!!
Jerry	CT	Donald Trump has shown himself habitually unable to restrain from posting incendiary comments to social media. These comments include personal attacks, racist and misogynistic rants and exhortations to violent action. An anonymous citizen would be indefinitely banned from Facebook's platform for publishing such content. A permanent ban is far more necessary in this case, when a former President of the United States has, and will continue to, attempt to use social media in order to negatively incite millions of citizens. Please make the ban permanent. Thank you.
Beverly	CT	As Facebook's policy states: "We remove content, disable accounts, and work with law enforcement when we believe there is a genuine risk of physical harm or direct threats to public safety. We also try to consider the language and context in order to distinguish casual statements from content that constitutes a credible threat to public or personal safety." Donald Trump uses social media platforms to try to incite violence and mayhem, to harm people he feels don't support him. He should permanently banned from Facebook, after the violence he has incited.
David	CT	This man told over 35,000 lies while occupying the White House. He should not be allowed on ANY public platform.
Mary	CT	No more HATE & LIES ever! Trump incited violence and deserved to be kicked off facebook, do not reinstate his platform for spreading lies.
Barbara	CT	Allowing Trump freedom to begin spreading his lies and uprooting any good the new President is doing is throwing open the doors to the insane asylum and allowing the sick to roam free! Trump is dangerous and one January 6th is sufficient to prove the point he wants to sit on a throne with a crown on his head. Do not anoint his madness by allowing him to speak on Facebook.
Tim	CT	Don't compound the errors you've made over the last several years by allowing Trump to spew his lies freely over your platform!
Diana	CT	I'm not even on Facebook but strongly believe a liar and a cheat like DT should never have a voice on your platform, or any other for that matter. Twitter should ban him permanently as well. A known liar and inciter of violence and bigotry shouldn't be anywhere near Facebook. I repeat because I'm passionate about this.
Wendolyn	CT	Donald Trump's lies cause serious damage to our democracy. And many still believe him.
winn	CT	Because you're not supposed to be anti-social media.
Melissa	CT	He posts nothing bu very thinly-veiled hate speech.
Melissa	CT	Donald Trump is relentlessly hateful and the depth of his cruelty coupled with the magnitude of his influence make his uniquely dangerous. Facebook must permanently stop granting him a platform to embolden hate groups. He deserves no exceptions to policies that all others are help to.

Manira	CT	FaceBook can no longer ignore it's culpability in spreading false, racist, xenophobic and seditious posts by members. I will strongly petition Congress to pass libel and conspiracy laws to make social media formats accountable just as other news media outlets are for malicious and neglectful content. More Americans now get most of what they consider news from social media. Newspapers are responsible fir what is published on its oped pages. Freedom of speech does nit apply to hate speech or sedition. Everyone has the tight to voice an opinion. But not to exploit a proven false and inflammatory hate speech. Please take responsible action to protect American democracy. Ban Trump for life. Thank you.
Mary	CT	I'm asking you to please make the Trump ban permanent. He is still insisting the election was rigged against him and many people still believe this disinformation. I , for one, do not believe a civil war would be good for business or for the U.S. as a whole. Please consider what he is capable of, no good will come of letting him back. Thank you.
Jeri	CT	BECAUSE HE HAS BEEN SUCH A DETRIMENT TO OUR DEMOCRACY. DON'T LET THAT ANIMAL BE ABLE TO PUBLISH HIS TRAITOROUS COMMENTS EVER AGAIN.
Stephanie	CT	NEVER let this gaslighter, liar, bully, and information twister back onto Facebook.
Gehr	CT	The content of Trump's postings make it clear that he should be banned for life. He is never going to change. Don't allow him to return and use Facebook to spread lies and incite violence.
Margaret	CT	He lies!
Daniel	CT	I remain amazed and appalled that this thought is even being considered. Donald Trump is a perpetually raging egomaniac, a lunatic hopelessly addicted to the adulation of millions of brainless, rabid racists. He's proven himself to be enemy of the State and a threat to American democracy. And, with all that said, FB is nonetheless entertaining the thought of restoring his access to the most far-reaching social media platform on Earth ? Analogous to that: Your alcoholic teenaged son gets his 3rd DUI in 4 years driving his 20-year-old rusty brown Kia; so you give him the keys to brand new BMW, on the premise that he'll drive more cautiously and soberly because he's piloting a new car. Surely, he'll be cognizant that his circumstances have changed, and that his behavior should change accordingly. Which, in summary, leaves me with one final question: ARE YOU ALL COLLECTIVELY INSANE ???
Ashwin	CT	Trump has violated your rules and policies often and without regret or remorse. He has incited violence and spread lies consistently. Even as president, he should have been held accountable, but you didn't do that. Now that he's no longer president, there is no excuse not to hold him accountable for his actions. Do NOT let him back on your system, as he will just continue to spread lies and violence. There is no excuse to let him back on. Frankly, NO ONE is above these rules, president or not. EVERYONE needs to be held accountable to the rules and policies. I demand you permanently ban Trump. He deserves nothing less, based on your own policies!
Maria	CT	Donald Trump does not deserve any more chances to sow division and hatred. His actions have stirred the flames of anger and violence. His speach is hate speach. Do not give him any more opportunities to continue his vitriolic rhetoric. BAN HIM FOR EVER!
Kristine	CT	trump never learns and why be a part of more violence and lost lives? I left Facebook because they pander to the conspiracies. Who needs it?
Fredette	CT	Because trump is a fascist
Rich	CT	because he always lies
Jeffrey	CT	Not only did Trump lead an insurrection against the U.S. government, but he constantly violates Facebooks Terms of Use. It's a no-brainer. He is a dangerous criminal and must not be allowed back on Facebook to spew his racist filth. By the way, if he is allowed back on I am going to terminate my account and ask all of my friends and associates to do the same. Jeffrey Stewart

Marguerite	CT	Trump committed treason. He cannot be allowed to bring back his rage, hate and violence on facebook. He is a real.threat to our docracy!
Nicola	CT	PLEASE don't let Trump back on Facebook! He is a serial liar who us guilty if inciting a national insurrection - in part using the Facebook platform. He has regularly propagated lies on Facebook about the coronavirus that no doubt resulted in deaths. HE is a danger to the country.
David	CT	We don't need YET another retarded Nazi like Trump using social media to spread even more hate speech, like he's been doing for the last four years
Enid	CT	Donald Trump is a racist, misogynist, and a liar. He shouldn't be able to continue spreading lies about his loss in the presidential election in the public arena, such as on social media. He incited a mob to invade the Capitol building. This invasion caused the death of five people, including a police officer. This is the act of a traitor. Why should he be given a public forum, such as a page on Facebook, to continue?
Michelle	CT	Because he a vile creator who incites hate and violence. He is not fit for society.
Daniel	CT	Donald Trump's behavior on social media is in obvious and extreme violation of Facebook's Community Standards: he has repeatedly lied about basic facts, shared false information and hate speech from other sources, repeatedly threatened and intimidated numerous individuals, directly incited violence including the attack on Congress, and shown total lack of respect for the rights and dignity of anyone who disagrees with him. Permitting Donald Trump to use Facebook again would prove definitively that the Community Standard do not "apply to everyone," as Facebook claims. Donald Trump must be permanently banned from using Facebook.
Martha	CT	The man is immoral and incapable of telling the truth. He would willingly set fire to this whole country in order to stay in power. He has no qualms about inciting violence, and refusing to intervene to stop it.
Drew	CT	Because politicians who encourage violence shouldn't have a platform on Facebook.
Randi	CT	Giving someone with little to no empathy a social media platform to spread more disinformation, propaganda, and lies is morally reprehensible and disgusting. Expert psychologists and psychiatrists have warned the public that Trump's behavior would continue to get more emboldened if enabled. Those in positions of power MUST stop giving a sociopath access to millions of households. He is mentally ill and completely unstable. He incites violence, spreads conspiracy theories, and has passively killed people through misinformation (Capitol riots, COVID misinformation) for personal political and wealth. Take responsibility for the mess you played in our political life, Facebook!
Sheela	CT	Ban Trump permanently!
Christina	CT	Donald Trump is dangerous in that he has many followers who blindly believe everything he says, which causes discord and unnecessary violence among the American public. It brings no good, only destruction, and he will never stop. So, he has to be stopped by external forces to prevent him from spewing more hate and lies that can lead to the destruction of our democracy. That's where it's integral that forums like Facebook need to step in.
Pamela	CT	Keep Trump & other violent white supremacists off social media
Diane-michele	CT	He's a raving madman who inspires division, gives a voice to the demented citizens of this earth, and gives delusional people coveted positions so he can watch them destroy the planet. He should have no platform or arena for this.
J	CT	Keep Trump ban!
Sheldon	CT	If those at Facebook, who decide such things, have to think twice about permanently banning Donald Trump from Facebook, they're beyond hope, and will accelerate the downward spiral of our society.

Richard	CT	because he has shown by his actions that he will continue to lie and incite violence.
Claudia	CT	<p>Donald Trump has over and over again violated Facebook's own terms of service by posting hate speech, bullying individuals on the platform and intentionally spreading harmful misinformation. On January 6 he directly incited violence that led to the death of five people and injuries to hundreds more. He used social media platforms to encourage and celebrate these actions and in Facebook's own words, "incite violent insurrection against a democratically elected government."</p> <p>To allow Donald Trump to return to their platform would only allow him to continue to use it in direct contradiction to the company's standards and values. Trump has promoted racist, sexist, xenophobic, and dangerous views and there is absolutely no evidence that he will stop doing so. Facebook is a worldwide platform with a responsibility to prevent individuals like Donald Trump, and others like him around the world, from using it to harm people and undermine truth and justice. Facebook must speak truth to power. They must not allow Donald Trump back on their service.</p>
Mary Ann	CT	<p>An overview throw of the government is bad for your business. Who knows what the rules will be? What the taxes will be, etc? Permanently take away Trump's bully pulpit and leet America heal.</p> <p>Besides which Trump is insane.</p>

Richard	DC	Keep him off, PLEASE!
Therese	DC	Because he's a treasonous traitor and a threat to our Republic
Joseph	DC	Since Trump's removal from social media sites, disinformation about the election plummeted 73%. Trump being allowed back on the platform to spread more lies, would be in clear violation of Facebook's own policies.
Monica	DC	Trump's lies are dangerous as we saw on January 6 when he encouraged his supporters to storm the Capitol. And he will not stop. So he has to be banned permanently from facebook!!!
Joe	DC	Dear Facebook, Please enforce your own policies and permanently ban Donald Trump from your platform to preclude him from spewing any further hate speech, pathological lying or incitement to violence. Sadly, Trump is a sick man, the very personification of greed, hatred and delusion, and we should not give him back his public megaphone for renewed toxicity.
Eileen	DC	Donald Trump has not only promoted innumerable lies for over 4 years while occupying the White House. He has also overtly attempted to overturn democratic election results and incited a revolt against our Congress carrying out its business. He is a danger to our society and to our democracy. He should not be allowed to utilize Facebook again.

Please do not allow this man to knowingly or unknowingly incite more violence and feed the flames of misinformation. The nation needs to move on, and allowing his back on Facebook would not enable this.
Karen	DC	Public officials and former public officials have a professional and social responsibility not to incite hate and not to spread falsehoods. Why? Because people listen to these mouthpieces. Be responsible!
D	DC	keep trump's suspension, not doing so is sheer hypocrisy.
Elizabeth	DC	Trump has shown us over and over that he is willing to use his position to incite violence. He has forfeited his right to use Facebook and should be banned permanently.
Judy	DE	The former president incites violence and tells numerous lies.
Deborah	DE	If it is the policy of Facebook to ban hate speech and speech that incites or promotes violence, it needs to keep Donald Trump banned. Again and again, he has espoused dangerous conspiracy theories and lies, lies which inspired others to more hate speech, threats, and ultimately violence in the horrific attack on our Capitol. In their own words, many of those who attacked the Capitol said they felt called to do so by the hate speech and lies of Donald Trump. Facebook must never again provide him a platform for such hate and violence.
Joan	DE	He will continue to post toxic lies because he doesn't know how to tell the truth. It's time to keep facts in sight and get away from alternative facts, there is no such thing. Facebook should have banned him years ago.
Mary	DE	Because he spreads lies and hate!?? Do your job keep him off of Facebook permanently!!! You will lose a lot of customers ??

Kathleen	DE	Trump will only continue to spread lies and harm our democracy. He will do anything to regain the power he had during his term. He should be blocked from Facebook for life.
Harry	DE	Former President Trump's lying and inciting of violence deserves permanent removal from all Facebook application content. If this happens I will reinstate my FB and Instagram accounts that I suspended due to your inadequate action
Frances	DE	Donald Trump has not changed his language and messaging one bit. Actually, the big lie about the election getting stolen from him is getting worse. Therefore, there is NO reason for your organization to consider letting DJT back on Facebook. Keeping boards requiring honest messaging can only enhance Facebook's value & integrity. He should not be allowed access to Facebook or any other social platform again. He has proven time and again that he will simply flout the rules and guidelines. He has been given enough rein, much more than many people who have done less damage than he. ENOUGH already! Muzzle him permanently!

Issie	England	Donald Trump's disgusting views are a danger to all of us- he incites violence and hatred with his speech. He doesn't deserve a public platform.
Carla	England	His misogynist and racist views are not helping and are merely stirring up more and more hatred.
Dee	England	you know he is a dangerous mad man, why would you not enforce your policies.
Keith	England	During his term in office donald trump told over 20,000 lies. How can you agree to allow him back on Facebook when he is spreading so much disinformation.
Steve	England	since Donald Trump has been banned from Facebook, disinformation about the US election has dropped by more than 70%, that together with the constant stream of lies and Half Truths that he propagates are surely reason enough to make this ban permanent.
Emlyn	England	If he could be seen to be repentant for telling lies, perhaps; but without an admission of lying first, I see no reason to readmit him.
Edna	England	Facebook is intended to be a friendly, safe space for friends around the globe to share their lives; Trump's vitriol and hate has no place on such a platform.
Timothy	England	Facebook's Terms and Conditions are clear in their banning of anything that can be construed as discriminatory, hateful, encouraging violence; Mr Trump's posts have repeatedly breached all of those, and despite your warnings he has persisted. Enough. Many people are leaving Facebook because it no longer feels a safe and enjoyable experience, keep the Trump ban and help return Facebook to its founding principles.
James	England	We have had enough of Donald Trump,he's now out of office,and we want no more of his lies and stupidity
Jenifer	England	By allowing Donald Trump's incendiary messages on your platform, you will ensure that regulation will follow - the public demand truthfulness is encouraged, lies dissuaded.
Steve	England	This man is a pariah. He should not be allowed access to social media to send his lies and hate.
D	England	Shouldn't need to be told to enforce your own policies. Just do it!
Alex	England	For the benefit of us all
Jonathan	England	There are limits to 'free speech' especially when they seek to promote lies, spread nationalism and hate along with the inevitable violence that ensues. Of course allow comment on what Donald Trump might say on other platforms with suitable explanation to refute the lies and propaganda but please don't promote him directly which would be through endorsement to put him back on Facebook.
Adrienne	England	Donald Trump is the figurehead for a movement that has shown its willingness to terrorise our nation. Donald Trump is willing lynchings to continue. Donald Trump needs the oxygen of publicity and by having him on your platform, Facebook, Mark Zuckerberg and Sheryl Sanders are complicit in the actions he incites. It's really simple: this isn't 1945, it's 1933-- the present rise of fascism can either be harshly checked or millions more can be killed before we take this threat seriously.

William	FL	The facts have been 'laid at your doorstep'. I, myself, still have MANY concerns and doubts about the meeting between the 'boy wonder' and rump. What actually transpired? What deals were cut? What promises made? By permanently 'banning' rump, you could possibly end some of those doubts. But in general, to allow rump back on FB is insanity personified.
Maxine	FL	Donald Trump's words have a tremendous impact on a large group of people. His big lie about the election being stolen from him is what led to the Capitol Insurrection. Until he publicly concedes the election and admits that Biden won in a fair election, it would be a danger to our democracy to give him the platform on which to continue to spread his big lie.

Mark	FL	He incites violence!
peter	FL	Giving a bullhorn to a pathological liar is extremely dangerous. By giving Trump access FB becomes complicit to his lies and the damage they will cause.
Marlene	FL	This is absolutely ridiculous. @FB is a cesspool of lies, trolls, and conspiracist now. Allowing trump back on any social media will end in disaster! FB hasn't done anything substantive in improving/cleaning up the content.
Jane	FL	Hate speech is not ok, whether by Joe Civilian, or (perhaps especially) a former president. Trump's speech led to an attack on our nation's Capital, putting our lawmakers in danger. He would happily do it again. Put AmeriDon't let him.

Judith	FL	Donald Trump must not have a platform on which to do any more harm to our country and our people. You KNOW what he will do; you KNOW the divisiveness he will sow. Do what you know in your mind and heart is the right thing to do. He's a dirty player; that is not what Facebook stands for, right?!

R	FL	Mr. Trump should never have had a bully platform to begin with. He was and still is an agent of hate and dangerous vitriol. Facebook should have the temerity to administer a lifetime ban on Mr. Trump.
Darlene	FL	He is the root of all this undemocratic behavior and you are to blame to allow baseless falsehoods on your site. Do not let this upheaval get started again! Ban him forever and anyone else who models his behavior!

That's when Cain asked, "Am I my brother's keeper?" But he was really saying, "My brother is not my problem." Trump is the problem and he needs your intervention to stop his vitriol! "All it takes for evil to prosper is for good men to do nothing." Will you do nothing?
Ronald	FL	If you let Trump back on Facebook you should be jailed for promoting Treason period.
Claudia	FL	hosting a spreader of misinformation & lies has not only caused an erosion of trust in our political system but has encouraged violence & attempt to overthrow our democratic republic something I would never have thought I would see in the shining city on the hill that Reagan touted. Irresponsible to allow Trumpism to spread like Cancer unchecked. It is like allowing someone to scream fire in a theater or someone to threaten with a bomb
Elsy	FL	Because he incited violence, he's anti democracy and he will never accept the truth that he lost the 2020 election. He's a dictator wannabe and a danger to democracy.
Kenneth	FL	Any deranged psychotic habitual liar should not have a platform to poison the world
BJ	FL	Donald Trump is the single most reason why the country faces over racism, white supremacy and social harmony to an extent unseen like never before. He has to be banned and disqualified from public view, period.

Nancy	FL	Enough lives have been lost with his lies.
Dawn	FL	trump is a dangerous mentally damaged sick pathological lying bigot narcissist
Russell	FL	Donald Trump must be permanently banned from Facebook for all his Criminal Acts. Trump failed with his Capitol Insurrection Plan to stay in power. Six people were killed as a result of what he asked his racist white supremacist domestic terrorists to do. All was based on LIES. There was no widespread election fraud. Trump lost the election because he failed so badly on so many critical issues over four years.
Lynn	FL	He deliberately lies, cheats and encourages racism and acts of violence. HE IS NOT SAFE and should not have a big forum at all.

Susan	FL	This man led domestic terrorists to storm the US Capitol, which resulted in the deaths of several people! He should not be allowed a platform to seek further actions which are a threat to our democracy. Do the right thing and keep him silenced!
Robert	FL	Donald Trump should be permanently banned from Facebook because he is a constant danger to our country's democracy with all the lies and conspiracies he spreads. If his lips are moving, he is lying.

Barbara	FL	Treason against the government and the American people. Endangering lives and responsible for deaths of 5 people. Deliberately causing insurrection for his own benefit. Preplanned to overtake the government. Has recognized and encouraged the radical factions for his own benefit. Has caused an uprising of white supremacy, and anti-semitism. FB will only encourage his further actions to divide the country and interfere with the new administration. He should not be allowed to ever run for office again. FB should not suspend his platform for spreading lies and inciting violence.
Ellie	FL	This man has caused violence and death in our country. He is a dangerous human being and I beg you to ban him forever from Facebook.
Shirley	FL	Don't be hypocritical - Trump is, was, and will be a danger to US; keep him OFF Facebook, PLEASE!
Sandra	FL	He lies all the time. He is dangerous for democracy
Dominique	FL	It is harmful to allow Donald Trump, someone who continually has encouraged inaccurate and violently charged information, back onto your platform. Organizations, officials, and ordinary citizens have raised concerns over nonregulated information distribution online for years; it is past time to listen. It is vital for such an influential and accessible company such as Facebook to say enough is enough finally. People are harming others, mainly targeting marginalized groups, with encouragement from him and others. They have always existed and been here, but now they have a louder platform to say it on. Donald Trump needs to be permanently banned.
Christine	FL	Anyone who allows Trump access to public speech for his traitorous behavior will be held equally responsible for the resulting behavior of his misguided followers.
Patricia	FL	Donald Trump will continue to incite and cause deaths. If that isn't enough to permanently ban him from Facebook...what will it take???
Dylvia	FL	Without Trump's constant, mean spirited incendiary barrage through Facebook and twitter the very atmosphere is lighter. A weight is lifted off the soul of the world. And personally, I feel like I have literally lost weight. Trump's vindictive hatred I'd too much of a burden humanity. Please do not restore his platform. A vulnerable (gullible?) public may be redeemable, but not if Trump is allowed to stir the cauldron. He has totally missed his power. I implore facebook and other social media platforms to end nd his pitiable, satanic outreach. Now. And keep it down. The hatred he spewed is anything but social.

Gloria	FL	I'm for free speech but the spreading of totally unsupportable lies and deliberately misleading (mis)information is nothing short of, in my mind, criminal. Such actions are in and of themselves generated by people who are either ill or wish to control and undermine civil rights and democracy. Common sense dictates that inflammatory, often deadly, insurrectionist views never be allowed on such a highly public, social media platform as Facebook and I ask that you ban Donald Trump permanently.
Paul	FL	Why would anyone ever consider letting this unrepentant liar on any social media?
S	FL	Keep the traitor off PERMANENTLY!!!!
Jim	FL	We've had five years of continual lies by Trump that have harmed and nearly destroyed our country. Do not allow this clown another chance to harm us.
Jillian	FL	Facebook needs to enforce its policies and permanently ban Donald Trump because, if they fail to do so, he is likely to incite yet another insurrection on our country that could very well have an even worse outcome than that of January 6, 2021. We are all in danger of becoming victims of domestic terrorism, should Donald Trump not be permanently banned from Facebook and other platforms.
Paula	FL	To permit Trump a stage for more lies, division, and his usually pomp and circumstance would be a horrid idea. He is guilty of climate destruction and Covid deaths. Please don't do this!
Frank	FL	If your management has any ethics you will not allow Trump to return to Facebook. There are plenty of other sites that will allow him to spread his lies.

Vandalism of the Capitol, damage to property and theft occurred. Five people were killed and many more injured. They were attempting to stop the counting of the electoral vote, and there were plans made to kill various politicians, including Vice President Pence. Trump should not be allowed to hold office again, and he should be banned from Facebook, Twitter, and all social media. He is a Traitor to our country.

When do you start acting like Americans again??

Margaret	FL	Donald Trump is unwanted on ANY social media. His words are anti-democratic and should be banned forever.
Larry	FL	Facebook has become a political vehicle promoting the end of democracy and the promotion of divisive speech. I personally have quit using Facebook as it is a major source of lies being spread by people I thought were my friend. When it started it was a way for families to gather across the miles. Now it is a major source of family divisions because they let crap pass as truth.

Donald	FL	Hell YES, along with any persons who violate facebook policies.
RONALD	FL	Donald Trump has been a lying bigoted, racist for as long as I remember being over 45 years. Stop spreading his hate and lies.
Mary	FL	Trump is subversive and devious promoting bigotry and hate among the population who adhere to his rhetoric of hate. Allowing him a platform to continue to instigate his followers and herd them into following his agenda of encouraging his followers to continue with his subversive and treasonous actions puts Facebook in a precarious position. I have closed my Facebook account due to your consideration of allowing him a platform to continue his treasonous activities and will counsel my family and friends to do the same! As a grassroots activity, enough people can be reached to do the same and you stand to lose many Facebook users should you pursue this action.

Yma	FL	Donald Trump has made America go back in time to when racism was the norm, the Confederate flag was first raised, there were insurrectionists at the Capitol and the nation was on the brink of a civil war. All because Facebook and other social media companies gave him an open platform to spew his hatred and rage to the masses. Facebook is as responsible for the violence of these white supremacist terrorists as Trump if they allow him on their site again.
Francis	FL	Because he devided our Country and caused constant chaos and lied every day . He promoted false information and disrupted our daily lives.

Frank	FL	Donald J. Trump is a serial liar who has damaged this country severely by being elected to office by a minority of voters who believed his constant and continual falsehoods. Social media platforms like Facebook must control their cyberspace to prevent people like Trump who camouflage their criminality by webs of lies from inflicting further damage on unsuspecting victims in our country and throughout the world. Freedom of speech, like any freedom, is never absolute, and its criminal use must be policed.

Elizabeth	FL	A dangerous criminal enterprise spreading lies division and treason. That's Trump. Sent him this platform please.
Wendy	FL	I think your policies are clear enough. It's already against Facebook's rules to share inaccurate voting information, spread election disinformation, or incite violence at the polls--all things that Trump and his allies repeatedly got away with during the election. He lies constantly and incites violence. I think he should not be allowed on Facebook.

N	FL	Donald Trump repeatedly abused his wide reach on social media to spread baseless -- and as we saw on January 6th, dangerous -- lies about our election. He flagrantly violated Facebook's civic integrity rules and exploited the platform's inconsistent enforcement of its policies to jeopardize our entire democracy. Now, he must be held accountable. Facebook has "indefinitely suspended" Trump's account -- but we demand that the former president is permanently banned from the platform.

He must permanently lose access to your platform in the interest of the safety and well being of the American people and American democracy. Heather	FL	No, no and no. Just look at the content and tone of the letter he wrote today to quit the SAG Union. He is no different. The groups who feel he is there leader are still out there, and still angry and dangerous. He will just attack and hate those he disagrees with, and stoke hatred, bigotry, shaming of those who disagree with him, and occasionally he will advocate violence ... and all it takes is occasional references to violence and those see him as their infallible leader will take it seriously as a call to action/a call to be violent. Please, please don't give him a platform.

That is a reasonable community standard for any corporation. Changing that standard for one or a few is hypocritical Fame or celebrity is not a justification for thousand of lies And especially not when THE BIG LIE perpetuated by DJT led to violence, death and an infamous assault on our democracy.
M	FL	Trump cannot be allowed a platform to spread his lies and his hatred. It would be irresponsible to allow it. He is the proverbial shouting fire in a crowded theater.
Marine	FL	Keep Trump off Facebook permanently! The last thing America and the world need is the spread of white supremacy's hate, misinformation and violence. Thank you!
Lindsey	FL	Letting Donald Trump back on Facebook is dangerous. We've seen how powerful words can be - his were powerful enough to incite violence on the very democracy he was sworn to protect. We can't let his lies and hatred continue to give power to the white supremacists in this country. 5 lives were lost on January 6th because of Trump's words and giving him a platform will only result in more. How many more lives must be lost because of this man? Please, do not let him back on your platform. I'm afraid our democracy will not survive.
John	FL	Donald Trump's lies have divided America and must be banned permanently.
Nel	FL	I am sick to death of Trump's hate mongering and his need for ego stroking. All at the expense of the American people. Keep him off social media. He doesn't deserve a platform for his narcissistic hate.

Pat	FL	Donald Trump consistently and deliberately used his Facebook platform(s) to spread lies and misinformation, to make sexist, misogynist, xenophobic, and racially-tainted comments especially about members of government and leaders of legitimate and respected organizations. A lot of what he posted clearly went against Facebook's existing Code of Conduct and policies -- and yet, was allowed to stand. This is unconscionable. Facebook SHOULD be "better" than that!
Holly	FL	He is a fascist and an extremely dangerous man. His time on the world stage has come to an end.

Carol	FL	I am writing to request that you follow your own policies and continue to sustain your ban of Donald Trump from Facebook. His behavior of spreading lies for an extended period of time demonstrate that he is not going to change this behavior, so why would you even consider allowing him to continue spreading disinformation?
Joel	FL	Please do not allow Donald Trump on Facebook. He has repeatedly encouraged violence, insurrection, and irresponsible behavior, epecially about covid. reversing your ban would violate your policies as well as common decency. it would cause me to seriously consider leaving FACEBOOK.
Dennis	FL	The fascist tried to incite a lynch mob to overthrow the government when he lost the election.

Gerard	FL	Donald J. Trump should be permanently banned from Facebook because he is a dangerous, loud-mouthed seditionist with a following of ignorant and dangerous people who are anti-American in every sense for which America stands.
Mark	FL	If you do you will regret it, and may even have some of your customers suing you for letting his dangerous rhetoric continue.
Debbie	FL	As a President of the free world his power was paramount. He rallied for 4 yrs paying people to go to rallies to hear his hate inciting conspiracy about democrats . Then his followers stormed the capital. He bullied on Twitter daily multiple times creating havoc with vengeance against anyone who would dare disagree with him. If you open the can of worms again our country will be in a civil war. He is like a domestic terrorist.
Maureen	FL	Trump was the absolute worst president ever in the US and during his term, lied constantly. He was the most destructive person in government and does not deserve to be allowed back on FB. This country has suffered enough from this vile, inept and horrid man!

Debra	FL	If you want to see a repeat of the events that took place on January 6th at our nation's capitol, then allow Trump to resume his racist, treasonous rhetoric to his minions. Do not give him access to create another insurrection!
Cassandra	FL	This man incited treasonous insurrection at our nation's Capitol and should never be allowed to spew his infectious lies and false information again. Facebook should enforce its own policies and not allow a bully to invade their platform.
Diane	FL	Social media platforms have a responsibility to monitor their users and the impact from those who hide behind "free speech" to spread their venom and lies. I realize there may be a thin line between censorship and intelligence, but with this man and his minions, you can rest assured he will abuse any opportunity he has to influence negatively and for his own gain.
Toni	FL	Trump is a criminal and a pathological liar who incites white supremacist insurrection. Do not allow him a platform--make him find another way to disseminate his hatred for America.
Gay	FL	Because he is a traitor and tried to overthrow the government.

Charles	FL	he causes trouble
Terrie	FL	he lies, admits he lies, delights in destroying anyone who does not follow exactly what he wants. Anyone knowing this and continuing to go along with him by allowing him to continue to mislead is a conspirator after the fact. He should be banned for life
Jeffrey	GA	He is a traitor and a continuing danger to our country. He cannot be allowed back onto a mainstream public social network such as FB. Relegate his lies and hate/fear mongering to the likes of parlor
Gisela	GA	TRUMP USED FACEBOOK as a platform for spreading lies and inciting violence. That is NOT acceptable.
Latresha	GA	He is a danger to America. He incites violence and hate. He lies repeatedly. There is nothing that he states will be true and he will continue the lie that the election was a fraud. This is dangerous to democracy and our American institutions.
Ray	GA	A significant number of Americans have been brainwashed by far right-wing propaganda, consisting of over 30,000 lies by Trump before he was cutoff, and by Fox News which is not real news, of course. Do not give him his soapbox back to continue the brain rot.
LK	GA	Trump is a nasty, unbalanced peace of work who lies incessantly and operates like a mafia boss. But far worse yet he incited violence, insurrection, sedition--American on American--while president!!!! The sentence for the above used to be: hanging, so being blocked forever on social media sites while contained in a jail cell for life seems reasonable.
Mary	GA	I encourage you to consider allowing your media to be used for positive rather than negative talk, sharing truth rather than untruths. I support the continued suspension of posts that are not in that vein.

First name	State	Comment
Emily	GA	He incites violence consistently and almost everything he posts is disinformation, meaning it's a fabrication that can't be corrected with actual news and facts because the lies have no counter. Social media only has moderation correcting misinformation, which is lies based in existing overall true events. You can't moderate disinformation.
Michelle	GA	Facebook should enforce its own policies and ban Donald Trump permanently because he has shown you who he is. He has no respect for rules, and has shown he is willing to incite violence. He has also shown that he is consistent about who he is: He will not change.
Arthur	GA	Trump is a racist and a big liar and a big trouble maker.
Enid	GA	Trump is a cancer to society and should be permanently banned. He had caused deaths and will continue to do so!
Robin	GA	He incited a riot where 5 people were killed--a cop was bludgeoned to death. Two others committed suicide. Keep him off-line for the rest of his unnatural life.
Brenda	GA	Trump will continue to spread his lies and conspiracy theories. He can never be let back on to any social media.
David	GA	Donald Trump has a long history of incitement of violence and of racist invective. In short, he is a public menace and has no place on Facebook.
Jean	GA	Facebook, do the right thing, PLEASE! Don't give that hate monger a platform!!
Caro	GA	He defiantly promotes hatred, racism, conspiracy theories despite being advised not too. For such unabashed ugly behavior stemming from a grown man is shameful. Do not allow him to spread more lies and hate
Chantal	GA	Please do not let this hate filled person back on Facebook. He spreads lies and pits people against one another based on false information. He tears our beloved country down with false conspiracy theories, false news, racist rhetoric, etc. He is responsible for leading so many people down the wrong path of hatred and disrespect for others, lives being lost on January 6. He is the leader of a national cult that spews hatred and disinformation and violence. Please, please do not let this man back on Facebook. Thank you. Chantal Andersen
C.	GA	Trump has disregarded the rules and spread lies and hate on Facebook for years. Follow your rules and ban him permanently!
C	GA	He encouraged the attack on the institution that is the symbol of our democracy. No true American patriot would support him in spreading that type of anti-democracy lies.
Larry	GA	Mr. Trump has repeatedly demonstrated his desire to divide our country through social media and any other outlet available to him. We must continue to deny him access to platforms like Facebook, Twitter, etc.
Mark	GA	As an ardent supporter of freedom of speech, I also recognize that this does not mean all speech is protected, such as shouting "FIRE" in a crowded theater. Trump called the mob to DC, exhorted them through outright lies to overturn a democratic election, pointed to where the mob should go (Congress) and insisted they take strong "action," then refused to rein them in when they stormed the building, "hunting" for our representatives. This is extremely dangerous, unprotected "speech."
Amelia	GA	Hate speech and lies should not be allowed on Facebook. Since this person has consistently flooded the atmosphere with both, he should be permanently banned.
jason	GA	He incites violence and lies about elections. He shouldn't be allowed on your platform.
Colin	GA	Donald Trump has consistently used social media like Facebook and Twitter to attack the foundations of American democratic institutions. He is a destructive psychopath who has no place in our civic discourse.
Jawara	GA	Double standards and lax accountability IS NOT JUSTICE. Either be for justice or not be for justice.

Traci	GA	Trump is the next Hitler. Ever wonder how Hitler came into power? Look at Trump and how he recruits people to deploy his rhetoric and promote his agenda. Look at his base growing. And there's your answer as to how Hitler came into power. Do, not, give, Trump, a, platform, to, spread, LIES!!! He is the architect of anti-democracy, self-interest, misogynistic, autocratic and narcissistic news. Please, do not enable his platform. Facebook will be on the wrong side of history to enabling all what Trump is capable of. Muzzle him!!!
Ella	GA	I'd really like to avoid a civil war, please.
Lisa	GA	He is dangerous
Heather	GA	spreading lies and inciting violence is a good enough reason to ban users from the platform.
Sheree	GA	Facebook will empower a criminal if they allow Donald Trump back on Facebook.
Michael	GA	Disgraced ex-President Trump should not have a Facebook platform to spread disinformation and division. He has in no way recanted or repented his oft-pronounced view that the 2020 election was illegitimate and his vitriol led to the deaths of 6 individuals on January 6 of this year. Please do not lift the ban on his use of Facebook.
LISA	GA	Trump is a wealthy (his claim) and famous (infamous) person, who can hire his own Public Relations team to communicate with the world. He shows every evidence of wanting to form a government-in-exile to further plague our society with his unending lies and hateful words. He has proven he is incapable of being a trusted participant in Facebook who will not break the Terms of Service. We have heard too much from him already. If it were up to me, we should physically exile him, like they did to Napoleon who was sent to remote islands for the rest of his life. Keep him off of Facebook, never let him back.
Carolyn	GA	Because it is so dangerous and it will just fuel the fire for something bad to happen again just like at the Capitol
Zareth	GA	Because Trump is a Racist, Sexist, & The WORST U.S. President EVER!

Darcel	GA	BAN him forever and a month!!!! ? He's NOT good for himself or US!!!! ?
Janet	GA	He has done nothing but lie to the people.He wants to keep up these lies.And he should be held Accountable!
Judy	GA	Because trump has put vile hate, racist and lies on Facebook for over four years with no repercussions. Keep him off and the chaos down!
Charlotte	GA	NO! He's a danger to the world. Don't support sexist, racist, greedy mobster. He's broken so many laws and has admitted to sexually assaulting women! That's criminal!
Ralph	GA	You and I both know there are limits to free speech--like shouting FIRE! in a crowded movie theater. Donald Trump is as sick as was Adolph Hitler. So are his supporters.
Bryan	GA	Trump is an incessant source of misinformation and lies and should be banned indefinitely or least under the stipulation that if Trump is allowed on the platform again, he will be banned indefinitely at the first instance on his part of intentional mendacity.
Linden	GA	The former occupant of the White House has told numerous lies in the past four years. He capped it off by encouraging a seditious invasion of the US Capitol due to the most slanderous lie of all that he had won an election in a landslide, a statement that was proven wrong numerous times in the period between the election of November 3 and the moment when he finally, and mercifully, left the White House for good on January 20, 2021. He must never be allowed to create such damage again and keeping him off all social media would go a long way to keep him from doing so once again. Keep the ban permanent!
William	GA	The man can't help but fuel more insurrection, divisiveness, and spread more lies, so keep him off Facebook. If you allow him back on, Facebook will also be responsible for any future problems he causes!

		<p>I value freedom of speech. If Trump were standing on a corner preaching, I would not want any interference with his right to say whatever he wants. However, and most of all Twitter are vastly different than speech in person on a village green. This is obvious.</p> <p>Perhaps FB could come up with some algorithm --- some way of weighting this or that speaker's impact + his ability to back up his statements with references to objective evidence.</p> <p>I really do not know. And it is a problem. Perhaps the best thing is for Trump backers to form their own FB wherein they can preach to the choir of the Trump faithful, I realize that FB is not a news periodical. I also realize it's dangerous when we've had a demagogue type president rule by Tweetit just shows us that someone like that can pull that off!!! using mass electronic media.</p> <p>I would like him kicked off FB for misuse of media to foment anger and rebellion against ----- for instance --- science of climate warming and science of the pandemic.</p> <p>perhaps FB should have something like an editorial board that would toss out broad statements in conflict with science. That's it -- get a science editor for FB -- maybe also an editor about expenditures and gov't budget etc. ---</p> <p>That way you could let him on, monitor what he says, and yank him off as soon as a lie about the state of things is posted. Freedom is something we keep by 'policing' our own selves!!! we watch our language, we don't lie to the whole public, we keep generally accepted courtesies in place. Trump insists on operating - speaking -- outside those bounds outside the zone of reality as well including sneering at the findings of thorough scientific analyses.</p>

Jacque	GA	Donald Trump should not be allowed to use this platform to spread false information and inciting the riot on the Capitol.
Lisa	GA	Unless and until you choose to promote lies and liars, when truth-based opinions become important keep Donald Trump off the air. Only my opinion.
Abbiegail	GA	This man's lies led directly to the storming of our Capitol building and the deaths of 6 people. His own history has shown that he is incapable of regret or learning a lesson. Keep him off Facebook.
Felice and Mark	GA	We can't have someone so willing to spread misinformation and incite violence for his own gain back onto a public platform.

Peggy	GA	Why enable a sociopathic narcissist? Do not allow him to peddle hate, lies, propaganda and domestic terrorism. If you enable him you are also a domestic terrorist and a traitor.
Wayne	GA	As a member of the media, you have a responsibility for content. Donald J. Trump has incited violence. Do not allow him or others similar back on this media platform. You created the policies; please enforce them.
Kurt	GA	From the sheer, overwhelming volume of demonstrable falsehood that emanates from him, it is obvious that either Donald Trump is a pathological liar, or else he is insane, incapable of distinguishing truth from falsehood. Either way, Facebook should not give such a person any kind of a mouthpiece, any more than anyone should give a child access to a loaded gun, or it is itself completely culpable of the damage that inevitably will ensue. Keep your platform Donald-proofed, for his own safety--and that of everyone else.
Herbert	GA	Please uphold your policy. Do not let Trump back on the site. He will keep up the delusion of the election was stolen, Then incite more hate.

Wesley	HI	Lies and misinformation should not be given a forum.
Chuck	HI	Facebook would let Donald Trump back on the site only if they have decided that they wish to be a forum to be disinformation, since that is what Trump largely traffics in.
Dalton	HI	Dear Facebook, you've more than seen over the past 4-5 years that Donald Trump and his technology-assisted demagoguery are not only a threat to institutional security, but to people's actual lives as well. Giving this man a platform to further sink up to a third of the United States into a conspiracy-laden madness that will inevitably get more people killed or hurt. There's a big difference between just limiting speech and preventing terroristic rhetoric to spread on your platform, and worse things will undoubtedly come from Trump's followers if you allow this to continue. Give him the boot.
Raymond	HI	Truth counts

Anna	ID	Grow a set of balls and ban Trump and anyone else who spews lies! Plain and simple!
Lance	ID	Using Facebook is a privilege not a right. When someone in high power like Donald Trump incites people to insurrection they should be banned permanently! If that's not enough to ban him what is?
Stu	ID	I insist you bar Donald J. Trump from Facebook FOREVER! There is NO PLACE in the world for LIES from this man. Regards, Stu
Deb	ID	I would not want our young people to read such garbage. If cannot spell United correctly then he needs to go back to school.
Laurie	ID	Free speech does not apply to wannabe dictators who incite a riot against a sacred national treasure, the Capitol. His lies are dangerous and could spell the end of our democracy and free speech for anyone if he were ever to garner support through platforms like Facebook again.
Vicki	ID	Please don't let this lying, incendiary grifter to use this platform. Public safety and sanity . . .
Judith	ID	Trump spreads hate, white supremacy, division, and violence. Keep him off FB
Janae	ID	So many of Trump's comments are untrue and inflammatory. They are misleading to readers.

V	ID	trump is mentally unstable to put it nicely. Do not allow him to start rousing the organizations such as Proud Boys, Qanon etc. with his lies, lies lies. He has proven he will go to any length by starting the deadly attack on the Capitol!! Keep him off of FB!!!!
Julie	ID	Trump is a danger to himself and others. The simpleminded ignorant evangelical cult will literally follow him off a cliff, start a war, attack the government and seriously damage our country simply because they can't see him as the rapist, conartist, grifter, mobster, killer, organized crime figure tha Trump has been all of his life. Zuckerberg is guilty of aiding and abetting the criminal Trump and grossly profiting by protecting the QAnon conspiracy theorists and their lies. I was attacked today by the wife, Savana Lee, of one of my oldest dear friends, Anthony Crawford, because Savana is convinced President Joe Biden is a pedophile. Why? Because Mark Zuckerberg protects conspiracy theories and lies and women like Savana are teaching their tiny children that Biden is dangerous and Trump is the 2nd coming of Jesus. Mark Zuckerberg is 100% responsible for the content he continues to allow on Facebook. Why does Zuckerberg for it? Because he sees himself as the arbiter of LIES and not the "the arbiter of truth" a Zuckerberg direct quote.
Maria	IL	Trump has done so much harm by spreading disinformation. Facebook must keep him off!
Elizabeth	IL	He shuns truth
William	IL	trump should be permanently banned from any and all media of any kind: TV, radio, internet, newspapers, facebook, twitter, all of them.
Elizabeth	IL	You know he lies
Meredith	IL	He spreads disinformation and propaganda. Trump will not change this behavior, therefore he should not have the FB platform.
Michael	IL	Trump is a dangerous rapist and liar who has recklessly promoted inflammatory lies and conspiracy theories with zero basis in reality and he should not be allowed to continue to do that on social media.
Claire	IL	He incites violence and white supremacy. He is not a leader and his voice should not be heard when he is spewing lies and racist, problematic, white supremacist propaganda.
Mimi	IL	He doesn't need to harass the rest of us
Richard	IL	You left him on the platform far too long. He's damaged your brand; damage that will only grow if you let him come back.
James	IL	Think of Trump as the abuser that he is; he does deserve a platform to spread his toxic views or to harass people he hates and does not care about. It does not matter he's a former president - he's not worthy of any respect or honor.
Phyllis	IL	His remarks have already led to one attack on the U.S. Capitol. Why give him the chance to provoke another one? You have policies to prevent incitement of violence. Enforce them.
Sergio	IL	He's a threat to minorities and the government
Linda	IL	Donald Trump should be permanently banned from Facebook because he is a pathological liar. The less social media platforms he is able to use to spread his lies and conspiracy theories, the better for all of us!
Jeanette	IL	45 is a font of misinformation and FB should be better than to allow it.
Jane	IL	Trump has caused enough damage to the US with his lying message. Ban Trump forever.
Maria	IL	PATHETIC WHITE RACIST LIAR.
Maureen	IL	keep Trump off public media we do not need anymore roits or false news
N	IL	Sedition should constitute a permanent ban for D Trump
Neil	IL	We don't need more seditious lies circulating on Facebook; Trump should be banned for at least 4 years (to compensate for the lies he's been spreading the past 4 years.
Diane	IL	Donald Trump practically destroyed this country with his lies. He should not be given a platform to continue his efforts in this direction. The events of January 6 demonstrate how people can be led by blatant untruth if they are told it often enough.

Michael	IL	Everything Donald tRump does on social media, including Facebook, is intended and designed to spread misinformation and hate and violates all Facebook's "rules." Enforce your rules and ban him permanently.
Karen	IL	Forever ban Trump.
Steven	IL	Donald Trump will never acknowledge that Biden won the election fairly. He will always claim the election was stolen from him. Given the opportunity, he will spread this lie and urge his radicalized followers to commit more violence like they did on January 6. Facebook must not give him this opportunity. The ban on Trump must remain in place.
Andrea	IL	We all need to remember this land is sacred we must all give back to Mother Earth. ??
Maureen	IL	Donald Trump has been given such a huge platform on social media to lie so often, leading to an insurrection for which he is directly responsible. He will go down in history as the worst US president to date with hundreds of thousands of deaths because of his negligence, inciting white supremacist violence, and so much more. If he is to be let back on this platform, Facebook and its leadership will go down in history as people who supported and abetted his actions. He has lost the privilege of a voice on social media platforms, and should never be allowed back on in any way, shape, or form.
Hinda	IL	Trump is a danger he lies and he incites violence and he is divisive. We don't need to hear from him
Peter	IL	Facebook needs to do better about not allowing anyone to pass false information or put lies out on it's platform that has no credit or truth and hurts real free speech.
Clifton	IL	Please Keep him off of facebook. This is one way the assault on the Capital began. There are many non-thinking people of the lie who believe his non-sense

Liana	IL	he spreads lies and hate that damaged our country. do the right thing and block him for life
Lisa	IL	He is a proven liar - keep him off!
Matthew	IL	Trump attempted to incite a violent insurrection against the United States government. He has and will continue to incite his most violent, hardcore followers on your platform if he is allowed to return. This presents a clear and present danger to the public.
Peter	IL	This man incites violence and has created a divided country thru lies and manipulation. People like Trump have only their personal interests in mind, and cannot be trusted any more to use social media to spread more lives. The time has come for Facebook and other major social networks to police its content for violent and destructive rhetoric. Please silence people like dictator want-to-be's like Trump. He is a clear and present danger to our democracy.
Ryan	IL	Because he has abused the media, he had access to while he was President, and I feel as well as a number of others do, that he should not have access to social media such as Facebook, where his crazy ideas, gain traction, and cause the horrors we saw at OUR capitol building in January. We need to shush these groups, who want to kill or cause harm to someone simply because they don't agree with them, on a critical issue. We need to be better about regulating the types of comments we allow on sites like Facebook, or Instagram, etc... the only way I see in actually getting started along that path is by banning people like Trump who incite violence and protest against our own capitol.
LaDonna	IL	Please keep Trump off your site.
Marcia	IL	Donald Trump constantly lies and spreads disinformation, including violent comments and conspiracy theories. Since he has been banned from Facebook, disinformation dropped dramatically, Facebook CANNOT allow him back. He is dangerous in every way. Please do NOT allow him back.

Austin	IL	Enforce your own policies -- Donald Trump is like anyone, but has an even wider reach, meaning he is capable of doing much more damage.
Cheryl	IL	BAN HIM. FOREVER. NOW!

Chris	IL	Trump is a compulsive liar and traitor to our country. His destructive lies deserve NO place on any social media platform. Keep his account suspended permanently!
Adrienne	IL	Trump emboldened white supremacists and directly caused the attempted coup at the capitol. Banning him has already helped break the stride of the conservative march towards white supremacist facism, don't go back to where we were.
James	IL	He constantly incites violence.
Dennis	IL	Because Trump is mentally ill and totally unhinged, toxic, and dangerous ! The less coverage he gets the better. Completely ignoring Trump would be the best practice.
Donald	IL	He lives in an alternative world of lies and conspiracy theories some people believe what he says. The USA is founded on TRUTH, not on lies created by someone who seems to want to overthrow the government so he can rule as an autocrat.
Judy	IL	Do not let Trump on Facebook we do need to hear his lies. He is a liar a cheat n has hurt The United States of America
Nita	IL	Will you continuously monitor his continued lies so that they can be removed immediately and will you ban him again for inciting more violence and illegal activities?

Sharon	IL	We should never allow lies, untruths, bigotry, racism, misogyny and alternative opinions to the truth. If any person or entity does not state truthful facts, their opinions should not be published. PERIOD!
Claudia	IL	Facebook must permanently ban Donald Trump because he foments hatred, violence, and domestic terrorism.
Christopher	IL	Why would you hand a megaphone to a "man" who's incapable of telling the truth and directly incites hatred and violence? This is a no-brainer.
Ricardo	IL	Because Trump & people who support him spread lies, racism, sexism, & xenophobia faster than covid-19 all based on 0 facts!
Sue	IL	Because his words and hate-speak caused our Capital to be attacked. Because he is the leader of white supremacy groups which are domestic terrorist groups. Because any social media group must be responsible for actions that would be considered assaultive and lead to death as 45 has done on your platform.
Stephen	IL	We have had enough lies from the ex-president. BAN HIM FOREVER!
Amanda	IL	Donald Trump needs to be banned to preserve our future elections and safety as a country.
Garrett	IL	We are trying to progress as a nation and dismantle the systems of white supremacy. Donald Trump is clearly a highly corrupt liar who champions white supremacy and incites violence and treason. He must not have access to your platform to continue his despicable actions.
Nancy	IL	I am respectfully requesting you deny Donald Trump access to your social media platform. I understand this would be in keeping with your own policy. For his sake, in the future, I hope he will find the help to get beyond his personality disorder. If he's able to see truth beyond his own needs, I would hope he could be reconsidered for your platform.
Letitia	IL	Donald Trump lacks the cognitive acuity to understand how his words influence all people. He, because of his insufficiencies, is not able to modulate his tone. He seeks to spread his most hobbled and irrational thoughts and desires to as many as possible. He is a stranger from the authentic. He is pleased with himself to a masturbatory glee when allowed to pontificate on topics of economics, his own accomplishments, human relations, global conflicts, dictators, executions, climate and life itself. He is wildly incendiary because of his unchecked desire to be followed and imitated. His fame as a reality television persona and New York silver spoon real estate mogul has given him some sort of credibility in the minds of many. Simply look at the harm he personally has caused the function of our nation and the maddening of citizens. We can have compassion for the man and his shortcomings, but he must be held accountable.
Sharon	IL	He is OUT!!!
Isabel	IL	Donald Trump is a dangerous, authoritarian narcissist who will use any platform given to advocate hate, violence, and treason that threaten 250 of democracy. He cannot be allowed back on Facebook to encourage more violence.

Rachel	IL	We've had 4 years of his lies & chaos. We don't need to allow him to continue his Racist comments and stirring up his followers to incite Violence & Hatred. ENOUGH!!!!
Brendan	IL	You've shown already how obtuse you are defending a single person for the sake of a hollow and cheap sense of free speech despite the harm you've sown. Ask yourselves what you have to gain by returning Trump to your platform and what you'll lose for that decision, too.
Bhaskar	IL	Donald Trump has violated Facebook rules repeatedly. Any ordinary person would be banned for these kinds of violations. Please treat Trump in the same way and permanently ban him.

Charles	IL	Banning former President Trump from Facebook will help insure that he can't use the platform to whip up his followers to commit additional acts of violence against our government or citizens.
R.	IL	Donald Trump is a narcissistic pathological liar. We don't need him back on social media stirring the pot with ignorant people such as those who stormed the capital Jan. 6th. It's been obvious that all he uses any social media for is to spread lies, support extremism and to profit for himself.

Christina	IL	Donald Trump has repeatedly spouted toxic, dangerous, and hate-filled speech on Facebook. This platform has allowed him to escalate and incite his followers to violent actions like the attack on our Capitol that left 5 people dead. If reinstated he will use the opportunity to continue spreading lies and rallying his followers to further break the law. Facebook cannot allow itself to be used for this purpose.
Amy	IL	Trump has done nothing but lie, spread misinformation, and stir up extremist groups who assaulted our national Capitol in a terrorist attack that cost multiple lives.
Jackie	IL	Former Prez is the opposite of Former Prez George Washington.....he cannot tell the truth.
Lawrence	IL	Facebook should be a free and open medium to share opinions but NOT as a source of dangerous misinformation.
A	IL	As the former President of the United States, and still a largely influential figure in the political landscape, Donald Trump has consistently perpetuated lies and disinformation to the public which have stoked mass social unrest, culminating in the insurrection at the U.S. Capitol on Jan. 6 which resulted in five deaths and placed elected lawmakers lives in jeopardy. Relentless and reckless in his stoking of civil unrest via his mendacious rhetoric, Donald Trump has demonstrated that he cannot be trusted to be responsible to NOT prod his loyal followers to further violent, terroristic acts against the American public and our institutions of democracy. He remains a danger to democracy itself and therefore must be permanently de-platformed from all social media outlets under the auspices of the Facebook company. In order to prevent more mass incitements of violence, it is incumbent upon your company to take social responsibility and mitigate the threat that Donald Trump poses by his weaponization of your social media platform. Donald Trump should be treated just like any other user that consistently violates Facebook's terms and conditions.
Diane	IL	Facebook should not be used to incite violence and insurrection against our government. Trump does both every chance he gets. Facebook will be a willing participant in the conspiracies and lies that he invents or repeats to the mobs if you allow him to use this platform.
Jill	IL	Banning Trump has limited the spread of racist and hateful speech. He promotes violence that led to a riot at the Capital. His lies have discounted science and led to the death of 400,000 + people. Promoting his views open you up to liability
Kathleen	IL	He is spreading lies which his followers believe and causes great divisions and threatens our Democracy big time
Karen	IL	Since Trump has used Facebook to spread lies that have led to violence and there isn't any reason to believe he is contrite or will change, I think Facebook should ban him permanently. Thank you.
A	IL	Donald Trump is against everything America stands for, I do not support Fascism and he represents Fascism.
Roseann	IL	The man is an obvious and proven threat, any objective thinking person can see that. He has given voice to the nazis among us and must be silenced. It's not what my great grandfather and grandfather died for! How dare he be given a platform!!!
Mary	IL	He gas shown himself to be dangerous and completely unsuited for constructive leadership.
Esther	IL	Trump is a liar and he emboldens people who would otherwise be law abiding citizens do horrendous things. Did you already forget the Capital riots? People died because of his rhetoric. How about Kyle Rittenhouse? He should be picking out his college choices but no, he heard trump's call then left his home with a weapon that shouldn't even be legal to own. Now, because of trump's call that 17 year old boy killed two people and injured a third. I'm sick of the videos. The evidence is clear. Why give trump a platform? Trump should be in prison in a normal world but here we are, choose wisely. I hope you're able to sleep at night by making the RIGHT decision. It's so easy. A 3rd grader could make the right decision.
Debra	IL	Donald Trump has a blatant disregard for any person that does not serve him. He has lied repeatedly, unsighted insurrection. Blatantly insulted physically disabled people. I have too many reasons why he should be permanently banned from all social media to share.

Laura	IL	Donald Trump used Facebook as a platform for his lies and incitements to violence, to the destruction of our democracy. But after you suspended his account, disinformation about the election went down 73%. You should keep the Liar off Facebook for the good of our country and to make possible reconciliation between American citizens.
Tom C.	IL	The country is still polarized from trumps racism and lies. To allow Trump back on Facebook is to allow him to stir up violence and division when this is a time for healing and reconciliation.
Jessica	IL	Unfair
L	IL	<p>Donald Trump has only ever used his public platforms to cause deliberate chaos, to spread his misogyny and racism, and to stir up enough outrage online that it eventually becomes violence in the real world. His bigoted, calculated, chaotic evil resulted in the deaths of at least 5 human beings on January 6. Over the last 5+ years, he has shown the world who he is and the damage his words can do when he has unrestricted access to social media platforms. Monsters like Trump, who have the blood of countless lives on their hands, do not deserve even the slightest consideration of being allowed onto a public platform like Facebook.</p> <p>If Trump's responsibility for the 5 deaths on Jan. 6 is not considered reason enough to permanently ban him, his unapologetic slaughter--by deliberate disinformation through Facebook and other social media--of 400,000+ Americans during the coronavirus pandemic certainly seems like it ought to warrant a lifetime ban.</p>
Angela	IL	This man is not a good role model for young children. He has demonstrated that he does not believe in or respect democracy or democratic ideals.
D.h.	IL	Accessory to the fact could be your charge to allow tRump back on FB. The law abiding sensible people say No.
V	IL	Trump is a seditious anti democratic liar & crook who lives in an alternate reality which should never be given any credibility just for greedy Facebook seeking more eyeballs-shame!
Kim	IL	The president LIED & Americans DIED! No more truth decay!
Kevin	IL	Donald Trump is an unabashed, unrelenting racist and hate-monger who does NOT belong on Facebook or any other social media platform, EVER AGAIN!
Christine	IL	Or we will!
Maryann	IL	He's dangerous!
Kathy	IL	Donald Trump is the 2000's version of the 1900's Adolph Hitler. Many of us see the similarities. If allowed back on ANY platform, he will carry on his agenda of destroying our democracy and putting himself in control. He almost got that once, by using Twitter and other social media platforms to spread his lies and propaganda objective. He's down now. Let's keep him down. He's had his chance to destroy us. Let's not give him more opportunities to get innocent people killed.
Clara	IL	He incites violence.
Dennis	IL	Donald Trump used Facebook and Twitter for 4 years to spread lies and disinformation. He spent the entire 2 months after the election spreading the lie that the election was fraudulent and used that lie to incite a group of armed insurrectionists to overthrow our government to keep himself in power. It caused 6 lives to be lost, 140 serious injuries to Capitol Police officers and huge amounts of destruction to the Capitol building. I am extremely upset that you allowed his vicious lies to be spread for so long with no intervention. Donald Trump is a delusional egomaniac and a pathological liar that is a serious danger to our country and our democracy. He needs to be permanently banned for life from both Facebook and Twitter. If he is allowed back on either platform, he will continue to spread more lies, and more deviousness that will cause even worse destruction and loss of life. I fear he will incite another civil war. What will occur will make January 6th look like child's play. I have two friends that have already disabled their Facebook accounts and left the platform. If you decide to allow Donald Trump back on either platform, my wife and I will abandon the platform as well a large number of my friends. I hope you give serious consideration to how dangerous Donald Trump and his lies are.

Eileen	IL	He spreads lies. Ban him
S	IL	Why would you want to enable a demented, power hungry traitor who spreads lies, hate and incites violence? You must have already forgotten what happened on January 6. People died! Or perhaps you forgot this is this world leader who declared covid19 a hoax? Forgot about Trump telling the Proud Boys to stand back and stand by? Or insisting the election was stolen? Or Hillary Clinton, Hunter Biden should be investigated? Clinton locked up? The list is endless. Why would you give him a platform?
Irene	IL	I chose not to join Twitter because Donald Trump polluted it. Don't force me to drop facebook like a rock. The fundraisers for Awakenings Project have been so helpful for our small non-profit.
Diane	IL	I am shocked that Facebook is caving to Trumpian pressure not to ban him permanently. Cowards: you know he and his cohorts are dangerous spreaders of lies and negativity.
Jane	IL	Trump is one of the most, likely THE most, dangerous enemies of our democracy in the history of our nation. So many are ignoring this blatantly obvious fact, including Facebook. Besides ignoring his crimes against the U.S., when he's supposed to be our biggest promoter, Facebook has enabled him for years, and thereby is complacent to all of his crimes. Facebook, you have a huge PR problem and permanently banning Trump is a necessary first step to redeeming yourselves. SHAME! I personally refuse to EVER have a Facebook account, for this and so many other reasons related to people abusing the site to create personal controversies and strife.
Mark	IL	Trump disrespects the media, spreads misinformation, and his right-wing racist rhetoric is extremely dangerous.
Rick	IL	Everything that Donald Trump says is lies and misdirections. This is harmful, not useful, in an exchange of ideas. His "contributions" constantly violate Facebook's stated policies, have severely damaged American democracy, and led directly to the deaths of several citizens during the Capitol insurrection, and indirectly to hundreds of thousands of deaths by redirecting discussions about the current pandemic.
Maynard	IL	Donald Trump seems unable to use ANY social media platform responsibly. He has continually lied & spread conspiracy theories on social media. Because of his political presence, too many people actually believe his madness and unfortunately, act on these beliefs. Please don't allow him back on your platform to spew his destructive lies.
Sharon	IL	The man spews lies and incites violence!
Ira	IL	Knowing what we know now and how close we were to having a dictator I would ask Facebook if would consider giving platform to Hitler. Because that's what Donald Trump is. Lynne	IL	Unlike most Facebook users, Trump can use threats and lies to cause great harm. Please continue to protect us from him!
Mike	IL	Absolutely not. Trump incites riot and takes no responsibility. He must not be allowed to have a forum for hate and lies.
T	IL	Donald Trump incited the terroristic white supremacist insurrection directly through facebook.

Eric	IL	Because he's a liar.
Jan	IL	Presidents and politicians don't get to invent their own reality with lies that as we know now can have mortal consequences for the constituents whom they work for and protect, just to warp their own political gains.
Barbara	IL	Trump is a danger to our nation. Like Qanon, he posts many lies to incite his followers. He will not post anything that will make the world a better place but will just whine about election fraud and his victim hood. He will put targets on the backs of everyone who he believes crossed him. He emboldens white supremacists and xenophobic followers. He doesn't believe in our democracy and wants to be a dictator. He is a traitor to our constitution. If his name was Hitler, would you give him a voice?
Beverly Ann	IL	Trump has shown that his postings are dangerous. Please don't give him a platform!!
Alexandra	IL	Even though former President Trump held the highest office in the land, he should be held to the same Facebook standards as everyone else.
Lacey	IL	Please do not let let Trump back onto the Facebook platform. January 6th 2021 event he spoke at and the proceeding Capitol Insurrection that failed, should have been enough proof as to his agenda. Allowing him back to continue where he left off, would be as if you had only given him a time out like a toddler. The last five years preceding the January 6th 2021 event did a lot of its base work on the Facebook platform. Words have power. Social Media has proven this. Do not let Trump back on the Facebook platform to continue to brainwash people into hating their neighbors over team divisions, lies, for power, manipulation, and greed. Trump does not care about the anyone else but, himself and maybe not even himself. Stop feeding his malignant narcissism. Thank you.

Karen	KS	Permanently ban Donald Trump from Facebook. He tells lies and incites violence.
Mike	KS	In the wake of the white supremacist insurrection in Washington, D.C, on January 6, we saw a sea change in how social media platforms were dealing with people spreading lies about the election, Donald Trump being chief among them. ¹ After years of organizing by civil rights groups, who were warning about just such a real-world attack, social media platforms finally took action. Facebook suspended Trump's account, removing his access to a platform for spreading lies and inciting violence. ² The impact of these actions was immediate: Since Trump's removal from social media sites, disinformation about the election plummeted 73%. ³ But now, the Facebook oversight board is taking up a review of the suspension, which may lead to Trump being allowed back on the platform to spread more lies, in clear violation of Facebook's own policies. ⁴

If you want to make billions you need to solve how you do this AND keep this country safe and intact. Thank you.
Sarah	MA	It's dangerous to have a recognizable public figure like Donald Trump with a large number of followers spread lies and conspiracy theories on any media, but Facebook is particularly dangerous as many people get their news and information from this media and it is easily shareable, creating an alarming false consensus of "truth". I feel so much less safe now that it is widely understood the Internet and social media's role in spreading dangerous misinformation with masses of people coming together in misguided belief and organizing to act on these beliefs and suggested actions, resulting in harm upwards towards death and terrorism. There is a pattern, please intervene to stop it. The Internet and social media's role in this is still new, please intervene redirect its course before more harm is done. Please help.

Surely you want to do what's right?

Jim	MA	Trump has demonstrated an inability to speak the truth on Facebook for over four years. What more evidence is needed to keep his lies off social ,media?
Inge	MA	Donald Trump has repeatedly endorsed groups known for violent behavior, and personally incited an attack on our Capitol. Facebook, walk the talk and ban him for violating your own standards.
Heinz	MA	The comments of Trump are a danger to our democracy.
Phyllis	MA	Trump tried to be another Hitler. Why would you think he'd change? Don't give him a platform to continue to spew his racist calls to act by domestic terrorists like he did on Jan. 6th. This leopard will never change his spots. He will always be the con man his father brought him up to be. Shame on Facebook if you allow him back
Betsy	MA	The former president has incited insurrection with his seditious pronouncements. He deserves to be impeached and imprisoned, not given a chance to continue his treasonous activity.
Ginger	MA	Donald Trump tell lies and spreads disinformation all the time. He has done it for over 4 years. He should have been banned from Facebook years ago. Now that you have done the right thing and banned him, you must keep the ban in place. He has already shown us he will just continue to spread lies.
Gabriela	MA	Donald Trump told almost 30,000 lies during his presidency. Many of them inspired violence against our democratic system. He is a continuing danger to society.
Jennifer	MA	Donald Trump spews lies and hate. He is a danger to our democracy and lives. Do the right thing.
Beth	MA	His comments are racist and inflammatory, and should NOT be allowed into the public. The First Amendment does NOT apply to shouting "Fire!" in a crowded theatre.
Dana	MA	Donald Tump should not be given a platform to spread his dangerous lies promoting racism, misogyny and hate. He has proven himself to be a credible threat to our country.
Dorothy	MA	He lies and is dangerous
Roberta	MA	He's a pathological liar. If you let him back he'll continue right where he left off. There is zero chance that he will change. Please don't put us through this again!!! Thank you
Tobi	MA	We have already seen Donald Trump misuse Facebook and other media; we do not need more of this damage to truth, or more fanning the flames of misguided followers of those lies.

First name	State	Comment
Barbara	MA	We know Facebook is a medium through which lies are spread. It is probably the most effective medium in spreading lies. Although you have systems in place for identifying and labeling lies, you also know that by the time that happens the lies have already spread fast and furious. Allowing one of the most prolific sources of lies in recorded history back on to Facebook will exacerbate the raging pandemic of "alternative facts" ravaging the US and the world and make our divisions deeper. Please consider your obligations to humanity and not just profits.
Susan	MA	TTTTTT
Priscilla	MA	Donald Trump's comments on and off Facebook have been hateful, have incited violence, and other violated common decency and the stated policies of Facebook. There is no indication of remorse or any sign that he will refrain from such comments and provocations in the future. Banning him permanently is the stated penalty for such actions. Failure to do so will send the wrong message to him, to his followers, and to all the people who use Facebook within the parameters of Facebook policy.
Steve	MA	his words inspire/incite violence
Ben	MA	Hasn't he done enough damage with his lies and vitriol? There is a consequence to promoting hate speech and lies.
Jeanne	MA	Ban him! His inciteful speech is not covered by the first amendment; the conspiracy that he fomented is turning out to be even bigger than we thought. Do you want this to happen again, with someone smarter and more prepared?
John	MA	When Donald Strumpet was president, he lied more than 10 times a day. But many Americans believed his lies and still do. We cannot have him lying over and over again and putting our democracy at risk. We need to shut him down and shut him up.
Julianna	MA	Donald Trump has incited -- and no doubt will continue to incite -- violence against Americans. He spreads falsehoods and misinformation. Please keep him off of FB for the safety of our country.
Valerie	MA	Donald Trump spreads dangerous misinformation and incites his all-too rabid fans (I use that word purposely regarding his cult of personality and celebrity) to real-world violence. Letting him return to Facebook is short-sighted, irresponsible, and a tacit sanctioning of his violent, treasonous calls to action.
Sheila	MA	Enforce your own policies! Citizen Donald Trump has a track record of hateful, racist, misogynistic, and inciting to violence language and dog whistles and should not be permitted to return and continue to poison the atmosphere of Facebook!
Jean	MA	Trump is an Imminent threat to our society and country. Please do not give him a platform from which to spread his lies and misinformation. Thank you.
Susan	MA	he's dangerous
Margaret	MA	Trump should be permanently banned because he spreads disinformation, conspiracy theories and other false information that sows public discord that results in physical violence.
Lincoln	MA	Facebook must permanently ban Trump to prevent the spread of disinformation and white supremacist violence.
Dan	MA	Remove white supremacy and racism from all aspects of government especially police on up to the presidency, racism is not a political stance or "a difference of opinion" it has always been terrorism.
Grace	MA	He's dividing the country with his lies. He needs psychiatric help not a place to spread his sick lies. He's white supremacy and would love to be another Hitler or Putin.
Diane	MA	This person incited a riot, and 5 people were killed! He has to be stopped, right now! If not now, when? And, if we don't do the right thing, how many more may be killed? Thank you for reading my answer!
Bridget	MA	Enforce your own rules. Free speech is not devoid of consequences, unless you choose to make it so.
Julian	MA	Trump has already caused violent deaths through social media. Do not let him resume.
Susan	MA	If Trump is let back on Facebook there is nothing stopping him from spreading lies and instigating further sedition. There should be consequences for this behavior. Keep him off!

Stuart	MA	Facebook suspended Donald Trump for spreading lies and inciting violence. Since he has not acknowledged doing anything wrong, and has continued to spread multiple lies about the election, he should be permanently banned from the platform. Facebook needs to take some responsibility for what is posted, especially by people as high-profile as Trump.
Philip	MA	No one should be allowed to continuously promote lies and distortions of the facts as Donald Trump has. He should not be allowed to disseminate his unique and distorted version of reality through Facebook.
Julianne	MA	This man is a cancer on our democracy. The only thing coming out of his mouth are lies and he has bilked innocent people for millions of dollars using social media. Please step up and end this for good!
Louise	MA	Donald Trump outright lied to the American people in order to try to overturn the best election we've ever done. He did it repeatedly. He incited the riot that damaged our Capitol and endangered its workers. He should be put in jail, but at the very least, after using social media to try to overthrow our democracy, he should NEVER be allowed to use social media again
Stefano	MA	"The sad thing about disinformation is that once the truth comes out, the damage has already been done. People have already been misled, radicalized & believe lies to a point where their hatred has brewed to violence" (Alexandria Ocasio-Cortez). Please keep the ban to Mr. Donald Trump – and to all the liars, the haters, and the scum of our society.
Sarah	MA	You promised to end hate speech and the spread of lies on your website. KEEP THAT PROMISE!!
matt	MA	Giving a platform to nazis encourages them. It makes them think it's okay to be a nazi and they should be accepted.. but neither of those are true.
Ardis	MA	Wouldn't facebook ban an ordinary citizen who successfully urged a mob to try to stop the inauguration of our president? Of course they would, or should. Trump is now an ordinary, though flawed, citizen.
Ailsa	MA	Trump incited the attacks on January 6. Ban him permanently!
Dan	MA	Since he won't have much computer access in prison, make his ban permanent. Shouldn't traitors be permanently banned?!
Theresa	MA	There is NO PLACE in the United States for a racist, sexist, white supremacist, inciting, election stealing, chaotic, MORON on Facebook or in American politics!!!!!!!!!!!!!!
Sarah	MA	Don't support people who have promoted violence and spread lies. It has real consequences! You can be better than just looking at your profits!
Kate	MA	Trump has repeatedly made remarks that promote disinformation and incite violence. Live up to your own policies and ban him for good!
Ryan	MA	Allowing Trump to continue to incite hate and violence runs counter to your own policies and the health of our democracy. Do not give him a platform.
Nancy	MA	I am conflicted. He has the right to say what he wants, but I don't feel he or anybody should have a platform to spread lies and worse!
John	MA	Facebook Oversight Board - please take some responsibility for enforcing your own policies, and keep Donald Trump off Facebook for good, so he can't spread more lies and incite more violence from your platform.
Sherry	MA	He is a danger to our democracy and able to continue stirring up extremist groups
William	MA	Donald Trump will be tried next week by the Senate for inciting insurrection against the U.S. Government. Social media provided the platform for him to bring the mob to a focused frenzy resulting in 5 deaths. Please, the first amendment does not give a citizen the right to incite violence. I ask you to deny him another opportunity to disrupt our government, no re-entry to Facebook.

First name	State	Comment
Jeff	MA	It's quite simple. If Facebook continues to knowingly allow its application to be used for nefarious purposes - spreading misinformation, organizing and recruitment by white supremacist, Q'anon and other groups of similar ilk, ultimately the government will take action by creating oversight/laws or forcing the the company to be broken up. Therefore, the choice is between Facebook taking serious and true action to address its issues to minimize or avoid what will otherwise be much more severe restrictions and actions imposed upon it by the government.
Emma	MA	Trump wants to be an Authoritarian leader. He will do anything to regain and keep power. He will stir up his base and continue to endanger our Democracy. He needs to be kept off all social media platforms even if he makes you money by attracting viewers.
Mary	MA	The previous president deliberately acted to divide the citizens of our country and the world most often for his personal profit. He shows no signs of changing and always avoids admitting, rectifying, or changing his multitude Of hurtful errors
Claire	MA	Inciting violence and spreading lies is unacceptable and is against your own policies. You let Trump get away with it for years because you profited from it. Enforce your policies and ban Trump from Facebook and Instagram permanently or you will have more blood on your hands.
Diane	MA	Facebook has been complicit in Trump's lies for 4 years. The idea of letting him back is ridiculous and just highlights Facebook's lust for greed above all else. Break it up!
Carole	MA	He's poison.
Mike	MA	He spreads lies and incites sedition
Barbara	MA	Zuckerberg is, and always has been a tRumpster.
Steve	MA	If you want to remain neutral in responsibility to what is said on your platform, then you need a code of conduct that is fair and applies to EVERYONE equally. Having a position of power does not excuse one from breaking the rules, otherwise the rules are meaningless. If anything, those in authority have a stronger responsibility to obey the rules simply because of the influence they have. It's really that simple.
Sandra	MA	Facebook took the right and honest approach to prevent Trump from continuing his dishonest attack and spewing hateful comments toward anyone who did not agree with him. His rants and promotion of conspiracy theories were an embarrassment to America. He destroyed America's history as a leader of truth and justice. He stooped to the lowest level to satisfy his depraved soul and narcissistic ego. It is imperative he not be given another chance to repeat his misbehavior. Please do NOT give him a second chance. Hold true to your policies and permanently ban Donald Trump from Facebook. All of society - national and international - will be forever grateful! Thank you
Peter	MA	As the motorcyclist said in the Midas muffler ad, he is a "menace to society!!!"
Jean	MA	Donald Trump committed TREASON against the United States and should forever be banned from using Facebook.
Liana	MA	Donald's Trumps words are dangerous. They helped to instigate an insurrection. Such a person should not be given such a public platform.
Kathy	MA	Trump incites violence and repeatedly lies. Trump should be banned for life, along with right wing extremist groups that are a menace to our society
Amy	MA	Donald Trump committed sedition--he called for his supporters to sack the Capitol. This resulted in 5 deaths and 2 suicides. I think trying to overthrow the U.S. government and end our democracy is a sufficient reason to keep Trump off Facebook.
D.	MA	spreading lies and inciting violence.
Julien	MA	Trump should be in jail, not on social media.
Debra	MA	Because Trump is a hateful liar who is intent in overthrowing our democracy. He is a real and serious threat to our National Security. Facebook must show that it

First name	State	Comment
		Please do not let Donald Trump back on Facebook, where he could spread more lies and incite more violence.
Peter	MA	Thank you.
Sibyl	MA	D. Trump is a danger to our democracy! He has a known history of spreading lies to influence our democratically held elections, and has incited violence against our elected officials, and anyone who has beliefs contrary to his. This ban must continue for the future of our country.
Laurie	MA	Don't let him endanger our country. People's lives are at stake.
alice	MA	Trump must not be allowed back on Facebook. He almost caused our democracy to fail and Facebook was used to help organize the attack on the capital.
Pan	MA	You are earning money off white supremacist violence, fascism, rabble rousing and conspiracy theories. It is disgusting. You are allowing the destruction of democracy on your platform as a money making venture - and Donald Trump had been a huge part of that wave of poison. Letting him back on your platform should not even be under discussion. he abused his office, his people, and your platform. He does not deserve to possess a forum, provided by you, with a built in audience of millions of people. He should not be handed that reach. This is Hitler stuff. Cut it out facebook.
Michael	MA	The man has proven he cannot be trusted. He has yelled "fire" so many times it is irresponsible to allow he another megaphone. The world is a better place without him abusing the rest of us.
Debra	MA	Because Trump is a hateful liar who is intent in overthrowing our democracy. He is a real and serious threat to our National Security. Facebook must show and set precedent, because if not, there will be thousands more right behind him, planning the next coup on our nation
deborah	MA	We are only now just beginning to experience a return to civility and truth in government. Letting Trump back on Facebook would only set the American people back 4 more years.
Robert	MA	Please enforce the ban on Donald Trump and not allow him back on Facebook. Trump's racist and political disinformation being allowed back on the platform to spread more lies, in clear violation of Facebook's own policies
Christopher	MA	Please consider the negative effects and impact that allowing Donald Trump to use your platform to continue to spread his divisive message of hate and to threaten our democracy! Be a force for good, for us and our children! Thank you
Dean	MA	Too many lies come out of him that are dangerous.
Elaine	MA	He incited a coup. He financed a coup. He spreads dangerous lies every time he opens his mouth. Our democracy is hanging by a thread.
		I very much hope that Facebook extends the ban on Donald Trump in perpetuity. His posts were incendiary and we all witnessed their impact on January 6th. I have seen no evidence that he regrets These divisive, destructive words, nor that he has any intent of reforming. Please do not allow his return.
Vicky	MA	Vicky Steinitz
Cheryl	MA	Donald Trump has proven himself an anti-democracy advocate, misusing the power of his former office to spread lies that lead to real violence. He has shown no inclination to stop.
Susie	MA	Donald Trump is a dangerous and disturbed man who has told countless lies. He should NEVER be allowed on Facebook!!
Marsha	MA	His comments are dangerous for the country.
Bonnie	MA	No Donald Trump on Facebook, please!
Mark	MA	He had his followers attack the US Capital! Helped Covid kill hundreds of thousands of Americans by lying about had bad it was, giving dangerous misinformation & abdicating his responsibility & leaving it up to the states! What do you have to do to be permanently banned from Facebook???
Michael	MA	Donald Trump's inflammatory presence on social media fomented, aided, and incited the attempted undermining of a free and fair election, and a seditious deadly riot that invaded the U.S. Capitol. He has given encouragement and shelter to white supremacists, misogynists, Christian Nationalists, hate groups, and Fascists in the United States and the World. He should not be given a platform to continue to incite mobs to do his bidding.

Margaret	MA	<p>We all know that Donald Trump is incapable of dealing with reality or of telling the truth. He will never stop promoting conspiracy theories, of spreading false statements about others, of spewing racist and white supremacist comments and beliefs and encouraging actions against black and brown people.</p> <p>What would ever make you think it's acceptable to allow Trump back on Facebook? Why would you give such a known and dangerous individual a FB platform?</p>
Amelia	MA	<p>Facebook should enforce its own policies and permanently ban Donald Trump because after five years of promoting his inflammatory rhetoric, lies and calls to violence Facebook only temporarily banned him after there was an insurrection on the Capitol. An insurrection planned in plain sight on Facebook! Facebook has even more blood on its hands as Capitol Police officers die by suicide.</p> <p>Now there is no defense to NOT ban Trump; he's no longer in office and is under multiple criminal investigations.</p> <p>After allowing QAnon to flourish on their watch, seeing thousands fall into conspiracy theories then "Alt-Right" ideology until they become white supremacists, Facebook needs to be held accountable. However, until that happens, Facebook needs to ban Trump. It's the literal least they can do.</p> <p>Sincerely, Amelia Quimby.</p>
Donald	MA	I'm trying to save the republic, & the planet. Idiot Boy Dump adds no value to any adult conversation.
Amy	MA	Trump has proven to spread lies via whatever social media allows him to. Please don't be one of those.
Dana	MA	Facebook should ban Donald Trump because He has originated and spread misinformation using facebook to stimulate violent behavior in other facebook users.
Dennis	MA	THIS MILITARY VETERAN SAYS NO! He incited something I saw while stationed in a third world country, -THAT I THOUGHT NEVER I WOULD EVER SEE IN MY OWN COUNTRY!
Judy	MA	Trump words are like throwing fire on gasoline
Lisa	MA	Disgusting. He should be banned forever for inciting violence and treason.
Anne S	MA	We need to try to get the country into reality and Trump constantly spreads lies and distabalization. Don't give him a platform Please.
Maureen	MA	Trump has no regard for civility or rules of discourse. He won't change. He's been unfettered for too long already. He can't be trusted to rein it in.
Allen	MA	trump is a dangerous liar.
Haley	MA	Facebook should ban Donald Trump because he is a pig-headed bigot with no soul or sanity. Donald Trump is what brought America to its knees. We must lift it back up, and Trump never was, is not, and never will be a part of that.
Joseph	MA	Dump Trump.
Lenny	MA	<p>(1) Donald Trump has made over 30,000 false or misleading claims during his four years in office. Source: https://www.washingtonpost.com/politics/2021/01/24/trumps-false-or-misleading-claims-total-30573-over-four-years/</p> <p>(2) Trump was impeached a second time for inciting a mob to damage the Capitol Building.</p> <p>(3) Trump has convinced over 50 million people that the election was "stolen."</p> <p>Bottom line: he is a professional liar and should not be given another forum on which to spread hatred. He will also use Facebook to bring shame and disrepute to the USA. Thank you for your consideration.</p>
Joan	MA	Keep Donald Trump off Facebook.
John	MA	Trump criminally almost overthrew our government and facebook is one of the tools he used to do it. Facebook must stop enabling terrorists like Trump, Putin, and their terrorist legions lurking in the US waiting to destroy democracy. I have only started viewing facebook again now that you have curbed at least some of this terrorist activity.
Alexandra	MA	He is dangerous to our democracy.

Judy	MA	It is high time to try and let all Americans come together and work towards an united nation which supports all its citizens, regardless of colour, religion. Let the present President and team work towards a cleaner, safer, more unified nation, without hindrance of the ex-President. Trump has had more than his fair share of world attention - time for him to retire peacefully. Do not give him a platform in the form of Facebook to continue his previous campaign of division, etc. Thank you.
Santi	MA	Donald Trump repeatedly spread lies and disinformation, and ultimately incited violence, via your platform. The repercussions of his actions have resulted in a coup attempt on January 6th, 2021, numerous deaths and injuries, and a significant minority percentage of the US population that STILL believes the election was "stolen" (the only attempt to steal the election was by Donald Trump and his supporters). In a socio-politically divided country which is facing so many incredibly pressing and daunting challenges, enforcing your own policies will help to reduce additional, avoidable challenges resulting from lies, disinformation, and inciting violence.
Mary Kate	MA	The spreading of his hate speech has led to insurrection. He should not be allowed a platform to continue to cause harm.
Linda	MA	Facebook should enforce its own policies and permanently ban Trump to access a platform for spreading lies and inciting violence. Facebook is otherwise an ACCESSORY to lawlessness and inciting violence.
Rose	MA	Trump should never be able to spread his lies and hate on Facebook again
Judy	MA	Incitement of violence has no place in society, including social media. Anyone who continually calls for violence should be banned, including former elected officials.
Tamar	MA	It should not be the fascist propaganda arm for Trump.
James	MA	Fboversight board ban trump
Don	MA	it has been just delightful not hearing from the insurrectionist
Ellen	MA	He lies ALL the time, and his energy is TOXIC. We should not give him a platform on which to spread his vitriol.
Karyn	MA	Donald Trump is a clear and present danger to the United States and the world. He should not be given a platform to spread his lies and divisive rhetoric.
Scout	MA	This man is responsible for distributing falsehoods that led to and attempted Coup and loss of life at the capital. We need elected leader of any country to tell the truth and when they betray the public trust in this way they no longer are entitled to free dissemination of lies.
Susie	MA	He is a pathological liar who constantly incites violence and stochastic terrorism against entire groups of people.
John	MA	Trump is a cancer on society.He has been removed,we don't want it to come back !
danielle	MA	His followers are still there. They'll listen to any and all lies out of his mouth. If he returns, misinformation will run rampant again and the chances of domestic terrorism by his followers will increase.
Carole	MA	The attack. on the US Capitol should be reason enough to limit or keep former President Trump from the platform. He has shown absolutely no remorse for the lives taken on that day and he will continue to spew hate and lies to I flame his base.
Joyce	MA	Facebook gave Trump just what he needed and craved throughout his presidency--a platform of adoring followers to spread his hatred and lies. He has uncovered an underbelly of prejudice that was always there, and gave his followers permission to demonstrate their hatred for non-white citizens, and to take things many steps farther than they otherwise would have. He should be banned permanently from Facebook for the safety of our country.
Kathy	MA	We have heard enough trash from Trump. We don't need to hear more.

Maria	MA	I am a Facebook user and Donald Trump's hate speech against Latinos, immigrants, and African-Americans has made me feel threatened since President Obama took office, and his online behavior only escalated over time. For Obama's entire 2nd term, I actually changed my Facebook avatar and wallpaper to my birth certificate in protest of his racist "birtherism". Now that Trump's term in the White house has ended with his incitement of violent right-wing vigilantes to break into the Capitol Building during the certification of the electoral college results, I feel even more strongly that allowing him a platform to continue inciting hate crimes and endangering the lives of elected officials would be a dangerous mistake on Facebook's part.
J	MA	Keep comradetrump off of your site. he has already done enough damage.
Jacque	MA	He incited a riot and spreads falsehoods All for his own gain. Don't let him continue
Ann	MA	Trump is a purveyor of lies that threaten our democracy. Keep him off Facebook.

Jodie	MA	Donald Trump has repeatedly spread misinformation and hate speech which has led to increasing hate crimes and other terrorist threats in the nation, culminating in the insurrection on our capitol on January 6. Please enforce your own policies and ban him from your platform. There is nothing to gain from continuing to allow him to spread lies. Thank you.

You must keep this dangerously unbalanced anti social power hungry serial liar from the privilege of being part of your community & social networking tool
Daryl	MD	just because it should
Sherry	MD	Trump is creating a climate of hate, racism, and turning his supporters into terrorists. He must not be allowed and social media platform where he can share his lies and lack of knowledge about everything.
Darius	MD	Trump has incorrigibly and consistently been lying on social media since he his birther claims about Obama. He has had plenty of chances to change his behavior and has not done so. Ban should be permanent.
Barbara	MD	The world has enough ugliness right now. Thank you for shutting down the trumpet. He throws gasoline on sparks and they blow up.
Abigail	MD	Donald Trump should be banned from spewing hate, lies and disinformation.
Noel	MD	Have you no sense of decency? We just had an armed insurrection at the Capitol Building, resulting in five deaths. And you want to incite more of the same???
Kathleen	MD	He has never shared anything truthful or complimentary. It has been such a pleasure to be free of his extremely negative communication. Please don't let him have Facebook as a platform for his lies and abuse. Thank you.
Tony	MD	Why allow someone that you know willfully lies and incites violence back on your platform? PERMANENT BAN!!!
Carolyn	MD	Facebook needs to enforce the policies it already has. It's already against Facebook's rules to share inaccurate voting information, spread election disinformation, or incite violence at the polls--all things that Trump and his allies repeatedly got away with during the election. A "time-out" followed by reinstatement of his privileges--not rights-- will only encourage him once more to yell "fire" in a crowded theater and incite more domestic terrorism and sedition. The ex-president must not be given a national platform to lie with impunity and foment more violence.

Karen	MD	<p>Dear Facebook Oversight Board and Mark Zuckerberg,</p> <p>Quite frankly, I am shocked that I have to even write this message to you. Facebook has rules that prohibit sharing inaccurate voting information, spreading election disinformation or inciting violence at the polls. Why would you even consider allowing former president Donald Trump back on Facebook? There is no indication that he has changed his thinking or behavior related to your rules (i.e., disinformation) and/or that he would not incite violence in the future. The attack on the Capitol, murder of a police officer, suicides of 2 police officers, deaths of private citizens and the potential killing of the Vice President and members of Congress should be enough for you to permanently suspend Donald Trump from Facebook (as did twitter). I am having difficulty understanding why you would even consider this. This is NOT a free speech issue. Your organization just like any other in the United States holds accountability for your actions/inactions. The former president incited a mob that forced their way into the Capitol, caused death and destruction and attempted a coup. Truth matters. Be brave enough to prevent disinformation that harms individuals and our democracy. Enforce your own rules!! Karen Murphy-Keddell</p>
Elaine	MD	He's had for years to spread his lies. No one should assume he will change and should have to waste time monitoring what he says.

Diane	MD	Please, I beg you, do NOT allow Trump to pour his venom and lies into our country's life again. Trump has done far, far more damage to our country, and to the world, than any one human should be allowed to do. PLEASE! Keep him OFF all social media! As a former president, he can give a press release whenever he wants...he doesn't need social media to speak.
Curt	MD	No Treasonous Insurrectionist should have a platform for such activity on Facebook or any other social media. When it's considered that this man was once the President of the United States, it becomes obvious that the threat he poses to our democracy's health is much to great to allow him any platform such as Facebook.
Alexander	MD	trump is dangerous to all that our nation holds dear. There is no good reason to give him a platform. Already having done that has destroyed much of whatever good will Facebook had.
Carol	MD	When someone shows that they can't be trusted and the end result is always tragic, then you make the bad permanent.
Christine	MD	Please, take Trump off of facebook permanently for the sake of the United States and our democracy. His continued lies will only further damage our democracy.
Kit	MD	You need to keep Donald Trump off Facebook because he lies and incites violence against the government. If you allow him back you are showing you approve of lies and sedition -- and you would deserve all the condemnation and legal action that occurs for those who agree with sedition.
Richard	MD	He's a criminal traitor to our country.
Barbara	MD	Enforce your own policies otherwise how can we the public trust you? I will leave
Joan	MD	It is my opinion that Donald Trump is a psychologically ill personage. Until he addresses this illness, he must not be permitted to participate in any aspect of social media lest he seriously contaminate others! He has already produced acute problems which this Country must attempt to eliminate going forward.
Jonathan	MD	If Facebook lets this megalomaniacal psychopath, who, not only inspired the insurrection at the Capitol on January 6th, but is still conspiring to bring down our government, then Facebook has told the American people they're fine with Fascist lies, and the destruction of our government. If that happens, I believe Facebook needs to be targeted for their part in trying to take down our government, as well as supporting murder and assassination!
Karen	MD	Do the right thing, for goodness sake...protect our citizens from white supremacist Trump.
L.	MD	Please ban Trump from Facebook; he incites violence in people.
Daniel	MD	It should be a no brainer in allowing him access to FaceBook. He is unamerican and a traitor to all who have served. It's a disgrace to even mention his name for anything other than indictment and a prison sentence.
Virginia	MD	Trump should be banned because of his history of spreading lies & misinformation that results in violence. He and his 'followers/cult' do not seem to want our country to heal and grow. It is for our country's health that he be banned.
Adelheid	MD	Trump should not be allowed to spread lies and incite violence. And Facebook should enforce its own rules! Facebook is as guilty in supporting white supremacy as the people charging the Capitol. Shame on Facebook!
Susan	MD	He is a menace to the community.
Samuel	MD	He's an threat to the country
Heidi	MD	His lies should not be supported.
Barbara R	MD	We have heard all he has to say in vulgarity .
Carol	MD	Don't enable hate and violence. Keep Trump off Facebook for good. It's not a free speech issue.
Christel	MD	Facebook suspended Trump's account, removing his access to the platform for spreading lies and inciting violence. We all know he will continue to do the same thing if given access to the platform again. Please, please save our democracy and keep him off of Facebook for the good of our country.

Susan	MD	It is imperative that you follow your own guidelines. As you have recently done the right thing with regards to Holocaust denial you should do the right thing now and ban Trump forever for consistently violating social media policy and I citing violence. Please, lives are at stake.
Maj-Britt	MD	Facebook must not normalize calls for destroying the democratic system, killing people, or providing misinformation!
Jane	MD	Social media platforms can NOT become communication platforms for terrorists and seditionists. Otherwise they are colluding with these organizations and should also be legally liable for damages of subsequently invoked violence.
M.	MD	There is a clear and obvious pattern of insulting, demeaning, threatening, and violent speech that will not change. This, of course, is in addition to the lies and encouragement of white supremacists. It is obvious that this type of speech will only continue. The account should have been closed well before January 2021 with the violent threats alone. There should be no thought to reinstating a platform to continue spreading this type of lying, manipulation, threatening, violence, racism, misogyny, and vulgarity.
Mary	MD	I sincerely hope that Facebook will exercise wisdom for the sake of its users. I appreciate what it has done to try to contain the spread of false information and hope that it will further not let dangerous and irresponsible behavior stand. Thank you.
Shellie	MD	He is hateful, malicious & lies. He incited violence on the US Capital which resulted in several deaths! Isn't that enough reason?
John	MD	Trump is a selfish man who cares little for people. He should be kept off Facebook.
Carolyn	MD	Hate and bitterness have no place On Facebook.
Darrell	MD	What took you so long to remove the Trump account?
Janice	MD	Please permanently ban Donald Trump. He is a liar and a trouble maker.
Judith	MD	<p>Although I'm a strong supporter of an individual's first amendment rights, there is a fine line between free speech and rhetoric intended to incite anger and violence. Throughout his campaigns and presidency, Donald Trump used that kind of rhetoric on Twitter and Facebook to enrage his followers against the media, members of Congress, governors, immigrants, and even members of his own administration. He spewed lies about the election being stolen. He called out Mike Pence specifically in front of thousands of angry supporters. As they marched to the Capital, he sent a tweet that Mike Pence failed to block the electoral count, knowing full well it would ignite his followers anger and passions. They erected a gallows and went in search of the Vice President. His speech was not innocent, it was calculated and deliberate. It cost lives.</p> <p>Donald Trump's speech and lies have cost lives and caused individuals to live in fear for themselves and their families. It's time for social media to refuse to be a party to it. Words have consequences, and if Trump can't take responsibility for his words, then it's long past time for social media platforms to do it for him.</p>
LaJuan	MD	He's a lying horrible menace , he stands for hatred.
Mary	MD	His spread of lies cased the uprising on our government.
Shaunna	MD	Our democracy and our lives are on the line.
Elizabeth	MD	Everyone should follow the same rules. When Facebook let Donald Trump evade the rules, we ended up with lies that led to the violence at the Capitol. We can't let this continue. Please permanently ban Donald Trump for the safety of all.
Edith	MD	I am so proud I'm not part of Facebook because the only reason Facebook exists is to make money. It absolutely does nothing good for anyone anywhere. Facebook should be absolutely ashamed of how they allow hate speech. Although I'll never know, it would be interesting to know if Facebook has the guts to print my negative thoughts about them. Facebook needs to be gone; period.
Kristal	MD	Facebook can't control the lies Trump and those like him spew—don't give them a platform to do it in the first place. Control what you can, which is keeping him off. Seems pretty obvious and if Facebook doesn't have the good sense to do what's right, they'll continue to lose folks like me and many others to other platforms that are willing to take the right stance.

Diana	MD	He tried to ruin our democracy!
Merry	MD	Donald Trump - if given the opportunity - will continue to lie, spread disinformation and work to undermine the Biden Administration, Congress, the Supreme Court and - most importantly - our Constitution, the supreme law of the land. He wants to be a dictator and is using propaganda to play on people's fears, prejudices, and ignorance. He is a sociopath who has created a cult that poses an extreme threat to our democracy. For the sake of our nation and for people's safety, he must be banned from Facebook permanently.
Nancy and Bill	MD	Trump insights hate when he is on Facebook. We need love and understanding not hate. Keep Trump off Facebook permanently.
Diane	MD	Please remove that poisonous, troublemaker Trump from your site. He is a liar, murderer, riot inciter, and all around bad guy. It will back fire on you if you allow him back on. It will be your fault if he causes more death and destruction. You would be an enabler. As a business, you might think this will generate benefits to your bottom line. Real Americans put their love of the United States above personal gain. Listen to your mother and follow the golden rule. Thank you for your consideration.
Tracey	MD	It is not hyperbole to say that Donald Trump has divided this country to the point that we are on the verge of civil war. If not war, there will surely be more violence and hateful rhetoric. Please enforce your policies in order to help our country heal, and keep us all safe from violence and hate crimes.

Moreover, because of his use of threats against Republican officeholders to sponsor people to run against them if the current officeholders didn't support him, he has undermined the stability of our 2-party government. Facebook must be responsible NOT to allow your platform to spread lies or incite violence and insurrection -- and you should be financially liable if you do so.

Lorne	MI	Because Trump is a traitor to the U. S.
Shalom	MI	Do not let Trump back on FB! He sows fear and spreads misinformation. He is detrimental to our society.
Daniel	MI	He uses whatever platform he can get to incite insurrection and foment hate. What more do you need?
Audrey	MI	Donald Trump has done more than enough damage to our country and the world with his lies and his inflammatory rhetoric. He should be banned because he's proven that he can't be trusted to follow the rules. He should not have the privilege of having a forum to perpetuate his self-serving agenda.
nancy	MI	Under no circumstance should he be allowed back on face book. He abused it, and he will continue to do so if allowed back.
Ellen the Dreyer	MI	the former tyrant is dangerous and should have no more avenues for his voice. I am not involved with 'face book'.
Mariama	MI	Because Donald Trump uses social media to bully people, to spew hatred and division, and to incite violence, prejudice, discrimination, and bigotry.
Marilyn	MI	He is a liar. He is immoral, unethical, does not support a democracy and he uses lies to support a large group of violent, anti-democratic bigoted, racist thugs.
M. Jane	MI	Trump was banned from FaceBook for good reason. He persists in the pernicious, seditious lie that the 2020 election was fraudulent. He shows no sign of telling the truth, so his banning should be permanent. His comments serve only to sow hatred and division and should not be permitted.
Christa	MI	Really??????? After Facebook was used by Russia to elect this insano, you are considering letting him have a platform for his racist, rapist thoughts??????? Really? Have some dignity.
Dave	MI	Donald Trump has used Facebook as a platform for spreading lies and inciting violence, in clear violation of Facebook's own policies. Allowing Trump back on Facebook's platform would enable him to spread more lies and hate, as he would continue to violate Facebook's policies. Therefore, Facebook must permanently ban Donald Trump.
Dan	MI	Trump is a bona fide SOCIOPATH!! He knows NOTHING about how to tell the truth!! AND he could very well stir up another crowd to have a repeat of January 6!!!!
Julia	MI	This man actively spread hundreds of lies to manipulate and agitate his cult-like followers and supporters. You let this happen publicly on your platform and your technology even helped these people find one another and spread these hate filled lies. You are partially complicit in the acts of terror these White Nationalist terrorists have committed. Do better. Keep an eye on these things and prevent things from happening again. Don't let hatred and falsehoods continue to run amuck on your website.

Judi	MN	He's a racist and Bigot

Zack	MN	Donald Trump has shown again and again that he has no interest in restraining his speech and will continue to incite hatred and violence.
Birdie	MN	Because he is the leader in destroying our country. If you care about our country you won't help him so.
Franz	MN	Un-American Activities. Sedition & Treason. & countless other high crimes & misdemeanors.
Joan	MN	Do NOT allow Trump to return to Facebook!!!!
Dean	MN	The world is chaotic enough with out providing a sociopath a platform to spread dangerous lies and incite violence!
Cindy	MN	The man is dangerous and will never stop spreading lies and misinformation. It is not in his nature to change. He is a danger to democracy.
Daniel	MN	Per Facebook policies hate speech is banned. Trump has violated these policies many times and should not be allowed to do it again.
Larry	MN	Donald Trump's words and action caused the death of 5 Americans on January 5, 2021. One the victims of Trump's lies and words was a police officer. Thanks
Frank	MN	Donald Trump has NO place on any public electronic forum. In his four years imitating a president he lied a total of 30,573 times, according a fact checking service. He will never change. If his lips are moving, he is lying.
L.	MN	His constant mendacity.
Florence	MN	Trump is a dangerous man who has no moral boundaaries, and who can incite violence.. as we have witnessed. He needs to be banned to protect our country.
Aaron	MN	The former president has proven time and time again that he is more than willing to use lies or calls to incite violence to push his agenda. There's no reason to believe that we won't see more of the same if his access is restored.
Ev	MN	Does Trump have to shoot Mark Zuckerberg on 5th Avenue for you to realize the danger he presents to American democracy? More than 30,000 verified lies after four years is more than enough.
Bill	MN	To Stop the lies and misinformation that affects our democracy and the inability to police their own policies.
Tracy	MN	He is a clear danger to our country and is unfit to run for anything. He spreads dangerous lies.
Alice	MN	This is exactly why. He is not "privileged" just because he was Pres at one time.
Lori	MN	His lies and conspiracy theories and hateful and racist rhetoric have brainwashed people, raised a dangerous level of hate and violence all over our country. In my opinion Facebook has contributed towards all of this by allowing this hate filled speech and lies to contaminate peoples minds and encouraged violence that is now out of control in our country. Mr. Trump can't stop lying or saying inflamatory remarks. He is vindictive, vile, unapologetic and will say anything to to make people believe his lies, his conspiracy theories and push his vile agenda. If he is allowed back on facebook in any way, I will personally drop facebook and employe people to do the same. There is no compromise on this topic!! All QAnon people should be off as well, which he also supports. Just like any other terrorist group, like proud Boys or Ghadists, they shouldn't be allowed on here either, as well as fake news, lying propaghanda profiles!
Lori	MN	Do the morally right thing - stop the lies and violence on your platform! - for EVERYBODY willing to write then. What kind of a country do you think we want to live in ? Not in the one domestic terrorists have promoted on Facebook. Shame on you for even considering it acceptable!
Geoffrey	MN	Enough lies and hate speech! Keep trump off FB!

Kelsey	MN	This man is a dangerous, narcissistic wannabe-dictator who stirs up & encourages misinformation, hate speech, white supremacy, and violence. He'll say anything to keep his followers applauding him & chanting his name. A public figure like that should not be allowed a platform or megaphone with which to reach his followers. Please permanently ban Trump from Facebook.
Barbara	MN	Trump should be banned because he spreads lies that inflame civil unrest and domestic terrorism.
M Katharyn	MN	There is a man Laying in State at the Capitol now because of Donald Trump. He bragged he could murder someone on 5th Ave. and get away with it. Don't let him get away with more mayhem. Peggy	MN	He's violated Twitter. Get him off FB!
Emily	MN	Trump can't be trusted and the ban should be life-long. He has never showed any remorse or concern for his actions and the list is long!
Fred	MN	Misinformation is a weapon used by many leaders to make a lie the "truth" It has happened in Russia, Germany, Spaain, Italy, and even the US to persuade the people to back war
Gloria	MN	Trump has spent decades spreading his hate, anger, and lies. He has contributed to the sorry state of our country with his uncensored, evil comments. Permanently ban him for our sake.
Alan	MN	Blatant lies and misinformation erode the pillars of our democracy. No president has abused his responsibility in this regard more than Donald Trump. If you broadcast these lies indiscriminantly you bear some of the responsibility for their proliferation.
James	MN	Trump lies consistently and his lies are egregious, designed to foment violence and bring down our democracy. That is not tolerable. "Free speech" does not include the right to incite violence and sedition.
Tim	MN	He is a lying asshole and a psychopath!!!
Ann	MN	Ban Donald Trump permanently from Facebook.
Marshall	MN	Trump speech creates violence and hate. That is his goal. Hitler needed to be stopped, trump needs to be stopped before he does more damage. He doesn't need the megaphones of social media to help him spread his vitriol.
Alva	MN	Trump must be permanently banned from. FB because his lies and incitement to violent extremists represent a grave danger to our democracy. and our existence as a nation.
Barbara	MN	This country needs a respite from all the hate and violence that Trump spreads whenever he opens his mouth. Hate speech has slowed down since facebook has removed trump and hate groups.
Kathy	MN	Trump spreads lies that are damaging our democracy. He is also encouraging others to commit violence for him. This alternate reality he promotes online isn't good for anybody. It hurts the people he's duped (many of them are now in jail because of him) and it hurts the rest of us because we almost lost our democracy. Loosing democracy for Trump's selfish desires is not okay. Trump is a massive threat to democracy and Facebook should not allow him a platform.

Karen	MN	Perhaps people are sometimes entitled to spread lies to the world. But when people occupy a position in which their lies undermine the security and safety not only of people's lives and reputations, and when those people's lies imperil the democratic framework of the United States, which is exactly what Donald Trump has done and will continue to do in the future, then Facebook can no longer claim immunity from responsibility for that harm.
David	MN	Donald Trump worked hard too destroy this democracy, and it's resources over four years. Do not give him a platform to continue doing it.

Stephen	MN	Donald Trump wants to spread falsehood and contempt for the U.S. Constitution.
Susan	MN	Mr. Trump lied repeatedly, literally thousands of times, during his presidency, and his lies were dangerous on many fronts. He called covid19 a hoax to the detriment of the entire country and it's efforts to get the pandemic under control. Lives were lost because of this. We lost lives and we came close to losing our democracy because of him. Keep Him Off Facebook.

Nicholas	MN	Our former president, Donald Trump, incited violence against our lawmakers, their staff members, and civilians; the very people he was elected to lead and protect. People died as a direct result of his words and posts on your site. He has done nothing but use your platform to lie, slander, and hurt people. If he was anyone else he would have been banned years ago. Do what is right, ban him forever.

Lisa	MN	Facebook's recent purge of Qanon accounts, Election disinformation accounts, and white supremacist accounts had a huge impact in reducing the amount of false and divisive rhetoric aimed at vulnerable citizens. Thank you for that. Former President Trump's account was suspended within the same time frame. He has proven incapable of controlling his impulsive re-postings, insults, and barely suppressed calls for violence on Facebook and other social media platforms. Now that he is no longer President, he cannot be allowed to restore his calls to division and violence by abusing your platform and your customers and advertisers. Please make sure you continue to ban Donald J. Trump's mis-use of Facebook.

Paul	MN	Please permanently ban Donald Trump from Facebook for spreading lies and inciting violence.
Kay	MN	Donald Trump fomented an insurrection against the U.S. government because he lost the election. He started saying that the election was stolen before the first vote was cast. NOT ONE SHRED OF EVIDENCE OF THESE CLAIMS WAS SUBMITTED TO ANY COURT IN 64 CASES AND ALL OF THEM WERE THROWN OUT OF COURT. And yet he continues to lie about the election. Trump is a menace who regularly lies, calls for violence against his opponents and calls for violence anytime he feels he's been injured like in the case of the election. Under the law violent speech is not protected speech. Misinformation decreased dramatically after Trump was taken off of Facebook and Twitter. Thus, proving that taking affirmative action has a positive effect. Further, he has been diagnosed as severely mentally ill and as such he has no right to a national forum for his views. It is time to end Trump's free reign of lying, cheating and trying to get others killed.

Joseph	MN	If he is allowed to speak, his words will get people killed.
Katie	MN	Honestly if you let him back on Facebook after inciting a deadly insurrection after an accumulation of lies, hate speech, and propaganda he helped spread, I'm really not sure how you could justify banning anyone from your platform ever. He should not get a pass.
M	MN	Donald Trump's words and activity on social media were a direct cause of the violent uprising at our nation's capital on January 6th, 2021. Allowing him to regain his platform on Facebook carries the strong potential for more violence and more threats to our democracy. Social media is a privilege, not a right, and Donald Trump has already shown us how recklessly he abuses that privilege. He does not deserve a second chance from Facebook.

judith	MN	Mr. Trump is a compulsive liar, not to mention, in my opinion, a traitor to our country, a security threat and a grifter. The lying alone should disqualify him from having a bully pulpit on FB. Please adhere to your policies in keeping Mr. Trump off of FB.

Susan	MO	Donald Trump has never spoken the truth. He is a danger to democracy and must be kept from social media. Facebook must never let him back.
Don	MO	Trump has a cult-like following. Anything that he says, they believe no matter how demonstrably false. He should not be given a platform to spew his lies, it is too dangerous.
Lisa	MO	Donald Trump spread false information and incited violence during his entire 4 years in office. There is no reason to suspect he will change. As evidenced by the January 6 attempted insurrection, he is a threat to lives and democracy and should be kept off Facebook, Twitter and other social media.

Michael	MO	Facebook has proved itself to be the world's largest conduit for the relentless assault of truth in this world. Letting the biggest, most-prolific liar of any public figure in history back on your platform would only serve to prove Facebook's spineless lack of ethics.

Tina	MO	Arrogance erodes intelligence. Free speech doesn't mean you have to give a platform for hate groups and irrational, false conspiracies. Giving them a platform leads to destruction and death. You already have blood on your hands and it is long overdue that you do the right thing, no platforms for hate!
Linda	MO	The former disgraced insurrectionist in chief Donald Trump does not deserve to be heard by anyone. He must be kept off social media to protect our democracy. He should have been deplatformed 5 years ago when he started spreading lies and disinformation. I am personally not on Facebook or Twitter as I do not feel the need to share with the world what I prepared and have a social group that typically meets in person obviously not since the pandemic. Twitter and Facebook are for weak people who need attention and are too cowardly to interact with someone in person. Get a life!
Gail	MO	Donald Trump is a white supremacist, a traitor to the Constitution and he has used Facebook repeatedly to incite violence against the government, specifically members of Congress. He must be banned permanently from Facebook. The very fate of our democracy demands this!

He is a far right extremist, who uses lies, xenophobia, racism and anti-Semitism, to radicalize his supporters and directs them to commit violence against his perceived enemies, and to accrue power. Sheri	MO	I feel such relief without the constant flood of contentious and inflammatory comments by Trump and his allies that culminated in an attack on our Capitol building. With the apparent creation of new domestic terrorists and activating of those who had already been violent, this is not going away and will take time to heal. PLEASE do not re-create this anti-democratic negativity by allowing Donald Trump to have a larger platform once again. He should be permanently de-platformed. Debora	MO	Hate, bigotry, violence, racism and other discriminatory and hurtful speech from Trump disgusts me. Yes we have freedom of speech but we must also understand there are consequences for harm done and giving Trump a "voice" is a slap in the face to truth lovers. There is no place for insurrectionists and domestic terrorists to spew their hate and I am sick beyond belief at you even thinking to give Trump his voice on Facebook. The lies and terror filled name and hate calling I receive from "users" is sickening. It needs to stop please and thank you. A teacher in Missouri

Theresa	MS	He would just do the same thing again. He's still saying he won the election. Don't let him back on.
Linda	MS	This man is a racist, he evening hates his on race. And he's the biggest lair man has ever known and America doesn't need anymore of his hatred and lies.
Rosemary	MS	Trump won't learn. Glad I no longer have to be affected by his abhorrent and unmanageable vitriol. Allow him at your own mental health risk. I have not watched TV in 2 years because of his vile nature.
Rochelle	MT	FB is accountable to the people. Simply removing Trump from the platform isn't going to fix the systemic racism and sexism built into the very algorithms of Facebook, but demanding that Facebook enforce its own policies around disinformation is an important step on the path to re-imagining social media platforms that allow people to connect with each other free from the threat of misogynistic and white supremacist hate and violence.
Francesca	MT	Have we not learned that Trump is a compulsive liar. He tried to undermine a fair election and instigated a riot. There should be consequences for traitorous actions. He is not trust worthy. Do not allow Trump back on Facebook.
Maureen	MT	The whole nation observed the result of Trumps chronic misinformation, the spewing of hateful and divisive vitriol, and his out right lies that fomented the historic insurrection on our nations capital. Both Twitter and Facebook were the conduits that allowed this to happen. If you reinstate trump's Facebook account, you will be knowingly complicit in all future outcomes for giving him back this privilege. Have some courage and integrity, and hold trump accountable to your own policies by permanently banning him from Facebook, the nations eyes are watching.
Kerry	MT	Donald Trump never tells the truth. Keep his comments off Facebook. We don't need more lies.
Carol	MT	Facebook needs to ban Tump for life. He is dangerous. Facebook needs to ban any and all posters that promote violence.
Wayne	MT	As a person of color my freedoms are negatively affected by his false information. We all have the right to freedom of speech but not when the safety of others is taken away.
Richard	MT	Yes, Ban the bastard!
Phyllis	MT	Please do not give Trump a platform to spew his hate, lies, and meanness.

		<p>The power and influence of Social Media platforms has grown to the point that they have more viewership (followers) than television or print journalism. For many people, they only consider sources like Facebook to be valid news outlets.</p> <p>The danger of allowing fringe, hate, and separatist groups to operate unchecked on Social Media platforms is that this gives them the same power of access that registered journalists, corporate leaders, and elected officials. This has, as pointed out over the last 30 days, literally recruited a nationwide coalition for flat earthers and deniers of the 9/11 attacks to attempt an overthrow of our national government.</p> <p>With the power, influence, and monetary capital involved wielded by Facebook and other online services, they all share a collective responsibility to manage these communication channels. The simple fact is, if Facebook and other platforms continue to allow these deranged individuals to spawn social and political movements then Facebook and other platforms are offering enormous media and financial support to aid and abett terrorists and criminal enterprise across the board.</p> <p>Whether or not the owners or Boards of Directors of Facebook and other services are fellow travelers with these anti-American groups is irrelevant; the continued existence as a valid and lawful enterprise requires that these services reject the abject lies and falsified conspiracy theories of Donald J. Trump and other cohorts who seek to undermine and reject our way of life.</p> <p>Individuals who abuse their accounts on Facebook and other sites must be de-platformed, involving both a removal of all of their content from registered accounts and a ban on any further use of these services. This is the stated policy of Facebook, and consistent enforcement of these rules is an expectation of conduct for these organizations.</p>

Toddy	MT	Donald Trump is still pushing for the overthrow of the legitimately elected government. He should not be allowed to send out calls for sedition as he had previously.
Donna	MT	I hope you take the opportunity to prove that you represent a social platform that does not allow lies to be used to gather support of men like Donald Trump. Please do not allow yourselves to be used by any person or group who will spread lies for their own gain. Please permanently ban Donald Trump from Facebook.
Virginia	MT	He should be banned because his rhetoric has already incited people to commit violent acts. He has lied and vulnerable people believe him. He does not need a platform right now.
Bill	MT	because Donald Trump is a serious threat to life and property and sanity
Jerald	MT	Donald Trump has proven himself to be a threat to national security. Facebook must not be complicit in tearing down democracy in favor of authoritarianism. Ban Trump permanently.

Kenneth	NC	Why in gods name would you let a person with such lies, ugly rhetoric, and a possible voice to try and overthrow the government BACK on the pages of Facebook? This time YOU WILL BE COMPLICIT in the next attempted overthrow of our government. The fact that you are even thinking about it again makes me wonder what is going thru the minds of FB. Do you really need someone of that ilk on your pages? You are already leaning towards Mein Kampf. Is this what you want to be know as?
Christine	NC	Letting trump back on to Facebook would be the worst possible decision in light of the fact that he fomented such hatred across the country causing a great divide in our democratic system. Please DO NOT EVEN CONSIDER IT. If he's allowed back on, we can kiss America, as we once knew it before his illegal rise to despotic power, goodbye.
D	NC	Ban for life!
D.	NC	He actively promotes dangerous conspiracy theories, hate, Nazism and violence.
Deborah	NC	Like people who have abused animals, Trump should never again be allowed access to Facebook because of his past behavior.
Deborah	NC	Our shamed ex-president has proven repeatedly that the speaks hates and lies and is not going to change. He has been inciting violence for 5 years, 4 of them as an elected official in our country. He does not deserve another chance to spew hate.
Lawrence	NC	We can't afford to go through another incident like the events that happened on January 6th. We cannot allow domestic terrorists to use social media platforms like Facebook to organize their activities. Donald Trump has long been a fascist and a white supremacist all his life and we cannot allow him to rally his troops online. Twitter kicked him off permanently and Facebook should do the right thing and kick Trump as well as all white supremacist and fascist organizations off their platform
Edwin	NC	The attack on the Capitol should be enough reason to permanently ban Donald Trump from Facebook. He has shown time and time again that he will say anything to incite his followers to do his bidding with dangerous consequences.
Tom	NC	Trump is a known liver. Facebook needs to rebuild is reputation or go away.
Scott A. Weir	NC	NO TRUMP until he is cleared of ALL of the many serious allegations against him.
Zola	NC	Because of the signal it sends to others that it is acceptable to abuse this privilege.
Elizabeth	NC	No nO
Cathy	NC	Because it's the right thing to do!
James	NC	The words and clear intent of Donald Trump on and on multiple times before the riot on the US Capitol were clear and straight enciting the use of soure and any means to accomplish his duistorted
Caren	NC	By allowing Trump on Facebook, you are aiding and abetting treason and sedition. You are giving voice to the most heinous bigotry. You are as guilty of incitement to riot as Trump was on January 6th.
Mary	NC	Among his many flaws, Donald Trump seems to have no vision for "the common good," or for the more compassionate version of the common good that highlights the so-called "least of these", i.e. those people who are struggling to survive. So Trump has NO compelling or relevant VISION for this country.
Gail	NC	Because his hatefulness causes harm and even death to the American people.
Kenneth	NC	I would suggest that Facebook implement a protocol whereby any post by Donald Trump be first vetted for accuracy before it is posted on line. It is chosen to post it, I recommend that the vetting results be placed first before the Trump message is posted.
Dona	NC	Ban Trump from spreading lies and hate through facebook, Ban him for life.
Catherine	NC	Why would you even consider letting Trump back onto Facebook? We know that he constantly lies, spreads misinformation, and promotes violence! That should be enough to ban him forever!!
Barbara	NC	Please, if there is any love for our country, don't let that monster stir the fire's of hatred and furthur divide us! He will if allowed a national mouth piece. Please.....
Patricia	NC	After seeing the mob that stormed the Capitol, there is no way that Donald Trump need any public platform especially Facebook.

Michael	NC	Facebook banned me permanently before this POS monster all because I was going after fascists and bigots that were allowed to do whatever they wanted on this platform. I was doing the work Facebook should be doing with humans instead of AI bots that do not enforce standards and do so with bias and without context. I am glad I got banned for it and now this is all backfiring on you. Well earned and deserved.
Babbs	NC	Don't allow Trump a platform for spreading his paranoia, bigotry, and outright lies in an attempt to keep his constituents and his power.
Barry	NC	Trump has not learned a thing about not spreading disinformation or violating the law. Since de-platforming him, election lies circulating have plummeted. Please do not allow him to return to his old bad habits of spreading hateful lies and violence which violate Facebook's own policies and should have been addressed much sooner. Thank you in advance for making the responsible choice now to keep all Americans safe.
Chas	NC	integrity
Cama	NC	Facebook should be neutral, it should not be a source of lies and extreme statements, not founded in fact, coming from the Republican former President
Christopher	NC	Facebook MUST take a stand against the likes of dangerous hate-mongers like the disgraced, despicable, dumbass, dirty-diaper mouth Donnie tRump!
Marla	NC	Do not give trump a platform to spread hate
Jean Ann	NC	Donald trump is not likely to stop lying any time soon, and his lies are dangerous and can create mayhem and damage to people. He has shown criminal tendencies with his lies. So, no I do not want to see him on FB again.
Chad	NC	Facebook has a responsibility to the public, a deadly seditious attack on the US capital was launched and Facebook, Twitter and other social media companies must protect the public from terrorist activity and from disinformation used to harm people. Facebook has a great deal of latitude as a private company, and they must use that discretion wisely. Chaos and death may drive clicks and ad revenue, but the cost is too high.
James	NC	no don't let him back on
Jon	NC	Former President Donald Trump has shown that he willfully spreads lies and misinformation as well as seditious statements. His activity led to the January 6, 2021, insurrection in Washington DC. As he will likely continue such efforts, it is in our democracy's best interest to ban the former president from social media platforms, including Facebook.
Claudia	NC	With his words and actions trump has tried to destroy our democracy. He should permanently be banned from Facebook.
Janis	NC	Donald Trump is a threat to the United States and to the Democracy of the United States, he is a trator and communist, He does no good, he is a cult leader and a very mentally man. He is a habitual lie monger. He takes no responsibility for his words and actions. He is a danger to us all.
Lynne	NC	Donald J. Trump has shown that he lies several times daily. Many of his lies and misrepresentations foment fear and hatred among different religious and ethnic people in America. D.J.Trump should be pre-monitored if he is allowed onto social media at all again.
Marilyn	NC	He must not be given the platform to do further damage to our country. He never abandoned his lies, don't give him any more opportunities.
Lin	NC	Toxic and poison, responsible for the deaths of how many due to malfeasance around covid, but sure let him back in. Smart move...
Janice	NC	If a public official tells lies often enough people start to believe them. We saw that in Nazi Germany. If we don't want to end up like them we need to check facts and hold people accountable. If you cannot do it our government must. Are you comfortable with the government intruding into your business? Do the right thing.
LAURA	NC	Donald Trump is manipulating people into believing that our elections were not legitimate, and if he is allowed to freely manipulate the American public it will lead to a great deal of domestic terrorism. He should be denied any and all platforms to spread his lies.
Jan	NC	Inciting violence should be reason enough to keep someone off social media. Some people still almost worship him; it's like a cult! And cult leaders will do say or do anything to keep their followers in line.
Jo	NC	Trump should never be allowed to spread his lies via Facebook again. He is incapable of telling the truth.

Sandra	NC	Facebook is culpable already, but you can avoid more blood on your hands by banning trump from Facebook for LIFE.
James	NC	If you aren't going to enforce a TOS violation of this magnitude, why do you have terms of service?
Jennifer	NC	There has been such a peace in the country since Trump hasn't been able to incite the hatred. Please don't give him the megaphone to start again.
Paul	NC	There is every reason to believe that he will continue to spread lies and conspiracies, and incite people to violence. His privileged position does not outweigh Facebook's basic responsibility to not broadcast willfully dangerous material.
Mark	NC	Why should we let him spread more lies
Chanda	NC	Donald Trump should be held to the same standards as everyone else. Celebrity status, even Presidential status, shouldn't shield someone from consequences for violating Facebook's terms of service pertaining to misinformation, hate speech, or incitement to violence. It sends a very bad message and emboldens the radical antigovernment groups that we saw storm the Capital when Trump is allotted special allowances that everyday Facebook users are not. Facebook should not lift the ban and permit Donald Trump to have access to a platform he has already abused and used for political incitement and misinformation.
Michael	NC	He is an enemy to our Republic & a constant liar
Kevin	NC	Please Ban Trump from your platform.
Nancy	NC	He is the center of home grown terroismium.
Charlotte	NC	A oonfirmed chronic liar like Donald Trump should never be allowed to use a facebook account to begin with, so he needs to be permanently excluded from an account, since he will never change.

Sonny	NC	He lies and will destroy our democracy
Michael	NC	Do not provide a platform to enable Donald Trump to incite further violence. Do not become part of sedition and insurrection!!!
Cynthia	NC	There is no benefit to siding with Trump now... for Facebook or for our country. Why would you allow him back? Senator Collins said she believed Trump "learned his lesson" after the first impeachment. WRONG!! The Facebook Oversight Board should consider that in their decision making process.
Bretton	NC	He incites violence, peddles lies and conspiracies, disinformation, and divides people based on race, sexual orientation, religion, etc.
Leigh	NC	He has shown by actions and words who he is. I hope that you will believe him and stand firm to your rules and permanently ban him.
Rita	NC	Donald Trump needs to be permanently banned from Facebook, so he can not endorse his own policies and spread more lies to keep destroying our democracy.
Lynda	NC	Those associated with QAnon, white extremists etc should not be a platform to communicate with the public. Trump used his position and voice to insight an insurrection against our democracy and our government and should not be allowed on Facebook or Twitter
Julie	NC	If that gasbag is allowed back on after all he's done to this country, I'll be done with FB. Can't take any more negativity and lies. He's not sorry for his actions so he'll just get even worse.

Karen	NC	The white supremacist insurrection in Washington, D.C, on January 6, was inflamed by Donald Trump's lies and aggression that were promoted on social media, including Facebook. He has violated the law and should not be permitted to use a powerful platform like Facebook because he is a danger to the US.
Lori	NC	This was be a huge mistake and is dangerous for our country!
Ethel	NC	We do not need this man inciting his followers to commit more violence against people. He does not need to be given a platform to do his racist rants.
Shoshana	NC	Because Facebook should not allow a known liar to put anything on Facebook. Enough lies already!!
L	NC	Trump promoted widespread violence. Period. Could easily do it again if he had a whim.
C	NC	Once someone incites violence, they might do so in the future, and should be banned for life.

Sharon	NC	No one with Trumps psychological condition should be allowed to post his thoughts on line.
Ann	NC	With the trial for the impeachment coming up he shows absolutely no regret or understanding of the horror he's done to America.He refuses to even consider that he has lost the election.You have to seriously question his sanity. And he will go right back to the baiting and illusions that he has done for over 4 years now. He is responsible for the terrorist attack on the Capital building he is responsible for the deaths of 5 people and the injuries to well over 100. He took great joy and watching the attack on the Capital building and did not try to stop it and he will bait people again and again and cause more attacks. You must not let him on Facebook he will never change.
April	NC	Facebook is already where my dad got brainwashed. If you give in, if you ignore your own policies to give Trump a platform again, you will become 100% an indoctrination tool of the alt-right.
Mary	NC	You MUST not let that evil criminal spew his venom.
Tim	NC	Free speech. What does that mean? Should we be allowed to spread lies and hate? I don't think that's what the framers of our Constitution meant. Trump has demonstrated his lack of moral commitment and should therefore be banned from the site as well as all social media.
Darlene	NC	Everyone talks about free speech, but years ago the US Supreme Court acknowledged limits to free speech when they said one cannot shout "Fire" in the middle of a crowded theater. Donald Trump has put a torch to our democracy by spreading lies, hate, and conspiracy theories with his tweets and FB posts. He has slandered people by promoting baseless Q-Anon claims. He is a power hungry, wannabe dictator, not a statesman or a public servant. If FB allows him a voice, I will be shutting down my account completely.

Nathaniel	NC	Donald Trump continues to spread false claims that he legitimately won the November 2020 Presidential election. Those claims have already resulted in white nationalist terrorists attacking the US Capitol and threatening the lives of members of Congress and the Vice President. Allowing Trump to once again access Facebook will give him a platform to continue amplifying those lies and inciting more violence from his white supremacist followers. This inflammation of racism and violence would not be tolerated from any other private citizen, so should not be tolerated from Private Citizen Trump.
Elisabeth	NC	Freedom of speech does not give us the right to shout "fire" in a crowded theater, the Supreme Court ruled over a century ago. Donald Trump has shouted "fire" repeatedly in an attempt to influence Americans. He should be banned by Facebook from doing so again!!!
Carla	NC	He is injuring our Democracy by postings lies and inciting people to commit violence and try to overturn a freely elected President insisting the "Election was Rigged" but anywhere a Republican won it wasn't rigged? He shouldn't be given your platform to lie to the people of US and the world. He is dangerous to Democracy.

Linda	NC	He is like a cancer. Uneducated, egotist, mentally ill, incites unrest and division, lies constantly, faithful to no one, concerned only for himself. Hopefully he will just fade away, forever!!!!!!!
Rachel	NC	WE do not need his lies and trying to undermine our Great Country. He is guilty of this insurrection and this Coup against our Great Country.
Emily	NC	Donald Trump violates your own policies. If you do not permanently ban him, what is the point of having the policies in the first place?
Leigh-Ann	NC	if we can't trust Facebook to enforce / honor its own policies about permanently banning Trump, how can we be sure they are adhering to any other regulations? Who's to say they're not going back on other commitments to the public, such as keeping our photos safe from child predators, etc!?:(
Elijah	NC	People died as a result of Donald Trump's words and actions. Remove any figures that inflame violence and support supremacist actions.
Melanie Maclenn	NC	Trump clearly is interested in this platform for his own ends which are unfortunately opposite to those of a constitutional democracy. Do not give him this possibility again.
Mike	ND	Go home we don't did you at all please
Ron	ND	Donald Trump attempted to overturn the results of an election. He did so by using social media to spread lies and misinformation. He will continue to foment unrest, and in all likelihood, instigate violence. He is a threat, and should not be given a platform to spread hate and lies.
David	NE	I don't want to see Trump anywhere on Facebook. It would offend me.
Patricia	NE	Free speech does not mean the right to lie freely or incite violence. It is clear that lying and blaming others is a way of life for D.Trump and allowing him access to social media means you are an accomplice. Do the right thing. It is essential to have basic values of truth in order to have peace and justice.

He has a serious personality disorder where he is incapable of telling the truth. He will never change and should be banned forever. It's critical for our democracy.
Robert	NE	Donald Trump should never again be given a platform on Facebook. After 5 years or more of hate and lies it is clear that he has no moral compass and Facebook should not be an enabler of such.

I have been contemplating giving Facebook the flick because of the perpetual loop of advertising and the money-grubbing attitude that fraudulently passes as allowing 'free speech'. Allowing him back on will be one mistake too much.

Cynthia	NH	Donald Trump seems to have an uncanny way of stirring people up and fomenting trouble. Unfortunately, most of what he posts on line is lies: lies about almost anything.I think it is dangerous to allow him to continue this practice, and I encourage facebook to continue with Trump's ban from the public platform. The results of the original ban have been a huge change in the amount of lies and disinformation: 73% less! Please sustain Trump's ban. Thank you.

Janice	NH	Why have policies if you're not going to enforce them?
Pamela	NH	We cannot condone lies to boost the ego of a person who clearly thinks the world belongs to him and a world that does not hold him accountable- which he should be. The "commoners" of the world would surely be held accountable. Money should not be allowed to speak. My opinions matter too
Glenn	NH	Are you even kidding? Hasn't Trump done enough to divide our country and attack democracy? No Never!!!!!!
Tracy	NH	Please do not let this dangerous man have a platform of hate, racism, revenge, destruction and bigotry. Banning him now will save you hundreds of fires to put out later! If you let him back on FB you risk being named a part of his dangerous and deadly agenda only to ultimately regret the decision a thousand times over.
Judy	NH	What he has to say is very dangerous and it has to stop now before he can cause anymore harm than he has. There is no place for his lies or his hatred.
Judy	NH	What he has to say is very dangerous and it has to stop now before he can cause anymore harm than he has. There is no place for his lies or his hatred.
kevin	NH	Anyone who uses social media to spread lies and promote sedition should be benned from those platforms
Janet	NH	Are you crazy? Donald Trump doesn't learn his lesson. He will be right back inciting the right-wingers and asserting he is still the president!
barbara	NH	Trump has done unthinkable damage to our world, and should be SHUNNED.
Eleanor	NH	Just say NO!
John	NH	He Lies Non-Stop
Robert	NH	Because the risk of violence is still enormously high – and there's a direct correlation between Trump's accessibility to platforms like this and potential for additional violence to occur.
Lisa	NJ	He is gathering people and compelling them to act violently and destructively. That goes beyond freedom of speech
lila	NJ	What a terrible mistake. Having 5 people killed isn't enough? How many more deaths would be Facebooks fault?
Susan	NJ	He is a danger and many will boycott your site or advertisers if you let him back on.
Marinus	NJ	Trump is a persistent threat to society because of his incessant lies and implied cries for violence. His voice should be silenced, now and forever. The time for repentance is long past, and no more mr nice guy for him
Evelyn	NJ	Trump has lied, caused a threat to our democracy. He must be banned from all social media cites for good.
Patricia	NJ	Donald Trump is a lies and manipulated the truth to stoke an emotional response in the needy and disenfranchised. He pushed for a coup so that he could retain his Presidency. Over 400,000 US citizens died of Covid under his watch because he refused to acknowledge the Covid-19 pandemic. He is a textbook narcissist who has polarized this country and it's democracy to such an extent that we may not be able to recover. Please permanently ban this unAmerican liar and his fascist hate speech.
Tina	NJ	BAN him for life. There are no riches, no greed justifiable enough to allow FB or IG to contribute directly (or even indirectly) to this man's commitment to destroying this country, Jeff Zuckerberg. None.
Kate	NJ	His misinformation is a cancer.
Sharon	NJ	Our country needs unity not lies to incite riots and murder please don't let hatred and lies be one of the things you allow to spread If that happens I would have to leave Facebook forever
Liz	NJ	Lies and hate are dangerous to the fabric of society and democracy. Do not let your platform be used for such destructive and hateful purposes. Your business will thrive if you do the right thing.

First name	State	Comment
Sharon	NJ	Donald Trump traffics almost exclusively in lies, distortions, and dangerous incitements to violence that threaten our democracy itself.
Dennis	NJ	Trump is a clear danger to our Democracy and should not have a voice on Facebook
Edward	NJ	Those who want to give an insurrectionist a platform to encourage the overthrow of our government must be insurrectionist themselves.
Jessica	NJ	Anyone who has incited a terrorist attack should no longer have a platform to continue incitement.
Morgane	NJ	Donald Trump should never be allowed back on Facebook. Period!
Linda	NJ	Donald Trump is a threat to our democracy. Facebook is being used as a tool by him to spread lies and propaganda and to develop a conspiracy to overthrow the government. You know this. If you reinstate him, you are saying you support this monster!
Christine	NJ	Trump cannot have this outlet to spread his lies and hate. He deliberately is trying to keep his influence strong and is a danger to democracy.
Raymond	NJ	If Donald Trump is permitted to spread his hate and lies again on Facebook I expect that at some point he will succeeded in dividing this country to the point of destruction. Further, I expect that Facebook will lose a vast number of users and unfortunately, the good ones. I will be among them.
Jazsmene	NJ	Donald Trump needs to be permanently banned from Facebook. His lies and betrayal has not only damage the country, but cause a rift between us and other countries.
marion	NJ	He is a liar and narcissist that can never change. He's a sick and dangerous man.
Sheila	NJ	Please do NOT let that horrible carnival barker back onto Facebook! He is adept at stirring up trouble, mayhem, controversy and total lies and since he has Svengalied himself into some sort of mythical god/king, the poor unsuspecting slobs believe anything he says. It's truly time to put this guy to bed, to sleep, and never let him out again. no more nightmares for the rest of the world. He is HORRENDOUS and a liar and a cheat. He can peddle his snake oil elsewhere. no one will fault you for continuing the truth blockade. thank you.
marion	NJ	He's a sick and dangerous person who can not be redeemed.
David	NJ	He is inflammatory and corrupt, and a liar to boot!
Michelle	NJ	Facebook will literally be partially responsible for the end of our democracy if you allow Trump to use your platform to re-rally the white supremacist and conspiracy theorist seditionists hellbent on killing politicians and performing a coup. There is hardly any clearer risk of harm from someone using your platform than him. He is the leader of a very large band of violent seditionists waiting for his orders. If you allow him back on when no other platform will, yours will be the platform he gives the orders on.
Rosalie	NJ	Facebook political posts tend to be vicious and vacuous as it is, we do not need Trump stoking the fires of hate.
Elizabeth	NJ	law and order. If you don't enforce your own rules, who will?
Eric	NJ	Trump has proven over and over again to incite violence and hatred. And he continues to lie and spread disinformation. He's not trustworthy, he's a racist bigot, and he will lie in order to pander to his audience. Facebook must be better than this.
Louise	NJ	Donald Trump cares nothing about America, democracy or helping others. His only game is to get more recognition and "power" by any means possible (including violent,, lethal insurrection). He MUST NOT be allowed to incite more violence - this is how Hitler got his start. And we are perilously close to that slippery slope.
Doris	NJ	Facebook must enforce its own policies and not permit Trump to further spread lies, hate speech and disinformation. He must be permanently banned.
David	NJ	Suspend Trump FOREVER. PLEASE.
Signe	NJ	Trump should not be allowed to spread his lies, misinformation, disinformation, his defamation of TRUE patriots or his racist, misogynistic and hateful rhetoric on your platform. I can think of absolutely no good reason for you to allow this. Your standards MUST be higher than that.
Thomas	NJ	Trump promotes alt-right terrorism.
Tom	NJ	Trump will only keep lying

First name	State	Comment
Amanda	NJ	Because he will continue to spread false information about the virus and hate to his cult followers. We will never get through covid with his lies and we will never make any progress with his hate speech.
Stuart	NJ	For too long, Donald Trump has been living with his own set of rules while the rest of America has to live by another. There is no public interest in giving a private citizen a platform to post in bad faith, spewing lies and threatening public servants. The First Amendment provides Mr. Trump with the right to stand outside on public property and say what he pleases — it does not guarantee him a digital platform with global reach. Follow your own rules and cut him off, once and for all, for the greater good.
John	NJ	DJT has a history of violating FB's policies and has been given multiple opportunities to clean up his act, to no avail. There is no reason to believe hw will change, so keep him off.
June	NJ	He only lies for his own agenda.
H	NJ	To support fascism and evil is to be fascist and evil. I am informing the people I know on Facebook that I will no longer be using it, which includes responding to messages from friends who do. They are good people, but I can no longer pretend that Facebook isn't a tool of evil.
Trevanne	NJ	Because his rhetoric is dangerous and he's constantly emboldening white supremacists.
Sue	NJ	TRUMP IS A NARCISSIST, WORST MENTAL ILLNESS & NONTREATABLE. YOU CAN NOT ALLOW HIM TO POST ON FACEBOOK LIES WHICH HE BELIEVES ARE TRUTHS!! BAN HIM FOREVER ALONG WITH TRUMPIANS LIKE HIM
Sabrina	NJ	Donald is an abuser, a rapist, a pedophile, a sex trafficker, a sexual predator BEFORE he ever took office; never mind the last 4 years. He must be in jail. Facebook needs to own up to the fact that much more violence would have happened if the social media platforms hadn't banned Donald from further terror attacks within the U. S. If Facebook allows him back, they must pay the consequences in every regard.
Stephen and Jan	NJ	Donald Trump flagrantly violated your policies. He did so knowingly. Therefore he deserves the consequences that anyone would face in a similar situation. He should be permanently banned from using your platform.
Brianna	NJ	How many insurrections need to occur before you share in the responsibility?
Louise	NJ	We need a solid source for truthful information...not the "junk" of Trump for which the ban started and should remain.
Juan	NJ	Trump is not a true American ,proud of his country and people . He only cares about himself and his ego etc. I still can understand why people can't see thru his hypocrisy and lies . Further more he has been groomed by Russia since the 70's as an operative for them .Can we trust such a person for our children and their future and our country !
Arthur	NJ	After several years of inciting division and hatred, Mr. Trump finally even managed to incite an insurrection resulting in death and destruction.. Why would he ever be permitted to return to Facebook?
Joanne	NJ	4000,000 dead Americans and counting. Let me repeat that- 400.000+!!! The lies that this Pres. continued to spread on FB and other social media platforms contributed to that unthinkable number of dead. The encouragment of armed militia and other hate groups by Trump on FB is beyond despicable- it is criminal. FB needs to decide that valuing human life is more important than their profits. BAN TRUMP!!
John	NJ	His evil has no place on Facebook.
Jesse	NJ	No: If Facebook allows Donald J. Trump back on its platform to spew more lies, conspiracies, and insurrection, then Facebook's community standards are a pathetic joke and an insult to millions of Facebook's users. People have been suspended or banned for far more innocent transgressions, like posting nudes in classical art which was never supposed to be an issue yet resulted in numerous problems. Trump is a threat to our democracy and democratic norms, to civility and normalcy, to fairness and racial justice. Do not allow his return.
Robert	NJ	Trump is incapable of using social media in a civil and responsible manner. He will revert to rabble rousing and incitement if allowed back onto social media, to the detriment of our society and or democracy.

jon	NJ	I believe from the evidence I have seen that Donald Trump was personally responsible for inciting riots and an insurrection against our government and, if given another chance to use Facebook, will use it as a vehicle to continue to do so
Daniel	NJ	Why not take a responsible attitude towards the health of our Democracy. Freedom of speech has nothing to do with hate speech or incitement to violence and killing people, including Congress! Keep this dangerous man, Donald J. Trump, off Facebook until he is tried and found NOT guilty! In the mean time stay the course!
Raymond	NJ	Donald Trump is worse than a liar. He is an irresponsible hatemonger who encourages people to riot and commit violent acts.
Karen	NJ	Stand up and do what's right enforce your own policy stand up to bullies
Brian	NJ	It has been such a welcome relief, and one that's been long overdue, not to hear trump's incessant lies on twitter. As we saw at the Capitol, trump is a danger with his lies, and should not have a platform in which to spread them. Permanent bans are the answer.
Pat	NJ	Facebook needs to step up and be responsible and to stop anyone or group from spreading lies, disinformation and encourage violence. Keep Trump off Facebook.
Thomas	NJ	It is grievously irresponsible for Facebook to provide an extremely powerful platform to a deliberately cruel, narcissistic and deranged person, who, based on past experience, uses that platform to continuously incite his followers to violence, especially when that person has such a large following that is either easily swayed to violence, or predisposed to violence. Allowing such a person to continue to use Facebook, makes Facebook fully complicit in the outcomes of that person's use of Facebook. If you are concerned that you could be censoring someone, solely for their political views, require that person to be analyzed for his fitness to have access to Facebook by a panel of the leading psychiatrists in the US.
Lorraine	NJ	Donald Trump has become and is a domestic terrorist. His ignoring the covid-19 crisis amounts to genocide. He doesn't deserve to be on facebook - he's a threat to the world.
Luis	NJ	To protect democracy
Kenneth	NJ	Donald Trump has divided this country unlike any other president with his continuous lies and tweets. Having him out of office is like a dream come true. PLEASE do NOT allow him to have a Twitter account in order to spread more of his lies and sow more hate.
Ron	NJ	Trump's radical, rabble-rousing rants have no place on Facebook or any other social media. I think we've heard more than enough pf his lies.
Patricia	NJ	Facebook needs to reaffirm its own policies in this matter !Always speak and act TRUTHFULLY in ALL Matters !

terry	NJ	There are people that enjoy being lied to. One great place for that is listening to Donald Trump and another is listening to Fox Entertainment Channel.

Arin	NJ	I believe the risks of allowing Donald J. Trump to continue to use Facebook are simply too great. His messages, specifically how they are being received and interpreted on and off Facebook, carry with them a risk of further incitement of violence similar to what occurred at the Capitol building on Jan. 6, 2021. The former President glorifies violence against Democrats and supports known white supremacists, hence he has been impeached for a second time by the House of Representatives. Twitter has already permanently banned him and his violent, racist, and xenophobic rhetoric, and Facebook must do the same.
Ralph	NJ	If you put him back ,it means you believe in what he is saying! The man is delusional and represents every thing wrong with America. Do not allow him back on. It has nothing to do with free speech ??
jeff	NJ	I left fb and won't be back because of how American terrorists use it with permission from fb. Sctew you.
Frances	NJ	TRUMP THE TRAITOR-MURDERER OF 450,000AMERICANS-FRAUD-COWARD-SOCIOPATH-PATHOLOGICAL LIAR-THIEF-BUM...WHY WOULD YOU ALLOW THIS WALKING ANTI AMERICAN TO SOIL YOUR NETWORK???????
Anthony	NJ	In order to recover from Covid the last thing the country needs is a fascist dictator.
Roberta	NJ	There should be no shameful or hateful rhetoric.
Robin	NJ	In my opinion, Trump damages anything he goes near. Why does Facebook wish to damage itself further? Time to 'Lean Out' Facebook. No more Trump.
Jim	NJ	Trump does nothing but lie. Don't give him a platform.ii
Virginia	NJ	A leopard doesn't change it's spots and Donald Trump is not capable of changing his hatred of freedom and America. All he wants is complete power over people and money. Like Hitler, who continually lied to his countryman, Trump will keep up the same hate speech so now is the time to shut it off. Please do not allow that to happen.
Ruth	NJ	Refusing to publish lies is NOT censorship.
Harriet	NJ	Donald Trump has consistently lied, manufactured false information, and subtly led his followers to believe everything he has said or tweeted until he now has a cult-like following. Allowing his access to ANY medium where he can continue to incite these people is beyond insane...unless Facebook is willing to take all responsibility for the further damage to our country's democracy. IT IS VITAL THAT FACEBOOK CONTINUE TO BAN THIS DANGEROUS MEGALOMANIAC FROM FACEBOOK UNTIL HE IS DEAD AND LONG GONE.
Lisa	NJ	Former President Donald Trump spreads lies and incites people to act violently. Please don't give him a platform for his dangerous actions.
Raheem	NJ	Trump has not stop his assault on our democracy, police officer Sicknick would still be alive if trump would've accepted the results of our election. Trump lucky he's not in PRISON right now for soliciting electoral fraud... So the least (Facebook) you can do is keep him OFF y'all social media platform!
Annette	NJ	In the wake of the white supremacist insurrection in Washington, D.C, on January 6, we saw a sea change in how social media platforms were dealing with people spreading lies about the election, Donald Trump being chief among them. After years of organizing by civil rights groups, who were warning about just such a real-world attack, social media platforms finally took action. Facebook suspended Trump's account, removing his access to a platform for spreading lies and inciting violence. YOU FINALLY DID SOMETHING GOOD -- KEEP IT THAT WAY!!! HE NEEDS TO BE GONE FROM PUBLIC LIFE/VIEW FOREVER NOW!!
Steven	NJ	If he is allowed to keep spreading lies, the only thing that's going to happen is more pain and violence. Reversing the ban is a bad idea in many ways.
Erica	NJ	Please continue the ban of Donald Trump. He is a danger to this country. He is responsible for the insurrection that almost took down our democracy.
Mary	NJ	Because, if he returns, his actions will have the same result as they did here, again and again.
Rita	NJ	trump is evil!

Ginny	NJ	You rightly banned his foul, ignorant mouth from speaking on FB for a good reason and that reason is still valid. To now rescind that ban would say "all's forgiven" and encourage repeat action by this mentally incompetent person to pick it up all over again because that has shown itself to be his thrust.
Harlee	NJ	Donald Trump should be permanently banned from Facebook. He is a liar, crook and doesn't respect rules.
Kathy	NJ	He can't be trusted not to incite violence.
Linda	NJ	He used Facebook to spread lies, misinformation, hatred, slander of his opponents and the press, and to incite his racist, white supremacist mob!! He must be banned forever!!
Nancy	NJ	I believe in Free Speech. I also believe you can't shout fire in a theatre. As long as Trump continues to shout "Fire," the ban on his participation should continue as an indefinite suspension. Nancy Carringer
Linda	NJ	Unfortunately , the "Donald's words are like Pavlov's 'whistle' for his followers . His followers have demonstrated , like his good doggies , that they will act , like the whistler asks them to act . America simply does not need 'that'. We have too many other problems to deal with , than to have mutant puppies answering to his calls.
David	NJ	Yes
Carl	NJ	Trump foments violence and must not be given a megaphone like Facebook.
Bob	NJ	He is a danger to all.
Frank	NJ	The man is an unmitigated liar, who divided and continues to divide our country. He promotes conspiracy theories and may even be behind those. He may be an agent of Russia and even Russian news agencies have claimed so. He incited the attack / coup for a reason, he wanted to be put back in the presidency by force. He has mentioned Civil War several times and he wasn't talking about the 1860's.

Elena	NJ	He incites violence and is a threat to democracy.
Carolyn	NJ	Keep Donald Trump off Facebook permanently because he will spread lies and incite violence.
Michelle	NJ	He is a true hazard to the already complex world of social media & will only create more problems with what we are already dealing with. I have drastically reduced my own time on Facebook and have disabled my account multiple times from the amount of conspiracy theories posted often by trump supporters.
Kathleen	NJ	You should not provide a platform for those with a record of spreading lies and hate.
Valerie	NJ	Trump is a clear and present danger to our democracy. He has attempted a coup. He wants to start a civil war using proven lies. He must not be allowed on FaceBook or any other social media.
Betsy	NJ	He has led the spread of misinformation and hate with his spewing of lies and must be accountable for what comes out of his mouth! Keep him off!
Louise	NJ	Ban Trump permanently. His lies kill people. He incites terrorists groups.
cathy	NJ	He has proven incapable of responsible communication.
Ginny	NJ	Mr. Trump is an accident just waiting to happen.....,however, the disgraceful, disrespectful engineering and promotion of insanity that he promoted/encouraged should be reason enough to not encourage any more of his diatribes and lunacy! PLEASE DO NOT INVITE HIM BACK, He has shown his love of country in foul and unacceptable ways~!!!! The USA should ban him from our beloved country forever,,,same for is recalcitrant progeny!

C	NJ	How many more lies, how much hatred and violence must we endure as a nation at the hands of Donald Trump and the followers of his cult????!! Enough!!! If he had be banned from social media years ago we may have been spared from his reign of terror. For the sake of our country, for our democracy, he MUST be PERMANENTLY BANNED from Facebook.
Maria	NJ	Trump does not deserve a platform to spew his lies and insight his followers to perform unpatriotic acts on our Democracy.
Marjorie	NM	Please keep this menace out of our lives. He is trying to destroy our democracy.
Linda	NM	Trump should be permanently banned from Facebook and all social platforms. He is very very dangerous
Kristina	NM	This is not an issue of free speech. This is an issue of consequences. Donald Trump can choose to lie. One of the consequences of his lies is that he no longer gets to have the kind of megaphone that Facebook provides. Ban Donal Trump forever.
Penny	NM	Stop the weasel.
Julie	NM	Facebook enforcing its own policies around disinformation is an important step on the path to re-imagining social media platforms that allow people to connect with each other free from the threat of misogynistic and white supremacist hate and violence.
Nathan	NM	He incites hatred and publishes lies.
Robert	NM	trump is a lying, thieving, murdering, racist, anti-Semitic, election-stealing, democracy-destroying, coup-attempting criminal fascist monster. He belongs in prison - NOT given a platform to spread his evil lies amongst his deluded and hateful legions of fellow fascists.
Isabel	NM	Trump should be banned for life from FB because he is a liar, incites violence and just the worst human being. He has NO compassion and only thinks of how he and his family can profit out of any situation. MAKE THE WORLD A BETTER PLACE AND BAN THE SUCKER.
Diana	NM	We have had enough lies and disinformation. Donald Trump is incapable of telling the truth. Please ban him permanently from Facebook.
Walt	NM	You better fix this if you want to continue being shielded from responsibility for any harmful effects of your platform.
Deirdre	NM	Facebook has proven itself to be run by liars and crooks, who sell YOU to the highest bidder. It's no wonder they enjoy spreading lies... that's what liars do. STOP FACEBOOK'S ENDLESS LIES AND BRAINWASHING! If they allow Rump back on the platform, I URGE YOU TO BOYCOTT... yes, it's hard... it's addictive, another reason to STOP. Please. If FB won't do the right thing, I hope everyone else does, and boycotts FB immediately.
C.	NM	Trump should be banned from all public platforms. He is a danger to our democracy and our people. He incited insurrection of our capital and caused numerous deaths with his lies. He should not have a platform to spew disinformation and incite violence.
Mirene	NM	Donald Trump has been the single most divisive force in the US in US history. His presence on FB will only embolden violent white supremacist groups and lead to more violence like what happened at the Capitol. Not only would FB allowing him back on the platform be a sign of FB's approval of his divisiveness and white supremacy, but would make FB complicit and in my book liable for any violence that ensues as a result of his online rhetoric. KEEP HIM BANNED FOR LIFE!!!!!!
Carolyn	NM	You should stop promoting lies and liars. Become an agent for truth. Do what you can to make a better world to live in, please.
Gordon	NM	Do not aid and abet cancer.

Bridget	NM	The idea of allowing Trump to be able to use Facebook again is really hypocritical as well as dangerous to the well being of our country. By allowing him to use this social media platform, he will again spew out his racist hatred agenda, inciting more political unrest and upheaval. My Dad who escaped the Nazi holocaust said that Trump was a danger to this country and was another Hitler. He wasn't exaggerating. By giving Trump a platform to send his racist and other extremist political views, you are guilty of spreading this rhetoric and possibly causing another coup against our democracy and government. His message of hatred leads to civil unrest and bloodshed. Somebody (your company) needs to stand up against him.
Kathleen	NM	Trump is all about himself and in order to make himself bigger and more influential he spreads lies and appeals to the worst elements of society who will give him the adulation he is seeking. He does not care that they will hurt other people or destroy our democracy as long as they stoke his ego.
Mike	NM	Trump has proven he is a danger to the USA and to democracy and to individuals. Drain the swamp? Law-and-order? Well, give Trump what he preaches for everyone else. We've heard enough of his dangerous rhetoric, lies, and threats. He needs therapy, not FB.
Richard	NM	I must say my stress level has gone down considerably sine you kicked Trump off Facebook. He is a fascist and has the ability to rouse his base and innocent people get killed. He is a lair who uses inflammatory language to rouse his base to attack innocent people either in a crowd or going about their own lives peacefully. He should not be allowed any avenue to reach his base.
Robin	NM	Do not let Donald Trump back on facebook to spread lies and stir up hate.
Willa	NM	Because unless he has a brain transplant, he will always be a liar and an advocate of violence!
Erik	NM	Facebook is toxic enough...
Katie	NM	FB will only give Trump a voice to encourage more insurrection. Don't give him that voice.
Sandy	NM	He is a menace
John	NM	Allowing Trump to continue to lie will only encourage his followers
Paula	NM	Let me count the ways!! I'm most outraged at his spreading misinformation about COVID-19, leading to hundreds of thousands of deaths that could have been avoided.
Kristin	NM	It's against Facebook's existing rules to share inaccurate voting information, spread election disinformation, or incite violence at the polls--all things that Trump and his allies repeatedly got away with during the election. Do not give this platform back to these unrepentant liars. Thank you.
Douglas	NM	Given Trump's influence, he is a major source for false information that is harmful to our people and our country. Please don't give him a platform to continue hurting us.
Ellen	NM	Lies, hatred, racism, sexism, conspiracy theories--you name it and that fascist wanna be dictator is spouting it. We don't need him inciting violence and undermining democracy any further.
Crawford	NM	Clearly false and inflammatory statements should not be published.
Judith	NM	He has proven that he can't tell the truth. Why should he have this platform to spew more lies? The answer is that he shouldn't!
M	NM	Sexual predator, criminal, human traffic er, liar, cheater, insurrectionist
Kathleen	NM	Deplatforming works. Keep Trump off social media.
Rita	NM	Because he is a lunatic that attracts other lunatics
Amy	NM	Donald Trump is a racist, misogynistic fascist. The fact that he was President of the United States is a black eye on democracy.
Peggy	NM	DO NOT allow Trump back on Facebook. The damage he's done to our democracy is unforgivable. He will NEVER change, and for Facebook to provide a platform for him to continue his lies is equally unforgivable,

Susan	NM	Donald Trump has been nothing but destructive to our democracy. If you allow him back on Facebook, he will do all he can to spread lies and undermine Biden's presidency. He will also encourage violent extremists. It is in our nation's interest to permanently ban Donald Trump from Facebook.
Halli	NM	His power to spread disinformation, lies, and conspiracy theories is dangerous and undermines our ability to coexist in a diverse democracy. Trump has violated his right to "free" speech and instead is invective and lethal. You should absolutely continue to bar him from this platform.
JoAnn	NM	No forum should be given to hate Keep the permanent ban
Valerie	NM	Donald Trump is the single greatest threat to the safety health and welfare of all the world and its inhabitants. If we were tribal, he would be shunned. Banning him from Facebook for life is the closest we have to shunning. Ban him for the good of the collective, including from his supporters who don't realize he is a threat to them as well!
Ernest	NM	Enough with his HATRED and DIVISION of AMERICA. IT HAS BEEN EVER SO PEACEFUL SINCE HE WAS REMOVED FROM ALL PLATFORMS! KEEP IT UP!
Penelope	NM	Ban trip for life. He's toxic.
Chip	NM	Donald Trump's words and actions are a direct and dangerous assault on our democracy.
Ernest	NM	We do not need to continue the art of deception, lies & racial hatred, vengeful hatred speech, Incompetent & Ignorance of Governance.
Jill	NM	Trump continues to spread the "big lie" about the election, even after he fueled the Capitol rampage. A huge percentage of Republicans still believe Biden is not the legitimate President because of Trump and his cronies in Congress. His behavior is traitorous and therefore, he should not be allowed back on Facebook.
Clay	NM	Trump has incited rioting and destruction in the nation's capitol. For the sake of not only common decency but also the nation's health, Facebook should never allow Traitor Trump on its forum again.
Mary	NM	He has endangered our democracy with his selfishness and vanity. He lost period. Do not let him return to incitement.
Stephanie	NM	Banning Trump should be a NO BRAINER! Just DO IT!!!!!!
Leslie	NM	Keep Trump off Facebook permanently. He is an abuser of truth and that will not change.
Patricia	NM	Enough is enough. Stop the spread of lies that lead to violence and death.
Carol	NM	He's not a decent human being. He's sick. He's going to tear this country apart. Don't enable him any longer. Get a brain and figure it out.
Janice	NM	Trump escalated violence, perpetuating lies and propaganda via social networking, which led to the weakening our democracy and the death of five people. His abuse of power runs rampant and he should not be given a platform to spread more lies and escalate more violence and division.
Elaine	NM	Trump has been constantly been spreading misinformation and outright lies and have started an insurrection and a riot. Permanently ban him from Facebook!
Linda	NM	He is a crook and nothing he says or does is for the benefit of anyone but himself
Karen	NM	Trump has caused so much pain and chaos. FB should not provide him with a platform, now or forever.
Rhonda	NM	Ban him forever. He speak with forked tongue, lying tongue, bully tongue. He makes stuff up! He's an insecure, ego maniac! A cheat! A traitor! He does NOT deserve a platform to espouse his b.s.!
Deborah	NM	If Trump has access to your platform on the world, he will only continue to foment destruction of our democracy and dissension in the Republican Party. Let him get reported on or interviewed when he does something newsworthy. Don't let him vomit his racist and violent talk all over FaceBook.
Chris	NM	As we have seen before , this man is much too dangerous to return to this media. He must be banned permanently!
Rochelle	NM	dt incited insurrection and may have been involved in planning insurrection. You should need nothing more to permanently ban him.

First name	State	Comment
Johnny	NM	He should be permanently banned, why your own policies! Why have policies that you have no intention of enforcing? Some people get killed, a government gets over thrown, people hate people. What are your policies and what good are they when you don't enforce them for everyone.
Martin	NM	Anti US government rhetoric and violence incitement should not be disseminated.
Rita	NM	Trump HAS DAMAGED this country enough and you CANNOT ALLOW HIM TO SPREAD MORE LIES. BAN HIM FOR LIFE !!
Tania	NM	If the person making even a shade of the remarks the former occupant of the White House has made, you would have banned them long ago. I have seen people penalized for things that made no sense, and yet you want to continue allowing him to spread hate and inspire violence in our very halls of government.
Joan	NM	Facebook should be investigated for it's role in aiding in the insurrection by not upholding their own rules. They are just as guilty as Trump for the rioting.
Hannah	NM	Trump is an asset of Putin and a traitor to this nation. He does nothing but his best to destroy the fabric of this nation and is a serious security risk on social media.
William	NM	Never let Trump back on Facebook. He is a criminal!
Ron	NM	He's a compulsive liar!
Karen	NM	Because inciting violence (i.e. Shouting 'Fire!' in a crowded theater) is not something that should be allowed. Free speech, yes. Incitement of violence, no.
		<p>Although free speech means we can think and say pretty much anything we please, the final bastion of the 1st Amendment is RESPONSIBILITY and accountability for that First Amendment Right! In THIS democracy, the USA ??, We criminalize ACTIONS that go against our common good in varying degrees from physical assault to rape to attempted murder to murder itself. We should also hold accountable those ACTIONS of Words that incite other people to riot with violence. Peaceful Protests are fine, but THE ACTIONS OF SPEAKING and writing to incite people to DO THE ACTIONS of Violence is what Hitler, Mussolini, Stalin, Lenin, AND countless other small-minded dictators BOTH PAST and Present -- DID in their Actions of Speaking "just words!!" Freedom of the First Amendment must include Responsibility! What is Freedom without eternal vigilance and Responsibility??</p> <p>I say this next sentence with satire: "I didn't know the First Amendment gives us the right to say Words to incite violence against others, to demand the execution and murders of others, to egg others on to perform Seditious Acts against this very Democracy ??, that gives them that right to speak freely WITH RESPONSIBILITY?!"</p> <p>In my understanding, the First Amendment does not give us the Right to "Yell 'Fire' in a crowded Public Place when there is No Fire!" Peaceful Protests are fine, but Violence Incitement!?! Incitement to cause panic and Riots!?! It is anathema to our Democracy to speak using words with this kind of flagrant disregard in Public Discourse for the Constitution of the U.S., including the First Amendment!</p> <p>I recognize the difficulty of doing the intelligence of "holding in one's mind, two or more seeming contradictory thoughts simultaneously." I realize the difficulty of using the intelligence of "zooming out" to "see" the BIG Picture. But, nevertheless, intelligence MUST be used and DONE in order to provide a more meaningful debate, discussions, intelligent thinking -- ALL IN ORDER TO CREATE " a more perfect Union in this struggling Democracy of the USA ??!</p> <p>The Freedoms granted by the U.S. Constitution must be earned by a Knowledgeable citizenry -- not ignorant buffoons speaking whatever extreme emotions they feel at any given irrational whimsical turn of the minutes, hours, and days. That is NOT KNOWLEDGE -- nor a Knowledgeable and an Informed citizenry! Facebook should not contribute to allowing this nonsensical, ignorant free-for-all "NO- Responsibility approach in their BIG AND simultaneously WEAK EGO to "bastardize" their attempt to "protect the First amendment rights of others" without accountability AND Responsibility!!</p>

Margo	NM	yes
Dawn	NM	This is exactly what The Social Dilemma documentary warned us about...the two divided sides just get further and further apart, by design. Donald Trump understands this and will do ANYTHING (including inciting another civil war) to be in power again. Please deny him a platform from which to accomplish this - forever. Thank you.
Cynthia	NM	Donald Trump lied throughout his presidency. His misinformation and disinformation about the pandemic killed people. His encouragement of an attempted coup killed five more. This man has no business being on social media.
Margret	NV	He is dangerous because he spreads awful lies and then posts it on all of his social media accounts. Everything he has stood for has led to the insurrection. He supports other people who supports his crazy beliefs.
Jason	NV	Facebook is a private company. Private companies are not required to allow hate speech. This is not a violation of the First Amendment. I have two jobs. One of those is for a nonprofit. The other is for a private company. If Trump came into either and started spouting of with his garbage, he would be ejected from both or either. Fact is, if I saw his blood blister of a face in either place, I'd kick him out. He doesn't have any rights amended to private business. Keep him off all but the simply worst platforms.
Susan	NV	Donald Trump must be permanently banned from Facebook. This man incited an insurrection against our country. People were severely injured and killed. He must be banned from all social media to keep this from happening again.
Perry	NV	Our country needs to heal now. What we don't need is more lies and deceit. Ban Donald permanently!
Jane	NV	We need to get our country back on track, not more derailment. Trump is a divider, not a unifier. He speaks in lies and hate. He doesn't deserve a platform.

He is the utmost danger to our Democracy and definitely the cause of the January 6 riot and invasion of the Capitol. Unfortunately, he may beat Impeachment a second time. Thus he must be held accountable by being banned by the FOB.NO one , especially DT, is above the law and his behavior must have consequences.

Keep him on life suspension from Facebook.
Janet	NV	Spreading lies on public media is deadly to our Democracy. Recent events prove that. Trump needs to go away--period.
Nancy	NV	Facebook should ban Trump for life. He incited insurrection. That insurrection resulted in 7 deaths, over 140 police injured (1 lost 3 fingers & 1 may lose an eye). He will remain a clear & present danger as long as he has any kind of public platform. His Twitter & Facebook LIES were the equivalent of shouting "fire" in a crowded theater. DO NOT give him that platform. It would be the height of irresponsibility.
Nancy	NV	Seditionists, White Nationalists, Anti-American liars, should have no place on Facebook to spew hate.
Michael	NV	Lies cannot be presented as truth and expect people to figure out why these lies are being encouraged, allowed, without consequences.
Andria	NV	His Lies, misinformation, and blatant manipulation of people is abusive. Do you want to be complicit in Abuse? Keep him off this platform and strictly monitor and remove those who spread his lies.

Stephen	NV	Trump cannot tell the truth, the American people have giving him too many chances and he still lies.
Pam	NV	This man has spewed such vitriol and divisiveness - not to mention downright sedition - in our country that it's shocking to me that Facebook would even entertain the idea of allowing him to keep at it. He should be barred from Facebook for life. He has proven that he will never change, recant, apologizer, or tell the truth. He is the last thing our country needs right now. Please do the right thing by continuing to suspend his account.

JOHN+Shirley	NV	Please, please make the ban on this dreadful man permanent. It has been so much nicer since he has been relatively silent!

Mary	NV	This man is toxic. Facebook and other media have allowed him to harm our country, and personally hurt its citizens. He did it through manipulation of facts[lying]and the trust people had because of his station. He is very similar to Charles Manson, and should be treated the same.
Diana	NV	He spreads lies and is divisive to the people.

Randy	NV	The man is certifiable and should not be allowed on any media.
Rachel	NV	Donald Trump's rhetoric has proven to be a danger to democracy, as well as the lives of ordinary citizens. Irene	NY	Are you kidding? Former president Donald J. Trump should never be allowed on any platform ever again.
Mona	NY	He spread lies and incited violence - anyone who does that should be banned for life, especially high profile figures.
John	NY	Facebook should not further Trump's personal enrichment at the expense of poisoning the rhetoric - free speech akin to yelling "Fire" in a crowded room. Trump has been trump forever, cast in stone.
Richard	NY	Anyone that advocates sedition and violence, let alone an elected official that has sworn an oath to preserve, protect and defend the Constitution of the United States, should be banned from your platform.
Nancy	NY	He encouraged a riot that ended up in death and destruction. He encouraged VIOLENCE! Never allow him on Facebook again!
Erika	NY	Trump needs to not be given any more free publicity. He spreads lies and hatred and I feel that has no place on Facebook. Facebook to me is a place for people to share about their own personal stories with friends and family that are not close or especially during covid not able to get together. Getting bombarded with hate and conspiracy theories should be banned no matter who it is.

Rick	NY	Trump and his mafia have robbed and harmed us all. He is worse than a terrorist.
Ann	NY	Facebook has done enough damage to the country already. Due to Trump's appeal to white nationalists we are now set up for violence. I saw this happening for four years. While Facebook allowed him to post lies and encourage insurrection for four years, I deleted my account. It's unlikely vulnerable people will do this.
Kellie	NY	Trump is dangerous. He incites violence and encourages terrorism.
Nobuko	NY	I was a regular Facebook user and enjoyed checking what my friends were up to. But I stopped using it in protest to the Facebook stance of letting the harmful disinformation be there for a long time until the disaster occurred. If you lift your ban to Trump and his sycophants and go back to the disinformation, I have to drop out again sticking to my principles. So please do not take that away from me again. Thank you.
Mark	NY	As a former president he has no need to be on your platform ever again. You'll save yourself a lot of trouble by not having to monitor every evil, stupid, vicious, inane, insulting, conspiratorial thought that would emanate from his brain.
Bette	NY	You obeyed your own rules blocking lies and misinformation about the election and the inciting of hate and violence when you removed Trump from FB. What he did to America in the last five years isn't a Marvel Comics storyline. It's real, and real people suffered and died because of his actions. Would you give Hitler or Pol Pot a platform just so you could make a buck? Of course you wouldn't. Joan	NY	YES!!! Trump should be PERMANENTLY banned. He lies oftener than he tells the truth, so why give him a podium?
Ed	NY	If we've learned anything over the past four years, it's that Trump has no respect for truth and he's obsessed with winning. If he is allowed back on Facebook, Trump will continue to spread lies about the presidential election, which will only drive a wedge deeper into an already-divided country, and incite more violence. Trump is a dangerous man who should not be allowed access to social media, where he will continue to poison our democracy with his incessant lies.
Michelle	NY	Mr. Trump is abusive to all women unless they are beautiful and on his side. He is a white supremacist and uses ethnic slurs too often. Unless you carefully scrutinize him, he is a danger to many people.
Bailey	NY	Donald Trump shouldn't receive special treatment solely because of his position in the world. He lies and he's verbally violent and abusive, and this behavior must not be normalized any longer. The figures showing massive decreases in misinformation speak for themselves: without Donald Trump on FB to fan the flames, misinformation massively decreases. Please do the right thing.
Arthur	NY	Trump is a chump liar murderer
Susan	NY	If fb is aligned w/ safety & unity in this country, they will not allow Trump or any wht supremacist space on FB. It only spreads fear & hate & lies.
John	NY	Donald Trump promotes violence and disinformation on social media platforms. He should not be allowed to have an account.
Roxanne	NY	It's CRITICAL that Donald Trump be kept off the Facebook platform, as a poisonous, lying influence, and solely responsible for inciting the violence and death that occurred at our nation's Capitol on Jan. 6, 2021.
Roz	NY	Even entertaining the thought of allowing this evil being back on Facebook flies in the face of decency. He must be permanently banned.
Daniel	NY	Trump repeatedly violated Facebook's terms of service with hateful and divisive language, using the site to spread disinformation that poisoned public discourse, contributed to the insurrection and damaged our democracy. As a private citizen he should forever be denied access to your platform.
Paige	NY	Trump is a corrupt evil dictator. He has no business being on social media spreading lies, conspiracy theories, and hate speech. Facebook, you have been hugely responsible in amplifying Trump's rhetoric and enabling the alt right to spread their problematic and destructive thoughts as well as false news and information. You owe the American people greatly as you played a big role in making and keeping a Trump presidency alive for 4 years. Hold Trump and his loyalists accountable for their evil actions. Keep him off your platform!
S	NY	he's not become any less dangerous since you banned him, you need to cut off a man who's going to inflame conspiracies and an extremist base
Linda	NY	High time for him to start playing by the rules; he can start by learning the true meaning of "no" and go from there - but always, I fear, with very close supervision....
Donna	NY	Trump has lost the right to post on Facebook when he consistently wrote lies, untruths and did more harm to this country than good. He should be allowed to post on Facebook. Do the right thing and ban him permanently.
Simon	NY	He is a violent and dishonest individual who has used public platforms to demean, deride, debase, dissimulate, distract, detract and do great harm to tens of millions of people.
Tara Moira	NY	enforce the same rules for everyone. stop spreading misinformation and injustice.
David	NY	I believe Trump to be a traitor and a swindler an adulterer and a sexual predator.
Victoria	NY	Clearly Donald Trump is harmful and hateful. Facebook needs to do the right thing and keep him from spreading his lies, misinformation, and bigotry. I can't believe this is even up for debate. Wow.
Ann	NY	Donald Trump spouts lies and repeatedly incites violence via FB. If he quelled the violence and told the truth that the election was entirely legitimate it would be ok to give him back FB, but he's doing the opposite. He could have stopped the violence at the very beginning of his "reign". He chose not to. He promotes debunked conspiracies and myths that get people killed. Never give him back FB, be responsible for your platform.

W THOMAS	NY	Donald Trump's voice is at the nexus of lies and threats endangering our democracy. It is essential to permanently ban him from Facebook. The same must be done to address the very real (and real world) threat posed by white supremacists and the like who also violate Facebook's community standards in order to spread hate, extremism, and violence.
Maggie	NY	I am urging you to permanently ban Donald Trump from Facebook. He has used social media to spread lies, misinformation and to lash out at those who disagree with him. He is a dangerous and divisive person and should not be given a forum from which to cause further damage
John	NY	I believe in the First Amendment which gives free speech to everyone even idiots like Donald Trump. I will NEVER agree with him but he still has a constitutional right to his idiotic speech
Jo	NY	Are you out of your minds? Our democracy is in tatters. He does not care. He does not know what truth is. And for reasons I do not understand, there are many who will believe him. We saw on January 6th where that can lead. And he enjoyed the show. Never, never amplify his voice.
Paul	NY	He's a danger to society and you would be abetting him
David	NY	Lies and hate never should be given a platform!
Linda	NY	Donald Trump uses social media to spread lies that are destructive to very fabric of democracy. Facebook, if Donald Trump is allowed back on, I will leave and will encourage all of my friends and relatives to do so as well.
Brad	NY	Lies should have consequences, even those of politicians.
Joanne	NY	Facebook, why would you want to let trump back on your site when his voice is such a danger to this country?
Lisa	NY	Facebook should enforce its own policies they are designed to prevent irresponsible and hateful views from being broadcast all over the country.
Steven	NY	Spreading lies and hate is Un-American, and Facebook should not be Trump's co-conspirator.
Susan	NY	Do not violate your own policies by giving Donald Trump a platform for the spread of lies and the instigation of violence. Trump's temporary ban from FaceBook will have no effect on his future behavior should his privileges be reinstated. His rhetoric is dangerous, deceitful, and unAmerican. His posts are meant to sow unrest and feed outrage, with the ultimate goal being the enhancement of his power and fame among people on the fringes of our society, so that they will mobilize on his behalf. We have already seen the danger that brings to our country and to our citizens. Uphold your policies by continuing to ban Donald J Trump from using FaceBook. Hold him just as accountable as you hold the rest of the FaceBook community.
Marc	NY	Trump is incapable of telling the truth, ignorant people believe him and violence is incited. Nothing good will come from allowing this to happen. If you let him back on, Facebook is then responsible for any consequences.

Rehana	NY	Ban Donald Trump because of his unrepentant penchant tto mobilize hate
Peggy	NY	Do not give that racist misogynist a platform to spread his hate and lies. Never again.
Mary	NY	Donald Trump is no ordinary person. He is a dangerous autocrat, who wants to destroy everyone who does not agree with him. Most people who have any ability to think do not want to read anything that he says any more.
Laurie	NY	There is a key difference between Freedom of Speech and Hate Speech that drives violence, loss, and grief in its wake. You created this platform called FB and it is your responsibility to manage it. Do not fall into the false equivalency trap and know that this comment is aimed at all HATE speech.
Cindy	NY	Why should Mr. Trump be able to violate policy and get away with his misdeeds. Policies are moot, if they are not enforced equally.
Patricia	NY	Hate talk has no place on social media. It is dangerous and lethal. Do not allow Trump back!
John	NY	People believe his terrible lies!
S	NY	If allowed back on, Trump will do the same thing he's already done. He respects no boundaries, no proprieties. Why would Facebook decide to boost such a powerful voice of divisiveness right now?
Alan	NY	The best way to address the extreme right movements, I see, is minimize their voice. Trump would continue to fan the flames of our country's disparities.
Karen	NY	NOBODY is above the law. You have a policy that you enforces for the small guy. Now enforce it with the big rich guys. DO YOUR JOB!
Silvia	NY	If you have policies, they ought to apply to everybody equally. And the danger and obscenity of Trump should be kept out of any position of power.
Amanda	NY	Disinformation and violent uprisings against free and fair elections are not acceptable.

Nancy	NY	The world is a safer place with Donald Trump not having a forum to spread dangerous lies and conspiracy theories. First amendment rights do not allow us to scream "fire" in a crowded theater when there is no fire and people may die as a result of the lie. Enough people have died because of Donald Trump!
Naomi	NY	We don't need anyone stirring up more hate and divisiveness.
pamela	NY	Not sure why you would consider offering a platform that you know perfectly well will conjure misinformation and incite violence in a country that just sold two million arms in one month since he left office. The power is in your hands to help stop this dangerous direction the country is toying with.
Elizabeth	NY	KEEP TRUMP OFF FACEBOOK INDEFINITELY!! HE IS A MENACE TO OUR SOCIETY AND THE WORLD AT LARGE...
N	NY	Trump is still spreading lies and misinformation. Facebook must ban him permanently.
Eleanor	NY	Trump has consistently proven he is not a Democrat and is interested in a dictatorship. Glaring he is constantly lying to the American people and seems to enjoy creating chains.
Ursula	NY	Yes Please
Chris	NY	You have been responsible for fomenting insurrection in this country. You cannot continue to do this.
george	NY	Trump is a constant deceiver who has constantly violated the company's policies and has shown no remorse. Keep him banned!
Nancy	NY	Keep Trump off Facebook he is a horrible man and the worst president in US history
Su	NY	Keep that hate-monger OFF...or your public image will be even more tarnished than it is already.
Jolynn	NY	Don't allow lies to be printed, or hate to be printed. Like my mom used to say, "if you don't have something nice to say, keep it to yourself" The world is angry enough, Facebook lies and hate are the constant drip that overfills and floods with devastating consequences.
Laura	NY	he spreads lies
Evelyn	NY	to keep this stupid creature from spouting stupid stuff that just riles his stupid followers to do stupid things.
Katharine	NY	His tweets and comments are incendiary and dangerous.
brian	NY	Trump and his supporters are too dangerous to be on social media.
Mary	NY	Freedom of speech does not mean I have freedom to incite people to revolution by means of racist and hateful lies against people who don't look like me. Donald Trump abused this freedom and if Facebook permits him to return, you are complicit with the destruction he does to our nation.
Valerie	NY	Trump causes violence. Ban him permanently.
Susanna	NY	Donald Trump has done untold damage to American democracy through his lies, belligerence, & support for alt-right terrorist groups. He was able to do this only because of the large media platforms that catered to sensationalism rather than truth and piece. This cannot be allowed to continue, for the sake of preserving our democracy. Voting him out of office was necessary, but not sufficient to correct the damage. He needs to be removed from mass media platforms.
Sean	NY	I don't trust Mr. Trump because all he does is start trouble and he lies and causes nothing but trouble and I hope that they never let him back on social media again.
Rachel	NY	Trump has repeatedly, with impunity, spread disinformation over social media platforms. There is little reason to believe he would cease if readmitted to the platform. Please maintain your ban on Trump using the platform.
Karen	NY	Donald Trump should be imprisoned for treason. If you don't ban him you are aiding and abetting him. Keep your decency and patriotism and permanently ban him.
Greg	NY	Open willful lies in public forums should not be tolerated.
joan	NY	Don't promote lies.
Denise	NY	Do not retreat from the bold and responsible action that you took to suspend Donald J. Trump's account! Make it permanent now, do not allow this liar back on Facebook. Carpe diem!
Hal	NY	Because his lies and authoritarian rhetoric are an existential threat to our democracy.

L.	NY	Since Trump's removal from social media sites, disinformation about the election has plummeted 73%. Please do Not all DJ Trump access to his Facebook account to continue spreading his hate filled lies and mis-information.
Helene	NY	You did the right thing by banning Trump albeit , it was a little too little, a little too late. Please keep him permanently banned if you value truth and the future of the United States. His rabble rousing and lies did too much damage . Please ban him as part of an effort to try to bring the U.S. back to being safe and a more civil country. His statements are dangerous for democracy. Thanks
Glenna	NY	Haven't you had enough of Donald Trump? His lies, spending funds where the money is missing. He has always been a con man. Get real
Margery	NY	This man is a threat to ur democracy. This is not a free speech issue. Letting him back on would be like yelling fire in a crowded theater.
gregory	NY	If Facebook has rules banning speech which is threatening, inciteful, inflammatory, or deliberately deceitful, they should be enforced. Donald Trump has been guilty of violating all of these, and should not be allowed back.
Elizabeth	NY	Trump's lies and hate speech resulted in MURDER! Remove him from FB permanently!
Carol	NY	Facebook has blood on its hands.
Victoria	NY	Please don't allow Trump's dangerous lies. Lies kill!
Alicia	NY	He consistently lies, outrageous claims that encourage violence, hatred and division.
Joe	NY	Since Trump's removal from Facebook and Twitter, disinformation about the 2020 election plummeted 73 percent. Donald Trump is a threat to our democracy and utilized your platform in spreading misinformation that led to the Capitol attack on January 6. Do NOT restore access to this despot.
Douglas	NY	He has proven himself to be dangerous. What does it take for people to see the insanity that is Trump? He is a dangerous criminal and instead of posting his hate on social media, should be locked inside a prison cell where he belongs. Do Not Give him back a FB account. Wake up and smell the coffee Facebook!
Tim and Ellen	NY	As if it weren't enough that he was the worst president in American history and guilty of multitudes of high crimes and misdemeanors, Trump invited, enticed and encouraged his followers to storm the Capitol building in an insurrection designed to overthrow the safest and most secure election in our history. He can not be allowed back on Facebook to spread more of his insidious lies and to incite even more violence.
Linda	NY	After the enormous damage, possibly permanent, that the Trump Administration has done to our democracy, it's unbelievable that Facebook would consider allowing him back on to its platform. Actually I hold FB equally accountable for our problems as they were equal enablers. I am closing my Facebook account, telling my friends why, and closing my Instagram account as well.
Susan	NY	Because he is propagating lies in an effort to destroy democracy.
Peggy	NY	Trump used Facebook to peddle falsehoods and fuel the insurrection. Don't let him back on to fuel more violence.
Dennis	NY	Donald Trump is widely know to be possibly the world's biggest disseminator of lies, bigotry, and promotion of violence and lawbreaking. Not to mention he tried to overthrow the U.S. government last month. WHY would anyone want to offer him a pulpit to continue these behaviors??
Sally	NY	Donald Trump and his words are a danger to our country and our democracy. He should not be allowed to post on Facebook and disseminate his lies and hate speech.
Richard	NY	The traitor in chief spreads nothing but lies racism, and hatred. Permanently ban this POS from ever again having this platform!
Carl	NY	We've had enough of his comments for 4 years, now let him be silenced!!!
Roberta	NY	NO WAY! The vast majority of Americans do not want Trump back in the social eye again! He was a ever-present, miserable, sorrowful cloud hanging over us and draining our spirits for four years. Keep him off Facebook!

First name	State	Comment
Susan	NY	Because he incites hate and violence and has been doing so for five years culminating in the deaths of seven people and countless life changing injuries to Capitol police. He is re-tweeting conspiracy theories that caused the insurrection and his lies and rhetoric for five years have destroyed our country. He is a stochastic terrorist. Is this what you want for your company and our country?
Audrey	NY	The impact of Facebook's suspension of Trump's account was immediate, resulting in 73% less disinformation about the election. Facebook should not allow Trump back on the platform!
Sherry	NY	He has used his continuous self-serving lies to undermine our nation, our democracy, our international support and even our individual lives. NEVER give him a voice again or you are abetting his crimes, sedition and treason.
Barbara	NY	Trump is a lying, hateful, white supremacist cheating murderous Fascist and wannabe dictator. To allow him back on Facebook is to give him credence that he shouldn't have.
Denis	NY	All Trump ever did and hopes to continue doing is divide the nation and instill ill feelings among Americans. We all know his story. It's time to close the book. He's a bore, a buffoon and a butthead. Let him stew in his own hatred. I've had enough of it. Donald -- SHUT UP!!!
Elaine	NY	Donald Trump will never stop spreading conspiratorial lies which aim to undermine democracy in the US. Hence, he must never be allowed to post on Facebook
Cynthia	NY	I've been extremely dismayed at the role technology platforms like Facebook, YouTube and Twitter have played in creating public spaces where violence is fomented without regulation. The spread has not only gone unchecked for the most part, but even been promoted and created incredibly misinformed people that then react to emotionally and violent because they believe they won't be stopped. We've just lived through 4 years of Donald Trump fomenting this and regardless of what Joe Biden says, I'm not sure we'll recover as a society - certainly not to regain the previous level of civility we enjoyed for the most part in public discourse. I've severely limited my use or even completely deleted (or never opened) accounts on these platforms (including yours, Facebook) because I cannot trust what I read there (and it takes a lot of time to fact check and think critically about everything posted) and frankly, I'm disgusted and unnerved but what is allowed to be published on these sites. They put not only civil society in danger, but many individuals and we've now seen the effect they are having on our democracy as a whole. I urge to permanently ban all Donald Trump and all other individuals and groups that are spreading lies and encouraging violence. I also urge you to take further action to regulate the platform. Otherwise I am planning on voting for politicians that are willing to regulate your platforms since you have not done enough yourselves (or in a timely manner).
Paul	NY	Donald Trump has proved repeatedly that he has no respect for the truth. He will lie and slander others endlessly in order to make himself appear to be a "winner".
Joseph	NY	Do not let Trump spread his vicious and violent lies on Facebook!

Being a Fellow Native New Yorker, Like Trump, I have known for many Years the Type of person he is. Racist, Bigoted & a downright Liar. He Is The True Enemy Of The American People.

Laurie	NY	Trump should be permanently banned 1. Because he previous incited insurrection 2. Because even when he doesn't explicitly invite violence his words are viewed as code implying he supports insurrection 3. his comments are too frequent snd too numerous for Facebook to monitor
Jordy	NY	Facebook must totally and permanently ban Donald Trump. His use of the FB platform was seditious, spread extreme disinformation, and lead to civil strife, violence and death. If FB cannot properly moderate content, it will eventually have proper governmental controls placed on it.
Laurie	NY	Trump told over 30,000 lies as president. He doesn't need to be on facebook unless you want to fact check everything he says, and you will have to. The worst president ever. Over 440,000 covid deaths as well.
	NY	Donald Trump should not be allowed to poison this country any further. He's a dangerous, malevolent person who wants to destroy our government. Don't help him do that.
Tim	NY	Trump has incited violence, undermined fair elections and a free press, exacerbated differences among groups, and exploited his office for financial gain. He has plotted with and pardoned criminals, and tried to become a dictator. He has used your platform to further these and other nefarious activities. He has damaged our nation, and you have helped him.
Ronald	NY	Our twice-impeached former President adds fuel to the fire of racism and disunity every time he opens his mouth or sends a tweet or posts anything on Facebook. Free Speech does not give a person the right to cause a riot, which is what he did, utilizing all of the social media at his disposal. He needs a permanent gag order.
Tina	NY	Dumb question.... isn't it obvious that they should "enforce their own policies". They need to grow a spine, stop being greedy, and do what's right.... what they would do automatically if it were anyone but Trump. He does not deserve special treatment!
Tara D	NY	The former president has shown no inclination to adhere to the rules of social media platforms in the past. After the incitement of an insurrection on January 6th, there is little doubt that Donald J. Trump would turn Facebook into a recruitment tool for further anti-democracy actors and actions.
Catherine	NY	Because he is a very dangerous and disturbed sub human.
Arthur	NY	He perpetuates lies that are seditious and a threaten our nation. His words to large audiences promoted seditious violence and led to deaths. He will use that platform for more violence, sedition and death.
vivienne	NY	I am no longer on Facebook. I put my account in limbo because I was horrified and shocked by how easy it was for a person with evil intent to hijack or coopt a real person's comments and share them with others, making it seem like those evil comments were coming from that real person. It happened to a friend of mine. I read her post, then read the comments and shares after and knew something was horribly wrong. I notified my friend by phone immediately, and learned that hers and a couple of others connected to her FB page had the same problem. I reported it. And took down my page right then. Freedom of speech does not mean you can say anything you want with impunity. And the ability of technical geniuses and mischief makers to manipulate media needs to be addressed and thoroughly regulated. Corporations like yours need to forget the "anything goes for money" attitude and start thinking about the responsibility you have to the country and the global community. To continue a practice of spreading one person's lies or disinformation should have no place in "business."
Marcia	NY	He had thumbed his. Use at every law possible. Time for consequences.
Marilyn	NY	Not having his hate-filled messages on a daily basis has been such a relief. Please let's keep it that way.
Deborah	NY	I understand that, in the beginning, you cared about, and no doubt believe in, free speech. But Mr. Trump cried "Fire" in a crowded theater ... and that's not free speech. Please, I beg of you for the sake of this country, ban him forever. Sincerely, Deborah Zipf
Joanna	NY	Donald Trump is a traitor to the United States of America and he incites his followers to violence against our elected representatives.
Joyce	NY	Ban Trump permanently. His unending lies have already endangered our democracy. What will happen if you give him the platform: more violence, more lies and a continuing assault on our democracy. Please enforce your own policies!

Lee	NY	Trump has been inciting violence for years, it only took an insurrection for you to act on it. Go back now and it will happen again. The next time the blood will be directly on your hands.
Guy	NY	The ex-president recruited millions of insurrectionists to mount a second American Civil War with his malicious, divisive, abhorrent, and racist messaging since he first declared his candidacy in 2015, much of it on social media, including Facebook. Therefore, Facebook must ban him from access forever if it doesn't want to be implicated further in the consequences of his vitriol, of which the events at the Capitol on January 6th may only have been the foretaste!
Jenny	NY	Donald Trump repeated flaunted truth, honesty and Facebook's rules of conduct. He misuse of the platform to incite violence and undermine our nation will not stop as he feels he is the supreme ruler. Clinically, he has significant mental illness and cannot control his impulses of godliness. This makes him a danger to society- and he must not be given access to your platform
SUSAn	NY	Do not platform a platform to ANYONE who foments domestic terrorism, no matter who they are.
Sarah	NY	The man cannot be allowed to instigate more violence in our great democracy!!
Kevin	NY	Stop posting for the money and start posting for the truth.
Monica	NY	If fomenting, inciting, supporting, a complete subversion of our democracy; an insurrection, is not the worst imaginable behavior, what on earth needs to happen for a disgusting human being to be taken off FB? Maybe millions of regular users like me should just remove our accounts permanently.
Carol	NY	You have a responsibility to all people to not allow the spread of hate and blatant destructive lies emanating from Donald Trump's Facebook platform. We have seen the results of this and it is death and destruction. Keep Trump off Facebook!
Daniel	NY	donald trump ORGANIZED A DOMESTIC TERRORIST ARMY TO OVERTHROWCOUR DEMOCRACY. He deserves imprisonment, not the ability to do it again and murder MORE innocent Americans.
Michael	NY	No more years worth of lies and hate
Samantha	NY	He incited terrorism.
Carole	NY	Facebook should permanently ban Trump because he has clearly demonstrated that he doesn't just have autocratic tendencies, he is vehemently anti-democracy. He and his army of acolytes must be disempowered.
Chris	NY	Because Trump has legitimized racism, misogyny, hate and violence in his name, he should be permanently banned from Facebook. He will never change or show remorse. He has no love for our country. His lies inspired violence and insurrection. Don't give him a megaphone.
Susanne	NY	Because he spreads poison. One of the most toxic people on the planet...
Daniel	NY	He just spreads lies everywhere no matter where he is and he needs to never be put on Facebook or Twitter ever again he belongs in jail and he must be convicted of his crimes
Coleen	NY	His lies and subversion of our democracy and his racist, hateful, violent speech almost caused a coup and destroyed what little democracy we have left. We will not survive another attempt. He is a clear and present danger and giving him a platform for all the sycophants who believe him would be criminal. Hopefully, you value some things over your profits.
Donna	NY	It is not appropriate to return Donald Trump to Facebook. There is no checking of facts or ability to sue for defamation of character as in the printed newspapers. It allows misinformation to be taken as facts.
Suzanne	NY	It is time that Donald Trump was held liable for his lies!
Caren	NY	Donald Trump should be permanently banned from Facebook because of his history of spreading lies and inciting violence on the platform.

Carol	NY	Facebook should ban Donald Trump. He is nothing but a lying idiot.
Michele	NY	NO, NO, NO!!! We cannot afford d to let Orange 45 back onto social media to spread his misinformation, hate and ignorance. It has been a much more peaceful place since he's been banned.
Ada	NY	Joe Biden won the presidential election. And it has been nice over the last couple of weeks to let this sink in. If Trump is allowed back into Facebook we will have to deal with all his lies all over again. Please let us keep celebrating the truth for a little while longer, it feels sooooo good!!! And while the lies were unbearable they did, in fact, lead to violence and death at the Capitol on January 6th. So let him go back on and spoil the moment. I can't believe you are serious about doing this.
Daryl	NY	Trump remains a very serious threat to lives and our fragile democracy. To allow him back on Facebook is a dangerous move which I urge you not to be complicit in lies and hatred.
Rosemarie	NY	Donald Trump has proven himself to be a perpetrator of violence, fear, hatred, and lies. He should be permanently silenced. If you cannot call out "Fire" in a crowded theatre, you certainly should not allow anyone, including DT, to incite violence anywhere at any time.

jamie	NY	It should be difficult if not impossible for people to spread misinformation on your platform, and Donald Trump is a known spreader of not just misinformation, but misinformation of the kind that results in violence and domestic terrorism. Your advertising profits are not more important than the safety and security of actual human lives or the stability of our government.
Jeremy	NY	Since Facebook banned former president Donald Trump from its platform, the quality of public discourse has risen. Mr. Trump has proven to be an abuser of the platform, spreading lies and conspiracy theories, cheering on and amplifying political extremists. Since the November 2020 elections, his attack on the sanctity of the election results directly led to the attack on our nation's Capitol building, threatening our democracy. I urge you to make his platform ban on Facebook permanent. Sincerely, Jeremy Feldman
Rachel	NY	It's not rocket science - hate speech, misinformation about elections and calls to violence should never be broadcast in the public square. Trump has been engaging in illegal hate speech since before he became president. It has killed people. Anyone who broadcasts his voice has blood on their hands. There are so many lives at risk if he is allowed to continue - people in the press, immigrants, politicians, people of colour, women. Stop this evil.

It is not worth the aggravation and unnecessary agitation of the ignorant, bigoted, sadistic followers of that menace, because they shall start an actual civil war 2.0 due to Trump's relentless rants on Facebook. We all are enjoying a regaining of our sanity and positive outlook now that the Orange Baby is out of power. If you give him the smallest of chances to publicize his twisted, self-promoting, self-serving, self-absorbed thoughts, In less than a week, we shall all feel like he never left office. Stephen	NY	<p>My racist, delusional, deranged, xenophobic, narcissistic, misogynistic sociopath brother-in-law Henry Seamon started posting every day during Obama's years death threats to him and each member of the family. He not only made these comments but incited all his "Friends" by urging them to carry out the murders. I along with at least a dozen other people who are family members and friends complained to FB. You replied by asking me to send some samples as if you couldn't check his FB page yourselves. I complied and sent several posts from my large archives of hundreds of his horrific posts. Every one contained the 'N' word, 'Commie' and 'Nazi'. The death threats were even aimed at his children. His favorite phrase was "a bullet in the eye". Another example; the day after Joe Biden's son tragically passed away he posted that "all Nazis and Commies like Beau deserve to die" and that it was one of the happiest days of his life. He is in his '60s and is from what was one of the wealthiest families in Long Island. His father was a carbon copy of Fred Trump yet Henry is illiterate to the point that his spelling and grammar in these posts are on the level of a first grader and funny to read.</p> <p>FB took no action and to this day he continues to post these vicious and vulgar comments.</p> <p>When I see Sheryl Sandberg boldly lie about how FB monitors hateful comments of this magnitude and censors 95% of them I don't know whether to laugh or cry. Shame on you!</p>

Naomi	NY	The last thing we need on Facebook is the criminal who has openly encouraged violence - against member of Congress, against immigrants and asylum seekers and against women. Facebook should have reacted to his criminality long before did. The fact that he is no longer president does not change the modus operandi of this criminal. Facebook supposedly has policies that deny the use of Facebook for activities that call for violence and criminal behavior. That defines Trump and he should not be allowed to use Facebook to further his criminal behavior. IF TRUMP GETS BACK IN, I WILL LEAVE ALONG WITH ALL MY FRIENDS AND COLLEAGUES!!!
Frankie	NY	Trump will continue his usual lies and conspiracies if he gets back on FB. The world has been a better place since he has not been on Facebook.
Meghan	NY	Trump has clearly violated Facebook's disinformation and violence policies scores of times. Especially now that he is no longer president, there is absolutely no reason to allow him to use the platform, and indeed, doing so would directly lead to the spread of disinformation and potentially violent rhetoric.
Reynolds	NY	Ban Hate, it servers no one, If you are out to ruin everything this country was built on, all of our values. Keep him without a chance to spread more lies.
Rebecca	NY	Six lives were lost due to the reckless behavior of dangerous terrorists who used social media platforms like Facebook to organize and gain strength. This should never have happened!
William	NY	I strongly confirm my support for the continuing ban on Donald Trump from Facebook. He does not deserve to be allowed to return after the spreading lies and instigating violence; please make it a lifetime ban for the damage he has done to our country, and to prevent a possibly much worse outcome if he's allowed to return to Facebooj
Maria	NY	He is a known spreader of lies and misinformation. He sows chaos to suit his own ego no matter the human cost and his is a legitimate threat to American democracy
marjorie	NY	Trump spreads lies. He continues too admit he lost the election demanding to be referred to as "the 45th President" rather than "the former president". He can only do more harm to this nation if he has a voice o Facebook.
Ruth	NY	He's a disgrace and an embarrassment to all thinking Americans. Lives were lost on Jan. 6 due to his incitement to storm the Capitol. Also the corruption involved in trying to overturn lawful elections is despicable.
Joanna	NY	Allowing Donald J Trump back onto Facebook will permit him to resume attempting to destroy everything good this country tries to stand for. Too many Americans believe whatever he says,. Our nation cannot afford to pay that price.
Radha	NY	How can they be trusted if they have policies and then don't enforce them or change them? Or is "oh, never mind, I can't remember what happened last month" the policy? Remember things like "history is doomed to repeat itself if we don't learn from the past?" And: the Holocaust?!!! I already limit my postings and photos on FB because I don't trust them to put principles and people over profits.
Marlon	NY	Donald Trump is a threat to health and safety of all the people in this nation, even those who support him. He is a reckless demagogue with a demonstrated record as a prolific liar and supporter of racist violence. He cannot be trusted to operate with decency on any social media platform. DO NOT PASS HIM THE MIC. He is no longer entitled to such a public forum.
janet	NY	should be banned for life

Melissa	NY	Donald Trump has proven himself to be a liar who foments violence and harm. He is dangerous. He takes no responsibility for the deaths on his hands either due to his refusal to acknowledge and address the Covid-19 pandemic nor the violence he has encouraged. It is not acceptable to scream Fire in a crowded building when there is none. Thank you.
Maria	NY	Don't give Trump a place to insite people to go against the government.
Peter	NY	Too much risk he'll incite angry, crazy mobs to extreme violence.
Joel	NY	PLEASE continue the ban on Trump! He IS a VERY dangerous person and should NOT be allowed to again spread his EVIL lies. He's just interested in starting trouble.
Sandra	NY	If you have policies you need to enforce them uniformly. There's no point having them if you don't. So either get rid of them, or get rid of him.
Veronica	NY	He foments hate, violence, and incited the attack on the Capital
Donna	NY	First, it's the ethical and responsible choice. Secondly, this man incited the biggest political disaster in our lifetimes. Third, I don't want to support a platform that would consider bringing him back on FOREVER.
Gail	NY	He only knows how to use fear to incite hate and violence.
Henry	NY	Return to same old crap not acceptable.
Wendy	NY	Facebook cannot allow Trump's lies and misinformation continue to erode our democracy. The damage he has already done is enormous; Facebook needs to recognize their role is spreading his lies and never let him back on to make another post.
Jesse	NY	Facebook policies are in place to prevent harm from coming to people due to harmful speech. The bigger the platform a harmful speaker has, the more dangerous they are and the stronger the case for keeping them off the platform. With his millions of followers, Trump is too dangerous to admit back to Facebook.
Ann	NY	Ex-President Trump should be permanently banned from Facebook because of his seditious and racist language. His ability to inflame violence and bigotry in his followers make him a danger to the Commons. Stifle him.
A.L.	NY	Hosting violent psychotic postings and insurrectionist racists and haters such as Donald Trump on your platform threatens humans worldwide and our civil union in the US. Facebook MUST STOP profiting off of violence and hate, as we are ALL AT RISK if you continue to do this! END TRUMP'S HATE PERMANENTLY on your profit-driven platform.
Dan	NY	Former President Trump is a scourge on social media and any platforms that allow him to spew his vile, false, and irrational comments is reduced to meritless trash by doing so. Enforce your self-determined policies and permanently ban this despicable sub-human hate machine named Donald Trump.
Mary	NY	come on you KNOW all the LIES you've already let him write on fasebook and banned him why would let him back on?
Brett	NY	Donald Trump intentionally mobilized the extreme right white supremacists and spreads conspiracy theories and lies. He is dangerous to our country.
Rosemarie	NY	Because of Trump's hateful terrorist speech we saw a sea change in racial attacks, hate speech and a growing movement of white supremacy. His spreading lies about the election, bullying and inciting riots and immigrant hate should not be on social media. This will only further harmful actions and lies from white supremacists and others. Please keep him off Facebook. He is dangerous.
Anna	NY	Facebook needs to do better regarding the spread of misinformation and hate. Start here.
Robert	NY	The former president has as long as I have known of him been a liar and should not be given a platform to spread his lies and hatred.
Karen	NY	I urge you not to give a public platform to an individual who incited a riot that resulted in several deaths, including a police officer doing his duty to protect elected representatives in the U.S. Capitol Building. Facebook should not allow this dangerous man a platform for spreading further lies and promoting more violence.
Shui	NY	Trump posts hate speech and incitement for violence against political opponents. Grow a conscience, FB.
Eva	NY	De platforming works, providing access will increase the toxicity.

Keith	NY	It is the duty and responsibility of Social Media platforms to regulate their media content, especially if it is out of line with the policies and ontology of its founding members and senior officials. Unless the people in charge of Facebook admit that they endorse President Donald Trump's outrageous and baseless accusations that led, even tangentially, to the coup on the Capitol on the 6th January, it is their moral obligation to censor his public posts and banish him permanently from your platform. Please act according to your moral conscience.
Virginia	NY	Donald Trump is an insurrectionist. He has lied about our last election and claims it was stolen. He encouraged the attack on our Capitol. He needs to be held accountable for his lies and inciting violence on that horrific day. A review is not necessary . The ban must continue . Trump is a traitor to the American people. He is a domestic terrorist .
Carlos	NY	He is to chaotic.
Lucy	NY	Just because former President Trump is a public figure does not mean that you should hold him to a lesser standard than the rest of the people using your platform. If you would ban Joe Schmoie for the actions that he has committed, then you should ban President Trump. Being (formerly) President of the United States should not give him impunity to say whatever he wants without consequences.
Constance	OH	Keep DJT off - PERMANENTLY! No discussion!
Guinne	OH	Sedition should have no public platform!
Paul	OH	ANYONE that voices and prints absolute falsehoods should not be allowed a presence on FaceBook or any social media.....Freedom of Speech allows for difference in opinions.... NOT the spread of lies and falsehoods.
Ryan	OH	Donald Trump is a menace to Democracy...do not aid him in any way...he deserves no platform.
Eva	OH	we have witnessed with horror the consequences of donald trump spreading lies and disinformation on Facebook and other social media. it would be dangerous to violate your own policies and allow him to resume this hateful agenda
Richard	OH	Trump lied, and people died. Keep this sociopath off FB!
Calvin	OH	Donald Trump has harmed the world enough via social media. No more!
Barb	OH	Trump lies...he posts lies...people believe him...people believe lies quicker than the truth... once lies are believed there is no changing minds...he is very dangerous
Lynn	OH	Anyone including the former president who incites terrorism needs to be banned from Facebook forever!!
Joe	OH	he insights insurrection.
Debbie	OH	Trump never learns his lesson. He is still going to spew his lies and conspiracy theories and will continue to incite violence and division. He can no longer tell the difference between truth and a boldface lie do he is dangerous on social media. His followers do not seek out the truth or fact or use critical thinking skills. They have been brainwashed. I don't think the Capitol insurrection is the end. He will continue to instigate his followers to attack his perceived enemies or anyone that disagrees with him. He is as dangerous as Hitler. I would hope Facebook,has learned its lesson by now. Digital and social media need to be responsible and shut down any known false info to be propagated, conspiracy theories, and hate from being allowed on your platform.
John	OH	Trump needs to be deprived of any outlet for his lies and disinformation.
Eric	OH	America should not be coddling Nazis! Ban those republiNazi scum!
Jeannie	OH	Because he's a racist and supports right wing extremists.
Peter	OH	Donald has used FB to spread lies leading to an attack on the U.S. Capitol. He is very dangerous to our democracy.
Thomas	OH	He should not be allowed back on because he has trouble with spreading news that isn't true.

Craig	OH	There are enough lies and hatred spread on FB as it is. When you are presented with a easily traceable source you should stand up and actually enforce the rules otherwise they are just words, with no meaning behind them. Make FB a better place once again.
Peter	OH	I never want to see nor hear from Trump again. He's a cancer on this country with his hateful remarks, spreading lies and his divisive nature. We're much better without Trump; he has divided this country like no other president ever has. NO never again!!!
Cathy	OH	this man has demonstrated an extreme unwillingness to take responsibility for his words of incitement - repeatedly!!! If you re-establish his accounts you will likely lose mine.
Shannon	OH	Why would you allow a racist fascist pathological liar back on your website, when you know that he has the ability to make people do his dirty deeds for him! He is a pathological psychopath. Allowing someone to use your platform to spread hate and egg on violence is a crime to me. If you have ever had to be personally exposed to a psychopath you would understand just how dangerous it is to give them an unaltered path to people they choose to be their victims. Some mental illnesses are harmless to others however a psychopath lives to hurt others and obtains glee and happiness from inflicting pain and fear in others which is exactly what Trump and his minions do to others via facebook and all other internet platforms that have no safeguards in place. Hiding behind a computer screen gives others power to mess with others lives and never pay the price. If done out in the public the same things are crimes and if caught punishable. No one even tries to stop others from threatening others on line. Law enforcement does not have time for that stuff. Letting him return is wrong in so many ways that i would question the mental stability of those whose think it is ok!
Winifred	OH	Trump is the locus of a national rightwing brainwashing machine, of which Facebook is a major part. Thirty to forty percent of Americans are affected and becoming increasingly racist, irrational, anti-government, and violent. DO NOT BE COMPLICIT, FACEBOOK. JUST SAY NO TO FASCISM!
Lynn	OH	Please permanently ban Donald Trump from Facebook. He has proven over many years that he uses the platform to spread lies and incite unrest, and we are all so weary of this irresponsible behavior.
Sandra	OH	Trump is a traitor.
Nancy	OH	Racist rapist trump should be banned as he incited an insurrection against America and people died b/c of his abusive words.
Linda	OH	I think that having trump off FB makes it much more peaceful. He has never admitted that Biden won the election. His insistent ranks are just not needed on FB.
S. A.	OH	The world didn't explode when Twitter banned Donald Trump. FaceBook is capable of banning him too. Precedents must be considered very carefully, but FB is in charge of a system that has galloped beyond its ability to manage it thoughtfully. As a result, certain interests have used that opportunity to increase potentially damaging hate speech to the point that it's virtually uncontrollable w/o removing it entirely. In the case of psychologically compromised users like Trump Sr., the very unpredictability and repeated FB violations of your standards inherent in his messaging makes FB potentially liable, not to mention the ugly face it puts on your corporation. I know many people who refuse to use FB because of that and I am one of them. Improve your branding and remove Donald Trump permanently from FB!
Wendy	OH	If I made the same comments and posted what Trump did I would have been permanently banned long before he was suspended. He's off Facebook, leave him off. He's hate spewing and divisive. Nearly every time he opens his mouth he spouts lies and only tries to gain for himself at others expense. He already caused enough damage, why are you even thinking about letting him back on Facebook?
Margie	OH	Please don't allow Trump back on Facebook. I will quit Facebook if you allow him back. He is just a liar and a disgusting person. I know other people feel the same.
Paul	OH	Trump used Facebook to attempt to defeat our election process. The question is not why you should keep this traitor off Facebook, rather why would Facebook want that traitor on Facebook? Which side are you on?
Carol	OH	He remains a person of power and influence, but refuses to act responsibly by intentionally lying to benefit himself and cause harm.

First name	State	Comment
John	OH	No one has ever abused a public forum like Donald Trump abused Facebook! He polluted it with almost continuous lies and hatred day after day, capping off that disgraceful performance by using it to help foment an insurrection against the United States! Enough! He doesn't have any First Amendment right to use your private platform, and to let him back on would make you complicit in his destructiveness.
Eric	OH	Former President Donald Trump should be permanently banned from Facebook due to his frequent comments inciting violence, racist and sexist hate speech, and his near-constant promulgation of dangerous lies. His behavior would certainly be a reason to ban any non-celebrity under FB policy, and it should be applied to him as well.
Pamela	OH	Please, please, please don't let this horrible Donald Trump be put back on Facebook!!!!!!
David	OH	The sharing of information that is not fact based for questionable purposes' should never be permitted. While freedom of speech is valuable, it stops when one uses false or misleading words to fire up the crowd. No one would find it acceptable to yell "fire" in a crowded space, when there is no actual fire.
Victoria	OH	Donal Trump is a pathological liar whose views are never cogent.He does not need social media to be his voice piece.
Penny	OH	No one who has aspired to be a fascist dictator, as Donald Trump has—and still does, should be on Facebook ever! It's a huge danger to our country and the world.
Nancy	OH	I have not deleted my account, but I have not accessed it since 2016 because of the lies and misinformation on the platform. If Trump is allowed back I will actively work to get the only two people I care about that's still using Facebook to stop. If he's not allowed back, I would consider using Facebook again.
Patty	OH	If you allow that Colossal Orange Bigoted Traitor to once again POISON our democracy, you will have proven beyond a shadow of a doubt that the disgusting thing called Facebook is a front for "Terrorist Recruiting for Ad Dollars". DUH.
Evan	OH	Donald Trump is the worst President this country has ever had, and not just for inciting a mob to attack our Capitol building. He cannot be trusted, he needs to be removed from Facebook immediately.
Kathy	OH	trump has incited violence and rampant racism through Facebook. Further, his misinformation about Covid has led to the death of over 400,000 people and contributed to the protests that have shut down vaccination sites. His use of Facebook goes against everything you (Facebook) warn users about. He must be banned.
Roger	OH	His rhetoric is dangerous for the health of our country!! He should be BANNED from ALL social media for life!!
Daniel	OH	Murdering traitor!
Michael	OH	Would you offer Goebbels the right to free speech to disseminate falsehoods such as he was so famous for? This man spews more falsehoods, muddies the waters, the minds more than any leader EVER in US history. He DID all the things WE FEARED, in 1974, that NIXON WOULD DO! This man is BRAZEN! HE is more than false speech! He has the power to cause people to perform violent, seditious acts! HE IS UNIQUELY DANGEROUS, A UNIQUE INSTANCE!!! KEEP HIM OFF THE AIR!!!
Sylvia	OH	There is no reason to reinstate Donald Trump. He broke the rules, and he should have to be held accountable for once in his life -- just like others are. There is not separate set of rules for him -- or there should not be if there is any justice in the world. And, I might add, how can you possibly think that he will obey the rules if you reinstate him? That is delusional thinking at best.
Marjorie	OH	Over 30,000 lies in 4 years and so many in the years prior would disqualify any of the rest of US from using Facebook services. It is time for social media to stop being used as a conduit for violent divisiveness and sedition. The positions of the former president and failed businessman have placed the USA in a position of extreme harm and risk. If the attempted overthrow of Congress doesn't convince you, how about the willful COVID-19 disinformation campaign he waged. He knew what his followers would believe it when he blamed the majority and twisted what should have been public safety into political bashing and bloodlust. There are probably many lives that were lost as a direct result of his lies and disinformation. Is Facebook complicit as well?
Patricia	OH	Donald Trump promotes bigotry and violence and lies. He tried to destroy our democracy. He does not have the capacity to change for the better. If you return his privilege of using your platform, you are complicit. Keep him off Facebook!

Elizabeth	OH	Facebook must take care of America by never letting Donald Trump back on this forum! He is dangerous to our Democracy as we've seen & heard for more than 4 years. Besides he defrauds people of their money & feeds lies!
Christine	OH	The US needs leaders who will help citizens to arrive at peaceful solutions to problems. We do not need to give a platform to a selfish hateful person such as my. trump. He only deserves a mirror in his private bathroom and a soap on a rope microphone in his shower so he can hear himself rant and the rest of us can get on with a sane reality.
Sheila	OH	Donald Trump is a domestic terrorist he spreads lies hate anger and More lies he should not be allowed to spread that message he is a divisor he does not want to keep anything together he wants to separate
Deborah	OH	Spreading false information which led to our Capitol being attacked should forever be remembered. NEVER allow him to do it again!
Barbara	OH	People who spew only hate should not enjoy freedom of speech.
Mary Ann	OH	Donald Trump fomented lies and called his supporters to march on the Capitol. If he's allowed back on Facebook, he will continue his lies and use the platform to damage his supposed enemies. Trump should NEVER be allowed back on any social media platform for life. He caused the death of five people with his lies. How much more damage to this country do you want to sanction. He LOVES VIOLENCE. Do you want to be held financially responsible for his next call to attack through your platform.
Thomas	OH	Over 30,000 lies while POTUS ought to disqualify "45" from any further FB activity.
Mary	OH	I have never seen anything as horrifying as what I witnessed on TV January 6, 2021. Trump incited this. Do not let him use Facebook as a catalyst. Do not put us on danger!
Mary	OH	Please permanently ban Donald Trump from Facebook. He spreads dangerous lies.
Roberta	OH	When someone consistently spreads lies and hatred, they have no right to continue this behavior , reaching the general public. Trump and others have no 'right' to be on Facebook Ban him!
Esther	OH	He spreads lies and false rumors to stir up trouble. He is a horrible person.
Gail	OH	Trump is now a private citizen. He should not have a public forum to spread hate and fear.
Rhonda	OH	Donald Trump rhetoric of lies incited a insurrection. Donald Trump is a racist with no real moral compass for true American Demoracy. He has stated to defeat him will cause a Civil War. Please DO NOT allow him a platform to overturn our democracy and bring about the cause for Americans shedding one anothers blood bringing back the horrors of a civil war.
Alice	OH	Because he is telling lies and inciting violence and sedition.
Jeannette	OH	Donald Trump has proven TIME and TIME AGAIN WHO HE IS.....A SOCIOPATH....He only thinks of HIMSELF and HIS OWN WANTS and NEEDS....THATS DANGEROUS to AMERICA and to EVERYONE living here...HE HAS A FOLLOWING OF VERY DERANGED, NARROW MINDED, IGNORANT PEOPLE...I believe some of these people have LITERALLY been brainwashed...They do what he tells them to do, even kill if necessary, and they say what he wants them to say...SOMEONE THIS DANGEROUS SHOULD NOT HAVE ANY TYPE OF PLATFORM TO MAKE IT EASY FOR HIM TO REACH OUT TO HIS FOLLOWERS...ITS ABSOLUTELY TERRIFYING...
William	OH	Donald Trump has made a career as a con man and liar. During his presidency he uttered over 30,000 proven falsehoods. He lies like most people breathe. Allowing him to use facebook or other social media is to allow the pollution of public discourse and thought. This has proven to be dangerous and deadly, as seen in the attack on the US Capitol which was spurred on by lies about the election. Clearly, a lesson should have been learned. Keep Donald Trump away from social media.
Marlene	OH	I hope you will keep Donald Trump off your Facebook accounts because he has consistently lied and misled many Americans to believe his false information. He does not deserve a platform to speak his mind period. He has proven his rhetoric has led to riots and disregard of women and other races. Stop his Voice!!!

Marilynne	OH	Please ban Trump from your Facebook so he cannot continue to feed the people MORE LIES, support white supremacy, and gain citizens to create destruction and killing more lives.
Lisa	OH	Trump on Social Media is the equivalent to releasing a Godzilla sized Dirty Bomb on the world.
Carol	OH	Does the First Amendment really cover the outright and purposeful dissemination of disinformation (false Bull\$#!+)? We can even prove the the purpose behind spreading these false narratives is nefarious... This activity is NOT protected by the First Amendment.
carol	OH	please...no more lies.
Roberta	OH	Trump's rhetoric gets people killed and injured. He should not be permitted on social media.
G	OH	There has to be oversight on the spread of misinformation and content the encourages violence.
Kathi	OH	yes
Carole	OH	He would only spout more lies, etc.
Michael	OH	How much violence and dangerous misinformation will you let back onto your site? If you revoke your ban I will cancel my account.
Tom	OH	The Republican Party are Liars just like Trump . The All are Traitors to Our Country .
patricia	OH	he's never going to change!
Patricia	OH	Please permanently ban Donald Trump from using Facebook to spread his own personal brand of hate and further separate groups of people who must learn to work together. If you care about America, our people and our democracy - you won't allow him back on Facebook EVER!!!!
THOMAS	OH	Donald Trump is dangerous to the safety of citizens of the United States of America! He has forfeited his rights to spread lies because he violated his Oath of Office of the President of the United States.
Meaghan	OH	Not enforcing your rules for someone who promotes violence because they're a public figure means you're complicit in the rhetoric they share. You're a company, and you have rules to protect your brand and your users. If you don't enforce those, you're showing your hypocrisy, and your reputation will forever be tarnished.
Julia	OH	Trump's hatred and lies spurred on people to storm the Capitol. He can't be allowed back on Facebook to encourage more attacks.
Geraldine	OH	Because of his terrible words against everyone that doesn't bow down to him.
Cathryn	OH	Inciting a coup against the legislative branch to overturn verified election results should get anyone banned from social media whether it is (or perhaps) especially if it is the President of the United States!
Elaine	OH	If you cave on your decision you will gain nothing because hundreds of us will happily leave%!
Victoria	OH	Look what you already allowed him to do. Sont make it worse by allowing him to come back. He's NOT a regular user,
Judith	OH	As long as he is given a public forum of any kind he will continue to stir up lies and mistrust and encourage his followers to become violent as a way of supporting him. He has proven himself to be a very dangerous person.
Ellen	OH	He lies
Susan	OH	He is a very destructive, evil person who must be stopped.
Gregory	OH	20,000 to 30,000 lies and derogatory remarks for an American President who believes raking a forest is a good idea.
Connie	OH	Keep Trump, his family and his Supporters/White Supremacist/Racist Proud Boys off Facebook. They're organizing a coup, they are attacking the fabric of our country and our laws.
Robert	OH	Do you really think that Trump is capable of learning from his mistakes? Really letting him back on will just produce more lies and misinformation. If only we could hold you responsible for them but you take no responsibility for the damage that his lies cause. Shame on you if you allow him back on your site.

Aloysius	OH	A liar, a criminal and a seditionist. If ANYONE else had the same antecedents and tried to use their Facebook account to commit crimes and attack the community, they would not be allowed to have an account. Private citizen trump is no better than any of the rest of us.
Carl	OH	He's a bigot and a loud mouth bully, nothing but hate and disrespect comes out of his mouth.
Joy	OH	Trump is a dangerous man who believes the many lies he constantly tells. He does not care about others, only himself and his selfish, decisive views.
Barbara	OH	Donald Trump should never be allowed on Facebook again. He has and never will learn a lesson from his mistakes and will return to spread lies once again.
William	OH	From the start, Trump seems to have the diminishment and destruction of the United States as a goal - or he is blindingly incompetent. Through constant lies and divisive statements, primarily over the internet, he has created a destructive fantasy world amongst his followers, a small part of which resulted in the Jan 6 attack on the capitol and the legitimate transfer of power of the government. The REAL damage, goes much, much deeper into the coherence of American Society. In the interests of a coherent and truthful American Society, he must be silenced. Free speech is very important, but along with it comes serious responsibilities to the truth, which Trump seems to have no grasp of.
Frederica	OH	Trump hasn't learned his lesson nor will he ever. He MUST be banned for life. Follow your own rules!
Sean	OH	Trump is a liar and a propagandist. He willfully misleads his followers, sometimes with violent consequences. He has a clear track record and should be permanently banned.
Jeannie	OH	Facebook needs to enforce Facebook's rules about sharing inaccurate voting information, or spread election disinformation, or inciting violence at the polls among other items that Trump and his supporters repeatedly got away with during the election. Facebook allowed them to represent their opinions as facts and many people believed these "facts". Facebook allowed people to go against science and encourage others not to wear masks or take other COVID precautions, again often based on what Trump and his supporters were claiming without even noting that they were expressing an OPINION without evidence to back those statements up. These are just a few examples however there is no doubt that these platforms allowed our country to come close to losing its democracy on January 6, 2021. Facebook must become more responsible for its webpages- starting with enforcing it's own stated policies. Trump has demonstrated that he should not be allowed to continue with his disinformation.
Margaret	OH	As a regular Facebook user, I ask that you permanently ban Donald Trump due to his continuous posting of lies, disinformation, and calls to violence. Enforce your own policies!
Christine	OH	It has been so peaceful without Trump being on Facebook and Twitter. The country seems a little kinder.
Anna	OH	If you care more about our country than you do about putting money in your pocket then it is a very easy decision to not let Trump back on Facebook. If you want our country to go to the dogs, then you will be a traitor!!
David	OH	Donald Trump and his allies, which he props up on Facebook spews lies, disinformation, racism and hate should not be tolerated on Facebook.
Mary Eileen	OH	Please keep Donald Trump off Facebook permanently. He had the same chance as all other citizens to use Facebook for free speech & self-expression, but he chose to use it to stir up hate, promote lies from the highest office in the land, and lead his followers into a serious situation where some of them died. Donald Trump does not deserve another chance to use the Facebook platform, because his long pattern of deceit and destructive speech amply demonstrates that giving him Facebook access would be a public danger. Please keep him off of Facebook permanently!
Kathy	OH	The lies of Donald Trump are a danger. Five people are already dead after the Jan. 6 insurrection. He is impeached twice. He has never followed reasonable rules. It will take time for real regulation of your platforms, just like there are laws about what you can publish in the press or what can be sent through the mail.
Vince	OH	Bad Idea!
Denise	OH	We're tired of Trump's lies!

Diana	OH	Trump needs to be banned from Facebook because he's a threat to our democracy. Facebook needs to continue the ban.
Norm	OH	Every place he has been kicked off of will bend over backwards to get him back on everything.
Laurence	OH	A simple expression encapsulates my thought on DJT and permanent ban, it goes like this; "Sauce for the goose, is sauce for the gander". In other words, if a rule is to apply to one constituent it should apply to all or in this case the rules that apply to everyone else should apply to this individual.
S	OH	Walk your talk, keep Trump banned.
Neal	OH	The former president promotes disinformation.
Janie	OH	Allowing misinformation and hate rhetoric on social media has shown us all, many times over, that it has real-world consequences. Those consequences have often included violence against others. It is ludicrous to suspend some people for the mere use of a swear word, yet ignore it when others use inflammatory rhetoric intended to stoke hatred, anger, and fear that has shown its potential to spur violence. Trump has repeatedly used such rhetoric and the world saw its culmination on January 6 in our nation's Capitol. It was not the first time he has deliberately used language as a weapon and we have no reason to believe it will be the last. The world is watching, and so are we. FaceBook and other social media platforms need the public's support far more than the public needs any single platform. Don't think for a moment that just because FaceBook is so widely used that a boycott would have no impact, or that the widespread protests across the nation earlier in the year 2020 are unrelated to everything we are witnessing now: the public is sick and tired of seeing the guilty evade accountability. Take responsibility for the part you play. Stop pointing the finger elsewhere and having public relations experts spin the stories to your benefit. We see you.
Amanda	OH	Trump may have the right to spout whatever lies he wants, but you do NOT have to provide him with a platform. This is about protecting our democracy. Enforce your own policies and permanently bad Donald Trump.
Jay	OH	Your action banning Trump from using Facebook because he regularly broke its rules by posting dangerous lies and spreading hatred was correct. Please continue banning him. He has shown absolutely no intention of discontinuing his abusive and dangerous behavior. J.M. Houlahan Worthington, OH 43085
Cierra	OH	To stop the spread of misinformation like QAnon!
Linda	OH	Donald J. Trump is a traitor to the United States of America.
Janet	OH	He cannot comprehend how what comes out of his mouth affects others. He's a hate and fear monger and he lies. He's also a private citizen now with no special privileges, just a huge sense of entitlement due to his personality disorder.
Kathy	OH	Facebook should be a place for truth not lies. Please continue your ban for trump and others who spout lies!!
Anne	OH	He's done enough damage already.
Todd	OH	No one has the right to spread lies and encourage insurrection. Former president Trump has clearly done that from this and other platforms. He has proven he will not stop of his own volition. He must not be allowed to return. Ever.
Gwendolyn	OH	Do not give Trump the ability to get revenge by speaking hate on facebook to those who will not back down and accept his cruel behavior. I am sure this is not the free speech our founding fathers meant! I am definitely sure it is not the speech God wants!
Leilani	OH	It truly harms the ignorant American public who believe Donald Trump's lies and the lies of others like him. Please do not give him a venue to spout his propaganda. Facebook should be a harbinger of positive promotion. I would be happy if nothing political were on the site. Enough revenue dollars are made by you through vendors (I know because I have used them) that you do not need to allow offensive venting. Please keep Facebook a vehicle for positivism in the world. Thank you, Leilani Brown

Kathryn	OH	Trump continued to spread lies about election fraud, foment insurrection, division and violence on social media even in the midst of the attack on the Capitol while ignoring calls even from his vice president and other leaders and advisors to direct his extremist followers to cease their actions, beating Capitol police, threatening legislators. Since the end of his term he has been curtailed in his ability to communicate his continued lying about the election which led to Jan, 6, his continued refusal to even recognize Biden as president. He continues to fund raise off his lies, his continued support of conspiracy theories and extremists. He should not be given social media platforms to further these efforts and continue to divide our country and foment violence even now that he is out of office. To provide him with such a voice would make you complicit in any further violence and undermining of our democracy by a dictator wannabe, You are a private business with not only a right but an obligation to enforce your rules against such abominable and destructive communications and access to poisoning minds.
Mike & Barbara	OH	Facebook should not be complicit in spreading lies, division, hatred, and violence.
Kathrine	OH	Trumps lies & disinformation is & has been proven deadly & dangerous. Do not allow him to continue to encourage violence, hate & division on FB.
Goldner	OH	Please, don't let Trump have a platform for spreading more of his misinformation . He puts our democracy at risk.
Tim	OH	Because while he isn't the only one with white nationalist beliefs, that needs to be banned currently as it violates the community standards.
Bruce	OH	This EVIL Criminal deserves NO PLATFORM!
Kim	OH	Because he will keep stoking the fires of hatred.
Linda	OH	Because he is a divisive anarchist who only cares about himself and is trying to tear this nation apart.
Lenore	OH	Incitement to violence has no place in the media and - like it or not - you are part of the media landscape. You like the benefits. But you have to take the responsibilities as well. Magnifying lies serves no one well in the long run - unless you like living in war-torn countries. Wise up.
Teresa	OH	He never acts in the best interests of USA. He has other sinister motives that impact us in the worst way. Egomaniac.
Andrea	OH	Because he incites violence. Nothing more need be said. He has to stay off fb.
Stef	OH	Donald Trump should be permanently banned from Facebook because he's a danger to this country and all those who dare to disagree with him. Any slight of non-loyalty towards him results in him using his followers attack others needlessly. This also provides him a platform to continue to lie about anything and everything, including the 2020 election. We saw the result of his incessant lying on January 6th. Facebook cannot give him this megaphone back to continue to spread lies and incite violence, it would only lead to another January 6th incident. Facebook was right in banning him and he should never be allowed back. Policies need to be enforced, he deserves to be banned.
Deborah	OK	Please Do Not let Donald Trump on Facebook, Twitter or any other social platform that you control. He will continue to divide and create violent acts along with the Proud Boys terrorist group! My life is so much calmer & stress free without him spouting off!
s	OK	Anyone tried to instigate a coup against democracy should be permanently banned. He is a danger to society.
Whitney	OK	Trump has spread hate and lies to the public, and it has cost lives. He needs to be permanatley banned from social media.
Susan	OK	Trump has been able to spread boldfaced lies throughout his presidency, encouraging white supremacy, religious bigotry, and anti-woman groups and attitudes throughout his time in office. This has increased the spread of violent groups at worst and deep divisions at best. Media need to show some sense of responsibility for the results of their actions.
Chris	OK	What would happen to an ordinary citizen like me for such misuse of Facebook? Trump has had his chance to express himself and he abused it beyond all reason.
Carol	OK	Sometimes you have to do what is RIGHT!!!
Frank	OK	Truth time. Money or truth? Power or reason? trump is EVIL and a dictator who LIES AND DIVIDES!

Jeff	OK	I will leave FaceBook if Donald Trump is allowed back on! I'm so sick of his lies and corruption! He has infected many of my loved ones with his lies!
Jane	OK	Trump is dangerous. He has no boundaries. He lies with ease, mocks those who disagree with him, and ignores the rule of law. He is able to influence his followers by rallies, speeches, cable TV and importantly social media. He must not be able to spread his conspiracy theories and lies to people who want to trust and believe in him - he uses them. It's not right. Do not allow him on Facebook - more people will get hurt.

Carl	OK	He will never change.

Robin	OK	Nobody should be allowed to do what he has done. He's a regular citizen now, treat him as one.
Alfred	OK	This man is a disgrace to the Republican Party and to the country, and a danger to Democracy. He should not have a platform to spout his incessant lies.
Kim	OK	He will keep on with his conspiracy theories and devisive hate filled lying . He cannot change .
Polly	OK	He is the leader of the domestic terrorists and a cause of the deaths of those 5 people at the capitol. I lost my parents to conspiracy theories and domestic terrorist Republican groups on Facebook. They believe what they read on Facebook, and Facebook does nothing to stop the lies. I deleted my account and stopped buying stock in Facebook, because it has played a large part in giving our country Trump and other extremists. People have died because of Facebooks inaction.

William	OK	Attempt to ensure only factual information is provided on Facebook. Trump didn't know the meaning of "factual" as he would say whatever he wanted whenever he wanted. And no one except the so called fake media held to hid word. So try to keep his kind away until he professes and supports the truth.
Harry	OK	Donald Trump has no useful purpose to serve for this planet. His existence will only continue to divide and injure people of this world. Therefore, FACEBOOK should not allow that man access to its platform. Please follow your own guidelines and do not allow external pressures of hate & fear to shadow your decisions and choices!
Sally	OK	Trump is a cancer in our country. He is evil and only brings more evil. To allow him back on Facebook is the biggest mistake they could ever make. They should stick to their policies and show some backbone.
Kim	OK	He incited an insurrection against a freely elected government and continually lied about it .
Wilfred	Ontario	When Donald Roars Facebook Gives In. Cannot BELIEVE IT.
Jesse	Ontario	Unless Facebook is in fact a supporter of far right, racist & homophobic/transphobic violence and are willing to say that outright, then they need to ban ALL of it on their platforms and follow their own rules.
Amy	Ontario	Donald Trump spreads lies and hate- a dangerous combination. We have already seen the results of his actions, and cannot afford to take a chance at that happening again. Please permanently ban Donald Trump.
James	Ontario	The toxic combination of Facebook and a President who is one of the greatest con-men ever has done serious damage to the mental and political health of America. Let's learn this lesson!
John	Ontario	Guys. Don't you think you've gotten enough bad press lately?
Theresa R	Ontario	Take into account the positive change that has already come about from removing Tr*mp's platform. The other social media sites who have made the necessary changes to create a safer online community. The future of our world needs positive consistency in its change, otherwise it is performative and serves no one. The right side of history is the side that protects those who have been historically marginalized, abused, enslaved, silenced, neglected, and controlled. Tr*mp is an abuser, at the very least. PROTECT the people, PROTECT the unity of the world, and consistently enforce the aforementioned policies to permanently ban Donald Tr*mp. Be on the right side of history.
Ton	Ontario	Countability and responsibility go beyond politics, an invention of the rich and powerful in order to maintain and increase their wealth. It is time people get first before companies and their owners.
Katharine	Ontario	Trump's lies are demonstrably dangerous. It would be irresponsible to give him a platform to continue to spread disinformation.
Sharon	OR	PLEASE, no more of his hate mongering and lies.
Sasha	OR	Trump is a malignant narcissist bordering on a sociopath. His vitriol and hatred can only bring harm to many. Please, please do the right thing and ban him PERMANENTLY from FaceBook.
Anna	OR	If you allow a racist then you are a racist
Esther	OR	Donald Trump is a hateful bigot. He has proven to be toxic and inciting violence. People lost their lives due to his hateful rhetoric. He must be banned from Facebook permanently.
Sharon	OR	Be a role model for sticking to your word. The law-abiding citizens of today and tomorrow are watching you, FB!
Joan	OR	he will still incite others
E.	OR	He is dangerous with his lies and deceptions. Like "crying fire in a crowded theater" when there is no fire.
Linda	OR	Facebook touches gigantic numbers of people and gives a huge forum to whoever chooses to use it as such. Trump broadcasts falsity and lies, which have led to violence and an attempted coup to overthrow our government. By his own words, he does not intend to change his behavior. By allowing Trump on Facebook, Facebook is suborning sedition. Please stop him.
Timothy	OR	Allowing Trump on Facebook is like leaving a 2-year old at home alone with a lighter an open can of gas poured all over the home.
Carmen	OR	Because he's a racist, sexist, bigot who lies all the time.

Laura	OR	Trump should not be allowed to make treasonous statements that incite terrorist activity in our country.
Judith	OR	Trump told over 30,000 lies as President and should have had his @realDonaldTrump account on Twitter and Facebook access eliminated long before his final attempt to overthrow democracy. Don't reinstate him!
James Strickler	OR	Trump is undemocratic, full of false news and just plain un-American!
Edward	OR	He's dangerous!
Howard	OR	History shows that he is a habitual abuser of whatever he can get away with. Because of his selfish habits you will probably end up banning him again. Save yourself the trouble!
Craig	OR	The Facebook Oversight Board (FOB) should either enforce Facebook's policies or change the policy to one that will be enforced. Mr. Trump has been proven to be a compulsive liar, an inciter of insurrection against the US government, and a self-promoting anti-humanitarian. While free speech is a "right" for law abiding citizens, speech can be limited when it is in the interests of safety and well-being of other citizens and their rights (life, liberty, pursuit of happiness). Trump failures to meet the standards set by Facebook's policies and common respect for fellow human beings requires that he be permanently banned from Facebook. Please support Facebook policies.

Tammy	OR	Trump purposely lied and sowed division to gain power and then continued with egregious lies to keep that power, unlawfully. He put many people in danger with his bully pulpit. And he told us during his campaign that he would only concede IF HE WON. This was his plan all along. To gain and keep power. Too many people have died on his watch. Please ban him and save our democracy!
James H	OR	Keep that public danger off your microphones! You demonstrably have no problem silencing voices for far less ignobilities than Donald J Trump manifests in an hourly basis
Joanna	OR	Trump is a danger to this democracy. Zuckerberg is a self-serving enabler. Supporting Trump's behavior is unacceptable. Do NOT remove his suspension!
Rosalind	OR	Trump is a dangerous criminal who favors Putin because P. knows how to "love" him.
Dennis	OR	In his four years as President, Donald Trump spewed an incredible 30,000+ documented lies or misleading statements. Worst of all, from the November election until the insurrection of January 6th, Trump relentlessly told blatant and proven-false lies (by numerous state election officials and by courts) that directly encouraged and led to the mob assault on the U.S. Capitol in a coup attempt. Please enforce your own policies and ban Donald Trump PERMANENTLY!
Sheila	OR	Most of my friends have closed their FB accounts, in part because of your wishy-washy positions regarding truth and free speech. There has to be a point at which you recognize the practical and negative impact of adhering to a principle when you are being taken advantage of by someone who is corrupt. Do you want to be seen as Trump's mouthpiece? Why? Facebook, so over.
Julie	OR	He is a destructive force and harms our Democracy. He is not to be trusted.
Nugent	OR	Trump will NOT CHANGE his behaviors. He will continue to chronically lie and spread fabricated information. This is harmful, dangerous and insidious. He will continue to undermine Democracy. He has been clear he wants a privileged white society run by an autocratic dictator.
Charles	OR	He is the führer of the insurrection on the Capitol. ABSOLUTELY NOT!!
Paul	OR	trump has lied , constantly , provoking a civil war . He must be silenced , forever .
Yvonne	OR	The real point is to enforce the policies. Do not be concerned about the source...
Douglas	OR	Trump should be banned because our democracy is more valuable than his hate rhetoric!
Bonnie	OR	For the tremendous harm that he has caused, DJT should never be allowed back on Facebook. He does not deserve a public presence on ANY social media site, period.

P.	OR	Trump has lied (documented over 30k) and spread misinformation that has damaged our countries relationship between citizens and overseas. He has spent all opportunities to earn trust. To give him a public platform is to allow more damage. We have so many problems to contend with beginning with covid and please do not allow him to be another.
Linda	OR	He should not be allowed to spew his Fascist white supremacy lies to gullible people. You should ban ANYONE who does this too. There is no room for this sort of lies. This is how we become a dictatorship! There needs to be more censorship on the internet.
Rebecca	OR	You CANNOT let Trump back on Facebook with his dangerous disinformation agenda. Your company has massively contributed to putting our democracy in jeopardy. I'm proud to say I'm NOT on any of your social platforms and have convinced many of my family members to get OFF Facebook. I'm disgusted with your lack foresight/disingenine attempts at regulating violence towards our country
Michael	OR	He is now spreading lies and inciting violence less efficiently. WHY would you want to improve the efficiency of a continuing liar and agitator?
John	OR	Because he's a provocateur.
Susan	OR	Because he's a criminal and shouldn't be able to be on social media to incite more crime.
Susan	OR	He launched a Coup, and incited violence against our government. Until his name is cleared, or we can be absolutely certain he will not do this again, he should not be trusted on Facebook.
Angela	OR	If FaceBook and the policies it's supposed to stand by want to be taken seriously, the ban on Donald Trump must be permanent. Our society is held together by a common understanding of decency and civility. These values FaceBook has cashed in on. Donald Trump has violated those over and over. He will not stop. He does not deserve to participate. Permanent ban from FaceBook and all social media.
Deborah	OR	The chaos, misinformation, disinformation and conspiracy theories Donald J. Trump was able to disseminate was directly related to your platform (and others). Simply put, the ban must be made permanent.
Rebecca	OR	We have already seen the damage that lies about the election have done to our country. Please do not permit more of this disinformation--about the election, about climate change, about racism, about health care--to clutter Facebook!
Marybeth	OR	Fascist propaganda can't be legal! Overthrow of the government has been a no-no since we got started with this flawed but wonderful experiment!
Judith	OR	Facebook should BAN Trump. No question about it. Think of how much he has damaged out country. Never forget January 6, 2021 when he gave permission for the Capitol to be attacked and lives were lost.
Larry	OR	The hate you have allowed to be spread by Trump should be a criminal offense . You would have to permanently bar him and that kind of messaging for me to consider using Facebook ever again !
Judith	OR	he is a danger to democracy. we cant let someone who has a distorted view of the truth influence us. he has incited people to violence and will continue to do so
Irene	OR	Donald Trump is a clear and continuing danger to America. He has stirred up his followers to sedition and violence and will continue to do so if FACEBOOK allows him its platform again. As it is, FACEBOOK was complicit in allowing this to happen in the first place. Make amends now by PERMANENTLY BANNING TRUMP AND HIS SEDITIOUS FOLLOWERS!!
Susanna	OR	Donald Trump is guilty of treason and multiple other crimes. His lies have placed this country and the rest of the world in turmoil. He belongs behind bars. Facebook's complicity in his treason needs to be addressed.
Rolando	OR	Donald Trump should not be given access to any public platform because he has a history and record of spreading lies and inciting violence. The insurrection that desecrated our national Capitol and disrupted Congress was primed and provoked by Donald Trump using his access to social media. Any access to public social media that he can now get, Donald Trump will use to continue stoking his "movement." Do not give Donald that access which he will only use as a weapon against the country and people who have "done him wrong."
Laura	OR	Trump is a dangerous man who incites others to violence. Hate speech is not free speech.

Kathleen	OR	Trump's language is incendiary, and right now is a sensitive time. Things haven't cooled down enough for him to be back on. If he is allowed back on, we will see much more violence in the months ahead. Even when he doesn't say something violent specifically, he is giving air to the smouldering coals that are currently there, as well as encouraging the more active ones to keep doing what they are doing. He must not be allowed back on!!!!
Lisa	OR	This man spouts lies, hatred, and enlists racist bigots to do his violence. He is a domestic terrorist trying to lead the weak-minded to overturn democracy. He should not be allowed a megaphone or any outlet to do more damage!
Linda	OR	It is long past time that Facebook enforce its OWN policies about disinformation. It is time to re-imagine a social media platform that will allow people to connect with each other free from the threat of white supremacist hate and violence and of misogynistic rhetoric.
Beth	OR	Trump has already caused so much damage to America and Americans. Over 425,000 deaths from Covid, which he mismanaged and lied about to the detriment of our country. He encourages Proud Boys and other right wing extremists who cause violence and even killed police officers at the Capitol. It's outrageous and Trump should be banned for life.
Betty	OR	Trump is not above laws or regulations. Hold him accountable like everyone else.
Linda	OR	HE LIES ALL DAY EVERY DAY. HE HAS DAMAGED OUR COUNTRY WITH ALL HIS LIES
Sara	OR	Trump's words don't have power unless we allow them to be spread. This can't happen again.
Rosalie	OR	Trump should follow the rules just like everyone else and not be forgiven for his myriad lies and incitement of violence.
M'Lou	OR	Facebook ignored its policies for decency for years & years, including for Trump, one of its worst offenders. Evidence & history prove he is a seditionist & encourages others to illegal actions as well. No way he should ever be allowed to post again! And facebook must revise its algorithms to quit enticing Trump replacements!
Alice	OR	Fascist attempted dictator's who incited a violent and deadly attack on Congress have no place on social media.
Tracy	OR	Please do not allow Trump back on your site to foment or incite further division and violence based not in facts, nor good-faith debate of issues, but in untruths that do not serve society. Please, do not enable him through Facebook's social media platform. A greater audience to his provable misinformation will very likely lead to further harm, which can be prevented by your responsible action. Thank you and stay safe.

Deirdre	OR	He uses social media to manipulate people into doing his will. Bloody dangerous! You don't want to be responsible for enabling that...
Dennis	OR	Donald Trump should not be allowed to spread his vile misinformation and lies on any social platform; especialy a platform as large as Facebook. Please use discretion when allowing someone like Donald Trump, a man hungry for power, a person that seems to have no hesitation to lie and or falsify information to benefit his own interests.

Cynthia	OR	Extremists like Trump spread lies to the public. His are more dangerous because of his wealth and his (poor) stint in the White House. Some people listen to the rich and famous rather than common sense.
Elizabeth	OR	Donald is best not seen and not heard, at least by most of America. Those who want to hear from him can look him up elsewhere. The country is calmer without his constant comments and mansplaining.
Birgit	OR	He's a dumbed down version of Hitler & will be causing antidemocracy results. He's a terrible influence on uneducated white males (as we have already seen). He's a disgrace to the whole human race.
Fred	OR	This is like an absurd game, albeit with deadly consequences for American citizens and our democracy itself. Personally, I think Facebook should be broken up because we can't have unregulated social media entities making up their own rules. After all the documented harm your company has caused by looking the other way while vicious hate groups organize and plot on your platforms, it is disgusting to hear that serial liar and criminal-in-waiting Donald Trump may be allowed access to once again spread his dangerous lies. Live up to your own rules already and quit vacillating.
Hal	OR	"Violence can be very subtle It can give all your Peace plans the scuttle. May the Powers that Be -- and that means You and Me Give that violence a good sound rebuttal !!!"
EIRae	OR	P. Trump led and encouraged a coup attempt on Democracy on January 6th! Also while President he us social media to encourage hate mongering, racism, and lied, lied, lied! He has yet to admit his guilt on anything! He has yet to apologize for anything! He CAN NOT be TRUSTED with social media EVER AGAIN! If Facebook truly supports Democracy and what it stands for, you will NEVER, EVER allow Trump back on Facebook! To allow Trump back on Facebook after all he has done to destroy Democracy and peoples lives (over 405,000 dead) says Facebook doesn't care about Democracy or peoples lives!

Ban him from facebook's platform for life!
Veroune	OR	The former President excelled in duping near half the voters with his lies and disinformation! Facebook was complicit in spreading his propaganda of violence and hatred of everyone who was not White, rich and subservient to him. Be steadfast in keeping him from doing the same thing again! Do not let him use Facebook as a poisonous gas to be sprayed upon undiscerning readers.

Dustin	OR	Facebook is responsible for helping spread lies and enabling domestic terrorist. Facebook needs to own its mistakes that got people killed including a capitol police officer. Letting trump back on to Facebook is only going to end in more death. Those deaths will be preventable if Facebook grows a backbone and takes a stand against lies, hate, and terrorist. People are more valuable than money. Does your greed know no boundaries?

Luverne A	OR	Keep Trump off social media.
Christine	OR	Facebook needs to become part of the solution to hate speech and lies that promote violence by shutting down anyone who promotes lies and violence. Please ban the bullies permanently!
Nathan	OR	Misinformation is one of the main things that has caused most people I know to stop using FB. It corrupts conversations and connections between people. And there is no way for users to effectively fight it because trying to argue against the misinformation just draws more attention to the misinformation and helps it spread. The only real solution is for FB to enforce the rules and ban abusers. If Trump is allowed back on the platform, it will make things worse again.
John	OR	He's king of lies. Keep him off Facebook!
Jillian	OR	Facebook already has a reputation as the historical meeting place for outspoken fascists of other countries to discuss their plans for genocide. Dangerous algorithms aside, Facebook has not done enough to prevent fanning the flames of hate. Donald Trump thrives in the spotlight. As president, he proved that no amount of dialogue could persuade him to act respectfully. As a citizen, that will not change. He does not need a venue with which to communicate his thoughts to the public. Please, for the good of society, permanently ban him.
Trish	OR	Trump should be permanently banned. He used Facebook to try and overthrow the election and has used it to spread lies while stirring up racial hatred! He isn't still unable to admit legitimacy of election and his defeat! Ban the seditionist!

Carina	OR	Trump should not be allowed to spread hate and lies any longer! We have had enough!
Andrea	OR	Because he has SUCCESSFULLY used your platform to spread vicious misinformation and bald-faced LIES to deliberately mislead the American public. Being banned from Facebook permanently is the very LEAST of the punishments this wanna-be dictator should receive. Thank you.
Leah	OR	Donald Trump should not be allowed to post on Facebook. He is a liar and thief. I enjoy Facebook daily and hope that you will do as I ask. Sincerely, Leah Davies
Patrick	OR	Facebook shares some responsibility for the violent insurrection that Donald Trump incited. The violent results of January 6th are clear: death, destruction, and acts of treason. Don't make the same mistake again: Keep Donald Trump's lies off all social media, especially Facebook.
Linda	OR	Please stick to your decision. Do NOT allow such a criminal to be able to spread his lies & spew his vindictive & evil lies again.
Doug	OR	The former president is a serial liar in all things political, governmental and personal. The digital universe needs to figure out how to deal with the proliferation of lies, misinformation and outright distribution of fakery in politics and other topics.... you need a system of fact checking and editorializing of the "free-wheeling" digital communication universe!
Catherine	OR	Facebook should enforce its own policies and permanently ban Donald Trump because his messages constantly undermined the structures of the government of the USA. His messages were always about how he was being unfairly treated by everybody and every law of the USA, and how those people were liars and fakes, and those laws didn't apply to him. He was and still is the liar and fake, and all laws apply to him no matter what position he holds.

Frosti	OR	We all watched on January 6, 2021 as Trump continued his attempt to overturn the Presidential election. He is traitor of the WORST sort.....stop being complicit!
Randall	OR	It's the right thing to do. Otherwise, you are supporting and propping up a would-be dictator with no interest in helping anyone but himself.
Ruth	OR	After several years of Trump's racist, misogynist, xenophobic lies which led to the January 6 Insurrection, why would you expect that his future use of Facebook would be any more civil or restrained? Maureen	OR	Please ban Donald Trump permanently. he endangers our country and our people in so many ways, not only with sedition and disparaging fair election results, but also encouraging race hatred and antisemitism. Hate crimes have gone up in the four years of his presidency and the attempted attack on the capitol was a horror no American should see, and he's STILL talking about the election being rigged. he will do it again, if he's allowed back on social media to rally his supporters. Please permanently ban him and let Democracy reign in our country.

Cheryl	OR	Trump and the rest of his white supremacist friends should NEVER be allowed to use Facebook or any other social media again. Trump used social media to spread lies, incite insurrection, attack our democracy, and pit people against each other. Trump used hate speech constantly. Joan	PA	Mr. Trump is a threat to national security and democracy. He has an avid band of followers. If you give him this platform of Facebook, he can continue spewing his hate and lies to the detriment of this country and the world. Don't do it! This country needs to heal. You would be giving a dangerous, unrepentant narcissist a platform to keep his lies going. Also, importantly is that you would be keeping his conspiracy theories alive. It is an insidious and very dangerous affront to all of us. Don't do it, show some moral courage and put this country ahead of profits. He should not be normalized.

He deliberately lied about the virus, which at the very least dramatically increased the number of deaths to the point where our country has had 25% of the world's deaths with only 4 % of the world's population. He lied repeatedly about the election results, and stirred up his followers to attack the Capitol building, killing 5 and maiming many more. He has driven our country to the brink of civil war. He has repeatedly used Facebook to stir up hate, and to support white supremacists. He needs to be permanently removed from Facebook. You know it is the right thing to do. Free speech is a privilege that many people do not have. It is not a license to spread lies over and over again, deliberately, in order to advance your own interests regardless of the repercussions.
EDNA	PA	Ban Trump permanently. If you don't enforce your policies, what's the sense of having them?, what's the sense of having an Oversight Board? As intelligent humans, one would think spreading hate from racism to homophobia and beyond, lies, conspiracy theories would be detrimental to our society as a whole, but I guess not, because you can't wait to reinstate Trump's status. Society needs to heal, become one in a mission that benefits all.

George	PA	Trump is America's Hitler. Like his Nazi role model, he's adept at using the media to enthrall his followers and to gain more from the masses of economically disenfranchised white people. He offers no constructive solutions, just blame which he projects on all "undesirables" who aren't of the right color, ethnicity, or religion. He should not be allowed back on Facebook.
Frances	PA	Trump is dangerous, a traitor, a narcissistic sociopath and should be in jail. Do not let him spread more of his poison on Facebook, ban him from this social media outlet FOREVER.

Pamela	PA	Because our lives have become so entrenched in FB, you believe you are above morality. The mantra going around my neighborhood, relatives and friend circles now is that FB is evil and people are actively pursuing and promoting alternatives. At every opportunity, FB has failed to go high, sinking to the lowest possible depths of depravity by knowingly turning a blind eye to the hate mongering and life challenging threats propogated on your platform. For much of the country and world, allowing Trump back on will be the final straw. It is never too late to do the right thing. Is there no line FB will not cross?
Barbara	PA	After all the damage Donald Trump has caused by all the hate and lies he spreads, how can you even consider letting him back onto the platform? For the sake of our democracy and our Constitution, please make his ban permanent.

Marion	PA	Donald Trump has spread lies and chaos through Facebook. These lies helped incite the violence at the Capitol on January 6th. Do not let Donald Trump back on Facebook!
Linda	PA	Ban Trump permanently because he incites violence.
Peg	PA	Not only should you keep this voice off your platform, but you should also stop referring people to groups that support violence and sedition!
Frank	PA	Ban Trump and all lie-spreading users from social media.
Dennis	PA	He has spread enough hate through his posts to last a life time he needs to spread NO MORE!!!!
Edward	PA	Donald Trump's lies have caused damages and deaths on January 6
David	PA	Donald Trump is not safe to let on social media. There are far too many people who blindly follow his views, even when they are outrageous and violent. Please make and keep his suspension permanent. Thank you.
Debbie	PA	Trump is an insane lunatic. He's a pathological liar.
Diane	PA	Donald Trump should be banned from Facebook due to the lies he spreads and effects it has had on this country inciting violence. All social media platforms need to monitor what is being said and ban people spreading disinformation and inciting people. Facebook needs to follow it's own policies and sustain Trump's ban.
Michele	PA	Trump's repeated lies incited an insurrection. He nearly pulled off a coup. There is no reason to believe he will not do it again. Facebook enabled that situation. Do NOT permit him to regain that platform or you will be aiding and abetting more violence.
Mitzi	PA	Please continue to ban Donald Trump because he is a dangerous threat to our democracy.
Barbara	PA	Donald Trump has proven himself to be a consistent liar. Saying the same lie over and over again does not make it true. He does not deserve another chance at lying. Enough is enough!
Susan	PA	Disinformation is dangerous. It has lead to the current crisis. Instead, undertake a program of education for all about evaluating and questioning disinformation.
Stephaney	PA	Trump will only continue to lie and encourage his fanatical followers to keep trying to destroy our nation.
Lois Ann	PA	Ok I forgot to submit Take #2 Too little- too late Better late than never So, yes, be true to yourself. Permanently ban Trump. Lives matter- children's character matter Truth matters- American democracy matters

Faye	PA	Donald J. Trump is a clear and present danger to our country. After promoting lies for the past four years as president and before as a citizen, he has helped divide our country to the point of being unable to function as it should, especially with our elected leaders. It would be interesting if you could keep him off FB one day for every lie he supported over the last five years. Twenty-five or thirty thousand? Giving him the benefit of a doubt, 25 thousand lies would work out to about 68.5 years. Sounds good to me.
Sue	PA	Money ISNT everything! And tainted money will do you in! You cannot really be thinking of restoring the privilege to the orange idiot whose allegiance to his own brilliance is only on his mind! He is abominable, destructive, mendacious andfd a danger to the free world. Surely you can rake in millions without the Donald. I can almost guarantee you will lose subscribers the moment you allow that lying murderous blowhard back on Facebook. Be brave my money grubbing owners of Facebook. Bite the bullet and maintain the ban! You WILL lose much more than you will gain if you restore privileges to the world's biggest lying loser. All those names he handed out to his opposition--how about Deplorable Don or Demented Don or Dispicable Don or Discredited Don or DeFacebooked Don?
Mariyana	Quebec	Mr. Trump's comments are misleading and are disinformation.
Seren	QUEENSLAND	It is frightening how hate and conspiracies have bombarded citizens since the advent of social media Social media platforms must take more responsibility for stopping hate and conspiracy proponents spreading! Do not allow Trump back on social media. He is a hate inciting danger to the wellbeing of all the citizens of earth
John	QUEENSLAND	Donald Trump spreads lies and encourages hatred via social media. Keep him off Facebook.
George	QUEENSLAND	Dangerous lies have no place on Facebook
Candy	RI	I got banned for 3 days telling the truth bc bunch of fragile male ego COULDNT handle the truth abt themselves and now they're considering to allow this toxic pc of shiet back on? FB you can die off you won't be relevant soon I hope. TRUMPF will be your legacy bunch of lil boys
Philip	RI	This would be as dangerous as having murderers like Hitler, Charles Manson to have a platform to influence potential followers to act on their behalf. Trump has enough acolytes like Marjorie Taylor Greene, Lauren Boebert, and McCarthy to spread his lies. He does not need another public forum!!!
Dorothy	RI	It is a danger to our country and citizens to provide a means for someone to spread lies against our democracy.
Jonathan	RI	Trump has never expressed remorse or any amount of culpability for the upheaval of January 6. (Nor has he ever, to my knowledge, ever taken the high road in any controversy.) Given this hardwired aversion to truth and cogency--in other words, his inability to address the behavior that led to his ban from FaceBook--it would be foolhardy at best to readmit him to that platform. A lifetime ban should be the consequence for his unrepentant extremism
Carol	RI	Trump is toxic to our politics and your democracy. He is a major transmitter of conspiracy theories and rage which drown out serious voices. How much better is our discourse now that media are not constantly repeating and reacting to Trump's nonsense?
Max	RI	Why make a policy if you're not going to enforce it? Also, Trump has proven himself dangerous; it would be irresponsible to allow him to use your site to foment more violence.
william	RI	Stop giving a platform to racists, liars, and fabulists.
Nancy	RI	DJT is responsible for inciting his white terrorists and white militias to attempt a coup! which resulted in 5 dead, Capitol police injured, Congress men and women lives were threatened, and their staff suffered from PTSD. HE CANNOT be allowed to spew the fake conspiracy theories...he is a danger to HUMANITY!
Mark	RI	Facebook is only as good as its policies; if Facebook really wants to protect free speech, then it has to enforce the rules that govern that speech. And there are rules — on FB and elsewhere. Protecting speech means preventing trolls, hate speech, and shouting down — the forces that would silence meaningful speech. If FB doesn't enforce its own rules, why would the rest of us continue to use it?

First name	State	Comment
Peter	RI	My understanding is that Donald Trump had previously been cautioned, and told if his FB account had repeats of inappropriate content, his account would be blocked. I strongly believe in his entitlement to make those adult decisions, in choosing to continue violations of FB content policy. Subsequently, his adult decision demands adult consequences: Ban this person permanently from FaceBook.
Fran	RI	Mr. Trump does not deserve a public platform. He is incapable of telling the truth and his lies and inflammatory tweets and words have caused the deaths of over 400 + persons not to mention an insurrection against the United States.
Susan	RI	Facebook should permanently ban Donald Trump because his ability to widely spread harmful disinformation and incite violence is dangerous to our society, and he should not be permitted access to a platform that would allow him to exercise that ability.
Pamela	RI	Facebook claims community standards around hate speech but let's trump and those like him spread hate. Follow your own standards Fb and keep trump and his supporters off Fb and stop being hypocritical.
Darryl	Saskatchewan	He incited a coup in which people died!!!
Sara	SC	Giving Trump your platform would be aiding and abetting the powerful destructive forces of fascism to implement their agenda to destroy democracy in America. It's that simple.
Jennifer	SC	It's simple: if I, an ordinary citizen, had incited an insurrection I'd be in prison with no rights whatsoever. Why should this be any different?
Melanie	SC	Donald Trump is a liar, a racist and a person with influence to incite violence and this is all on a good day!
Gary	SC	Donald J. Trump attempted to destroy our country's democracy and had Trump succeeded the lives of every soldier from the Revolutionary War, World War One & Two, until this very moment in time, the lives of every American who ever fought to gain and hold American democracy and liberty would be lost the same day that we allowed an evil self serving Tyrant demagogue like Trump to seize the reins of government in an election that he failed miserably to win.
Nancy	SC	Ignored the science and a pandemic; fascist; authoritarian; delusional; liar; led an insurrection on the Capitol leading to the deaths of Americans. Should be convicted by the Senate and prosecuted by the law for incitement to murder.
Jean	SC	This man is the biggest disinformation provider in the world. He revels in spreading lies and mistruths and wreaking havoc wherever he goes. Do not provide him a platform. Did he not do enough damage already
Marta	SC	Facebook has become the platform of toxic disinformation and seditious organization, inspired and encouraged by Donald Trump. He should be permanently banned from Facebook for the sake of our Democracy.
Karen	SC	You cannot give a former president, who many look up to, an avenue to spread lies.
Leslie	SC	All you have to do is look at what he directed on January 6 to know why you need not give this dangerous and obviously removed from reality person a platform.
Michael	SC	<p>Social media platforms need to deal with people spreading lies, Donald Trump being chief among them. Facebook suspended Trump's account, removing his access to a platform for spreading lies and inciting violence.</p> <p>The impact of this action was immediate. Since Trump's removal from social media sites, disinformation about the election plummeted.</p> <p>Now, the Facebook oversight board is taking up a review of the suspension, which may lead to Trump being allowed back on the platform to spread more lies, in clear violation of Facebook's own policies.</p> <p>It is imperative that Trump not be allowed back on social media platforms to spread more lies and incite more violence.</p>
Aahil	SC	Everyone suffered because of him! He obviously wanted his own people to die of coronavirus!! Not to mention, he's also the most violent, and the most racist president of all time!!!!
Carol	SC	Don't bother to have "policies" if you are too cowardly to enforce them!

First name	State	Comment
Linda	SC	Please reconsider the idea of allowing Trump back on Facebook. Per the media fact checkers, he told over 30000 untruthful things in those 4 years. His constant harassment, bullying, and repeating untrue things led to the disgraceful insurrection on Jan 6 and has lead to the least civility in this century.
Joanne	SC	He is a clear and present danger to our democracy.
Disa	SC	Let's not provide him with a chance to incite another riot.
Christine	SC	After telling over 30,000 lies while in the WH, then inciting insurrection leading to the death of at 7 Americans, now you want to give him back a platform to continue to spew hate and lies? This country will never be able to heal as long as he has a platform to invite hate and division. Stop thinking of your profit and think about decency, compassionate and caring America, as long as trump has a platform he will continue to invite hate and division for his own entertainment and greed.
louis	SC	No place for hate on Facebook, no place for white supremacy.
Carla	SC	Donald Trump is a menace the country. He should not have ANY platform to spread his lies. Keep him off of Facebook.
June	SC	We do not need to read about Trump's lying, idiotic and dangerous comments.
Kathleen	SC	Donald J Trump does not deserve to have the right to voice his opinions on Facebook : not now or ever! He lost the right to use Facebook to share & poison the general public!! I vote NO!
Maury Knight	SC	Unless Facebook wants to highlight all lies as lies and explain why it spreads lies knowingly.=; then Congress should take action against Facebook to prevent the propagation of lies.
Kathy	SC	A dangerous sociopathic narcissist who deliberately incited a seditious insurrection against our democracy should be permanently banned from ALL social media platforms. This is not censorship - it is adherence to our Constitution and our country.
gerry	SC	would you let a child have a loaded gun ??
Roger	SC	Donald Trump and his large group of extremists are too dangerous to give voice to. Most recently 5 innocent people dead. There are 940 hate groups in the U.S. identified by the FBI. Donald Trump has activated this unstable network across all states. He must not be allowed to continue to disrupt our democracy plus waste tax payers dollars on heightened security for our government workers. Please do what's necessary to subdue this ongoing insurrection.
Roni	SC	Do not allow him in as his comments support cognitive bias against reality.
Remy	SC	Hate speech
Joshua	SC	Toxic content and and an amount of misinformation that is caused a myriad of issues.
Danielle	SC	Because he is every bit of every negative thing reported about him. Do not endorse him, with his lies and other evils, on something that reaches so many people; many of whom are easily subject to believing every bit of nonsense that is printed or quoted.
Jeanne	SC	We do not need someone using Facebook who has repeatedly proven his ability to sew hatred and anger with endless lying and to incite violence. That is clearly an abuse of the Facebook platform and he should be permanently banned from its use.
Cheryl	SC	Because he spreads lies when he is on Facebook
Carol	Scotland	One way to bring about regulation of your conduct by governments is to demonstrate that you are unwilling to do it yourself
Julie	SD	For the sake of National peace and unity; we need to KEEP silencing Trump. He is too inflammatory and devisive.
Joan	SD	Our country is facing a crisis caused by disinformation. Please don't let the biggest purveyor of this disinformation back on facebook. He further divides our country, and as we all saw on 1/6, he can - and will if allowed a platform - cause more violence in the future.
Carol	SD	He lies a womanizer he incited a riot on our Capital he's racist he egged on the white supremacy groups he was mad bc he lost and created conspiracy theories spreads hate. Need I go on. Matter in fact I'm thinking of deleting my account bc I'm sick of seeing politics on fb. It used to be different when fb came out now it isn't as enjoyable. I don't think anything political should be on fb in my opinion

Leland	SD	Trump is only wants to spread lies, fear, hate, racism and violence. Keep him off this public forum.
Helen L Buckley	TN	Please continue to block Mr. Trump because he continues to be a threat at this time. Perhaps wait to see if he is convicted in Congress before putting him back on.
Dick	TN	Trump is known for his lack of truthfulness (i.e., he LIES!) Save yourself a lot of trouble (and save the U.S. even more trouble) by keeping his lies from getting wider distribution.
Elizabeth	TN	Because policies should apply to everyone equally. Donald Trump has proven he has no interest in refraining from inciting violence. And the stats speak for themselves on the reduction in harmful disinformation since he has been removed. Facebook owes the world some long overdue adherence to it's own policies given the demonstrable harm allowing Trump to abuse their platform has caused.
Diane	TN	He is a racist liar whose opinion leads ignorant people to kill others! Keep him off of this platform. If they let hate continue on their platform, they should be cancelled!
William	TN	Trumps lies and incitement led to murder and insurrection. He hasn't changed. Facebook was right to suspend him, and is right to make that suspension permanent, as Trump has not changed.
Debbie	TN	He is incapable of telling the truth so anything he posts would most likely be a lie. Therefore he would continue to violate Facebook guidelines.
Tom	TN	TYrump is as bad as David Duke and is a traitor to America and its values.
Caroline	TN	He has repeatedly violated Facebook rules and policies. He incited violence and will do it again.
Lawrence	TN	No, no, no 1000 times no to The Donald. Enough with yelling fire in the theater.
Connie	TN	I think he should be banned for life. Over 420,000 deaths from his failure to protect Americans. More people died when he sent his supporters to the Capital to stop the Electoral votes. He is an evil monster.
Russ	TN	Do not permit an insurrectionist to spread his lies on Facebook
Christie	TN	If Facebook allows Trump back on, he will begin spreading hate and lies after his impeachment trial. After he was acquitted last year, Trump went on a major firing spree. He also ramped up his hate speech and lies.
Doyle	TN	Despite being out of office, Donald Trump still has a lot of supporters, many of whom seem to still want to overturn the free and fair election of Joe Biden and Kamala Harris. Allowing Donald Trump access to social media platforms like Facebook and Twitter could lead to further incitement of violence such as occurred on January 6 in Washington, D.C. Please do your part to stop the divisive voices that are willing to tear the country apart for their own personal power.
Mark	TN	He has absolutely nothing to say!
B	TN	Donald trump is continuing to lie & attempt to stop our democracy. Please make his ban from Facebook, permanent
Linda	TN	Facebook made the rules, now enforce them!
Cara	TN	As an individual user, he has shared thousands of lies and has repeatedly encouraged violence. He should remain banned for at least 4 years. Average citizens get banned and suspended for posting medically accurate sex education, and anti-harassment and anti-violence posts routinely. You have a problem with your content control, yet you continue to err on the side of sexism, homophobia, and white supremacy.
Sarah	TN	Allowing dangerous ideologies and misinformation to proliferate freely on your platform is a threat to human life and democracy. Revoking the ban on Trump would not only betray your own policy in favor of publicity - it could open the floodgates for more extremist terrorism like that shown at the U.S. Capitol and beyond. Do not aid or abet this man and his followers!
Michael A	TN	Incitement to violence or criminal activity should be prevented on Facebook and abusers of this policy banned from the site.
Gail	TN	He is a danger to everyone and to our democracy
Jackie	TN	The hate and lies need to stop. Insurrection was the outcome with Trump and the minions

First name	State	Comment
Richard	TN	Ex-president Trump has shown himself to be unable to tell the truth and there are millions of people who believe everything he says is the truth. Those of us who can tell truth from lies must keep him away from those who can't. It is almost exactly the famous scenario "You don't have free speech to yell fire in a crowded theater when there is no fire."
Brenda	TN	He is dangerous, and should never again be allowed to have a public megaphone to spew lies and incite more violence.
Robert	TN	trump is a traitor and needs to be kept off facebook
Lecil	TN	Liar
Chris	TN	This psychotic man is incapable of change. He shouldn't even be allowed to get onto the internet, let alone post.
Timothy	TN	Trump is a dangerous sociopath with no regard for the safety and security of the American people. Please don't let him use Facebook ever again, to stir up hatred and violence among the misfits that he's brainwashed into thinking he's some kind of god.
F.	TN	Allowing Traitor Trump on Facebook means that Facebook (and its owner) approves of Treason, Insurrection, Sedition, Criminality, Sociopathy, etcetcetc.....
Jonathan	TN	Donald Trump incited deadly violence in a bid to overthrow the govt. just because he lost a fair election. He should not be allowed a platform to incite further violence. Thank you.
Barbara	TN	He is dangerous to our democracy
Thomas	TN	Are you crazy? Trump will do what he always does and that's lie,
Scott	TN	Stop being a purveyor of lies and hate no matter who is saying them. If you're doing this just for money that makes you despicable.
Kevin	TN	Donald Trump is the single worst purveyor of disinformation and falsehoods of all kinds. Don't take any chances and allow him to disrupt society further.
Lawrence	TN	Is it Facebook's policy to support insurrection and sedition?
Pam	TN	He makes America hate. No public platforms should allow him access. He is toxic.
Peggy	TN	Permanently block Trump's misinformation, lies, and detrimental statements and actions from Facebook.
Nancy	TN	Don't let the smooth-talker back on facebook. Resist his myriad charms. I know you can do it. Such lies as he puts forth are inappropriate for facebook members and for the world. Help bring unity and let's move on from Trump.
Don and Deb	TN	Please do not allow Donald Trump to be on Facebook ever again. Our country is torn in half and we cannot begin to heal in any way with a constant barrage of Trump's lies. His lies have the sole intent of destroying unity, our republic and our democracy.
Arshad	TN	Trump is a danger to the democratic principles of this great nation. Please ban him permanently from Facebook. Thanks!
Amal	TN	Yes, it should. If Trump gets back on that site, he will incite more hatred and riots.
Bridget	TN	Donald Trump has repeatedly proven that he is completely divorced from reality and only uses social media to spread dangerous, deranged lies and hatred of various peoples—none of which has any place on social media. Do not reinstate his access.
Carol	TN	Donald Trump should be treated no differently than other Facebook users. We know all too well what he is capable of inciting, as well as his ongoing lies about the election and other things, as well as his negative views toward people of color and any religion aside from Christian. His platform as a former president means what he says is read and believed. That would be fine, if he told the truth. But he does not deal in truth.
Diane	TN	Facebook cannot be complicit in inciting hate speech and activities that promote activities that thwart the/encourages overthrowing the U.S. government. To do so shows Facebook is prioritizes monetary gain over everything else. Please continue the ban. Election disinformation has dropped considerably thanks to Trump's Facebook ban. I feel safer as a result. Thank you.
Griffen	TN	If history is anything to go by, de-platforming incendiary inciters of violence is one of the few ways to stop them permanently altering the fabric of government in their country. Trump does not need another foothold in the mind of the American people, so please keep him off the platform.

Christopher	TX	Trump's voice is one that we do not need to hear anymore. It was a voice of immaturity, petulance and thoughtlessness. It was a voice of unbelievably consummate ignorance. It was a voice that urged mobs to commit acts of murder, vandalism and sabotage.
Diane	TX	I believe that Facebook should keep Donald Trump off it due to his inability to use it properly.
Diane	TX	I believe that Facebook should keep Donald Trump off it due to his inability to use it properly.

Betsy Lambert	TX	Donald Trump is an offensive white supremacist and totally unrepentant in this and other offensive beliefs and comments. He has no place in American society and should be banned.
N. P.	TX	Trump is a criminal and does not deserve to have access to a widely used public forum. He must be banned permanently, with no exceptions!

Mary	TX	Facebook is no place for hate speech.
Karol	TX	Trump is trying to destroy our Democracy. That's very different from free speech! Facebook has a responsibility to the citizens of the world to not allow his destruction to occur!
L	TX	His whole presidency was based on nothing but lies. He should not be allowed on Facebook.
Ken	TX	Felonious sociopaths should absolutely not have any platforms to purvey their very dangerous rhetoric.
Cheyenne	TX	Donald Trump has sided with white supremacists at every turn. It's time to cut off that pipeline to hate and staunch the organizing around violence.

Tim	TX	Do not give this treasonous liar a forum to spread his lies and further divide this country.
Kathleen Bryson	TX	The vitriol & lies disseminated by our former president have created insurmountable divides in my rural community - literally life threatening as mask refusers encouraged by Trump's ignorance on public health measures defy local mask mandates. We in Texas have the highest Covid rates in the nation because of the political divide created by Trump. My family includes retired healthcare professionals. Allowing Trump's return to a public platform endangers us ELDERS.
Elinore	TX	Anyone using your site must adhere to the truth and not spread lies and controversy. Donald Trump repeatedly used your site to spread lies and incite violence.

Andy	TX	He has violated Facebook policy again and again. Enough is enough.
Rita	TX	Donald Trump is a danger to society. His constant lies and incitement of violence directly led to the Trump mob attacking our Capitol and murdering Officer Brian Sicknick. Gary	TX	Trump's lies & Tom Fitton's are deadly POISON to our nation plus I don't speak Russian.
John	TX	Why would you even consider allowing such a person to return to your platform? What he says and does is not freedom of speech, it is strictly in furtherance of his own perceived self interest, legal or not, corrupt or not. He is a misogynist who has assaulted women; he is homo and trans-phobic. He lies, cheats and steals. This is a man with no redeeming qualities who should probably be in jail, if not for contributing to the deaths of over 400,000 people by ignoring and downplaying the pandemic then for tax evasion and other corrupt business practices.
Jim	TX	The former president only traffics in lies and conspiracy theories. There is no need to give voice to the trash he shovels out.

Georgia	TX	Ban DT and fact check all the ugly memes regurgitating his lies! It is dangerous to our democracy!
Debra	TX	Trump's rhetoric and vicious lies are alarmingly similar to Qanon, Isis, and the Taliban. Will they be allowed on Facebook also?
Jeremy	TX	Donald Trump has used his online platforms to make Americans hate one another, to mistrust one another, to fear one another at a time when we need to come together as a nation. We saw the fruit of those efforts on January 6th. Please don't let him continue to divide this country.
R.K.	TX	Have we all not learned from his past actions what this action to return to letting him again spread lies that led to Jan. 6th - please do not be complicit in returning us to such a dangerous practice that led to unnecessary deaths
Benita	TX	Trump will continue to spread irreparable lies if allowed back on platforms. His past lies have resulted in deaths. That alone is enough reason for him to have lifetime bans. Also, if his bans are lifted, that gives others permission to follow his example.
James	TX	This, like numerous other issues (climate change, gun safety, immigration reform, prison reform, education reform, short-term lending regulation, healthcare reform, banking regulation, opioid regulation) remains a vexing problem primarily due to corporations' ability to curry favor with elected officials. The corrupting influence of money in our political system is undermining our democratic traditions and discouraging Americans from voting and/or running for office. This ominous development may well end our experiment in representative democracy unless we alter this decades-long trend. For the sake of the republic, we must amend the US Constitution to state that corporations are not people (and do not have constitutional rights) and money is not speech (and thus can be regulated by state and/or federal campaign finance laws). Short of accomplishing this, no other reform of significance will be achieved. The moneyed interests will turn any reform to their benefit, often at the expense of the nation as a whole.
Ann	TX	Trump is more than dishonest and incites people with all of his hate and lies. He speaks no truth.
Monya	TX	Donald Trump would not respect your policies if he was allowed back onto Facebook. He would spread lies and hate. That's what he does.
Kimberly	TX	Trump has never had anything positive to say-EVER! Keep him off - his M.O. will never change and once again, FB will be allowing disinformation and hate speech. Do your civic duty and keep Cheeto off of FB!
Cheryl	TX	He will only use FB to cause more dissention and violence, which is supposedly against your policies.
Jaci	TX	Donald Trump has shown no signs of being a responsible, objective, clear-minded, mentally balanced, or law-abiding citizen, let alone president. His tweets and comments were continually divisive, hateful, false and subject to liability. He has other lawful ways to express himself. Please don't be enablers in his vomit-inducing vitriol. Thank you, Jaci Elliott
Benita	TX	No one is above the law- Donald Trump needs to be held accountable to the standards that Facebook set and be permanently banned.
Karen	TX	The "man" lies for a living and will not, cannot stop. Do not give his hate speech a platform. Our democracy as we think we know it depends on spreading TRUTH.

Amie	TX	It is the morally correct thing to do. If Facebook does not ban someone who tried to overthrow our Government, who killed (5) people in that attempt and injured many others, who is only about lies and power, at ANY cost, then Facebook, is sending the very loud and clear message of agreement with such actions and state of morality. I will no longer use Facebook.
M'Liss	TX	Please stick to your guns and keep Trump off Facebook. He should be banned for life for spreading hate, lies and despicable statements about people of whom he is afraid!!
Bill	TX	Trump has repeatedly spread lies and incited violence on his Facebook account (for years). This culminated on Jan. 6, when he incited an armed insurrection to overturn the legitimate results of our democratic election. The insurrection resulted in several deaths, hundreds of injuries and had lawmakers cowering in their offices for fear of kidnapping or assassination. It took these calamitous events for Facebook to finally follow their own policies and suspend his account. How in the world can you think of reinstating it?
glen	TX	Oh yeah! Allow the liar back on social media so that he can summon more absolute fools to his side.
Carol	TX	Donald Trump spread hate and lies, violated every civilized norm, and fomented an insurrection. To allow such a demagogue a platform would be to confirm that money is far more important to Facebook than democracy
Mary	TX	Trump still has acolytes in Congress, along with those in the rest of the population, who accept & choose to believe his dangerous lies. Letting him use Facebook to spread them will incite them even more.
Michael	TX	There is nothing I can tell you about Trump that both you and the world don't know. Social media can be a force for good but if you want to avoid regulation, you need to regulate yourselves. Trump has further divided this country and actively - and there can be no question about this - tried to subvert our democracy. To let him back on FB, means nothing less than enabling that behavior. You contributed to the damage that was done over the last four years. You could defend it because he was the highest office-holder in the land. No more. Do your job as responsible citizens and do not let him back on your platform. Michael Curry Austin, TX
Patricia	TX	All he does is promote hate towards others and conspiracy thoughts.
Michael	TX	Enough people have been hurt and have lost their lives due to this liar. You know what he will do if you let him back online. If you do, the public will pressure government to hold you to account!
Ray	TX	Yes, he should be banned.
James	TX	Serial liar
Barbara	TX	Donald Trump will continue to spread lies if he is reinstated on Facebook. His lies have led to violence
Judy	TX	Trump is dangerous to our democracy! Keep him off Facebook!!
Emma	TX	The less we see him the less effect he has on anyone!!!!
Louise	TX	trump is dangerous; he is a liar and a racist. Keep him and his words off Facebook.
Quinta	TX	He's attempting to destroy the democracy and he's tried to creat a coup... he nearly did it. I won't be on a site where he's allowed as I can't stand the crooked liar who has robbed people I'm canada ,Ireland, and here!
Sara	TX	because he will so all that he can to ban freedom of expression
Jean	TX	No one should be allowed to talk the way Trump did on Facebook and get away with it. Freedom of Speech is available to everybody that has opinions they wish to share as long as those opinions do not do harm to others. Donald Trump absolutely caused harm to many people with his tweets. Good riddance! The
John	TX	If you don't enforce your own policies, you will be as guilty of sedition as Donald Trump and the Capitol rioters, and as crooked as a Mob boss. And I will emphatically support RICO investigations into Facebook and it's executives, board members, and primary shareholders.

Lois	TX	<p>Donald Trump has done so much damage to this country. He desired- and tried to be a Dictator- and wanted to remain in office regardless of the American people voting him out of office for a 2nd term. Trump lied continually, ignored the Covid pandemic, sought to spread acceptance of hate groups, trashed the rule of law, wanted to destroy immigrants and anyone who opposed his hateful policies. He made bullying and violence acceptable for hate groups. I urge you to NOT LET HIM back on Facebook.</p> <p>Would you let Hitler be on Facebook if he were still alive and killing Jews? Would you let Mussolini on Facebook if he were alive? Please do not allow Trump's craziness to infect anymore people, Keep him off!</p> <p>Sincerely, Lois Loeffler A very concerned citizen</p>
Brenda	TX	Donald Trump is the most dangerous threat to the United States and should not be given a platform to inflict incendiary speech.
Jan	TX	Disinformation & hate speech have no place on Facebook. Please enforce your own policies & permanently ban our former president, trump.
Corbin	TX	Why in the world would Facebook even consider restoring Donald Trump the privilege of a Facebook Account? Color me "out of here" if you do.
Carol	TX	Trump still has a stranglehold on several people in our government, along with many white supremacist terrorists. His lies are dangerous to democracy and America, and should NEVER have a platform!
Kathy	TX	This does not have vestment in censorship, but common business practice an concordance with our laws and commitment to your own stated policies of breach of conduct that would deteriorate our system of government. Please ensure to keep your promise in that we do not endanger our country's endeavors and uphold your endeavors to not have discourse that endangers your accountability and/or users any further.
Robyn	TX	Sadly, I believe Mr. Trump really believes the lies he has proclaimed for months, about how he won by a landslide but the election was stolen. He has always used Twitter to denigrate anyone who disagrees with or criticizes him, and Facebook to publicize his lies about the election. The furor died down when he was banned from both Twitter and Facebook. And we have been better off as a country. I would continue this ban for several more months, to keep him from spreading misinformation on your platforms. Thank you.
Cassie	TX	Enforce your policies.
Joseph	TX	Donald Trump is a narcissistic liar who will only use Facebook as a weapon to further his racist, fascist, anti-democracy agenda. Ban him for life!
Donald	TX	There is plenty of evidence that indicates Trump continues to be a dangerous and spiteful person who cares only about himself and his own destructive agenda, from which the American public needs shielding. He consistently abuses power and privilege to get what he wants at others' expense.
Wallis	TX	Trump is a human Covid spreader of terrorism. It's trump. He doesn't pretend to be human, empathetic nor compassionate. Permanent band benefits everyone, including Facebook.
Quinta	TX	I won't touch any venue that has mophead trump on it!
Margaret	TX	But y'all helped him create this by ignoring his efforts to be a dictator and almost a coup
Chonda	TX	Trump is a habitual liar.

Bobby	TX	Yes. Freedom of speech does not protect conspiracy theories, lies, personal attacks, and miss information . These are items banned by Facebook's policies. Trump should never be allowed back on Facebook
Gloria	TX	trump should not be allowed to spread constant lies and inciting violence ..through his brain washed followers
Julia	TX	D.T. still a risk on any media, No more lies, No more Violence. we Got enough !!!
Thomas	TX	Trump repeatedly lied throughout his Presidency then called his loony supporters to Washington on Jan., culminating in an insurrection against Congress resulting in murder of a Capitol policeman. Steven	TX	Why not?
Debra	TX	With all the damage Trump did to our country and our citizens on Facebook, he should never be allowed back on. Come on!!!!!!!!!!!!!!
Andrea	TX	Donald Trump has repeatedly & consistently violated Facebook's policies regarding election disinformation & lies, and inciting violence. Only as a result of the January 6 insurrection attack on the Capitol, did you suspend Trump's Facebook account. Since that suspension, posts containing disinformation about the election have plummeted by 73%. Allowing Trump to access his Facebook account again would only make things worse, not better. We cannot afford to return to the status quo we endured for over 4 years while Trump campaigned & then reigned as President. I strongly urge you to follow Twitter's lead & ban Donald Trump from Facebook permanently. Also, as Twitter did, do not allow him to sneak back onto Facebook through any sort of back door approach.
Mary	TX	He spreads harmful lies,.
Brenda	TX	Donald Trump, white supremacists, white nationalists, misogynists, LGBTQ phobics, extreme right wing religious and anyone else that spreads hate and misinformation.
Harold	TX	Enforce your policies. Trump is still dangerous.
Carol	TX	He does not know the difference between truth and lies. He just says anything and everything while knowing nothing. Please do not let him back on Facebook. He is a moron.
Saad	TX	Incitement of violence
Angela	TX	Please keep trump off Facebook. His negative and demeaning comments contributes nothing but discord.
Patricia	TX	Please be a responsible company and do not allow that liar back on your platform. He should have no access to FB to spread his vile untruths.
Lorraine	TX	Trump is a security threat to the US. He should be permanently banned. Facebook has shown how inept and immoral it is in enforcing policies it deems to have. Trump's lie that he won the election has caused an insurrection leaving 6 people dead and our congress fearful for their lives. Lies are not freedom of speech. If the oversight board has any integrity it will ban Trump from facebook forever, as well as his relatives.
Kelli	TX	Shameful! SHAMEFUL that Facebook is, was, and is willing to continue to be a bullhorn for lies, misinformation, racism, hate speech, and white supremacy. You can have Donald Trump back on your platform but you will lose many of us. Why don't you just merge with Parler?
Jennifer	TX	They need to follow their own rules
Earl	TX	Keep t-RUMP mentality off facebook or face eliminations...
Shawn	TX	Due to the actions that transpired on January 6, 2021, which resulted in 5 people dead including a cop, trump should NO LONGER be able to be on ANY SOCIAL MEDIA SITE. He has proven to be a CLEAR AND PRESENT DANGER to the Country.
LINDA	TX	Because he will again put forth lies and disinformation, which will again cause terrorist activities against our democracy.
Chuck	TX	Facebook should allow Trump back on if and only if he is willing to commit to refraining from his dangerous comments. His Facebook account should be VERY CLOSELY monitored. If he starts back, he should be removed again, permanently
Shawn	TX	Trump has fired up his followers so much: I'm afraid to go out here in Texas because his trump train people are all over my town and they are misinformed and angry. Oh, and armed.
Laura	TX	I used to like to get on fb and interact with those I lost touch with after life happened; however, almost every time I get on fb these days I get mad. I get angry. I get mean because of the absurdities that continuously circulate on fb. You are perpetuating the hate.

Atwell	TX	He is an anarchist who wants to over throw the Government. We don't need him to have a large platform like Facebook to help him do this.
Patricia	TX	He is an insurrectionist and should not be allowed on any public forum. Too many people actually believe the damaging lies he posts and he must be prevented from harming our country any further.
Sandra	TX	He has demonstrated consistantly his behavior to incite violence and other disruptive behaviors. He cannot be trusted to tell the truth on any given subject, he is only out to serve himself.
Greg	TX	Trump spread lies to millions, from claiming his inauguration drew record crowds to denying his election loss, leading to the insurrection on the Capitol two weeks before Biden's inauguration.
Heloise	TX	Trump should not be allowed back on Facebook! He spreads lies and incites violence. Period. You all should 'do the right thing' and not give in.
Michael	TX	Facebook allowed people spreading lies about the election, The acts of violence that Trump initiated on our Capitol were horrifying to witness. Armed vigilantes attacked law enforcement and smashed their way into the Capitol, threatening violence to the Vice President, the Speaker of the House and Members of Congress.
Brant	TX	30,000 lies and misrepresentations in four years. That should be enough. Oh yeah -- he's an asshole, too.
Jessie	TX	Spreading lies about the election led directly to the white supremacist insurrection in Washington, D.C, on January 6. Since Trump's removal from social media sites, disinformation about the election plummeted 73%. Do not allow Trump back on your platform to spread more lies, in clear violation of Facebook's own policies.
Kirsten	TX	There is absolutely no reason to let Trump back on Facebook. He has spread lies, and incited violence and hate on your platform. Do not give him access to the megaphone again. Facebook does not need him or the bad publicity.
Elizabeth	TX	Trump's comments basically lit the fuse for the Capitol riot. I think that's pretty much good enough cause for "nope, you don't get to talk to your hateful supporters on Facebook any more".
Laura	TX	Why would you allow a bully who spreads lies and incites hate back onto your site. Are you condoning that behavior? Is this the message you want to send?
Charlotte	TX	Please continue to secure the positive impact of FB. There is absolutely no reason to believe that TRUMP will stop his lies. Past behavior is a prediction of future behavior. Freda	TX	He spreads lies and causes problems like riots, etc. Please permanently ban Donald Trump. Thank you.
Susan	TX	Donald Trump proved over the four years of his presidency that he is pathologically unable to tell the truth. He incited a riot that caused American citizens to be killed, and he continues to try and spread disinformation and promote lies about the election being "stolen". He is not ever going to be reformed. He must NEVER be allowed to peddle his lies on social media again, for the good of our democracy.

Frank	TX	Because he is a liar and a bigot and all he does is spread hate.
Linda	TX	I don't really want to be part of an organization that supports hate, racism, and misogyny. Please don't give in and allow him back.
Randy	TX	Since Trump's removal from social media sites, disinformation about the election plummeted 73%. There is a clear cause and effect here that must be recognized. Facebook must enforce it's own policies and maintain ex-President Trump's suspension.
Michael	TX	Should be a lifetime ban due to how serious the offense is. Inciting the insurrection that could have been a lot worse. White supremacist terrorists also should get the lifetime ban from Facebook.
Samantha	TX	Just because Trump is no longer President, does not mean he won't continue to spew hate and lies. He plans to run again in 2024, so he will just continue to rule up his base. If Facebook is to let him do that, they would be liable from any actions stemming from his garbage.

Facebook needs to say no more to that

It took inciting an insurrection against the government of the United States for Facebook to take action against Donald Trump. There is no guarantee that Donald Trump will not repeat such an action and to do so might jeopardize the long term profit and existence of Facebook. Enforce your own policies aggressively against a proven 'bad actor'; permanently ban Donald Trump.
Taffi	VA	You know full well that you are justified in enforcing your policy and that Trump will NEVER stop spewing lies, hate, and dissension. Please be part of the healing and return to unity instead of facilitating to undermine it. Thank you.
D	VA	Encouraging hate speech
Francine	VA	Donald Trump is toxic to the thread of Democracy! There are too many people who are crazy and uncontrollable that follow him! He preaches violence and hatred! We do not want any more division in our country! DT doesn't care about you or me or them; he is only about himself and power! FB will be letting lies and toxicity back in the public eye!!! You will regret it for the rest of your existence!!!!
Marie	VA	His words are inciting followers to do damage. He is not a man of peace.
Marvin	VA	Trump is a charismatic demagogue with a mass following. He attempted to thwart the democratic electoral process through mob violence. A clear and present danger to American democracy. He belongs in prison and must be silenced. He must be rendered incapable of exercising political influence. Keep him off of Facebook permanently. Those who aid and abet him are likewise a menace to democracy.
Carol	VA	Donald Trump incited sedition against the United States. He encouraged the attack on the U.S. Capitol that left 5 people dead and a nation traumatized. He cannot be allowed to do more damage. If Facebook has any conscience other than its founder's pocketbook, it needs to enforce a lifetime ban. In any case, the next move will be to advance laws and regulations that will deny Facebook the ability to harm our democracy and make a profit while doing it.
Brian	VA	Trump incited insurrection with his lies and hate, and he will do it again if given a platform. Trump is a modern day Hitler and his followers are "brown shirts".
Cathy	VA	He consistently tells lies that inflame hate groups and he's responsible for inciting the insurrection. He's a menace to democracy.
Derek	VA	It's clear he never learns from his mistakes, and he's simply gone too far!
Jennifer	VA	I am a school teacher in central Virginia. I believe that Facebook was criminally conspiratorial in allowing Trump to be so hateful and tell so many lies for so long. See what we now have, thanks to Facebook, etc: An attack on our U.S. Capitol, with intent to overthrow our election and perhaps murder legislators. We have millions of people who still think Trump won the election. You should have silenced Trump 4+ years ago. Shame on You All !!! I know you want the money, but what about siding with our democracy? !! For Shame!!
S	VA	WHEN A U.S. PRESIDENT MISUSES MEDIA PLATFORMS TO INCITE VIOLENCE AND DEATH, HE AUTOMATICALLY FORFEITS HIS RIGHT TO "FREEDOM OF SPEECH" TO FURTHER USE SUCH GLOBAL MEDIA FOR SAID PURPOSES. FACEBOOK MUST PUNISH SUCH OFFENDERS PERMANENTLY!

steven	VA	He sows hate! he lies! and he is a traitor!
Deborah	VA	tRump is a mentally ill power hungry money grubbing insurrectionist and should NOT be allowed back on Facebook to work alongside his Russian trolls to warp the brains of Americans.
Rebecca	VA	Over a period of 4 years you allowed Mr. Trump to spew lies and misinformation in spite of your policies otherwise. He has been given more than enough chances, and has caused more than enough significant damage to this country. It's time do something you should have done years ago, and put your money where your mouth is and honor your own standards and banish him for good.
Elliot	VA	do the right thing and extend his ban in perpetuity
Jereme	VA	He adds nothing positive to our lives. He lies, he likes drama so he stirs things up. Under the circumstances with COVID-19, we need peace, a place to be positive and healing. We do not need his negative, loud presence.
Sam	VA	Your actions and inactions regarding this and all related concerns have been, are being and will be remembered by all of us who will live in the world that you are shaping with your decisions right now, in addition to being a matter of public record. We are all on it together. Environmental emergencies are affecting everybody's health and livelihood, and will do so for generations to come. All other issues need to be considered as facets of the critical state of the biosphere. Given the consistency with which each current and foreseeable crisis has been weaponized against the vulnerable majority of the population of the United States of America and the world, and the exceptional leniency and overwhelming subsidization of any industry which creates and perpetuates such crises, any failure on your part to directly address and act upon these issues can only be seen as complicity in a clearly genocidal agenda.
Daniel	VA	Mr. Trump is a serial, pathological, multiple liar. Don't give him a platform to promulgate misinformation.
Elaine	VA	T**** should NEVER be allowed on ANY social Media - he is a TRAITOR and a DANGER to this country!
Dayle	VA	He only causes trouble, spreads lies, and encourages violence and stupidity to get more attention for himself. Nothing good can come of letting him repeat his personal history over and over. There will be no peace until he and his demented followers shut up and face reality. Nothing about him is normal. He is only lies and trouble- and gratifying his own ego.
M	VA	Donald Trump's communications are a risk to society. Like yelling "Fire" in a crowded theater, it's not protected free speech and should not be given access to your platform.
Gwendolyn	VA	Please, keep Trump off Facebook.
Charles	VA	By your own policies, he was banned. What public good is served by giving a forum to a violent, racist, narcissist with demonstrated inability to accept reality?
Tyler	VA	Trump cannot be allowed to use a large platform such as Facebook to further his own agenda of spreading lies and misinformation to the American people. He must remain permanently banned.
Deborah	VA	We had four years of incendiary comments that finally resulted in mayhem and deaths. There is still an undercurrent of proposed violence and that needs to stop now.
David	VA	Ecause he incited a lunch mob into attacking the Capitol with the intent to kill members of Congress. This insurrection and attempted coup resulted in the deaths of 5 people including a Capitol Police officer, and injuries to 140 other police officers.
Christina	VA	He dangerous.
Midge	VA	We don't let felons have guns or chronic drunks drive cars. Why? Because they are a hazard to the public. Donald Trump used FB to lie, suggest strong and violent actions, organize an interstate demonstration in DC at the time his election loss was being certified, and told the angry and armed crowd to go and fight hard. So why is he entitled to further access to his weapon of choice? He is as unhealthy to our social communication as pornographers and child molesters. Why is this even being considered as a decision? It is very clear what is the right outcome.
Michael	VA	Trump is only wanting attention and doesn't care of the damage he causes. He adds no facts to Facebook or the public and only causes harm. Don't allow him back on ever.

Barbara	VA	Donald Trump should be banned permanently from FB because he is a danger to our democracy & national security. He violated FB policies and used the FB platform (as well as other social media platforms) in a manner which incited violence against our nation as a whole & against individuals.
William	VA	yes ban the bast___!
Joseph	VA	Words are dangerous. Dangerous words cost lives. We have enough proof that dangerous words have cost lives. The "cancel culture" and "snowflake" terms are coined by liars who believe dangerous words are their right to free speech. Free speech requires responsibility. It is not free speech when what someone says on multimedia forums incites hate and violence. Those who do, have no respect for our rights, our Constitution, the word of God, or anyone else including themselves. We have the right to drive a vehicle...with a license, however if you drive irresponsibly, you lose that right. Words are dangerous. Dangerous words cost lives. Dangerous words should have consequences.
Christoph	VA	Because Trump has undermined and weakened every US government and legal institution and created a bigger threat to our Nation than Al Quida ever was (demo took place on 1/6) by the simple expedient of 30, 000+ lies, repeated by every means of distribution. Shut him up for good if you have any combination of brain and heart in your body!
Rick	VA	You can expect Donald Trump to repeat his outlandish conduct of the recent past.
Alexa	VA	Donald Trump continues to rile up his followers. In the past, his tweets have led to violent attacks against Black, Jewish, and LGBTQIA+ Americans, as well as leftist people who support those demographics. It is unacceptable and unfair for a social media platform with clear community guidelines to be making excuses for someone who has shown themselves to be blatantly phobic. It shouldn't matter if that person happens to be a past or present government official.
Stanley	VA	Donald Trump is notorious for spreading all kinds of malicious gossip. He deserves no public forum.
Peter	VA	The FEAR, HATE, LIES and DIVISIVE tone Of DJT doesn't deserve any forum where he can foment INSURRECTION like on Jan6 2021
Joanne	VA	Donald Trump is dangerous and his actions concerning white supremacy and pushing our government in an authoritarian direction is detrimental to all of us. This goes beyond free speech and we must not give a platform to Mr. Trump's lies and fascist agenda. Accountability must stand.
Judith K	VA	Trump never learns. He will continue to spread lies and conspiracy theories if he is allowed back on FB. PLEASE do not allow politicians who lie continue their evil ways. It hurts our country and our democracy.
Steven	VA	Enforce Facebook's own policies and keep Donald Trump off the platform for good! Until you do, our boycotts continue...
Kay	VA	Please don't let Trump back on Facebook. His constant lying is terrible for our country because too many people don't recognize that they are lies. The violence that results is too dangerous.
Mary	VA	Trump does not live in the real world but instead lives in a world of lies. As such he influences so many people who stand on the way of our country working together
Milton	VA	Trump has proven himself to be dangerous. He should be declared public enemy #1.
Jody	VA	Are you out of your mind!?! Just when the country is beginning to be normal again, you want to give that maniac a platform?
Lindsay	VA	Trump has proven time and again he will twist trust and incite resentment, to the point of violence. Don't give him a platform.
Magi	VA	Trump and his henchmen have threatened Facebook in serious ways. FB is too scared to enforce responsible editing of amateur palaver.
James	VA	He caused an insurrection against the government and country he took an oath to defend! What more do you need! The next deaths that happen if you let him back on will be on your hands!
Steven	VA	That man has actively encouraged insurrection.
Gerald	VA	It is clear that Trump is a racist, bigot, and a danger. FB needs to ban him, keep him off, and delete any posts he send thru others NOW!

Ann-Marie	Vastra Gotaland	Donald Trump has repeatedly violated the terms and conditions, which you have tolerated while he was president. He uses your platform to incite violence and spread lies. Please, keep him away from Facebook!
Susan	VT	This is no time to put profit before principles. Facebook needs to enforce it's own rules or reveal that it does not take them - or the Oversight Board - seriously.
Neil	VT	It has been well documented that Donald Trump's deliberate disinformation campaign has been a harm to democracy and the safety of Americans. This can't be allowed to continue, and an example must be set by permanently banning him.
Penelope	VT	Dear Facebook Board, All of you are quite aware that our democracy, justice and Truth have severely compromised our nation led by a seditious ex-President who uses social media platforms and rallies to lie,divide our nation and brainwash vulnerable people and white supremacist groups. All of you witnessed the attempted coup on our government led by Donald J Trump. This man should be banned from all forms of social media because his intentions are to overthrow our government funded by hostile foreign entities. If you love our country this is the moment to save it by banning all hate groups and their leaders such as Donald J Trump. Sincerely, Penelope Simpson Adams
Diana	VT	Donald Trump lies - you must not give him a platform to spread those lies!
Barbara	VT	He doesn't tell the truth. Ever. He doesn't deserve a platform to peddle his conspiracy theories and lies.
B	VT	OMG! I can't believe anyone would give dt the opportunity to add fuel to the smoldering fire of lies that almost led to an overthrow of our democracy. Definitely to NOT allow dt back. Learn from history. What happened on hitler's second chance?
F	VT	Donald Trump's documented history of misinforming the public makes him a threat to civil society and democracy itself. He should not be given a platform for his lies. He is a detriment, rather than a value-added, for Facebook.
Eric	VT	Donald Trump's posts have consistently contained dangerous misinformation that has spurred violent attacks against public officials and emboldened white supremacists. These posts are against Facebook's terms of service, and Facebook shouldn't condone this behavior by allowing him to return to your platform.
Tricia	VT	This isn't just about Trump; it's about the lies and lies and lies we have heard and the hate, the hate, the hate of white supramacists.
Penelope	VT	We don't need a malignant narcissist spouting his lies and continuing to damage our country.
kevin	VT	They shouldn't. I say: Hey Zuckerberg, banning those that propagate false information is one thing, but using filter-bubbles to drive a schism between our people's parties "trumps" that.
Bethany	VT	Donald Trump has shown repeatedly that his agenda is hate-filled ,inflammatory, abusive to women and divisive to our country and world. He created the riot at the Capitol over his lies about his election loss, with violence,fear and deaths. Do NOT allow him access to millions of people on FB. Act for the common good and peace of us all, and not the greed of a few.
Joannah	VT	This is a man who foments division and hatred. We do NOT need to hear any more of what he has to offer. Free speech comes with responsibility, and he flaunts his disregard of this fact.
Carol	VT	This man invited a riot against his own people! He PUBLICLY lied more that 30,000 times during his presidency-no company can catch that many LIES. So don't try. Ban his nasty bitchy lies so that this country can heal, build bridges and become safe again.
Calista	VT	Trump's words have created irreconcilable pain and trauma in our country. Please silence his voice forever on Facebook.

Please expect more from your company. Hold a line for Your integrity and the benefit of less dissonance and friction for the public using your platform. It is certain that Donald J Trump would incite further violence if given the opportunity. He has expressed no responsibility or regret for stirring into being an insurrection against our democratic system of governance.
Gary	VT	He is a trator!
Kate	VT	Facebook banned him according to their policies when he lied and spread dangerous information which led to violence. To let him back in while only encourage his sense or entitlement and allow him to incite more dangerous situations. Does Facebook not take his actions seriously or think he has learned his lesson? He hasn't and it still the same pompous narcissist he was before . He thinks he can get away with anything and if he is allowed back it will only prove him right. No to Donald Trump.
Daniela	VT	No one should be granted special exceptions to established policies.
Charles	VT	BECAUSE HE VIOLATED SO MANY RULES ENFORCED SELECTIVELY BY FB.
Sari	VT	are you insane? we all you are are greedy, but to let Trump back on facebook could, in fact, bankrupt you, any sane person would certainly and should drop you like a hot potato if you let the worst offender of your own policies back on your platform. Practice sanity and permanently remove Trump and all the others sedition mongers (read treason practitioners). You in fact helped him all along, so we know where you stand, but try doing the right thing for the first time in you history.
Gene	VT	There is plenty of stupid crap on the web already, keep the orange lying psycho off the net, PLEASE
David	VT	FacebookTwitter, and social media created the Trump disaster. Without social media Trump could not have drawn a mon to riot and break into the capitol to kill people.
William	VT	Trump has proven to be the most despicable leader of the far right. You do not want his mad ravings to pollute your site and turn the world against you. Trump must be kept mute. Do not give him any access to any platform.
Debbi	WA	Because he lies and incites hatred.
Ilse	WA	Trump plans to set up an unofficial government. He intends to weaken our democracy. For the love of God, don't facilitate this desire! The Trumpkins don't need any more incitement!!!
Leslie	WA	As long as Trump keeps yelling about the BIG LIE, he's a severe danger to our democracy! The second you let him back on FB, he'll start working for another attempted coup. Don't let him back on your platform or you're complicit!
Kym	WA	The lies and misinformation the Donald Trump created caused enormous suffering and still continues to divide this countries peoples. He should not be allowed to have that platform again to rise against fellow citizens. He is a very scary and dangerous man.
Susanne	WA	Donald Trump's lies and hatred have persuaded many people to believe reality is other than it is. His lies are directly responsible for the covid-19 crisis being as horrific as it is. He deliberately incited insurrection to overturn an election that over 60 court cases said was free and fair. He must not have a platform. He is a clear and present danger to democracy, and Facebook must step up now to apply its own policies about hate speech to the chief hatemonger of America.
Jordan	WA	No speech rights for treasonous individuals who incite violence and destroy democracy. 45 is a danger to all life. Ban him from Facebook, Twitter, and all social media for life.
Elizabeth	WA	He is NOT more deserving than any other person on Facebook about forgiveness for break8ng it's rules
WILLIAM	WA	Stop being complicit in his criminal behavior. Stop enabling it.

HaeSue	WA	Spreading lies, false information and especially conspiracy theories is so dangerous. Please ban ANYONE who tries this on Facebook. Please! Jan 6 is a perfect example of what can happen when these lies & conspiracy theories are allowed to continue. Thank you!
Kevin	WA	Donald Trump broke your rules over and over as president and you gave him a pass. This is a dangerous person who deserves no second or third chances, period. The fate of our Deomocracy depends on the citizens accepting the results of elections, especially when they have been vetted as well as this one has. Your platform must not be used to disseminate dangerous lies and especially Trump's, the most dangerous of all.
Bob	WA	TRUMP IS A DELUSIONAL FOOL.
Bruce	WA	He is the most dangerous to democracy in the world today.
PATRICIA	WA	I can't even express how concerned I am at the thought of Trump being back on social media. I am concerned for the welfare of this country and the world! He is the most toxic human with no moral compass I have ever seen in our country. To be honest, I am truly scared.
Dinty	WA	Trump is a danger to American democracy. His continued lies and violent rhetoric has already had an enormous cost on this country. Time to ban him for life.
Jared	WA	Trump is using the threat of violence and outright lies to undermine our democracy. He should not be given a platform to do this irreparable harm.
Ralph	WA	Please! No more of the same old B.S..
Rene	WA	We are all sick and tired of the hatred, violence, white supremacists rhetoric, vile lies, conspiracy theories, incitement of riots that Donald Trump propagated and instigated. Please do not give him back his account! Donald Trump needs to be held accountable for the Jan 6th insurrection! He held the highest office in our nation and helped damage our democracy and constitution. WE HAVE HAD ENOUGH! Anyone who incited the violence, or committed the crimes need to lose the privilege of having a social media account, and a voice! This horrifying violent act must come with a price!
John	WA	Why would anyone want to publish the ramblings of pathological lying sociopath?
Angie	WA	There is freedom of speech in this country and that is a good thing. However, freedom of speech is not freedom to spew lies and hatred or damage people and other animals. We have seen the effects of that. It becomes a cult and has to be stopped before it spreads like a cancer and destroys our country and more. Before social media, newspapers and news had the "op ed" section where people could express opinions. It was not on the front page. It was not truth. It was opinion. Facebook must adopt a policy before it lets anyone on who is going to spew lies and hate with a preliminary statement by facebook that "the following contents are opinion, not fact and may be unsettling" or something to that effect. Facebook has become an enabler of violence and I don't believe that was the intention of facebook nor something Facebook wants to support. Facebook could also delete inflammatory pictures and comments. How do you as FACEBOOK deal with child pornography for example? Maybe you can deal with hate posts the same way.
Gary	WA	Just NO
Megan	WA	Anyone who incites violence, is not practicing free speech. You can't yell "Fire" in a movie theatre.

K.	WA	tRUMP has done WAY too much damage to our Country! Stop letting this Criminal further his LIES!!!! Thank You!
Mary	WA	Trump lies like others breathe. He is a racist who is not subtle about his support of white supremacists and other domestic terrorists. He called on the Proud Boys to stand by. Most importantly, he incited a mob to overrun the Capitol with the intent of harming or assassinating members of Congress. Police officers were killed and severely injured. Trump has blood on his hands. To some extent, FB also does. You have the responsibility to never give him a platform for further incitement of domestic terrorism. He is dangerous.
Phebe	WA	Trump incited sedition and insurrection - these are criminal offenses, and the man belongs in jail. NOT spreading his continuing lies!!!!
Chris	WA	It is so nice to not have Trump's lies, promotion of violence, racist comments, etc. on Facebook. Follow your rules and keep him off of Facebook.
Marisa	WA	He is an insurrectionist who incites violence and goes directly against your policies. We will not stop speaking out until you limit his voice.
Dale F	WA	tRUMP has nothing to say that will make the world a better place.
Linda	WA	Do not give him a platform. He is toxic and trying to overturn a legitimate government. Use some common sense.
Mark	WA	Wake up folks.
merriann	WA	Why would you even WANT to be enabling this lying cheat? The damages he did to this country, the psyche of this country, and the entire world with his lies is staggering! By allowing him this forum, Facebook is no better than Trump! Untrustworthy and corrupt.
Katie	WA	Trump should be permanently banned from Facebook because he has violated your own policy on disinformation countless times. His lies have hurt real people in our country. You have a duty to be a leader in shutting down the hate and vitriol that is plaguing our nation.
Suzanne	WA	The attempted violent overthrow of our presidential election was inspired by Trump using his social media accounts. Qanon et al are top users of social media. I fear if Facebook continues to enable these radical groups we will be destroyed as a democracy.
Rocky	WA	Trump must be kept off all social media platforms! His lies incited the violence of Jan 6th and have damaged the foundation of trust in our democracy. You Facebook are directly responsible for this and complicit in it. If you let him back on your platform for the sake of greed and profit you will have more blood on your hands and will be risking the safety of my family and every family in this brutally sectarian nation. Your actions have consequences!! Your blood money does not come without an extreme cost to us all! In the end we are all connected and this will impact you negatively as well. Think about what you are doing and grow a conscience and sense of ethics!!! Please, for all of our sakes, keep that madman off of Facebook!
Jerome	WA	Donald Trump's multiple efforts to incite violence has now been successful with the attack on congress. Five people have died, many others are injured and many will go to jail after heeding his call to violence. Others have noticed his success and lack of accountability and are mimicking his actions. Allowing Trump to continue to spew hatred will continue to radicalize normally law abiding citizens. Trump has proved he cannot learn from his past bad behavior. He should be banned from Facebook forever.
Lorraine	WA	Failure to ban Trump will only prove how corrupt you are. to ban Trump
Suzanne	WA	Really?? Your own policies should always be enforced or why have any policies at all?? tRUMP does not know what is a lie or what is the truth and I don't think he will change.
Warren	WA	Trump has caused Americans to die by the 100 of thousands with his misleading words (lies)! Mitzi	WA	You have an obligation to prevent the spread of misinformation. Look what is happening in the world because of that. If you allow Trump back on your platform, I will find another means to connect w friends & discontinue using FB.
Heather.	WA	Trump lies about everything
Pamela	WA	Trump cannot be trusted to tell the truth about anything that contravenes his agenda. Do not give him a platform.
Brooke	WA	he is a threat to democracy via his penchant for telling lies and sharing disinformation. this only leads in a violent direction.
Jo	WA	Trump belongs in prison for treason, plain and simple. He forfeited his rights as an American citizen. And facebook should also be held accountable for the platform's contribution to the decline of moral decency in the USA and the rest of the world for that matter. FB can start accountability by canceling trump!
Melissa	WA	Because he promoted the take over of the capitol. He does nothing but lie. Do not let him back on facebook.
V	WA	FaceBook keep trump off your platform.. I know many people who have left FB because of the hate... The last couple of weeks has been nice not seeing trump's crap.
Elaine	WA	Because he's a walking menace who can easily cause harm given the reach of his audience.
Mary Lou	WA	He has used Facebook to take advantage of his high profile to promote lies, incite fear and hatred and violence. Need I say more?
Roni	WA	Hate speech has no useful function in society.
Lily	WA	That horrible creature has done incredible damage, bringing our great country, and democracy, to its knees. Fomenting open rebellion, flouting the rule of law, abusing the power of the office of POTUS for personal gain. The orange baby should be wearing an orsnge jumpsuit! Freedom of speech should NOT include inciting open violence, and should absolutely NOT include ANY access to social media platforms from which to spout vile, poisonous, racist, misogynist abusive rants and tirades. It's the man-baby equivalent of giving an abuser space to openly abuse and gaslight the victim(s).
Daniel	WA	Donald Trump has committed Treason, stoked the fires of racism, lied and cheated during his campaign and presidency and should never be allowed to return to facebook. Zuckerberg has allowed him and countless others to spread disinformation and lies just so he can make more money. Totally shameful!
Rebecca	WA	Facebook is just another tool for him to use to spread his lies and keep things in chaos. Keep him off Facebook permanently!
Catherine	WA	Doing what he did, he does NOT deserve to have a facebook account. What does it take to wake you up? HUH? Loose cannon!
Cornelia	WA	Donald Trump repeatedly lies and incites unrest and violence. He needs to be permanently banned from Facebook. He is ruining our country and everything we believe in.
David	WA	We have too much division in this country already. To allow Trump to spread more lies only divides us more. Public platforms like Facebook need to have accountability to the truth or they should not be allowed to operate.
Fayette	WA	Mr. Trump has a well documented record of spouting outright lies and misleading half-truths to forward his personal agenda. He lied to the American people about the danger of CV-19, while clearly knowing that he lied (see his interview with Bob Woodward). Mr. Trump also urged his followers to go to the capitol, where his thugs broke in and threatened electeds. Why Facebook would want to be associated with a serial liar is unclear. Please ban Trump from further access to your site.
Tom	WA	Trump consistently promotes bigotry, violence and dangerous disinformation. Knowing that, if Facebook gives him a megaphone then Facebook is guilty of the same things.
Susan	WA	He needs to be permanently banned as should all members of Proud Boys and other domestic terrorist groups.

Kathleen	WA	Keep Donald Trump banned. Don't treat him preferentially; it's not fair to the rest of us.
Melissa	WA	Toxic, inciting to violence, constant lies and conspiracy theories, encouraging racist, misogynistic, rhetoric, propaganda
J	WA	FB should really try to be a platform that doesn't cater to proven liars. DT should have a minimum 5 years ban, life works too, whichever is the longest.
C	WA	After years of trump spreading 1000's lies about elections, numerous slanderous, baseless attacks against individuals and issues, Facebook and other social media finally suspended trump's accounts. Since Trump's removal from social media sites, disinformation about the election plummeted 73%. PLEASE enforce your own policies, support and protect our democracy and permanently and ban him from the site for good!
Sara	WA	Facebook has policies that should be equally applied to all people who use the platform. No shouting "fire!" or other incendiary lies to arouse others to aggression. That includes former President Trump.
Lori	WA	Donald Trump is responsible for inciting sedition – while he himself was president! He has fomented hatred that has led to violence that still threatens representatives of government and indeed anyone who publicly disagrees with him. He lies consistently and now has troves of people who believe him and often follow up violently to unfounded rumors. Trump is a threat not only to democracy, but to far too many individuals who have dared to take a stand against him. We must not allow him to become a despotic ruler in our country, and giving him the megaphone of Facebook would encourage that.
Eric	WA	Inciting violent insurrection and spreading lies regarding election fraud for personal gain are unacceptable, especially from a former president! ENOUGH!
Cynthia	WA	Donal Trump will not change his modus operandi; as long as he can have an audience his only goal is to keep his self importance fed. In a short time (5 years +?) he has been able to validate hate uncivil behavior and finally sedition all through the social media platform. This is no longer a question of free speech. It is now a question of National Security. Just as a criminal has certain privileges permanently revoked there is no justification to allowing zDonald Trump access to public and social media. To do so will be abetting potentially criminal activity and confirming social media's contributions to undermining democracy. DON'T ALLOW DONALD TRUMP OR OTHER HATE MKNGERERS A PLATFORM: PERMANENT BAN!
Nick	WA	Donald Trump has a history of spreading dangerous lies and promoting conspiracy theories. He encouraged an attack on our democracy and has earned a permanent ban from all media platforms.
Alfred	WA	Following Mr. Trump's years of lies and misinformation, propagated through the a Facebook account, and culminating in the January 6, 2021 mob assault on the Capitol building and Congress, there can be no possible reason for Facebook to allow him a new account...ever!
Susan	WA	Needs no explaining: isn't it obvious the hate and conspiracy that has spread by DT being allowed to spew on FB?
Barbara	WA	Trump has harmed us enough. He has other ways of going public. Facebook has also harmed us enough. Draw the line.
Spencer	WA	Trump has lost his privilege to do many things... including using Facebook. Just permanently remove him access.. Done
Glenn	WA	He's a threat to our democracy and devious enough that he is being investigated by the AG of the state of New York!
Billy	WA	Trump has proven tie and time again he will do anything to gain power. He must be removed from all forms of mass communication to protect the country.
Karen	WA	Hate, racism, misogyny and lies are all reasons why he should be banned permanently.
Sasha	WA	Please keep The ban on Trump"s invective. Out democracy is still in peril !
Lael	WA	Trump has incited too much hate to be allowed a social media platform. Please do the right thing and ban him permanently
Jill	WA	permanently ban the dangerous Donald Trump!

Craig	WA	DJT is a man who says whatever he thinks without filters. He has fomented a failed insurrection taking six lives and costing thousands in damage interrupting a sacred political process. FB has repeatedly corrected Donald to no avail. To eliminate the hate speech, deter the violence fomenting and to stay strong in the core values of FB Donald John Trump should be permanently banned from Facebook. He is NOT above the law.
Jerry	WA	BOYCOTT FACEBOOK!!!!!!!!!!!!!!!!!!!!!!
Betsy	WA	Facebook set its policies and then stepped away and let Trump break every one!
Stephanie	WA	If anyone incites violence and encourages hate on their FB account, Trump should be held accountable and banned permanently. We cannot trust him. He cares for no one. Such an individual should not be allowed to spread his ideas irresponsibly. Facebook should enforce their policies. Making exceptions would create even more chaos.
Niel	WA	Trump speaks and spread LIES.
Kevin	WA	Why would you believe that his behavior would change? He must remain banned and should not be allowed to run again. Ever.
Stephen	WA	As a nation and as global citizens we face unprecedented issues: the pandemic, climate change, achieving a just society and world for all people; we do not need lies and denial of science and common sense distracting us from the truth and the tasks at hand.
karen	WA	trump incited the incerection of congress with his lies and hate on facebook. He needs to be permanently banned. He cannot be trusted to tell the truth. To many people believe his lies.
Gordon	WA	Trump is dangerous, as a delusional, ignorant, chronic liar sociopath!!!
Sue	WA	Facebook waited an excrutiating amount of time to ban Trump, please don't reinstate him EVER!
Mary	WA	Donald Trump uses Facebook and social media to spread disinformation, promote conspiracy theories, encourage white supremacy and misogyny, incite violence, and more. Our country is more divided than ever before, and a lot of this is due of his influence on social media. He must be permanently banned.
CarolLee	WA	If Trump yelled "Fire" in a crowded theatre, would you ever allow him in that theatre again? Would it matter how many people died in the stampede to get out? Trump called his followers to insurrection, infinitely worse than opening his big mouth in a crowded theatre. Five people died; many more could have if his insurrection was successful Please do not allow him to have a forum again. Some will say this is censorship. You are a private company. YOu have every right to set your own standards and stick to them. You must be relied upon to follow your own guidelines for everyone, even an ex president. Thank you, CarolLee Braithwait
Sharon	WA	Donald trump must not be allowed back onto Facebook or and other social media. He has espoused lies, fear and hatred to all that watch and listen. He has been a totally divisive force to our national detriment. Please do not afford him this great platform again. Thank you, Sharon Davey
Kathy	WA	This man encouraged a coup against our government. As the Senate is unlikely to develop a backbone and convict him, at the very least he must be muted and not allowed to gather the forces around him again.
Richard	WA	Because Trump's inciting a violent insurrection of Our Government cannot be forgiven or forgotten and if He is allowed to reuse Facebook He'll only cause more Division and Death of Our Fellow Citizens with His lies !!! He is a Clear and Present Danger to Our Democracy and World Peace !!
Elizabeth	WA	Make no exceptions in Facebook policy for anyone who demonstrably supports violence and spreads misinformation.
Diana P.	WA	He should not be allowed to be on Facebook! He hasn't changed a bit!

Melissa	WA	They need to stop enabling harmful disinformation from spreading to the best of their abilities to help maintain public safety. Donald Trump has continued to feed into the vulnerabilities of our nation, and beyond, and consciously incited violence on living, breathing humans. It is time that facebook continue to uphold and enforce their policies so our nation can begin to heal, to recover and work together for a safer and better future by not tolerating those who refuse to take responsibility for their dangerous and reckless behaviors.
Alie	WA	Facebook needs to permanently needs to ban Donald Trump because he spreads hate and violence. He sent his followers to destroy democracy, and risked the congress member's lives. There is a line between free speech and severely dangerous, and Trump is miles ahead of that line.
Judy	WA	Until he learns the difference between fact and fiction he needs to stay off.
William	WA	Trump has done/said NOTHING to show his behavior/words have or will change.
Victoria	WA	Seriously? When rules are not equitably applied, discrimination happens. Then you're open to civil rights litigation. Cheaper to apply the rules blindly, and give yourself a defense.
Lisa	WA	because he uses the platform to incite violence and hate.
Nancy	WA	Trump is a clear and present danger to our democracy spewing disinformation, hate, racism and white supremacy. He incites violence, and insurrection. You must not provide him a platform: by providing him one for so long in the past, you have wrought indefensible damage in our country and the world. No more!
Rod	WA	We must do everything possible to minimize the hate speech and lies that fill the Internet.
Tita	WA	He incited an insurrection. He should be tried for treason. He has no right to a Facebook account. He should be in jail.
Susan	WA	Donald Trump is the consummate con man. He definitely incites his base to violence. We do much better without his lies and hate speech floating around the Internet.
James	WA	He's a sociopathic monster.
Maureen	WA	Donald Trump is a danger to our nation. His lies, lies, lies have spread so much disinformation. He incited the riot at the Capitol. He should not be given social media platforms to spread his hate and division.
Alexa	WA	As a result of Trump's ban, polling data showed that 73% of disinformation disappeared. He does NOT need to be reinstated which would allow him to continue to spew hateful words
Kathleen	WA	Donald Trump has been proven to be a big liar. He spouts propoganda that serves his personal interests, not the interests of America. His lies and disinformation are dangerous - he creates situations that put people's lives at risk because a lot of people believe his lies. ENOUGH! PERMANENTLY BAN DONALD TRUMP FROM SOCIAL MEDIA PLATFORMS!!!
Gregry	WA	Donald Trump is a criminal who fomented an insurrection.
Lonnie	WA	TRUMP AS USED FB TO SPEW HIS HATE AND CALLS FOR VIOLENCE LONG ENOUGH! TIME TO END THIS!
Kiki	WA	He will continue to urge violence against people of color. He is extremely dangerous. Do not give him a platform!
Kathryn	WA	Donald Trump has done horrific damage to our democracy and severely diminished our reputation. This was made possible by social media. Your own policies must be enforced to stop inflicting this damage on us.
Erin	WA	Trump is, among other things, a predatory capitalist and we have seen what his ability to influence others through social media has done to our democracy. ENOUGH! NO MORE TRUMP on ANY SOCIAL MEDIA platform or that platform should itself be permanently shut down. Trump's speech is NOT free speech - it is fascism should be treated as such.

Al	WA	Murder and treason is enough of a reason.
Patrick	WA	This is something Facebook shouldn't given more than 2 seconds of consideration to... NO! Trump should be banned forever. He encouraged and attack on the American legislation. Beyond sedition, this is purely a horrific act. His voice needs to be silenced. His first amendment rights are null and void after that action.
Sharon	WA	Ban Trump forever! Facebook has been used for years now to spread lies, don't allow anyone on the platform to continue to do so--no matter WHO they are!
Delora	WA	I will never look at Facebook again if you allow Donald Trump back on Facebook. Do you have policies or not? If I put the same content out as Trump, would you not suspend my account? He is a liar who should never have to be heard from again.
Donna	WA	Our media platforms must agree to remove disinformation and conspiracy theories no matter who they come from even the former president. Please permanently keep former president Trump off of Facebook.
Heidi	WA	He uses social media to spread dangerous conspiracy theories, hate, and invite violence.
Kim	WA	Please for the safety of our country ban Donald Trump for life!
Christopher	WA	NO DEAL!!! The impact of these actions was immediate: Since Trump's removal from social media sites, disinformation about the election plummeted 73%. DO NOT let tRump spread more lies and misinformation. If you do, we will know that you do not care about your customers. The more crap facebook causes the more likely another company will replace your sorry asses!
J	WA	The first amendment does not apply to private business, they have clear rules, if you break them they have the right to suspend your account. Don't break the agreement that in most cases you either don't read but agree to by having an account. Read the rules... While the first amendment protects free speech It also protects us from some fools yelling fire in a crowded theater.
Carrie	WA	Are you KIDDING? After what he instigated in DC will you once again provide him with a platform to communicate world wide?
Sarah	WA	Preaching lies and hate on that massive a scale cannot be allowed. His actions incite riots and insurrection
K	WA	We do not need misinformation and incitement to violence
Robert	WA	Trump lies and does not follow federal laws

Tina	WA	The man has demonstrated that he won't change what he says or does so many times and in so many ways. He is deliberately divisive. He goes beyond expressing his opinions, to lies, slander, name calling and harassment. He engages in hate speech. This bad behavior from him or anybody else is not what was intended by the first amendment. It's Cyberbullying when other people engage in the same behaviors. He is not above the law. He is not above social rules all the rest of us must live by. Please keep him off Facebook! There's nothing wrong with having rules of engagement and requiring that we all follow them to be welcome.
Lorraine	WA	Please for the well-being of the country and world DO NOT let Trump have access to the public via Facebook. Thank you.
Sandra	WA	No one is above the law, nor exempt from fair policies.
Olivia	WA	<p>When we look at the algorithm of social media and what "hate speech" is defined as, based on what posts get to stay and which are removed, it is completely backwards. The removal of Black voices and posts speaking about their own experiences, the insurrection, and truth. Allowing Trump back on social media upholds the white supremacy in the social media algorithms. White supremacy is so rooted and engrained in this country and culture, it's incredibly disgusting to see Black voices removed off social media for simply explaining how it is, how we can better... but then seeing a leader in white supremacy and an incredible hateful and hurtful human being, leading harm against our country and our people, being allowed to continue spitting lies, hatred, and overly rallying up the proud boy Qanon crowd of the country. It leads to more violence and more death. There is no benefit here.</p> <p>Trump will be okay without a platform.</p> <p>Please don't make a massive mistake by allowing him back on, and permanently ban Donald Trump from Facebook.</p> <p>As a tech leader, you, Facebook have a lot of power to help the people continue to abolish white supremacy in our social media algorithms and platforms so it is a loving space for us to connect and learn from one another. Or, you can give a lot of power back to ONE WHITE MAN whose thoughts and words lead to violence, hurt, and widespread anger and evil across an entire nation.</p> <p>Now more than ever, the people need you to be a leader. Trump, and people like Trump, do not deserve a voice on social media. Haven't white supremacists voiced and shown enough of their hate and lies already?</p>
James	WA	Donald Trump lies and his lies cause people to break the law. Don't be a part of this law breaking. Don't allow Trump a platform from which to lie
Michael	WA	<p>The truth is, Facebook shouldn't hide behind its new oversight board to avoid fixing its problems. It just needs to enforce and strengthen the policies it already has. It's already against Facebook's rules to share inaccurate voting information, spread election disinformation, or incite violence at the polls--all things that Trump and his allies repeatedly got away with during the election. Since Trump's removal from social media sites, disinformation about the election plummeted 73%.</p> <p>Simply removing Trump from the platform isn't going to fix the systemic racism and sexism built into the very algorithms of Facebook, but demanding that Facebook enforce its own policies around disinformation is an important step on the path to re-imagining social media platforms that allow people to connect with each other free from the threat of misogynistic and white supremacist hate and violence.</p>
Deborah	WA	Trump made nearly 30,000 false statements (lies) during his presidency. He shared conspiracy theories, racist and sexist material, refused to denounce racists and violent insurrectionists. He refused to denounce Russia for interfering in our election. He is a danger to a peaceful democratic society because he has proved repeatedly that he will say or do anything to get what he wants. He should not be allowed a powerful, global platform to continue to pursue his lawless power grab which puts our democracy at risk.
Barbara	WA	He speaks mostly lies and there should be no public platform for him to spread his venom.
Diane	WA	Are they policies or just legal BS?
Richard	WA	Because he disseminates false propaganda and advocates violence. Facebook should stop being a tool for fascism in order to profit.

Frances	WA	Anyone who shouts "FIRE!" in a crowded theater has forfeited his right to speech; what Trump does multiple times a day is the equivalent of shouting "FIRE!" in a crowded theater. Keep him off all social media forever!
Anne	WA	Trumps account should stay suspended given his history. Not enough time has elapsed for him to prove himself as a reliable source of information. Just like yelling FIRE in a crowded theater is NOT free speech, we must be vigilant in making sure social media platforms as well as newspapers and television news do not spread misinformation or incite violence.
Roberta	WA	trump enjoys spreading lies, inciting violence and basically causing problems wherever he goes. There is no room for this type of behavior on FaceBook.
Kate	WA	Giving a platform for propaganda, lies, and promotion of insurrection or sedition is not what this country needs right now. 45 should be banned for his lifetime.

Jesse	WA	He is a criminal
Don	WA	This fascist liar should be permanently banned.

Abigail	WA	He spews hate and incited the insurrection on January 6. What more do you need? He's a racist and a bully. Whatever platform he has, he will use for further inflammatory lies and remarks.
Gary	WA	I believe Trump is responsible for both encouraging and riling up the crowd who deliberately attacked our Nation's Capitol and also for deliberately not calling the National Guard to help out when the Capitol Police were overrun. My opinion Trump is a traitor and should definitely not be allowed on Facebook to spread his lies.
Tim	WA	While in office, tRump spewed 30,000 lies in the 4 years he was in. MANY of those were to support hate groups, white supremacist groups, racist speech, and threatening comments. Besides the 400,000 DYING OF COVID because of his LIES, 5 people died in WA D.C. on Jan 6. His hateful, murderous rhetoric should NOT be allowed on Facebook! BE TRUE TO YOUR OWN TOS!!!! DON'T BE HYPOCRITES!

Laura	WA	Donald Trump has proven to be a threat to our functioning democracy. He uses your platform to promote lies, misinformation, sedition, and violence. Please follow your own rules and permanently ban him from Facebook and Instagram.
Janice	WA	Trump has consistently used social media to spread disinformation - that has undermined our democracy as well as our ability to respond to the Covid pandemic. He will never reform and so needs to be prevented from having far-reaching platforms to continue to do harm, because his lies have been actively harmful. Please show the responsibility he lacks and keep him off of Facebook.
Sabrina	WA	Donald Trump has more than proven himself to be untrustworthy, incapable of telling the truth, and a gleeful and willful spreader of disinformation. Do not let him back on social media in any form. Silence him now.

Trump is a HORRIBLE MENACE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! You must NOT be his accomplice!!!!!!!!!!!!!!!!!!!!!! If you allow Trump to use Facebook, WE WILL BOYCOTT FACEBOOK INTO BANKRUPTCY!!
Karen	WA	Trump told over 30,000 lies during his 4 years in office. He also used his Facebook and Twitter access to incite an insurrection against our government, resulting in 6 deaths and many injuries. The peaceful transition of power is the most important step to retaining our democracy. He is also delusional. He still thinks he is the 45th president.
Max	WA	Keep your ban on Trump! He's a known liar. You know it, and most of us know it.
G	WA	Facebook promoted itself as for the common good, it cannot and should not facilitate the spreading lies and inciting violence. If it does, it should be held responsible for the consequences. Likewise a president, current or former.
Artemis	WA	Don't give a voice to hate!
Edward	WA	There's no apparent reason that Trump would cease spreading lies if allowed back on the platform.

Angela	WA	Donald Trump has a large following and is far too dangerous to allow him and his followers to gather on a widely used, mainstream social media platform. His violence inciting rhetoric and his appeal to white supremacist groups makes it a lethal combination for the health and safety of citizens in the US and around the world. So not offer him a platform to organize for further damage to our country and beyond.
Michelle	WA	Misuse of power and authority. Clearly, the man is incapable of using services for greater good. Uses service to influence criminal behaviors.
Nancy	WA	How about, just for once, doing the right thing.
Tika	WA	fb and donald dump both SUCK
Howard	WA	Keep the lying criminal off.
Courtney	WA	It is Facebook's responsibility to stop the spread of disinformation. I love that Facebook has connected people across the globe and given more access to information to people around the world. That connection and information is useless if it is incorrect.
Julie	WA	Trump must be banned permanently from Facebook. He has shown no remorse for his constant string of lies claiming election fraud and supporting violence and overthrow of our government. In fact, he has doubled down on perpetuating these lies. Giving Trump a platform for spewing lies only encourages conspiracy theories and hate speech. Facebook itself would be incriminated in spreading dangerous misinformation. Do not give Trump his megaphone back. He has not earned it.
Susan	WA	Donald Trump spreads lies and should never be allowed to perpetuate hatred ad he has during the four years of his presidency. Please keep him off Facebook!
Noel	WA	Facebook should enforce its policies to keep all hate speech to a minimum (in fact, it should ideally strive to eliminate it altogether). Arguing that it violates free speech to not let others express their views even if they're not popular or spew hateful vitriol is to be complicit in allowing potential threats of violence go undetected and lead to potential violent crimes which may have been avoided, which is exactly why Trump should be permanently banned. We all know he's capable of inciting a riot by firing up his base and instructing them to do things which are both illegal and dangerous. Furthermore, Facebook will start losing members, including me if they don't set a better example and send a message to people like Trump that their actions have consequences!
Julie	WA	If you care one fig about protecting our democracy or about "creating community", you will NEVER AGAIN allow Trump a platform on Facebook!
Dodie	WA	Please permanently ban Donald J. Trump from Facebook. He really doesn't need to be heard by anyone anymore. He's caused enough trouble.
Karen	WA	Donald Trump spews hate. He should not be allowed to be on Facebook, Twitter, nor any other social media.
Michael	WA	The man has consistently proven himself to be a compulsive, brazen liar, a spreader of misinformation, and a threat to our Democracy.
William	WA	tRump fanned the flames of violence with his comments both in person and on public media...this led to the attack on the capitol by conspiracy theorist neo-nazis. tRump has shown that he will continue if he is allowed to.
Patricia	WA	He'll just continue to spread lies. Enough is enough.
Jeanne	WA	Donald trump has caused an attempt to overthrow a legitimage election... do not give him a platform for his lies and gaslighting
Tamara	WA	Trump is toxic to our nation. Do not let him back on Facebook to continue spewing his poison and lying about the election results.
Elena	WA	Trump is dangerous to our democracy because he lies and pushes outrageous conspiracy theories. You can't have democracy and allow brazen lies on social media, seen and shared by millions of followers. Please don't allow Trump back on Facebook.
Dean	WA	Trump is an inveterate liar whose communications regularly cross the lines to a point where they result in injury and death to others. He must be held responsible for his actions. One way to do this is to not allow him the megaphone for his lies. This is Facebook's responsibility. Hopefully lawsuits against him will result in hefty fines or imprisonment to deal with the considerable harm he has caused, as well. Do your part, Facebook.

Diane	WA	This man has single-handedly done more damage to the US than any other domestic or foreign threat in the last 80 years. Giving him a platform on Facebook to spew more of his lies and propaganda would be tantamount to surrendering to the adversaries of the US and becoming enslaved. Please stop this man by permanently banning him access to Facebook or any other medium through which he can sow the seeds of hatred, bigotry, and the pure evil that he is.
Paula	WA	Trump is a clear and present danger to our country.

Richard	WA	Ban Trump for life.
Joanne	WA	Because anything he has to say is a falsehood. There is nothing about the man worth hearing about or otherwise. He's a man who took children from their parents. Maybe forever.
Lara	WA	This is not a matter of free speech. He can say what he wants, just not on such a wide platform. Be responsible with your content, Facebook.
Wayne	WA	Because he is a fascist and he committed treason
Margaret	WA	Facebook should continue to enforce its own policies and permanently ban Trump because he has, over and over again, spread lies which "some people" believe. There is absolutely NO evidence he will stop doing that! Please sustain the ban. Do the right thing for the country.
Peggy	WA	Trump has broken the policies of Facebook time and time again telling lies to the world. There is not a shred of evidence he will stop doing that. You must continue to ban him indefinitely or always. Do the right thing for the world!
Kevin	WA	Because he encourages violence, racism, and hate!
Joyce and Doug	WA	ANYONE who lies, presents falsehoods and blatant propaganda must not be allowed the megaphone of public media. This is especially true for donald trump, who seems NEVER able to tell the truth and cares only about ginning up support for his causes. A permanent ban is a good idea for him and those like him.
Joseph	WA	In general the analogies aren't that strong between Trump & Hitler, but the Hold My Beer Putsch we just saw deserves the complete deplatforming and disgrace that Germany should have given Hitler, not the proverbial slap on the wrist.
Emilie	WA	Trump has for too long enjoyed the ability to spew his vitriol all over the internet. In the eyes of many this was unavoidable when he was president, but yet that privilege was taken away when he ceased to show restraint and honesty and good moral choices in posting to incite an insurrection and attempted coup. He still cannot be trusted and should be permanently banned. He is a former president; let his dangerous, racist words and ideas fade from public view rather than give him a platform to continue to make them known and potentially - and likely - incite further violence and bad feelings.
d	WA	No room for traitors on Facebook and seditious persons should be banned as well!

Judith	WA	Trump and his followers are dangerous to our democracy. If you permanently ban him, he will lose easy access to his seriously deranged white-supremacist supporters. Don't enable him. He feeds off the attention, and you are in a position to take away his power and his means of riling up the crazies. Please in the interest of our country, ban him from using Facebook.

Mandy	WA	We must keep Trump's toxic bigotry off of Facebook's poisonous platform.
Gayle	WA	I can't even put into words why he should be permanently banned from FB - because there are too many words! January 6, 2021 was the day democracy almost died and FB contributed to the incitement of hate & violence by amplifying Trump's megaphone on social media. Please stop.
Brandon	WA	Trump is an existential threat to democracy in the U.S. Facebook has enabled, aided and abetted in genocides around the world, helping despots weaponize misinformation and organize lynchings. It's time to accept responsibility for your role in the rise to power of fascists like Bolsonaro and Trump and your role in helping human rights abusers to violate human rights. Start by permanently banning the King of Disinformation (Trump) from all your platforms.
Tristan	WA	Is hateful man
Marlow	WI	yes
Jackie	WI	We must be a nation that conforms to rule of law. No one is above the law, no one. The former President is no exception, in fact, applying rules and laws differently to him is a dangerous path we tread.
Gretchen	WI	Trump is dangerous and you should not assist someone who advocates treason and sedition. I hope treason and sedition are not activities you approve of or promote.
Rebecca	WI	Trump wants to spread disinformation and hate and lies
Sarah S Jones	WI	Trump has shown us convincingly that he will traffic in hate speech, lies, and incitement on any platform he can. As a now-private citizen, he has no claim to special status. Facebook does NOT owe him access to its audience, and he has proved many times over that he does NOT deserve it.
Lynn	WI	For the sake of our country, and to maintain public trust in Facebook, Mr. Trump should be permanently banned from Facebook as a threat to our democracy.
Caryl	WI	Insurrection is a crime. Inciting insurrection is a crime too.
Susan	WI	I won't use Facebook if Trump is allowed back. He's an abuser.
Edward	WI	Since the day that he first announced his candidacy Donald Trump has spread lies, hate and division. There's a saying, "When someone shows you who they are, believe them the first time." We've had more than four years of "first times", and we know how Trump will abuse social media sites. His rhetoric has already led to an insurrection that saw people dead, Congressional representatives in fear for their lives. If we continue to give him a platform for his hate and lies, Facebook and all other social media sites that give him a voice will be, in part, responsible for the eventual violence that will come from his rhetoric.
Don	WI	No way in hell!! Do NOT allow Trump access to any social media, ever!!!

Norda	WI	Do deflate his following
Anne	WI	A fascist should not be allowed to turn this country into a place like Musolini's world War II Italy which is what this is about. Face book is something that I have never used.
Mary	WI	Begging you to keep the poisonous voice of Donald Trump off of all social media. He is irrelevant and only sows lies and dissension.
William	WI	If it were anyone else, Facebook would permanently ban the individual, so why let Trump back in? He is a treasonous, pathological, liar who incited an insurrection. Paul	WI	BAN DONALD TRUMP PERMANENTLY FROM FACEBOOK! This traitorous liar incited a seditious mob to attack the Capitol while electoral votes were being counted, resulting in the deaths of 7 people, violence, and vandalism, not to mention terrorizing everyone in the building, including our Congressional representatives and their staff members. He is a menace to our country and Democracy itself. He does not deserve to have a platform for his hate speech and violent rhetoric. BAN DONALD TRUMP PERMANENTLY FROM FACEBOOK. NOW!
John	WI	Yes, no more lies to anyone
Kay	WI	he is toxic to our democracy & our well being with his rhetoric!!
Tim	WI	It is the individual not the title that merits respect. I do not feel this man has any right to spread more lies. He has damaged our democracy enough.
Linda	WI	We are all aware that Donald Trump is incapable of telling the truth. Plus he likes to create chaos and incite violence. It affects us all in a bad way!
Heather	WI	Keep Trump off of social media. He's a vindictive liar and his words hurt people.
Andrea	WI	He has proven he is self serving and will continue to lie on any platform in order to advance his personal agenda.
Arlene	WI	The lies Donald Trump has spread on Facebook are so dangerous, he cannot be allowed to use the platform. He has freedom of speech to self publish. A private company does not have to do that for him.
Peggy	WI	Because tRump is a loose cannon!!
Randolph	WI	He does not have any reason to be allowed on your site. Do not allow him back on.
Mike	WI	A life time of being a con artist has left too many destroyed lives in its wake. Prevent further destruction - keep D.J. Trump off Facebook.
Christine	WI	Donald Trump uses Facebook to incite violence, to spread lies and to divide Americans. He should be permanently banned.
Camille	WI	Donald trump is incapable of self knowledge, self regulating and common decency. He holds Too much power over his cult followers and is a credible threat to our democracy.
Laurie	WI	Shame on anyone who would allow a despicable, inhumane, evil person to spew vile hatred, lies, and undeniably racist views on any social media platform. I partially blame you for allowing these despised comments to be on your platform. Your helping to incite violence, hatred, and the inevitable attacks on our Capitol and democracy. Please do NOT allow anyone on you platform that might post hateful and divisive comments. It leads to mayhem, and sometimes death.
Ann	WI	You should ban ALL those spreading lies and dis-information on your site!
Dick	WI	NO RACISTS AND WHITE SUPREMACIST COMMENTS ON FACEBOOK!!!
Mary	WI	Yes to ban Trump policies and permanently Indefinitely
Peter	WI	What does constant lying, as Trump does, do to promote civil society? Nothing. In fact, it's very detrimental to civil society.
Marty	WI	Every person who holds the title that was Trumps, acquires authority and influence whether deserved or not. In this case, it is incontrovertible that influence was used wrongfully and in seriously damaging ways that effected the entire population of the USA and the Nations of our World. Arthur and Carol	WI	How about inciting violence? Accessory to murder? Violation of public trust? Lying under oath? Profiting from public office? Criminal negligence? For starters?
Duane	WI	It has been such a relief to not have Trump on social media. His lies, his conspiracy theories, his stoking of racial tensions have truly been harmful to Democracy. Many of us are dealing with PTSD we experienced during the past five years.
Genie	WI	His posts have incited riots and caused deaths. He has spread lies about the coronavirus which encourages people to ignore rules that would prevent the spread of the virus. So now there have been more than 400,000 deaths.
Suzy	WI	It is long past time that social media platforms acknowledge the damage done by the falsehoods and vitriol they have allowed on their sites. Mr. Trump's reckless use of Facebook has deeply damaged our country, and I urge you to keep him from using it anymore -- permanently.

Charlotte	WI	Facebook should not be giving Trump a platform to start up on his lunacies and conspiracy allegations...he is seriously sick and dangerous!
Jane	WI	This is a person who has chosen to lie and spread deceit . . . why would you condone this behavior?
Blaine	WI	A non-stop lying, white supremacist, misogynistic, and xenophobic person has not earned the right to have a voice on Facebook or any other social media platform..

Rick	WI	Hate speech and lies
H	WI	Donald Trump's pathological and self-serving mendacity is a danger to American democracy. By allowing Trump back onto its social media platform, Facebook is complicit in undermining democracy, the American Constitution, and American society.
Yvonne	WI	Facebook should not let Trump back on their platform - ever! He is too volatile and he has a long history of lies and misinformation. That combined with a base that believes anything he says is dangerous. He has not shown remorse, and has not indicated he will change in any way.
David	WI	Trump has not shown any willingness to tone down his rhetoric. He has shown repeatedly that divisiveness is his go to strategy to get what he wants. He repeatedly has tried to incite his followers for over for years now, and he praises them for their abusive, violent, or life taking actions, without apologies. Trump needs to stay banned until he can show he's changed his ways.
Theodore	WI	donald trump's facebook posts have historically and repeatedly violated facebook "community standards" for which ANYONE ELSE would have been permanently banned for one or two such posts, much less FOUR YEARS plus of such inflammatory, hate-speech filled posts.

john	WI	It is what he has coming.
Penny	WI	He is an ongoing threat to this country

Mike	WI	Trump is waiting to continue his spread of lies and disinformation. There's a Wikipedia page devoted to the tens of thousands of Trump lies, and disinformation. He should not get special treatment, or special opportunity to do it again.
Shirley	WI	Donald lies most of the time. We do not need to spread lies. Keep Trump off facebook.
Julie	WI	He and all his followers can't be allowed to spread lies and incite chaos and violence and hate.
Gordon	WI	Former President Donald Trump's comments are not only contradictory, but feed extremist views to the American public. His incendiary comments have already caused an attack on the capitol. Until such time as the former president can control his rants and misinformation, I believe he should be banned from all social media.
Delores	WI	We don't need him spreading more of his lies FB is helping him. FB supports to many groups that cause harm.
Ina	WI	Because he is not what the American People need right now...He is a petty mean-minded little man. He cares nothing for us only for using people and pursuing the almighty buck.
Ina	WI	Because he is not what the American People need right now...He is a petty mean-minded little man. He cares nothing for us only for using people and pursuing the almighty buck.
Frank	WI	Donald Trump is an insurrectionist trying to overthrow our Democracy for his own personal gain. Would you allow Adolf Hitler or Joseph Stalin to continue to spread their lies to take over the country, which is what Trump is trying to do. His lies are a detriment to our Democracy. His entire Presidency was filled with lies and you did nothing. This emboldened all politicians to do the same. If you have policies in place to fact check the content of their stories it must be adhered to regardless of who's account it is. No one is above the law or you are supporting a dictator. If you have no policy, you need to come up with one or this country will be taken over and you will not have a facebook. Adolf Hitler started the same way in Germany by creating false stories and fictional accusations, and you know the rest of the story.
Barbara	WI	You need to enforce your own policies so people like Donald Trump can't spread their lies and false information. He has set the country back instead of taking it forward.
Russell	WI	Because he will give racist bigoted remarks
Megan	WI	He is a toxic slurry and should not be enabled by the world's largest social medium
Tom	WI	Trump is a danger to our democracy. He will only use Facebook as a tool to damage our democracy.
Linda	WI	This man has caused so much anger, violence and heartache with his lies and name calling. Letting him back on only opens the door for more of what turned our country upside down for 4 years. He doesn't deserve to have this privilege back. His followers just wait for his orders and after the capital uprisings, I would think you'd understand the dangers of letting him back on again. If you let him back on and there is blood shed and violence, it's on your hands!
Joanne	WI	He already did far too much damage spreading lies and influencing violent action with Facebook.
Heather	WI	He gleefully attempted to overthrow the government in a coup, using Facebook and Twitter as his megaphone. Allowing him back makes Facebook complicit in all of the violence he will instigate using this platform. If you allow him back, you are responsible for his incitement of violence.
Joy	WI	No second chances for a treasonous, insurrectionist, seditious traitor.
Maggie	WI	No lies, no hate speech, no claims of fraud that aren't true, no incitement to violence. We must save our democracy and truth, in all ways and at all levels of the media and conversation.
Gloria	WI	What is wrong with you Zuckerberg? Keep him off Facebook for ever. What he says is not freedom of speech!
Susan	WI	trump's toxic lies threaten our lives. Don't spread his lies.
Kylie	WI	He's inciting violence, this really shouldn't be that hard. Should Charles Manson and Jim Jones also have had accounts? Did it infringe upon their free speech that they weren't on facebook? If I start a social media company tomorrow and don't automatically sign everyone in the country up (with the intention of subsequently selling their user data to third parties interested in targeting people with election propaganda) is that limiting their right to free speech? No, because I'm not a state entity and neither are you. Get real.

Art	WV	Why would you give a platform to someone so obsessed with spreading lies and inciting riots? He is the first person you should ever think about banning?
Tina	WV	Since Trump's removal from social media sites, disinformation about the election plummeted 73%. ³ But now, the Facebook oversight board is taking up a review of the suspension, which may lead to Trump being allowed back on the platform to spread more lies, in clear violation of Facebook's own policies.
Natalie	WV	After inciting the violence at the Capitol, he shouldn't be allowed another platform from which to do more harm
Maya	WV	Allowing Donald Trump back on Facebook is supporting his racist and white supremacy delusion, it will only embolden the insurrectionists and white supremacist delusionals and his QAnon followers.
Bonnie	WY	FB & ALL of the 'others' out there should put a PERMANENT BAN ON TRUMP!! He has started & caused more problems & hate with his continuous blatant lies & fools believe it even when THE TRUTH IS HITTING THEM RIGHT SQUARE IN THE FACE!!! This crap is not even understandable to the 'normal person'! Unfortunately I personally feel there IS NOT AN OUNCE OF COMMON SENSE LEFT IN THIS COUNTRY OF OURS!!! Common sense is NOT SO COMMON ANYMORE!!! They are talking about "UNITY" now & don't even have a clue what that word means either! PASSED TIME TO BAN HIM PERMANENTLY!! At 77 I'm too old to feed in to this B.S.!!
Judy	WY	Trump has lied continuously and would do it again if he was given access to this platform. He has incited violence. The suspension is correct and needs to be continued.
Michael	WY	I'm a Republican in Wyoming. I don't think Donald Trump deserves to have a FaceBook account. I would much rather see you follow Twitter's lead and ban him for life.
Vivian	WY	Please end your liability and uphold your responsibility to protect our democracy.
